

FAST TRACK TO THE TPSL PERMIT

- Do you need a substitute who can stay in an assignment longer than 30 days?
- Do you have a teacher out on statutory leave and want to prevent multiple substitutes for students?
- Are you a substitute who has been asked by a district if you are eligible for the TPSL?

Due to district need and request, we are running a Temporary Permit for Statutory Leave (TPSL) "fast track" series of workshops. Much like the 11 course option which runs from September to December, this "fast track" will fulfill the professional development requirement for substitutes seeking a TPSL permit, but in only a week's time. The "fast track" will consist of 5 full day workshops. The workshops will cover the following topics:

- ♦ Best Practices in Instruction and Individualized Education Programs (IEPs)
- ♦ Classroom Management and the Learning Environment
- ♦ Curriculum and Instruction
- ♦ Ethics
- ♦ Health, Safety and Hygiene
- ♦ Human Development
- ♦ Local Context
- ♦ Pedagogy
- ♦ Reading and Language Arts
- ♦ Relationships Between Theory and Practice
- ♦ Teaching English Learners
- ♦ Using Technology in the Classroom
