H. ADJOURNMENT

MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent Regular Meeting
SUBJECT: Report on SIFA Bond Refunding and Taxpayer Savings July 28, 2014

BACKGROUND

In October of 1994, Modesto City Schools and Sylvan Union School District established the Schools Infrastructure Financing Agency (SIFA). SIFA's purpose is to levy and collect special taxes, in order to provide school construction funds to the SIFA member school districts, under the Mello-Roos Act. Stanislaus Union School District joined the SIFA Joint Powers Authority in 1998. Two members from each school district plus an appointed community member serve on the SIFA Board of Trustees.

SIFA Special Tax Bonds were issued in July of 2004 in the total amount of \$38,660,000 in order to pay for construction of the following authorized school construction projects:

1. Freedom Elementary School (Sylvan Union School District)
2. Mary Ann Sanders Elementary School (Sylvan Union School District)
3. Daniel J. Savage Middle School (Sylvan Union School District)
4. James C. Enochs High School (Modesto City Schools)
5. Sylvan Avenue Pedestrian Overcrossing (Modesto City Schools)
6. Mary Lou Dieterich Elementary School (Stanislaus Union School District)
7. Prescott Senior Elementary School Expansion (Stanislaus Union School District)
8. Crossroads Elementary School (Sylvan Union School District)

SIFA has evaluated the annual special taxes and ability to repay bonds every year. The earliest the SIFA Special Tax Bonds could be called or refinanced is September 1, 2014, per the bond documents.

On April 9, 2014 the SIFA Board approved the authorization to analyze the cost and benefits of calling and refinancing the SIFA Series 2004 Special Tax Bonds in order to be prepared for the September 1, 2014 bond call date.

On May 14, 2014 the SIFA Board authorized the issuance, sale and delivery of Special Tax Revenue Refunding Bonds, Series 2014, after a financing team analysis determined there was opportunity for significant short and long-term savings to taxpayers.

ISSUE:

On June 17, 2014, the SIFA Special Tax Revenue Refunding Bonds, Series 2014, in the amount of \$24,040,000, were sold. The SIFA Board has requested information on the successful refinancing bond sale and subsequent savings to taxpayers in the SIFA taxing areas, be provided to the SIFA member school district boards and the public.

Report on SIFA Bond Refunding and Taxpayer Savings

REPORT:

The SIFA Board authorized a benchmark of a minimum net present value savings on the bond refinancing of 3%. The actual bond sale on June 17, 2014 resulted in a net present value savings of 18.3% combined for all three SIFA geographic taxing areas.

While many factors contributed to the successful sale and savings to be realized by the taxpayers, a favorable municipal market occurred on the day of the sale, resulting in lower interest rates than expected.

SIFA is divided into three Community Facilities Districts (CFDs) or geographic taxing areas.

CFD 1997-1 (Snyder/Dale/Bangs area) and CFD 1998-1 (Crossroads/Riverbank) obtained long-term savings by capturing lower interest rates and shortening the length of the term of debt service. However, CFD 1997-1 and 1998-1 still have authorized projects to be funded/built and for this reason tax rates will continue to increase at 2% per year until projects are built or cancelled. However, because the refinancing means loan payments are lower, more dollars will be available for the remaining project.

CFD 1994-1 (Village One) obtained long-term savings by capturing lower interest rates and shortening the length of the term of debt service. Specifically, the refunding was calculated to provide for the "first in – first out" SIFA Board-approved (June 8, 2011) methodology which set a maximum of 23 years that any one parcel would be subject to the annual special tax.

Because all school projects in CFD 1994-1 (Village One) are complete and a balance of \$11.2 million in special tax revenue was available to pay down bonds (from cancelled project, Sylvan Elementary #10 and cancelled budget, MCS Enochs HS), this CFD will realize significant savings in a lowered annual special tax of 30-37%, or an annual special tax rate between \$245-\$275 per year, in comparison to the current annual special tax of \$390 per year.

This savings to the Village One and other taxpayers in CFD 1994-1 will go into effect immediately with a reduction of 30-37% on every CFD 1994-1 tax bill beginning with the 2014-2015 annual tax.

Report on SIFA Bond Refunding and Taxpayer Savings

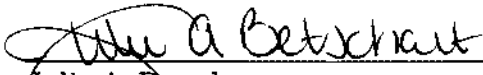

With the successful refinancing, each parcel/unit in CFD 1994-1 is now expected to pay a total maximum of less than \$7,700, over 23 years, in annual special taxes toward these completed school construction projects:

1. Freedom Elementary School (Sylvan Union School District)
2. Mary Ann Sanders Elementary School (Sylvan Union School District)
3. Daniel J. Savage Middle School (Sylvan Union School District)
4. James C. Enochs High School (Modesto City Schools)
5. Sylvan Avenue Pedestrian Overcrossing (Modesto City Schools)

MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent Regular Meeting
SUBJECT: Report on the Effects of the State Budget July 28, 2014
on the Modesto City Schools Budget

BACKGROUND

The State budget was signed by Governor Brown on June 20, 2014. School districts have 45 days following the Governor's signature to report on the significant effects on local budgets.

ISSUE

Education Code Section 42127 (i) (4) requires that the school district make available for public review any revisions in revenues and expenditures that it has made to its budget to reflect the funding made available by the State Budget Act.

REPORT

Major changes from the May Revision to the Final State Budget:

Gap Percentage:

The proposed gap closure percentages included in the Governor's May Revise have been adjusted. The adjustment to the gap percentage drives the implementation progress of the Local Control Funding Formula (LCFF) target funding. The rates below indicate a significant decrease in the projected 2015/16 gap closure percentage; roughly a third of what had previously been estimated at budget adoption.

	2013/14	2014/15	2015/16	2016/17
May Revise	11.78%	28.05%	30.39%	19.50%
2014 Budget Act	12.0017%	29.56%	20.68%	25.48%

California State Teachers' Retirement System (STRS):

Adjustments to Education Code Section 22950.5 contained in Chapter 47, Statutes of 2014 (Assembly Bill 1469-Bonta) became effective July 1, 2014. These changes require CalSTRS Defined Benefit (DB) employer contribution rates to increase as follows:

	2013/14	2014/15	2015/16	2016/17
Adoption Estimate	8.25%	9.5%	10.75%	12.00%
Approved Increase	8.25%	8.88%	10.73%	12.58%

Report on the Effects of the State Budget on the Modesto City Schools Budget

FISCAL IMPACT

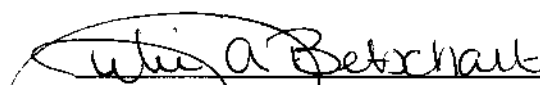

As a result of the State Budget, the reserve line for anticipated STRS increases has been removed and an appropriation has been prepared to increase the STRS budget by an estimated \$700k in 2014/15. The LCFE gap closure adjustments have resulted in a revenue net loss of <\$2.7m> in the Elementary District and <\$2.3m> in the High School District over a four-year span.

SUMMARY

Staff will update the financial software to reflect these changes.

SUBJECT: Approval of Resolution No. 14/15-05
Authorizing Temporary Borrowing Between
Major Funds During 2014/15, Except Where
Program Rules Do Not Allow Such Transfers

July 28, 2014

BACKGROUND

The State of California has experienced severe cash flow and budget challenges for many years. As a result, payments from the State have been deferred despite recent economic improvement.

ISSUE

Despite the current economic position of the State to approve a budget with no intention to defer or deficit payments to the local districts, cash flow continues to be a main focal point to meet operational needs.

PROPOSAL

Education Code Section 42603 permits a temporary borrowing between funds. Repayment is required in the current fiscal year.

Potential sources still allowed for a temporary loan are cafeteria (13), special reserve for capital facilities (25), county school facilities funds (35), capital outlay projects (40), or self-insurance (67).

FISCAL IMPACT

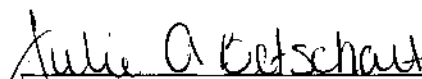

None at this time.

RECOMMENDATION

It is recommended that the Board of Education approve Resolution No. 14/15-05 authorizing temporary borrowing between major funds during 2014/15, except where program rules do not allow such transfers.

County Superintendent of Schools Pursuant to

PROPOSAL

Temporary transfers shall not exceed 85 percent of the amount of money accruing to the school district at the time of transfer. SUBJECT: Ratification of Agreement with Software House International (SHI) for the Enrollment for Education Solutions Licensing Program for Fiscal Year 2014/15 July 28, 2014

BACKGROUND

Enrollment for Education Solutions (EES) is a volume licensing program that was created through a strategic alliance between the California Educational Technology Professionals Association (CETPA) and Microsoft. EES provides a simple, cost-effective process for acquiring, maintaining and managing Microsoft software through a single, annual subscription agreement.

In the 2013/14 fiscal year, the District upgraded over 2,500 computer operating systems with versions of Microsoft Office, antivirus, and management software for a fraction of the cost under the EES agreement.

The current EES agreement expired on May 31, 2014.

ISSUE

Participation in this program enables the District to upgrade and keep its entire operating system environment and its Microsoft Office products current to the latest versions as they are released. The agreement also covers the software and licenses associated with the District's overall data and technology infrastructures.

PROPOSAL

District staff recommends approval to ratify a one-year agreement with the contracted vendor, Software House International (SHI), for the Enrollment for Education Solutions volume licensing program using Wasco Union Elementary School District's "Award of Software Contract and Piggybacking Designation" Resolution No. 1112-4.

This agreement would take effect on June 1, 2014; it would include the additional licenses necessary to implement Office 365.

A copy of the agreement is available for review in the Information and Technology Services Office.

BACKGROUND

For the 2014-15 school year, the District has employed teachers to teach with emergency credentials certain subjects/classes in our schools. SUBJECT: Approval of Services Agreement between Modesto City Schools and Stanislaus County Behavioral Health and Recovery Services for the 2014-2015 School Year July 28, 2014

BACKGROUND

In Spring of 2014, the Local Control Accountability Plan was approved by the Governing Board. The plan includes a provision for counseling services to be provided to those in need. In addition, the District has been found significantly disproportionate in the numbers of students with disabilities suspended for more than ten school days.

ISSUE

The District would like to utilize Mental Health Clinicians to assist with the development and deployment of services at targeted elementary and junior high sites through a program based on the behavioral/mental health consultation model.

PROPOSAL

The District will hire a total of 1.4 Mental Health Clinicians who will provide up to 48 hours per week inclusive of the following targeted school sites: Franklin Elementary, Kirschen Elementary, Marshall Elementary, Orville Wright Elementary and Mark Twain Junior High. Provider duties include, but are not limited to, conducting needs assessments, providing teacher/staff and family support training, providing top-tier case management services including crisis-intervention and de-escalation supports, and assisting with coordination of the delivery of services by site Student Assistant Specialists per the consultation model. The Service Agreement outlines with specificity the services to be provided at each site. The contract is available for review in the Educational Services Office.

FISCAL IMPACT

The fiscal impact for services with Stanislaus County Behavioral Health and Recovery Services will not exceed \$160,000 and will be funded by The Local Control Accountability Plan, the California Endowment Grant and the Coordinated Early Intervention Services money used to reduce suspension and expulsion rates.

Modesto City Schools also contracts with Stanislaus County Behavioral Health and Recovery Services on the following:

- Services agreement for 2014-2015 for Mental Health Clinician services at Rose Avenue elementary school; amount not to exceed \$80,000.

STUDENTS

Grading Policy, Grades 7-12

Each teacher must have a grading policy and that policy must be clearly communicated to students and parents through the Course Information Form. Grades are earned by students and should be based on an evaluation of a student's academic progress.

It is the student's responsibility to complete all class work assigned. Students whose absence is excused shall be allowed makeup privileges. Responsibility for requesting makeup work lies with the student.

The following standards for grades should apply:

A	-	Excellent
B	-	Above Average
C	-	Satisfactory
D	-	Below Average
F	-	Failure
NM	-	No Mark
INC	-	Incomplete

1. Grades should be based on performance in a variety of learning experiences (e.g. daily assignments; classroom participation; homework; quizzes; unit; mid-term or final tests; term papers; projects, etc.).
2. Participation in classroom activities should be included in the grading process.
3. Cooperative group projects shall reflect individual student performance for work completed, not a composite grade for the entire group.
4. The relative weight of assignments should be clearly stated.

STUDENTS

Grading Policy, Grades 7-12

5. Failure on any single assignment should not cause failure in the class. Large projects, such as term papers or notebooks, may be treated as multiple assignments when graded in increments.
6. Each student enrolled in the class should have the opportunity to earn an "A" grade.
7. Alternative assignments may be made available for students in special circumstances or with special needs.
8. At the 7-12 level, the final grade should reflect student progress for the entire semester.
9. An academic core common final will count in the semester grade at least the equivalent of a major examination.

Requirements for Student Computer Generated Work

1. Teachers should neither penalize nor reward a student for having access to a personal computer at home.
2. Students are not to be prohibited from or penalized for, the use of a computer on school assignments, including homework.
3. ~~Students are not to be required to use a computer or be given extra credit for doing so except in those computer classes in which students have access to a school computer.~~ Students may be required to produce assignments or projects on a computer when students have access to a school computer.
4. Students may use a school computer to complete assignments in supervised areas such as the library or computer lab/classroom during non-instructional times.

SUBJECT: Approval of Second Reading of Revisions to Board Policy 5121.1 Grading Policy, Grades 4-6 July 28, 2014

The "Effort" grade (also currently a letter grade system: O, S, N, or U) will be replaced with a "Life Skills" numerical 3-1 grade which will reflect student achievement toward the Modesto City Schools Character Traits.

SUBJECT: Approval of Second Reading of Revisions to Board Policy 6142.1 Physical Education: Grades 9-12 July 28, 2014

BACKGROUND

Board Policy 6142.1, Physical Education: Grades 9-12, was adopted in 1983 and has not been revised since adoption. A recent review conducted by the California Department of Education's California Accountability & Improvement System (CAIS) determined that the current Board Policy is not written in compliance with Title 9 law regarding gender equality.

ISSUE

Board Policy 6142.1 needs to be revised to incorporate sample policy language from California School Board Association (CSBA) and to add new language related to equal opportunities for instruction and participation regardless of gender. Revisions to the Board Policy also include the addition of a legal reference section.

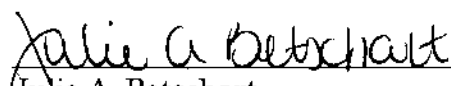

On June 16, 2014, the Board approved the first reading of proposed revisions to Board Policy 6142.1.

RECOMMENDATION

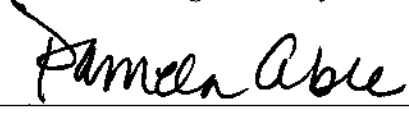

It is recommended that the Board of Education approve the second reading of revisions to Board Policy 6142.1 Physical Education: Grades 9-12.

SUBJECT: Approval of Services Agreement with DataWORKS Educational Research, 2014-2015 July 28, 2014

BACKGROUND

DataWORKS Educational Research was founded in 1997 with the single purpose of using real data to improve student learning, especially for low-performing students. Acknowledging that it is no longer enough to analyze test scores, their focus shifted to improving test scores by including measurements of classroom teaching practices. Focus on classroom instruction showed when teaching practices improved, student test scores improved as well.

ISSUE

Explicit Direct Instruction (EDI) is a strategic collection of instructional practices combined together to help teachers design and deliver well-crafted lessons that explicitly teach content, especially grade-level content, to all students.

PROPOSAL

With the success of professional development for Explicit Direct Instruction with DataWORKS, it is proposed there be further professional development on EDI by DataWORKS. The emphasis will be threefold:

- Sites will participate in Lesson Design
- District Coaches will participate in Lesson Demos with inter-active coaching
- Sites teachers will participate in English Learner Workshops

Copies of the contracts are available for review in the office of the Associate Superintendent, Educational Services.

FISCAL IMPACT

The services agreement for the 2014-2015 school year with DataWORKS will not exceed \$90,946.08. The funding will come from site and district categorical monies.

SUBJECT: Approval of CAHSEE Waivers for Special Education July 28, 2014
Students at Davis and Gregori High School

BACKGROUND

Students receiving Special Education services or with 504 plans may have modifications on the CAHSEE if they are listed in their IEP's (Individual Education Program) or 504 plans.

ISSUE

Modifications fundamentally alter what a test measures, which invalidates the test score.

PROPOSAL

State regulations allow for the parent/guardian of a student who earns the equivalent of a passing score (350) with the use of a modification to request a waiver from the District's Governing Board. Waivers have been submitted for ten special education students at Davis and one special education student at Gregori High School. Copies of the waivers are available for review in the Special Education Office.

A Show of Hands for the 2014-2015 School Year

BACKGROUND

Service agreements with non-district employees (*non public agency*) who provide services to the District are submitted throughout the year. The Special Education Department contracts with outside providers to serve our Special Education students when we are unable to provide services. Students who are Deaf or Hard of Hearing and placed in a general education instructional setting require a certified interpreter. There is a statewide shortage of certified interpreters.

ISSUE

A consultant contract was initially developed with A Show of Hands with hopes that Modesto City Schools would be able to hire a certified interpreter. Modesto City Schools has been unable to hire a certified interpreter and therefore needs to expand the contract with an outside provider.

PROPOSAL

A Show of Hands will provide individual and group interpreting services for our Deaf and Hard of Hearing students as required in their Individualized Education Plans beginning August 1, 2014 and ending no later than June 30, 2015. The contract allows flexibility in the event the District is able to hire a certified interpreter. The contract is available for review in the Special Education Office.

SUBJECT: Approval of Amendment of Memorandum of Understanding between Stanislaus County Behavioral Health and Recovery Services and Modesto City Schools Special Education Local Plan Area for the 2013-2014 School Year July 28, 2014

BACKGROUND

School Districts are responsible for providing all Educationally-Related Mental Health Services (ERMHS) for students with an Individualized Educational Plan (IEP) since AB3632 was eliminated by the Governor's Line Item Veto in October, 2010. ERMHS are defined in the Individuals with Disabilities Education Act (IDEA) and include individual counseling, counseling and guidance, social work services, day treatment services, and residential services. Historically, these services were provided by County Mental Health Departments under AB3632 and relied heavily upon a medical definition of emotional disability rather than an educational model.

Modesto City Schools has received \$1,942,050.22 to provide Educationally-Related Mental Health Services to the students within our District.

ISSUE

Modesto City Schools has developed a Memorandum of Understanding (MOU) with Stanislaus Behavioral Health and Recovery Services to provide Educationally-Related Mental Health Services to the students requiring these services as determined by their Individualized Educational Program. Due to an increase in student behavioral needs, the services agreement will need to be increased \$100,000.00. A copy of the amended MOU can be reviewed in the Special Education office.

FISCAL IMPACT

On July 29, 2013, the Board approved a services agreement with Stanislaus County Behavioral Health and Recovery Services not to exceed the amount of \$190,000.00. The amendment to the services agreement will increase compensation to Stanislaus County Behavioral Health and Recovery Services by \$100,000.00, for a total compensation not to exceed \$290,000.00. These costs will be incurred for the 2013-2014 school year. This amount has been included in the Special Education Mental Health fund.

Modesto City Schools also contracts with Stanislaus County Behavioral Health and Recovery Services on the following:

- Services agreement for 2013/14 for Mental Health Clinician services at Rose Avenue and Orville Wright elementary schools. Amount: NTE \$130,000.00
- Services agreement for 2013/14 for Mental Health Clinician services as it relates to school discipline. Amount: NTE \$110,000.00

SUBJECT: Approval of Submission to the California Department of Education the Modesto City Schools District 2014-2015 Consolidated Application for Funding Categorical Aid Programs July 28, 2014

BACKGROUND

School districts in California wishing to receive federal funds must submit the Consolidated Application for Funding Categorical Aid Programs to the California Department of Education. The categorical programs included in this application are: Title I-Part A, Title II-Part A (Improving Teacher Quality), and Title III-Part A (LEP Students).

A district's completed application must indicate the categorical programs for which funds are sought, and include certification that the district will adhere to the legal assurances associated with each specific program in order to receive these categorical funds. Many of these legal assurances guarantee that these categorical funds will be used to supplement, not supplant, a district's educational program.

ISSUE

The 2014-2015 Consolidated Application is due to the California Department of Education by June 30, 2014 in order for the district to receive categorical funding for the 2014-2015 fiscal year. The deadline for the Board approval of submission is August 31, 2014. The district must specify in its submission the programs for which it seeks funding, and acknowledge that the local governing board has given its approval.

PROPOSAL

Modesto City Schools has submitted the Consolidated Application for Funding Categorical Aid Programs. In its application, the district has requested categorical funds for the following programs: Title I-Part A, Title II-Part A (Improving Teacher Quality), and Title III-Part A (LEP Students).

SUBJECT: Ratification of 2014-15 Contracts between Modesto City High School District, North Adrian's Beauty College, Inc., and California Beauty College July 28, 2014

BACKGROUND

Students enrolled in the Regional Occupational Program (ROP) Cosmetology Program currently receive training at two cosmetology schools in Modesto; North Adrian's Beauty College, Inc. and California Beauty College.

ISSUE

Modesto City High School District desires to contract with North Adrian's Beauty College, Inc. and California Beauty College to provide cosmetology training to ROP students from July 1, 2014 through June 30, 2015.

PROPOSAL

It is proposed that the Board of Education ratify the 2014-15 contracts between Modesto City High School District, North Adrian's Beauty College, Inc., and California Beauty College. Copies of the contracts are available upon request in the School-to-Career Education office.

FISCAL IMPACT

Contracts for beauty college training are funded by ROP through the Stanislaus Office of Education General Fund through a "maintenance of effort requirement," which applies to the 2013/14 and 2014/15 school years. The "pass through" funding agreement between SCOE and MCS ROP will continue through the duration of the 2014/15 school year. The maximum combined amount of these contracts is \$368,000 annually at full capacity. However, a four-year review of historical enrollment shows a low of 80 students enrolled in 2010/11 and a peak of 108 students in 2013/14; and the actual funding paid out ranged from a low of \$115,831 to a peak of \$155,775. Also worth noting is the beauty college training is an 18-month program, which will result in the funds being paid at different points over two fiscal years.

When calculating the revenue generated by these beauty schools, while at capacity we would pay \$368,000, the revenue we yielded in ADA was approximately \$774,000; the ADA more than covered expenses. When the ADA amount for ROP was frozen (beginning in 2008-09 year), there was high enrollment in cosmetology. As a result, a sizeable portion of the funds we have and continue to receive for ROP through the funding arrangement with SCOE is due to the cosmetology programs.

SUBJECT: Ratification of Memorandum of Understanding July 28, 2014
Between Modesto City Schools, United Way
of Stanislaus County, and Center for Human Services

BACKGROUND

Modesto City Schools continues to partner with community organizations to provide services to students. United Way of Stanislaus County chose raising the graduation rate as its fundraising focus and has committed \$200,000 to fund its Graduation Coach Program, a multiyear project designed to keep students in school.

The program will place a graduation coach at each of three junior high schools. Each coach will serve as a mentor, a motivator, and a bridge to parents for struggling teens. Hanshaw Middle School is one of the three junior high schools selected.

The focus of the program is at-risk seventh grade students. Participants will be selected for the program based on academic, behavioral, or family issues which could have long-range effects hindering their potential ability to finish school. The program will provide selected participants with a coach who will work with them to identify and overcome barriers to success in school, engage their family, and provide resources and referrals.

ISSUE

Modesto City Schools, United Way of Stanislaus County, and Center for Human Services need to complete a Memorandum of Understanding outlining services to be rendered by all parties.

PROPOSAL

Modesto City Schools will provide to the graduation coach (mentor) a list of at-risk student participants and access to those student records such as grades, attendance, standardized tests, and behavior. Access to student records will be for the sole purpose of monitoring academic achievement. All District policies and protocols will be strictly adhered to in the handling of these records. The goal of the Graduation Coach Program is to ultimately increase the high school graduation rate in Stanislaus County.

The MOU will remain in effect from July 1, 2014 to June 30, 2015, with an opportunity to renew thereafter.

SUBJECT: Ratification of Master Contracts for July 28, 2014
Non-Public School/Non-Public Agency Services
for the 2014-2015 School Year: Children's Choice for
Hearing and Talking, Central Valley Autism Project, Inc.,
Creative Alternatives, Inc., Living Well, BCS Inc.,
Stanislaus Academy/Aspiranet, Valley Oaks School,
East Valley Education Center, Inspired Behavioral Solutions,
and Sierra Vista Children's Center

BACKGROUND

The Federal Individuals with Disabilities Education Act (IDEA) and state law provide that special education students may be served by a state-approved Non-Public School (NPS) or Non-Public Agency (NPA) only when appropriate public placement or service is not available within the Special Education Local Plan Area (SELPA).

Modesto City Schools contracts with several NPS/NPAs to provide specialized educational services not available in District or County programs. A master contract is developed with each NPS/NPA which specifies the types of services authorized and the rates the District will pay for each service. When a student's Individualized Education Program (IEP) team determines that NPS or NPA services are required, an Individual Services Agreement is then executed which specifies the services to be provided for that student pursuant to the IEP.

ISSUE

While the Modesto City Schools SELPA provides a wide range of special education services or contracts with the Stanislaus County Office of Education for such services, there are students with severe educational needs who require placement with an NPS or NPA. Master contracts with these providers are required.

PROPOSAL

Modesto City Schools proposes to contract with the following NPS/NPA providers for the 2014-2015 School Year:

Children's Choice for Hearing and Talking, Central Valley Autism Project, Inc., Creative Alternatives, Inc., Living Well, BCS Inc., Stanislaus Academy/Aspiranet, Valley Oaks School, East Valley Education Center, Inspired Behavioral Solutions, and Sierra Vista Children's Center. The contracts are available for review in the Special Education Office.

FISCAL IMPACT

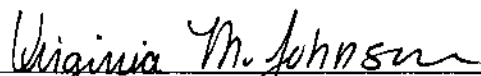

Special Education has budgeted \$ 1,786,000.00 for NPA/NPS services for the 2014-2015 School Year.
