SUBJECT: Approval of Resolution No. 13/14-19 January 13, 2014
Proclaiming February 2014 as
Black History Month

BACKGROUND

Black History Month had its beginnings in the United States in 1926 when historian Carter G. Woodson announced the second week in February to be Black History Week. In 1976, the federal government acknowledged the expansion of Black History Week to Black History Month. Each year, Americans observe Black History Month in February by celebrating the rich culture and contributions of African Americans to our society.

ISSUE

Black History Month is observed by celebrating the histories and many contributions of African American citizens to American culture.

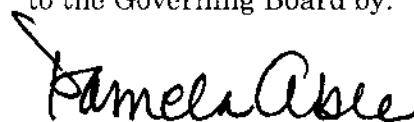

PROPOSAL

By supporting February 2014 as Black History Month, Modesto City Schools shows support in paying tribute to the generations of African Americans who have positively influenced and enriched our nation and society.

RECOMMENDATION

It is recommended that the Board of Education approve Resolution No. 13/14-19 declaring the month of February 2014 as Black History Month.

SUBJECT: Public Hearing of the Common Core State Standards (CCSS) Spending Plan for the 2013-14 and 2014-15 Fiscal Years January 13, 2014

BACKGROUND

Assembly Bill (AB) 86 (Chapter 48, Statutes of 2013), Section 85, appropriates \$1.25 billion (approximately \$200 per prior year enrollment) in the 2013-14 school year to support the integration of academic content standards in instruction adopted pursuant to various *Education Code* sections.

Common Core State Standards (CCSS) implementation funds can be expended for any of the following purposes:

- Professional development for teachers, administrators, and paraprofessional educators or other classified employees involved in the direct instruction of pupils that is aligned to the academic content standards adopted
- Instructional materials aligned to the academic content standards including, but not limited to, supplemental instructional materials
- Integration of these academic content standards through technology-based instruction for purposes of improving the academic performance of pupils, including, but not necessarily limited to, expenditures necessary to support the administration of computer-based assessments and provide high-speed, high-bandwidth Internet connectivity for the purpose of administration of computer-based assessments

ISSUE

As a condition of receiving CCSS implementation funds, the District is required to:

- Develop and adopt a plan delineating how the CCSS implementation funds will be spent. The plan must be explained in a public meeting of the governing board of the school district and then be adopted in a subsequent public meeting
- Report detailed expenditure information to the California Department of Education (CDE) on or before July 1, 2015, including, but not limited to, specific purchases made and the number of teachers, administrators, or paraprofessional educators that received professional development

Public Hearing of the Common Core State Standards (CCSS) Spending Plan for the 2013-14 and 2014-15 Fiscal Years

PROPOSAL

The District's goal is to administer the common core state assessments through computers and is in need of building the necessary infrastructure and devices, as well as providing professional development for the use of these devices.

The plan is to use the funds during 2013-14 and 2014-15 in the following manner:

- Upgrade the technology infrastructure to provide Internet access and meet Smarter Balanced Technology Strategy Framework and System Requirements Specifications
- Purchase additional computers and software for technology-based instruction
- Provide in-services for certificated and classified classroom staff on the new content standards and to develop curriculum aligned to the new standards
- Adopt and purchase current standards-aligned instructional materials for English language arts and mathematics

FISCAL IMPACT

The amount of one-time funds received for this purpose is \$6,024,459.

SUMMARY

Tonight, the Board of Education is asked to conduct a public hearing of the Common Core State Standards (CCSS) Spending Plan for the 2013-14 and 2014-15 fiscal years. A subsequent agenda of the plan to be considered for approval will be brought back at the February 3, 2014 Board meeting.

SUBJECT: Approval of Acceptance of the District's January 13, 2014
2012-2013 Financial Statements and
Auditor's Report

BACKGROUND

Education Code Section 41020 requires that every California school district provide an annual audit of the financial records and accounts of the district. Each audit shall include all funds of the district including student body and cafeteria funds. A review of the district's procedures for attendance accounting is also required. The auditor's report must include: (1) a statement that the audit was conducted according to standards and procedures mandated by the State Controller's Office; and (2) a summary of the audit exceptions and management improvement recommendations. The audit has been filed, as required, with the County Superintendent's Office, the State Department of Education, and the State Controller.

ISSUE

Vavrinek, Trine, Day & Co., LLP, of Fresno completed the fieldwork for the annual 2012-2013 audit in October. Business staff worked with the auditor in December to finalize the Financial Statements and Auditor's Report for the fiscal year ending June 30, 2013, as prepared by Vavrinek, Trine, Day & Co., LLP.

PROPOSAL

Mr. Bill Williams of Vavrinek, Trine, Day & Co., LLP will make a brief presentation to the Board of Education on the audit results, opinions, and findings.

The auditor's overall opinion was that Modesto City Schools fully complied with all required standards, regulations, and legal requirements.

In review of Internal Controls, it was the opinion of the auditors that there were no material deficiencies and that the financial statements fairly represented the activities of the District.

There was one finding in the area of Internal Controls – Associated Student Body. At various school sites tested, they noted the following:

- Pre-numbered receipts are not issued to depositors in the school office.
- Detailed schedules of monies deposited with the ASB secretary are not required to be turned in with the deposit or class roster.
- Inventory counts are not performed for the student store.
- Daily record of sales for the student store is not maintained.

Approval of Acceptance of the District's 2012-2013
Financial Statements and Auditor's Report

In all cases, staff has gone to the sites to train and ensure corrective action is being implemented to prevent or reduce reoccurrence.

Copies of the 2012-2013 Financial Statements and Auditor's Report are available for review in the office of the Associate Superintendent, Business Services.

FISCAL IMPACT

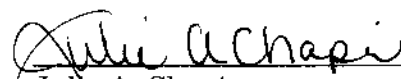

There is no fiscal impact.

RECOMMENDATION

It is recommended that the Board of Education approve the acceptance of the District's 2012-2013 Financial Statements and Auditor's Report.

SUBJECT: Approval of Resolution No. 13/14-18, Ratifying
Declaration of an Emergency Situation Regarding
Ice Builder Replacement at Nutrition Services Center

January 13, 2014

BACKGROUND

On November 12, 2013 the Board of Education approved authorization to seek bids for a replacement ice builder at the Nutrition Services Center.

Prior to completing the seeking and awarding of bids for this purchase, the ice builder failed. Failure to proceed quickly with a replacement would have resulted in decreased product shelf life and increased the potential risk of bacteria growth, jeopardizing the safety of students and staff who consume the food.

ISSUE

An emergency declaration was necessary to waive the bidding requirements for purchasing a replacement ice builder. A request authorizing the waiving of the bidding requirements was sent to Stanislaus County Office of Education and approved on December 11, 2013.

PROPOSAL

It is proposed that the Board of Education approve the resolution ratifying the declaration of an emergency situation regarding the ice builder replacement at the Nutrition Services Center.

FISCAL IMPACT

The replacement cost for the ice builder was \$146,735.99 and was paid from the Cafeteria Fund.

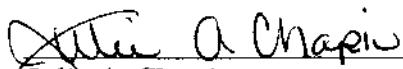

RECOMMENDATION

It is recommended that the Board of Education approve Resolution No. 13/14-18, ratifying declaration of an emergency situation regarding ice builder replacement at Nutrition Services Center.

MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent Regular Meeting

SUBJECT: Approval of 2014-2015 K-12 Open Enrollment Plan and the 2015-2016 Open Enrollment Option to be Made Available Only in Grades 4-6 at Beard, El Vista, Everett, Garrison, Marshall, and Robertson Road Elementary Schools; Hanshaw Middle School; Beyer, Davis, Downey, and Johansen High Schools January 13, 2014

BACKGROUND

1. Education Code 35160.5 and 48980 requires every school district, as a condition for receiving apportionments, to adopt rules and regulations establishing a policy of open enrollment within the district.
2. On April 25, 1994, the Board of Education adopted Board Policy 5116, Intradistrict Open Enrollment/Parental Choice. The related administrative regulation established notification and selection procedures for intradistrict open enrollment for Modesto City Schools.

<u>Past Open Enrollment, K-12</u>	<u>Requests</u>	<u>Approvals</u>
2007-08	81	81
2008-09	86	86
2009-10	266	266
2010-11	149	149
2011-12	221	221
2012-13	262	262
2013-14	287	287
2014-15	301	301

3. Prior to the opening of the 2013-14 school year, all Modesto City Schools parents were notified of the open enrollment option through the Information Handbook distributed to all K-12 students. Between August 8, 2013 and November 27, 2013 parents submitted open enrollment applications to the Child Welfare and Attendance Office.

Approval of 2014-2015 K-12 Open Enrollment Plan and the 2015-2016 Open Enrollment Option to be Made Available Only in Grades 4-6 at Beard, El Vista, Everett, Garrison, Marshall, and Robertson Road Elementary Schools; Hanshaw Middle School; Beyer, Davis, Downey, and Johansen High Schools

ISSUE

It is the goal of Modesto City Schools to allow as many parents as possible who are residents of the District to select the "school of choice" for their children regardless of where the parents live. However, according to law and Board policy/administrative regulation, the District can only approve such requests if there is space available at the requested school. According to AR 5116, "Availability of space is defined by a combination of factors, such as the educational and physical capacity of the school, growth pattern in the District, the existing racial and ethnic make-up of the schools, and projected staffing requirements."

2014-2015 OPEN ENROLLMENT PLAN

1. In 2014-15, 301 of 301 students requesting a change in schools through the open enrollment process will have their requests granted.
2. There were zero requests made for open enrollment at the elementary school sites.
3. There were zero requests made for open enrollment at the junior high sites.
4. 9-12 Approved Slots (301 of 301 requests were approved)

<u>School</u>	<u>Approved Requests</u>	<u>Currently on Intradistrict Permit</u>
Beyer	83	8
Davis	11	0
Downey	202	80
Johansen	5	0

5. This 2013-14 plan approves the following number of student requests to attend their "school of choice" rather than "school of residence":

	<u>Number of Requests</u>	<u>Approved</u>	<u>Denied</u>
K-6	0	0	0
7-8	0	0	0
9-12	<u>301</u>	<u>301</u>	<u>0</u>

SUBJECT: Approval to Accept Completion of Lease/Leaseback Contract with JL Bray & Son, Inc., Resolution No. 12/13-18, for Central Kitchen Reroofing and HVAC Replacement January 13, 2014

BACKGROUND

On December 10, 2012, the Board of Education approved Resolution No. 12/13-18 Approving a Guaranteed Maximum Price Lease / Leaseback Agreement with JL Bray & Son, Inc., for the Central Kitchen Reroofing and HVAC Replacement project in the amount of \$2,176,000.

ISSUE

The Board of Education must formally accept completion of public works contracts.

PROPOSAL

The work performed under the contract with JL Bray & Son, Inc., Resolution No. 12/13-18, has been inspected by the project architect and reported to be satisfactorily completed in accordance with plans and specifications. A Notice of Completion will be filed and final payments will be made as authorized under the terms of the contract.

FISCAL IMPACT

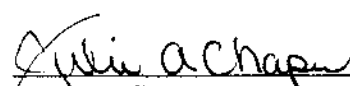

This contract, at a total cost of \$2,176,000, was funded from the Cafeteria Special Reserve Fund.

RECOMMENDATION

It is recommended that the Board of Education approve to accept the completion of lease/leaseback contract with JL Bray & Son, Inc., Resolution No. 12/13-18, for Central Kitchen Reroofing and HVAC Replacement.

SUBJECT: Approval of Authorization to Seek Bids for
Lakewood Elementary School Media Center
Heating, Ventilation and Air-Conditioning
(HVAC) Replacement

January 13, 2014

BACKGROUND

Lakewood Elementary was designed in the mid 1970's with construction completed in 1978. The original design concept included a large central building, known today as the media center. This type of building design increases the demand placed on the HVAC system to perform in optimal condition.

Lakewood's existing media center HVAC system is from original construction and is beyond its useful life. To ensure the continued safe operation of the campus, improve indoor air quality and decrease utility operating and preventative maintenance costs, all four media center rooftop HVAC units need to be replaced.

ISSUE

With funding identified, it is recommended that the project be authorized for competitive bid in accordance with Public Contract Code. All public works projects over \$45,000 must be competitively bid.

PROPOSAL

It is proposed that the Lakewood Elementary School's HVAC replacement project be advertised for bid in the Modesto Bee and Builders Exchanges.

FISCAL IMPACT

The probable cost of construction for this project is estimated at \$600,000. Funding for this project will come from the former Deferred Maintenance Apportionment.

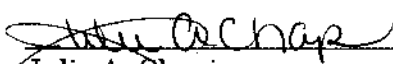

RECOMMENDATION

It is recommended that the Board of Education approve authorization to seek bids for Lakewood Elementary School Media Center heating, ventilation and air-conditioning (HVAC) replacement.

SUBJECT: Approval of Authorization to Seek Bids for Regional January 13, 2014
Occupational Programs (ROP) Joint Agricultural Facility

BACKGROUND

On December 10, 2012, Modesto City Schools and the Modesto Irrigation District (MID) entered into a license agreement for the purpose of constructing and operating a five acre school farm facility on MID property on Church Street near Milnes Road (APN #14-27-33).

On December 9, 2013, the Board approved the first amendment to this license agreement due to MID engineers' request to relocate the licensed area.

The MID property on Church Street is a 64-acre parcel, of which five acres has been set aside for the joint use school farm facility, large enough to be shared by Beyer, Downey and Enochs High Schools. A pre-engineered metal building, or Ag barn, is proposed to be fabricated within the five acre parcel.

The Ag barn includes 16,000 square feet of covered area; it will require minor electrical for lighting and refurbishing of an existing well to provide the site with pressurized water. MID will also provide a culvert for flood irrigation using canal surface water when needed.

ISSUE

With funding identified, it is recommended that the project be authorized for competitive bid in accordance with Public Contract Code. All public works projects over \$45,000 must be competitively bid.

PROPOSAL

It is proposed that the ROP Joint Ag Facility project be advertised for bid in the Modesto Bee and Builders Exchanges.

FISCAL IMPACT

The probable cost of construction for this project is estimated at \$440,000. The estimate for total project cost remains \$520,850. Funding for this project will come from Regional Occupational Programs.

RECOMMENDATION

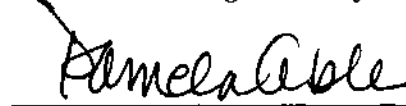

It is recommended that the Board of Education approve authorization to seek bids for Regional Occupational Programs (ROP) Joint Agricultural Facility.

SUBJECT: Approval of Amendment to Services Agreement with The Medics Plus for Standby Medical Services at Athletic Events in the 2013-14 School Year January 13, 2014

BACKGROUND:

Education Code section 49474 states, "The governing board of any school district or districts may provide, or make available, ambulance service, paid for out of school district funds, for pupils, instructors, spectators, and other individuals in attendance at athletic activities under the jurisdiction of, or sponsored or controlled by, the district or districts or the authorities of any school of the district or districts."

The California Interscholastic Federation (CIF) recommends there should be a doctor or Emergency Medical Technician (EMT) at all football games.

On July 29, 2013, the Board of Education approved a Services Agreement with The Medics Plus to provide standby medical services for athletic events for the 2013-14 school year.

ISSUE:

The Medics Plus was used at each of the Powder Puff football games played at the high schools this year, in addition to the regular football games. Therefore, there was an increase in the original estimated cost.

PROPOSAL:

It is proposed that the Board approve an increase to the Services Agreement with Medics Plus for an additional \$2,500 for the 2013-14 school year.

FISCAL IMPACT:

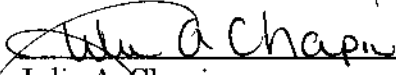

The initial estimated total cost was \$26,000, with an increase of \$2,500 making the new agreement cost not to exceed \$28,500, and will be funded by Risk Management.

RECOMMENDATION:

It is recommended that the Board of Education approve an amendment to the Services Agreement with The Medics Plus for standby medical services at athletic events in the 2013-14 school year.

SUBJECT: Approval of Master Architectural Services Agreement with Frick, Frick & Jette (FF&J) Architects, Inc. January 13, 2014

BACKGROUND

The District utilizes a Master Architectural Services Agreement to govern work on various projects that may be needed from time to time. Periodically, these projects require both architectural design and project approval by the State of California, Division of the State Architect (DSA).

Specifications for each individual project, including scope of work and design fees, are specified in a letter from the architect's firm that references the Master Services Agreement.

On March 23, 2009, the Board approved a qualified list of architectural firms to provide design services to the District for five years. Eight qualified architectural firms, including FF&J Architects, Inc., were on this list.

ISSUE

Many school construction projects are designed by a licensed architect. Projects that include State or Federal funding must be designed by an architect selected through a competitive process every five years.

PROPOSAL

It is proposed that the District enter into a Master Architectural Services Agreement with FF&J Architects, Inc.

A copy of the agreement is available for review in the Maintenance and Operations Department.

FISCAL IMPACT

The cost for these services will vary depending on need, and are anticipated to range from \$50,000 to \$500,000, annually. Some of these costs may be covered by State facility revenue sources.

SUBJECT: Approval of Services Agreement Between Modesto City Schools and Center for Wellness and Achievement in Education January 13, 2014

BACKGROUND

The Center for Wellness and Achievement in Education (CWAE) is dedicated to enhancing the effectiveness of educational institutions and promoting human flourishing through practices that strengthen the neurophysiologic foundation of learning, teaching, and behavior. CWAE's flagship program is the Quiet Time Program, a stress reduction and wellness program that enhances the holistic development of both students and faculty.

Designed for grades 5 through 12, Quiet Time is a school-wide program that provides students two restful 15-minute periods each day to reduce stress, balance their lives, and increase their readiness to learn. The primary effects of the program are produced from an extensively researched technique for stress reduction and brain development.

CWAE strongly emphasizes empirical evaluation of its programs. Results to date include: improved school-wide GPA, higher standardized test scores, increased attendance, reduced student anxiety and psychological distress, decreased burnout and stress in teachers and administrators, increased emotional intelligence and coping ability in adults. These outcomes have been achieved by schools in San Francisco and the wider Bay Area and are cited in the research of CWAE.

ISSUE

Modesto City Schools remains focused on reducing suspension/expulsions and improving behavior to provide students with an environment rich with positive outcomes.

The District's TOPS program is an opportunity school-within-a-school on the Gregori and Johansen campuses. Students in TOPS are ninth and tenth graders who have been referred to the alternative school for a variety of reasons including, but not limited to, academic deficiency leading to being off-track for graduation, attendance issues, and/or behavior issues.

Often times, students in the TOPS program have a wide variety of family, social-emotional, and/or underlying mental health issues compounding their difficulty in achieving success. District staff observations of TOPS students have led to the conclusion that many students lead lives disrupted by trauma, violence, inconsistency, lack of clear parameters or expectations, some substance abuse, and negative relationships, all of which contribute to diminished ability – or lack of ability – to focus.

Approval of Services Agreement Between Modesto City Schools and
Center for Wellness and Achievement in Education

PROPOSAL

The Gregori TOPS was chosen for Quiet Time training due to their unique approach to addressing the needs of students in the alternative setting and the early success the Gregori staff has experienced in remediating academic deficiency while addressing attendance and behavioral issues. Students have reached the point where they have qualified to return to the comprehensive setting with the potential to remain on track for graduation. This success is reversing the negative trajectory traditionally seen in opportunity students in our District.

Quiet Time training will give students much of what they are missing: dedicated, consistent reflective time to focus, settle, and reflect in silence while discharging the harmful stress that too often consumes or preoccupies them.

The expected outcomes from participating in Quiet Time training and consistent daily practice will include: increased focus, increased productivity in school work, improved interpersonal relationships, improved academic performance, and decreased behavioral incidents leading to suspension or expulsion from school – ideally any contact with the school discipline office.

The services agreement with Center for Wellness and Achievement in Education will be in effect from January 14, 2014 through May 22, 2014. A copy of the agreement is available for review in the School-to-Career Education office.

FISCAL IMPACT

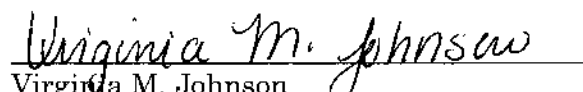

The funding source for this agreement is the California Endowment Grant, the Coordinated Early Intervening Services (CEIS) Grant, and the General Fund. Said agreement will not exceed \$57,000. A previous agreement with Center for Wellness and Achievement in Education was not to exceed \$9,900. The funding source for that agreement was the California Endowment Grant. The total compensation to Center for Wellness and Achievement in Education will not exceed \$68,000.

SUBJECT: Approval of CAHSEE Waivers for Special Education January 13, 2014
Students at Beyer, Enochs and Gregori High Schools

BACKGROUND

Students receiving Special Education services or with 504 plans may have modifications on the CAHSEE if they are listed in their IEP's (Individual Education Program) or 504 plans.

ISSUE

Modifications fundamentally alter what a test measures, which invalidates the test score.

PROPOSAL

State regulations allow for the parent/guardian of a student who earns the equivalent of a passing score (350) with the use of a modification to request a waiver from the District's Governing Board. Waivers have been submitted for four special education students at Beyer, fifteen special education students at Enochs and eight special education students at Gregori High School. Copies of the waivers are available for review in the Special Education Office.

FISCAL IMPACT

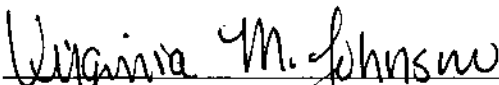

There is no fiscal impact to the General Fund.

RECOMMENDATION

It is recommended that the Board of Education approve the CAHSEE waivers for Special Education students at Beyer, Enochs and Gregori High Schools.

MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent Regular Meeting
SUBJECT: Approval of Revised Bylaws for the Modesto City Schools Head Start Parent Policy Committee January 13, 2014

BACKGROUND

Modesto City Schools receives ongoing federal Head Start funding from the Stanislaus County Office of Education (Grantee) to provide comprehensive services to 480 preschool-age students and their families. Head Start performance standards require delegate agencies to establish and maintain a Delegate Parent Policy Committee (DPPC) and bylaws as part of the shared governance component of the program. The DPPC has specific input and approval authority over the Head Start Program in conjunction with the Modesto City Schools (MCS) Board of Education.

ISSUE

Based on the current federal Head Start Act, the MCS Head Start Delegate Parent Policy Committee bylaws require revisions to bring them up to date and into alignment with the current operating procedures. The MCS Head Start DPPC approved the revised bylaws on December 6, 2013, and now the program seeks Board approval.

PROPOSAL

The Board of Education will approve the revised bylaws for the MCS Head Start Parent Policy Committee.

FISCAL IMPACT

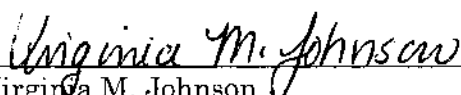

Approval of the revised bylaws will have no impact on funding or the general fund.

RECOMMENDATION

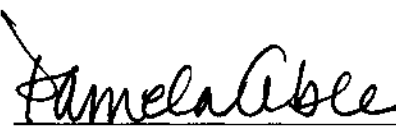

It is recommended that the Modesto City Schools Board of Education approve the revised bylaws for the MCS Head Start Parent Policy Committee.

DELEGATE PARENT POLICY COMMITTEE
BYLAWS

PREAMBLE

The Modesto City Schools Child Development Programs has established a Delegate Parent Policy Committee to ensure maximum parent participation in the decision making process of all Head Start Program components and activities.

ARTICLE I - NAME

The name of this Committee shall be the Modesto City Schools Child Development Programs Delegate Parent Policy Committee (DPPC).

ARTICLE II – GOALS/DUTIES

Following the stipulations of the 2007 Head Start Act, the Policy Committee shall approve and submit to the governing body decisions about each of the following activities:

1. Activities to support the active involvement of parents in supporting program operations, including policies to ensure that the Head Start agency is responsive to community and parent needs;
2. Program recruitment, selection, and enrollment priorities;
3. Applications for funding and amendments to applications for funding for programs;
4. Budget planning for program expenditures, including policies for reimbursement and participation in Policy Committee activities;
5. Bylaws for the operation of the Policy Committee;
6. Decisions regarding the employment of program staff including standards of conduct for program staff, contractors, and volunteers;
7. Developing procedures for how members of the Policy Committee of the Head Start agency will be elected; and
8. Recommendations on the selection of Delegate agencies and the service areas for such agencies.

Other duties of the Policy Committee necessary to implement program objectives include;

- Initiation of suggestions for improvement of program operation and development;
- Acting as liaison between delegate Policy Committees and the Policy Council;

- Administration of the Policy Committee Line Item Budget; and
- Promotion of benefits and needs of the program in the community.

It is understood and agreed that the fiscal and legal responsibility of the Modesto City Schools Head Start Program is that of the Governing Body of the Delegate. Federal

regulations CFR 45 part 1303.50 (h) stipulate that “Each delegate...and Policy Committee...jointly must establish written procedures for resolving internal disputes, including impasse procedures, between and the governing body and policy group.” The Governing Body and the Policy Committee have read an agreement to follow an informal process in resolving disputes before either side declares an Impasse. This agreement is titled “Bind Arbitration Agreement for Resolution of Impasse” and this agreement should be followed in the event that the decisions made by the Governing Body are not the same as those of the Policy Committee.

SUBJECT: Approval of Report on the 2013/14 January 13, 2014
Program Self-Assessment for Head Start

BACKGROUND

As required by federal mandates, a program self-assessment is conducted annually on the Head Start program. The goal is to analyze systems and program components to determine exemplary practices, findings of non-compliance, and recommended improvements. In order to best prepare for a federal compliance review, the same protocol tool used by Head Start officials is used by the Modesto City Schools Head Start program staff when conducting the self-assessment.

ISSUE

In order to ensure effective communication, support shared governance, and meet program compliance requirements, a report to the Board on this year's Head Start self-assessment is necessary and requires approval.

REPORT

During the week of November 4, 2013, the Head Start Grantee from Stanislaus County Office of Education (SCOE) conducted the program self-assessment. Activities included site/classroom visits, examining lesson plans, reviewing curriculum implementation, student file reviews, family file reviews ensuring that comprehensive services are being provided, analysis of fiscal documentation, evaluating the effectiveness of shared governance (between the Board of Education and the Parent Policy Committee), and ensuring that all program components are being effectively implemented.

Results of self-assessment:

- Three Strengths and Exemplary Practices – Mental Health & Disabilities, ERSEA (Eligibility, Recruitment, Selection, Enrollment, Attendance), Family and Community Partnerships
- Four Findings Requiring Action – Program Design & Management, Family/Community Engagement, Safe Environments, Education
- Three Recommendations for Continuous Improvement – Program Design & Management, Safe Environments, Education

Corrective Plans of Action will be implemented within required timelines. The Recommendations for Improvements will be reviewed and implemented in this program year, if feasible. Overall, the Child Development Programs continue to provide high quality services to children and families
