MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent Regular Meeting  
 SUBJECT: Report on Suspensions/Expulsions and Strategies to Reduce Suspensions January 14, 2013

BACKGROUND

Discipline is one of the areas monitored by the California Department of Education (CDE) for disproportionality to determine if students are overrepresented in comparison to the State rate. CDE found Modesto City Schools Elementary and High School Districts disproportionate in the discipline of students with disabilities. Both Districts are disproportionate in two areas: globally, meaning too many students are suspended/expelled; and by ethnicity, meaning certain ethnicities are suspended/expelled at too high a rate. Data is based upon the school years 2010-2011, 2009-2010, 2008-2009, and 2007-2008. The State rate for suspension/expulsion is 2.64%. The Elementary rate is 2.9%, and the High School rate is 4.9%. Disproportionality is an outcome of practices in general education and all solutions must include the improvement in basic general education services. This report was presented at the July 30, 2012 regular Board meeting. The Board requested ongoing monitoring and reports regarding suspensions.

REPORT

Modesto City Schools continues to reduce the number of students with disabilities being suspended as reflected in the chart below:

TOTAL	4848 (204)	3697 (149)	1603 (39)
Difference +/-	---	-24% (-27%)	-57% (-74%)

As reflected in the graphs above, the overall number of students being suspended has decreased from the 2010-11 school year to the present.

The District is working on developing programs and alternatives to suspension as we recognize that for some students, suspensions do not always change undesired behaviors. A stakeholders' group made up of District and site administration, teachers, and support staff continues to meet, discuss, and propose solutions and alternatives to student suspension.

The District has developed and is piloting Project Success through Accountability for Youth (Project STAY) as an opportunity for students in grades sixth through twelfth to provide an alternative to suspensions. Project STAY is a partnership with Stanislaus County Behavioral Health and Recovery Services, Stanislaus County Probation Department, and the Modesto Police Department. The goal of the program is three fold: to reduce risky and criminal behaviors, provide additional support to students and parents, and reduce suspensions and youth entering the criminal system. Students are recommended for the program by site administration. The Stanislaus County Probation Department and the

Modesto Police Department also have the option to refer students and their parents/guardians. If students and their parents/guardians choose this option, they are required to attend three 1.5 hour mandatory interactive classroom workshops, once per week, in a family support model. Information presented includes:

### Gangs: (Modesto Police Department)

- How gangs spread
- What is a gang
- Why youth join gangs
- Signs parents should look for
- Signs of gang membership
- What parents can do
- Local resources
- Enforcing good decision-making skills

### Probation, Court, and Legal System (Stanislaus County Probation Department)

- Juvenile offenses and juveniles charged as adults
- Booking process
- Court disposition and process
- Juvenile intake process
- Penal Code definitions
- Life inside Juvenile Hall
- Probation conditions
- Alternative Probation Programs (e.g., house arrest)
- Negative effects of having a criminal record
- Enforcing good decision-making skills

### Alcohol and Drugs (Stanislaus County Behavioral Health and Recovery Services)

- Identification, signs, and symptoms of alcohol and drug abuse
- Dangers, effects, and consequences
- Encouragement for students striving to maintain a healthy body
- Developmental assets and protective factors
- Enforcing good decision-making skills

There have been two full Project STAY sessions to date with 28 students and their parents participating. Of those 28 students, 13 have completed the program and 6 are still in the process of completing more classes. One of the 13 students has reoffended. Nine (9) students have failed the program either by failure to complete the classes or because they had another infraction during the time they were in the program. There is also one

student that has been referred to the STAY program from Juvenile Court. He is still in the process of completing his classes. Data is being kept on the number of reoffenders following the program.

The District is aware the best solution for reducing suspensions is to prevent undesirable behaviors from occurring at the outset. This requires training for staff on proactive strategies to maintain a positive structured learning environment, as well as training for students on behavioral expectations.

All elementary sites will complete PeaceBuilders training by the end of this year. PeaceBuilders is funded by the SMART Grant (Student Mentoring and Responsibility Trust) through the Stanislaus Community Foundation. PeaceBuilders is a science-based and research-validated program that assists site leaders and staff in developing a core sense of safety, belonging, support, and most genuinely, competency in dealing with life's most stressful situations and disappointments.

PeaceBuilders' goal is to alter the climate and culture by positively changing characteristics of the site that can trigger aggressive behavior, developing positive relationships between site leaders/staff; directly teaching nonviolent attitudes, values, and beliefs; and by providing incentives for young people to display these behaviors in the school and/or community setting. In a PeaceBuilders setting, it is these positive behaviors that are more likely to earn attention from peers and adults alike.

The District received a CAL-STAT grant to provide regional training for Districts on Schoolwide Positive Behavior Supports (SPBS). The District currently has eleven (11) schools trained with an additional twelve (12) schools completing training this year. SPBS establishes social and behavior supports needed for all students in a school to achieve social and academic success. Staff agrees upon behavioral norms and expectations and then explicitly teaches those behaviors. Discipline data is routinely analyzed to determine areas of need so additional supports can be provided.

One hundred (100) teachers have completed a two-day inservice on Classroom Management. Research-based instructional strategies are taught and discussed so teachers leave the training with practical knowledge/plans for implementation upon returning to their classrooms.

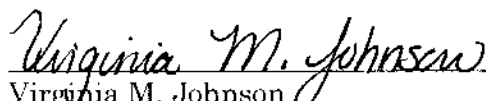

Report on Suspensions/Expulsions and Strategies to Reduce Suspensions

SUMMARY

The District is showing a significant overall reduction in suspensions/expulsions from the 2010-11 school year to our current school year. While the data provided for 2012-13 reflects just one semester to date, the reduction is significant enough to show our current programs/interventions are effective, and we are moving in an appropriate direction.

FINANCING CORPORATION

TO: Board of Directors Regular Meeting

SUBJECT: Approval of Resolution No. 12/13-21 Refunding the Certificates of Participation (2001 Financing Project) with a Lease-Purchase Agreement January 14, 2013

---

BACKGROUND

In 2001, the Modesto City School District and Modesto High School District, with the assistance of Corporation, sold Certificates of Participation (2001 Financing Project) (2001 COPs) to provide funds for the acquisition and construction of certain capital projects. The projects included portable classrooms for the District's Class Size Reduction Program for grade K-3.

ISSUE

There are four years of debt service remaining on the 2001 COPs at interest rates ranging from 4.50% to 4.90%. The market for lease-purchase agreement financings is currently offering interest rates of approximately 2.25%.

PROPOSAL

District staff received proposals from two financing companies for the refunding of the 2001 COPs with a lease-purchase agreement. Staff determined the proposal from Municipal Finance Corporation was the most beneficial to the District. The 2001 COPs debt service payments of \$2,635,082.50 would be replaced with lease-purchase agreement debt service payments of \$2,552,612.50. The 2001 COPs trustee fees of \$7,420 would be replaced with no trustee fee for the lease/purchase agreement.

Documents related to the refunding of the 2001 COPs with a lease-purchase agreement can be viewed in the Office of Planning and Facilities Support.

FISCAL IMPACT

There would be a savings to the District of \$89,890 over four years because of the reduced interest rate. The funding sources (General Fund, High School Capital Facilities Fund, and Elementary Redevelopment Fund) for the 2001 COPs debt service payments would be used as the funding sources for repayment of the lease/purchase agreement with the savings going to the General Fund.

Approval of Resolution No. 12/13-21 Refunding of the Certificates of Participation (2001 Financing Project) with a Lease-Purchase Agreement

RECOMMENDATION

It is recommended that the Board of Directors approve Resolution No. 12/13-21 refunding of the Certificates of Participation (2001 Financing Project) with a Lease-Purchase Agreement.

**RESOLUTION NO. 12/13-21**

**RESOLUTION OF THE BOARD OF DIRECTORS APPROVING THE FORM OF AND AUTHORIZING THE EXECUTION AND DELIVERY OF A SITE LEASE, A LEASE/PURCHASE AGREEMENT AND AN ASSIGNMENT AGREEMENT, AND AUTHORIZING CERTAIN ADDITIONAL ACTIONS**

WHEREAS, the Modesto City School District Financing Corporation (the "Corporation"), a nonprofit public benefit corporation duly organized and existing under the laws of the State of California, is authorized to assist in financing school facilities for the Modesto City School District and the Modesto High School District (collectively the "District");

WHEREAS, the District intends to enter into a lease financing in order to refinance the construction of school facilities by refunding the District's outstanding Certificates of Participation (2001 Financing Project) (the "Prior Certificates");

WHEREAS, the District has requested the Corporation to assist the District in the refinancing;

WHEREAS, such refinancing will be accomplished by (i) the Corporation's entering into a site lease (the "Site Lease") with the District, whereby the District will lease property (the "Leased Property") to the Corporation in exchange for an advance rental, (ii) the Corporation's leasing the Leased Property back to the District pursuant to a leaseback agreement (the "Lease/Purchase Agreement"), under which the District will be obligated to make Rental Payments (as such term is defined in the Lease/Purchase Agreement) to the Corporation; (iii) the Corporation's assignment without recourse of all rights to receive such Rental Payments to Capital One Public Funding, LLC, in exchange for the amount of the advance rental payable by the Corporation under the Site Lease, pursuant to an assignment agreement (the "Assignment Agreement"); and (iv) the deposit of the advance rental into an escrow established under an escrow agreement (the "Escrow Agreement") that will be used to refund the Prior Certificates and pay transaction costs;

WHEREAS, the Site Lease, the Lease/Purchase Agreement, and the Assignment Agreement, which are incorporated herein by reference, have been presented to the Board of Directors of the Corporation (the "Board") for its review and approval;

WHEREAS, it appears to the Board that the authorization, approval, execution, and delivery of the Site Lease, the Lease/Purchase Agreement, the Assignment Agreement, and other documents contemplated thereby or incidental thereto are desirable and in the best interests of the Corporation;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Directors of the Corporation as follows:

Section 1. Recitals. This Board finds and determines that all of the above recitals are true and correct.

Section 2. Authorization of Officers to Execute and Deliver Documents. The Board hereby approves the forms of the Site Lease, the Lease/Purchase Agreement, and the Assignment Agreement as presented to this meeting and on file with the Secretary of the Corporation. The Board hereby authorizes and directs the President, the Vice President, the Secretary and the Treasurer of the Corporation (the "Designated Officers"), and each of them individually, for and in the name of and on behalf of the Corporation, to execute and deliver the Site Lease, the Lease/Purchase Agreement, and the Assignment Agreement in substantially the forms presented to this meeting, with such changes, insertions, revisions, corrections, or amendments as shall be approved by the Designated Officer or Officers executing the documents for the Corporation. The execution of the foregoing by a Designated Officer or Officers shall constitute conclusive evidence of such officer's or officers' and the Board's approval of any such changes, insertions, revisions, corrections, or amendments to the respective forms of documents presented to this meeting.

Section 3. General Authorization. The Designated Officers and other officers of the Corporation, and each of them individually, are hereby authorized and directed, for and in the name of and on behalf of the Corporation, to execute and deliver any and all documents, to do any and all things and take any and all actions that may be necessary or advisable, in their discretion, in order to consummate the delivery of the Site Lease, the Lease/Purchase Agreement, and the Assignment Agreement and to effect the purposes of this resolution. All actions heretofore taken by officers, employees, and agents of this Corporation that are in conformity with the purposes and intent of this resolution are hereby approved, confirmed, and ratified.

Section 4. Effective Date. This resolution shall take effect immediately upon adoption.

## MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent Regular Meeting

SUBJECT: Approval of Acceptance of the District's 2011-2012 Financial Statements and Auditor's Report January 14, 2013

---

### BACKGROUND

Education Code Section 41020 requires that every California school district provide an annual audit of the financial records and accounts of the district. Each audit shall include all funds of the district including student body and cafeteria funds. A review of the district's procedures for attendance accounting is also required. The auditor's report must include: (1) a statement that the audit was conducted according to standards and procedures mandated by the State Controller's Office; and (2) a summary of the audit exceptions and management improvement recommendations. The audit has been filed, as required, with the County Superintendent's Office, the State Department of Education, and the State Controller.

### ISSUE

Vavrinek, Trine, Day & Co., LLP, of Fresno completed the fieldwork for the annual audit in November. Business staff has been working with the auditor in December to finalize the Financial Statements and Auditor's Report for the fiscal year ending June 30, 2012, as prepared by Vavrinek, Trine, Day & Co., LLP.

### PROPOSAL

Mr. Bill Williams of Vavrinek, Trine, Day & Co., LLP will make a brief presentation to the Board of Education on the audit results, opinions, and findings.

The auditor's overall opinion was that Modesto City Schools fully complied with all required standards, regulations, and legal requirements.

In review of Internal Controls, it was the opinion of the auditors that there were no material deficiencies and that the financial statements fairly represented the activities of the District.

Approval of Acceptance of the District's 2011-2012  
Financial Statements and Auditor's Report

There was one finding, in the area of Internal Controls -Associated Student Body:

At various school sites tested, the auditors noted the following:

- Pre-numbered receipts are not issued to depositors in the school office.
- Detailed schedules of monies deposited with the ASB secretary are not required to be turned in with the deposit or class roster.
- Inventory counts are not performed for the student store.
- Daily record of sales for the student store is not maintained.

In all cases - staff has gone to the sites to train and ensure corrective action is being implemented to prevent or reduce reoccurrence.

Additional copies of the audit are available to the public in the office of the Associate Superintendent, Business Services.

FISCAL IMPACT

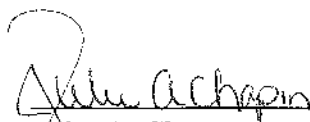

There is no fiscal impact.

RECOMMENDATION

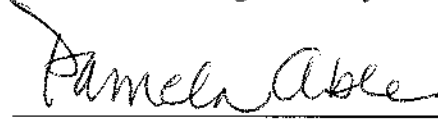

It is recommended that the Board of Education approve the acceptance of the district's 2011-2012 Financial Statements and Auditor's Report.

Modesto City Schools District and California  
School Employees Association, Chapter #007 for  
2012-13 Accelerated Furlough Day Reinstatement

---

BACKGROUND

Discussions were held with the California School Employees Association, Chapter #007 regarding the reinstatement of three (3) accelerated furlough days for the 2012-13 school year only. A Letter of Understanding was developed and ratified by the California School Employees Association, Chapter #007 on December 12, 2012.

ISSUE

The Board of Education must approve the Letter of Understanding for the California School Employees Association, Chapter #007 for the 2012-13 Accelerated Furlough Day Reinstatement. A copy of the Letter of Understanding is attached.

PROPOSAL

The California School Employees Association, Chapter #007 ratified the Letter of Understanding on December 12, 2012. It is necessary for the Board of Education to take formal action to approve the Letter of Understanding.

FISCAL IMPACT

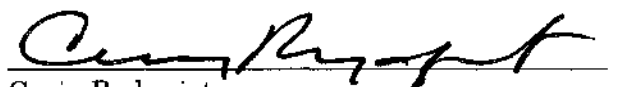

The reinstatement of three (3) accelerated furlough days for the 2012-13 school year only for the California School Employees Association, Chapter #007 will result in a cost of approximately \$155,500.

RECOMMENDATION

In accordance with Government Code Section 3547.5, and following consideration of certification that the costs incurred by the school district can be met during the agreement's term, it is recommended that the Board of Education approve the Letter of Understanding between Modesto City Schools District and California School Employees Association, Chapter #007 for the 2012-13 accelerated furlough day reinstatement.

SUBJECT: Approval of Contract Rider for Associate Superintendents' Employment Contracts January 14, 2013

---

BACKGROUND

The three Associate Superintendents have existing employment contracts that include eight (8) furlough days with corresponding salary reduction. For the 2012-13 school year only, all other employee groups will be receiving three (3) accelerated furlough days.

ISSUE

The current Associate Superintendents' contracts are approved with eight (8) furlough days and corresponding salary reduction. A contract rider needs to be approved to increase the Associate Superintendents' work year by three (3) work days with corresponding salary increase for the 2012-13 school year only. A copy of the contract rider is attached.

**ASSOCIATE SUPERINTENDENTS' CONTRACT RIDER**

The undersigned parties acknowledge the following:

1. The Modesto City Schools Board of Trustees has found it necessary to reduce the employee work year and reduce the salaries paid to associate superintendents due to the serious fiscal situation facing the State of California and the District.
2. These reductions have been necessary for a number of school years.
3. Associate superintendents and the District have entered into employment agreements that include a reduction of the work year by eight (8) work days with a corresponding salary reduction.

Therefore, the parties agree to the following:

1. For the 2012-2013 school year only, the associate superintendents' work year shall be increased by three (3) work days with a corresponding salary increase.
2. This adjustment shall apply to the current associate superintendent employment agreements but shall not apply to any successor employment agreements.
3. This contract rider is limited to the 2012-2013 school year.
4. For the 2013-2014 school year, the above-referenced work year and salary reductions shall be reinstated in accordance with the terms in the current associate superintendents' employment agreements.
5. This rider shall not extend the duration of any individual associate superintendent's employment agreement.

## MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent Regular Meeting

SUBJECT: Approval of Authorization to Hire an Architect for a Standard Swimming Pool Project at Enochs High School January 14, 2013

---

### BACKGROUND

On October 4, 2010 the Board of Education took action to continue to reserve special tax dollars that had been collected by the Schools Infrastructure Financing Agency (SIFA) for the potential future construction of a standard competitive swimming pool at Enochs High School.

The Board of Education has considered the matter of reservation of the SIFA special tax dollars that have been collected for construction of Enochs High School no less than four (4) times over the past two years.

Most recently, in August of 2012, the Board of Education held a public hearing on the matter. Postcard notices of the meeting inviting comment on the reservation of the SIFA special tax dollars were sent to 4,100 properties in Village I. Two-hundred flyers announcing the meeting were distributed including notice and invitation to the Modesto City Council and staff and the Modesto Chamber of Commerce.

Approximately 250 people attended the special meeting of the Board on August 29, 2012 including members of the City Council, city staff and Sylvan Union School District Board members and staff. There were forty (40) speakers from the public, of which thirty-six (36) spoke in favor of moving forward with the pool using the special tax dollars already collected. Four (4) speakers were opposed to spending any tax dollars on the project.

### ISSUE

The Board of Education has studied the issue and taken input from community stakeholders over the past two years. In order to decide whether or not to construct the swimming pool project at Enochs High School, an architect must be retained to determine costs.

### PROPOSAL

The cost of a standard high school competitive swimming pool has been estimated by District staff to cost approximately \$3,500,000 using the 2010 reconstruction of the Downey High School swimming pool as a benchmark. Current market costs will not be known until the pool design is complete and construction costs have been estimated by an architect.

Approval of Authorization to Hire an Architect for a Standard Swimming Pool Project at Enochs High School

SIFA has collected \$3,129,350 towards the estimated project cost of \$3,500,000, leaving \$370,650 still to be collected from SIFA special tax areas outside of Village I. It is estimated that these funds will become available over the next five years through special tax collections in the non-Village I special tax areas within SIFA.

	<b>Max SIFA \$ Reserved on 10/04/2010</b>	<b>Actual SIFA \$ Available Jan. 2013</b>	<b>SIFA Funds Still Needed</b>
<b>CFD 1994-1 Share HS Pool 53.21%</b>	\$ 1,827,350	\$1,827,350	---
<b>CFD 1997-1 Share HS Pool 28.37%</b>	\$ 992,950	\$ 688,000	<b>(\$304,950)</b>
<b>CFD 1998-1 Share HS Pool 19.42%</b>	\$ 679,700	\$ 614,000	<b>(\$65,700)</b>
<b>Total ESTIMATED Cost of Future HS Pool</b>	<b>\$ 3,500,000</b>	<b>\$3,129,350</b>	<b>(\$370,650)</b>

If the Board approves the hiring of an architect, the schedule for the completion of the swimming pool *might* be:

- Design complete by Summer 2013
- Division of State Architect (DSA) approval by Winter 2013
- Construction bid award by Spring 2014
- Construction complete by Spring 2015 (subject to weather conditions)

District Staff will advise the architect to incorporate a few community family friendly amenities, such as changing rooms and restrooms. If the costs of the project rise too high, these additional amenities could be removed at the time of the construction bid award.

Retaining an architect to estimate the project cost is not a commitment to build the swimming pool, only a first step to determine if the reserved funds are sufficient to fund a future project.

Approval of Authorization to Hire an Architect for a Standard Swimming Pool Project  
at Enochs High School

FISCAL IMPACT

The architect's cost is estimated to be \$260,000, which would be paid for from the collected SIFA special tax dollars. There is no impact to the general fund at this time.

The project will be brought back to the Board to determine whether to seek bids after the architect has completed design and DSA and other approvals are finalized.

RECOMMENDATION

It is recommended that the Board of Education approve an authorization to hire an architect for a standard swimming pool project at Enochs High School.

MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent Regular Meeting
SUBJECT: Approval of High School Attendance Boundary Adjustment Process January 14, 2013

BACKGROUND

High school boundary changes were last adjusted by the Board of Education in early 2005 to add two new high schools to the existing five high school system in the Modesto High School District. James C. Enochs High School opened in the fall of 2006 while Joseph A. Gregori High School opened in the fall of 2010. The 2012-2013 school-year is the first year Gregori High School has all four grade levels in attendance.

Final enrollment counts for the fall of 2012 were presented at the October 22, 2012 Board meeting. There were 14,635 high school students enrolled for the fall of 2012 in the high school district. On November 13, 2012, the Board was presented with a report identifying that enrollment is not ideally balanced, pursuant to capacities, among the seven high schools to sustain comprehensive academic and athletic programs.

A quick summary of the fall 2012 high school enrollment data is presented below.

Table with 5 columns: High School, Year Built, Site Size, Fall 2012 Enroll\*, Fall 2012 Utilization. Rows include Beyer, Davis, Downey, Elliott Alt. Ed., Enochs, Gregori, Johansen, and Modesto.

\*Fall 2012 Enrollment Numbers INCLUDE Special Education Students.

While all the high school attendance boundaries were evaluated, special attention was paid to the lowest enrollment school, Davis, and the most impacted school, Modesto. Non-boundary methods for augmenting school enrollment at Davis were implemented in the fall of 2012. As an example, Davis High School is once again the home of the Public Safety Academy. This program was moved off the Davis site several years ago to a satellite location on Reno Avenue when the campus was impacted with 3,000 students.

---

## Approval of High School Attendance Boundary Adjustment Process

In addition, previous reports to the Board have identified various factors that contributed to the imbalance, including the 2007-2009 economic recession that continues to impact specific neighborhoods in the high school district and the central valley at large. All school attendance boundaries, no matter how well planned, have a limited life span.

The boundary change process typically takes at least a year of forecasting, modeling, analysis of student enrollments, feeder district information, housing development evaluation and outreach to the community. The current adjustment process was initiated in the fall 2011.

### February 2012 Boundary Committee Recommendations:

The Board convened a Boundary Committee in late 2011 to evaluate minor boundary adjustments to determine if enrollments could be augmented or relieved for better balance among the seven high schools. The Boundary Committee was comprised of all high school principals, other District staff, county, city and college district representatives, community and union representatives and all feeder district Superintendents.

The Boundary Committee received 9<sup>th</sup> through 12<sup>th</sup> grade enrollment and capacity information along with a presentation from the Modesto Police Department on gang boundaries and their potential impact on high school boundary adjustments. The Board approved *Boundary Analysis and Adjustment Guidelines, January 2004 (Please see attachment A)*, was consulted along with historical enrollment data. An extensive analysis and discussion of high school enrollments took place.

In February 2012, the Board of Education approved Boundary Committee recommendations for implementation in the fall of 2013 that included (*Please see attachment B*):

- 1) Move Sipherd Elementary boundary from Enochs HS to Johansen HS (potential impact of 235 students over a four year period).
- 2) Move part of Freedom Elementary boundary from Enochs HS to Johansen HS (potential impact of 6 students over a four year period).
- 3) Adjusting boundaries to increase Davis High School enrollment by moving a portion of Enochs attendance areas to Beyer and a portion of Beyer attendance areas to Davis.
- 4) Moving any portion of the Modesto attendance area is not feasible at this time due to several potential negative implications including: neighborhood identity, density of attendance area in close proximity to the school, gang interaction and transportation costs. Moving any portion of the Modesto attendance area would trigger a complete re-district of all seven high school attendance boundaries. A complete re-district of all seven high school attendance boundaries was not recommended by the Committee, nor is it recommended today.

District staff analyzed the fall 2012 enrollment data to determine what portions of the Enochs and Beyer attendance areas could be adjusted to increase enrollment at Davis while leaving all three schools with appropriate enrollments for their individual capacities.

---

Approval of High School Attendance Boundary Adjustment Process

ISSUE

High School attendance boundaries need to be adjusted to better balance enrollment, pursuant to capacities, among the seven high schools to sustain comprehensive academic and athletic programs. The February 2012 Boundary Committee recommendations along with staff's current (January 2013) recommendations may be implemented to start in the fall of 2013 under a fast track schedule, or may be implemented to start in the fall of 2014 to allow additional time for community outreach.

PROPOSAL

As previously identified in recent reports to the Board, the current 9<sup>th</sup> and 10<sup>th</sup> grade classes are smaller than previous classes and have caused a dip in enrollment. However, preliminary modeling identifies the larger K-8 classes coming through the system that will result in increased enrollment over the next two-five years, even without boundary adjustments. *(Please see Attachment C).*

It is important to note that only incoming 9<sup>th</sup> graders are to be affected by any proposed changes in high school attendance boundaries. Existing 10<sup>th</sup>, 11<sup>th</sup> and 12<sup>th</sup> graders would not be affected.

January 2013 Proposed Boundary Adjustments

**Option 1:** Move all Beyer attendance area, west of Tully Avenue to Davis (Agnes Baptist and portion of Woodrow Elementary attendance areas). There is a projected potential plus to Davis minus to Beyer impact of 53 students first year, 206 students over four years.

- Eliminates required transportation of these students to Beyer because this area is outside the 3-mile high school walking distance policy. High school students in this proposed area of change would be less than 2 miles from Davis, within the walking distance policy.

**Option 2:** Move all Beyer attendance area, west of McHenry Avenue to Davis (all of Agnes Baptist and all of Woodrow Elementary attendance areas). There is a projected potential plus to Davis minus to Beyer impact of 90 students first year, 339 students over four years.

\*Option 2 includes a small uninhabited portion of the Stanislaus Elementary School attendance area.

- Eliminates required transportation of these students to Beyer because this area is outside the 3-mile high school walking distance policy. High school students in this proposed area of change would be less than 3 miles from Davis, within the walking distance policy.

---

Approval of High School Attendance Boundary Adjustment Process

***Use of Option 1 or Option 2 will also require a movement from Enochs to Beyer to backfill Beyer and reduce overall numbers at Enochs.***

Move Enochs attendance area, east of Oakdale Road, south of Floyd Avenue, west of Roselle Avenue to Beyer. (Portion of Orchard Elementary attendance area). There is a projected potential plus to Beyer minus to Enochs impact of 65 students first year, 246 students over four years.

- No change to transportation requirements. This area is within the 3-mile walk distance to Enochs and within the 3-mile walk distance to Beyer.

Implementation of the February 2012 recommendations will also require the movement of the Enochs attendance area, south of Briggsmore Avenue to Johansen (all of Sipherd Elementary attendance area). There is a projected potential plus to Johansen minus to Enochs impact of 41 students first year, 161 students over four years.

- Eliminates required transportation for some students to in this area of change who are currently bussed to Enochs and will now be within walking distance to Johansen.

Although also part of the February 2012 recommendations, it is not recommended that the southern tip of Freedom Elementary attendance area currently at Enochs be moved to Johansen. The small potential impact of 6 students over 4 years has been determined to not be necessary.

It should be noted that none of the Enochs attendance areas under consideration for movement to Beyer or Johansen are in the Schools Infrastructure Financing Agency (SIFA) Village One CFD or other schools Mello-Roos CFD taxing areas.

Reducing enrollment at Enochs creates space for growth at this site. The Enochs attendance area is likely to be the first to experience any substantial growth from new housing development when the market returns. The remainder of Village One entitled lots and the fully entitled Tivoli Specific Plan Area are in the current and proposed Enochs attendance boundaries.

*When to Implement – Fall 2013 or Fall 2014?*

To implement a fall 2013 boundary change, the Board must make a decision to approve all or part of the above options by the February 4, 2013 Board meeting so that 9<sup>th</sup> grade balloting may occur with the adjusted boundaries. The 9<sup>th</sup> grade balloting for classes by 8<sup>th</sup> graders typically occurs in February, March and April every year.

---

## Approval of High School Attendance Boundary Adjustment Process

Although preliminary meetings have been held with the staff at the affected high school sites, Beyer, Davis, Enochs, Johansen and Modesto to review various scenarios, the fast tracked schedule would allow limited time for additional community outreach. It is expected that there will be no change needed to the Downey or Gregori boundaries.

### Communication Plan:

- Parent and community meetings on proposed options the week of January 21<sup>st</sup> and January 28<sup>th</sup>.
- On-line posting and feedback via District website.
- Public notification of proposed options and February 4, 2013 potential Board action.
  - Website
  - Auto dialer calls
  - Newspaper coverage

To implement a fall 2014 boundary change, the Board may make final decisions to approve all or part of the above options one year in advance. This schedule would allow ample time to provide additional community outreach. The spring 2014 9<sup>th</sup> grade balloting by 8<sup>th</sup> graders would occur with the adjusted boundaries.

### Communication Plan:

- Parent and community meetings on proposed options late spring 2013. While time would allow for three meetings, more could be scheduled.
- Additional staff input and analysis after spring 2013 9<sup>th</sup> grade balloting.
- On-line posting and feedback via District website.
- Public notification of proposed options potential Board action in the fall of 2013.
  - Website
  - Auto dialer calls
  - Newspaper coverage
  - School site newsletters and handouts
  - Inclusion in the 2013/2014 MCS Address Index Book

### FISCAL IMPACT

There is a projected savings to the general fund due to the potential elimination or restructuring of certain high school bus routes that would no longer be needed. As an example, any elimination in route miles is calculated at \$6.00 per mile, not counting driver time which may be a negotiated reduction. The determination of actual savings would be completed upon a full route change analysis.

Approval of High School Attendance Boundary Adjustment Process

RECOMMENDATION

It is recommended that the Board of Education approve the high school attendance boundary adjustment process.

# Boundary Analysis And Adjustment Guidelines

Adopted by the Board of Education  
January 2004

## **Boundary Analysis and Adjustment Guidelines**

Whenever a new school is opened, attendance boundaries are redrawn. Boundaries are sometimes adjusted from time-to-time for other reasons, but this section is included here primarily for the purposes of bringing a new school on-line. The goal of this section is to outline a process and procedure to follow when it comes time to redraw the intra-district attendance boundaries. Intra-district attendance boundaries are those divisions between school attendance areas within the District. This does not have any effect on the external boundary of the District itself.

History has shown that these types of changes can have a major impact on a community and the neighborhoods that are affected by the change. For this reason, a cooperative process that involves the Board of Education, District staff, teachers, parents, students, and community members should be developed. A boundary adjustment should be viewed as a district or community wide undertaking because all students could potentially be affected by the change.

Consideration should also be given to the effect any boundary change could have on feeder districts. Needless to say, adjusting attendance boundaries is a big undertaking that involves many players. Care must be taken to involve all affected parties in the process.

In an article titled, "*Seven factors you'd better not forget when changing attendance boundaries,*" which appeared in the September 1989 issue of *The American School Board Journal*, Timothy F. Hyland offers some sound advice about attendance boundary adjustments. His seven factors are summarized below:

1. *Life Span* - All attendance boundaries, no matter how well planned, have a limited life span.
2. *Effective Date* -- Sufficient time should be allowed to plan for and implement the changes, usually twelve months or more prior to the effective date.
3. *Ethnic Balance* -- Neighborhood demographics should be taken into consideration when adjusting boundaries.
4. *Resource Equity* -- Do all students have access to the district's resources equally? Are some schools more "crowded" than others? Attendance boundaries can be used to help bring equity among schools.
5. *Program Impact* -- Any redistricting plan should reexamine the recent history of how instructional space has been used and how programs and services have affected or

captured classroom space over the years. Is the existing space being utilized efficiently?

6. *Public Impact* – Communication with the public throughout the boundary adjustment process is quintessentially important. Impact to the community should be carefully considered and minimized if at all possible.
7. *Financial Impact* – The costs of opening and operating a new facility should be broken down into onetime and ongoing expenses. A financial analysis of the costs should be conducted and an accurate budget developed for all costs including the transportation impacts associated with a boundary change.

These seven factors should be kept in mind throughout the entire process of evaluating and adjusting intra-district attendance boundaries. As stated above, the most important element in the entire process is communication. While the ultimate decision rests with the Board of Education, input from all affected parties and groups must be considered. Almost every school district has had some experience that has provided them with the hindsight of how not to make a boundary adjustment. The process discussed in this section borrows from a number of sources in an attempt to present an easy to follow approach when adjusting or redrawing attendance boundaries.

#### The Process

The basic process to follow, subject to adjustment, is presented below. The goal of the entire process is to develop a workable plan that can be recommended to the Board for approval with minimal public resistance. While it will be nearly impossible to please all the parties affected by a boundary adjustment, the plan presented to the Board must be something that they can approve.

The process outlined below was put together to provide a vehicle for developing and carrying to the Board a sound workable boundary adjustment plan. The timeline for the entire process should begin at least twelve months before the adjustment is to take place.

#### The Steps:

1. Present to the Board of Education for information and discussion:
  - ✓ The need for the boundary adjustment.
  - ✓ The intent to form an advisory committee to assist District Administration in formulating a recommendation to the Board.
  - ✓ The committee's charge and responsibility.
  - ✓ The proposed parameters for the committee to consider.
  - ✓ The proposed list of committee participants.

- ✓ The committee's proposed meeting schedule.
  - ✓ The proposed timeline and target date(s) for the change.
2. Make revisions as necessary based on feedback received from the Board of Education.
  3. Secure Board of Education approval and authorization to commence the process.
  4. Commence process and committee meetings.
  5. Evaluate options and develop recommendations. Prepare a draft boundary adjustment plan and implementation timeline.
  6. Present draft options and recommendations to District leadership.
    - Revise and adjust as necessary based on feedback.
  7. Progress Report and Update to the Board of Education.
  8. Present draft options and recommendations to the parents and the public. This may include meetings at each of the potentially affected schools.
    - Revise and adjust as necessary based on feedback.
  9. Present draft options and recommendations to the Board of Education.
    - Revise and adjust as necessary based on feedback.
  10. Present final plan document to the Board of Education for approval.
  11. Implement boundary adjustment plan.

#### Boundary Adjustment Advisory Committee

A Boundary Adjustment Advisory Committee (BAAC) should be formed to include a cross-section of individuals who will be affected by the change. The purpose or charge of the BAAC is to:

Provide a community perspective and input on a variety of issues related to the proposed attendance boundary adjustment to assist District Administration in formulating a recommendation to the Board of Education.

It is important to note that the purpose of the committee is to assist staff in the formulation of a recommendation. It is not the committee's job to make the recommendation to the Board. The ultimate recommendation should come from the Superintendent and District staff. The recommendation should consider and incorporate,

in as much as reasonably possible, the input of the committee. The following individuals are offered as suggested members of the committee:

- Associate Superintendent, Administrative and Pupil Services
- Director, Secondary Education
- Director, Curriculum and Staff Development, 7-12
- Director, Planning and Research
- Principal, Beyer High School
- Principal, Davis High School
- Principal, Downey High School
- Principal, Enochs High School
- Principal, Gregori High School
- Principal, Johansen High School
- Principal, Modesto High School
- Principals, Junior High Schools (Attendance areas likely to be affected)
- Principals - Elementary Schools (Attendance areas likely to be affected)
- Supervisor of Transportation
- Planning Analyst
- CSEA Representative
- MTA Representative
- Parent Representatives from each of the affected districts/areas
- PTA
- Inter-High Council President
- Student Board Representative

#### Committee Parameters

Well-defined parameters of what the committee will be asked to look at should be established along with the charge from the Board of Education to form the committee.

Parameters for consideration by the committee:

1. The boundary plan must achieve a long-term balance of enrollment to capacity at all schools.
2. Socio-economic and ethnic balance among schools should be a consideration.
3. Attendance areas should be contiguous and work to maintain neighborhood/community identity.
4. Boundaries should be drawn to minimize transportation time and cost.
5. Adjustments to boundaries should consider the safety and welfare of the students as it pertains to the routes students take to school.

6. Growth potential over the next five to seven years should be considered to minimize the likelihood of future changes.
7. The boundary plan should be consistent with Board Policies and honor any previous commitments concerning boundary adjustments.
8. Sufficient time should be allowed to plan and implement the changes.

Once the committee has completed its work, District staff will prepare a draft plan of the proposed changes for presentation. This document should be reviewed with staff, parents, and the community at large. Feedback received during the review process should be considered and the plan revised/adjusted as necessary prior to presentation in final form to the Board of Education.

## MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent Regular Meeting

SUBJECT: Approval of the 2011 Boundary Committee February 27, 2012  
Recommendations, Kindergarten through 12<sup>th</sup> Grades

---

BACKGROUND

As part of the preparation of a District Facilities Master Plan (FMP), it was determined that community input would be sought on certain key questions before proceeding to analyze the strategies for managing the District's physical assets.

As a result, in late 2011, a Boundary Committee of community stakeholders was assembled to review, comment and make specific logistics recommendations to Cabinet and to the Board of Education. Community members and MCS staff who agreed to volunteer their time for this effort included:

- Dee Williams-Ridley – Deputy City Manager, City of Modesto
- Cecil Russell – President & CEO, Modesto Chamber of Commerce
- Stan Risen – Deputy County Executive Officer, Stanislaus County
- Nick Stavrianoudakis – Director of External Affairs, Yosemite Community College District
- David Romano – Civil Engineer, Romano Newman
- Michael Scheid – Attorney at Law, Modesto
- Pamela Able – Superintendent, Modesto City Schools
- Julie Chapin – Associate Superintendent, Business Services
- Dennis Snelling – Director, Business Services
- Becky Meredith – Director, Planning and Facilities Support
- Dr. John Halverson – Superintendent, Sylvan Union School District
- Randy Klinkefus – Assistant Superintendent, Sylvan Union School District
- Dr. Ream Lochry – Superintendent, Hart Ransom School District
- Dr. Bob Price – Superintendent, Empire Union School District
- Sandy Putnam – Business Director, Stanislaus Union School District
- Twila Tosh – Superintendent, Salida Union School District
- Captain Mike Harris – Modesto Police Department
- Lynn Lysko – Principal, Davis High School
- Nathan Schar – Principal, Roosevelt Junior High School
- Dan Parks – Principal, Beyer High School
- Jason Manning – Principal, Modesto High School
- Greg Elliot – Principal, Robertson Road Elementary School
- Randy Fillpot – Associate Superintendent, Educational Services
- Rolanda Desrosiers-Lewis – Director, Elementary Education
- Thor Harrison – Director of Secondary Education
- Ginger Johnson – Assistant Superintendent, Special Education
- Julie Moore – Principal, Johansen High School
- Richard Baum – Principal, Downey High School

Approval of the 2011 Boundary Committee Recommendations, Kindergarten through  
12<sup>th</sup> Grades

- Mike Coats – Principal, Enochs High School
- Jeff Albritton – Principal, Gregori High School
- Mike Rich – Assistant Principal, Davis High School
- Steve Dickson – Teacher, Johansen High School
- Katie Powell – Dispatch Supervisor, Transportation
- Dana Filippi – MTA
- Aaron Castro - CSEA

The Boundary Committee recommendations were considered by the Superintendent's Cabinet on January 9, 2012. Cabinet approved the submittal of the Boundary Committee recommendations to the Board of Education.

**Boundary Committee Report:**

The 2011 Boundary Committee met on September 14<sup>th</sup>, October 5<sup>th</sup> and October 20<sup>th</sup>, 2011. The Committee reviewed District data on history, enrollment, capacities, boundaries, facilities and other demographics.

At the October 5, 2011 meeting, the Committee broke into three groups and considered the following questions:

- 1) Should Modesto City Schools (Elementary District) consider closing a K-6 elementary school?
- 2) Should Modesto City Schools (Elementary District) consider using a multi/single track year round schedule to accommodate student enrollment at certain schools?
- 3) Should Modesto City Schools (Elementary District) consider moving 6<sup>th</sup> grade students off the K-6 sites and create middle schools of 6<sup>th</sup>-8<sup>th</sup> grades at the existing junior high school sites?

**K-8 Summary Conclusions/Recommendations:**

- 1) It is not recommended that a K-6 school be closed. Modesto City Schools does not have enough capacity to absorb closing a K-6 school. The one-time economic benefits do not appear to be sufficient. The school enrollments cannot absorb the numbers from another school and still accommodate future growth and flexibility. Closing schools may cause flight to private schools.
- 2) It is not recommended that use of multi-track year round schedules to accommodate enrollment be considered. Although multi-track year round schedules were used extensively in our region to accommodate enrollment growth (as opposed to building new schools), it can cause dysfunction for staff and families. It is recommended all schools operate on a traditional schedule. However, if a year round schedule must be considered to accommodate enrollment, then a single track is recommended. Single-track year round education may not ease site overcrowding and should be evaluated per site.

Approval of the 2011 Boundary Committee Recommendations, Kindergarten through 12<sup>th</sup> Grades

- 3) It is not recommended that middle schools with 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup> grades be created. The physical data shows there is not enough capacity at each of the four junior highs to accommodate the addition of a 6<sup>th</sup> grade. Hanshaw is the only junior high with enough capacity to operate as a middle school. However, it would be dysfunctional to do this at only one campus. Different schedules at the District's thirty-four (34) school sites and grade levels may lead to system dysfunction.
- 4) Rob Rd/Kirshen – In order to balance elementary enrollments due to neighborhood proximity, consider operating as sister campuses, housing grade levels K-2 at Robertson Road and grade levels 3-6 at Kirschen. Take evaluation to the next step.
- 5) Garrison/Everett – Determine if there are efficiencies for operating as sister campuses, housing grade levels split between both sites. Take evaluation to the next step.

At the October 20<sup>th</sup> meeting, the Committee broke into groups and considered the following:

- 1) Should Modesto City Schools (High School District) consider adjusting attendance boundaries to balance enrollments among the seven high schools?
- 2) Review attendance boundary scenarios as presented and other options as suggested by the Committee.

**9-12 Summary Conclusions/Recommendations:**

The Committee received 9<sup>th</sup> through 12<sup>th</sup> grade enrollment and capacity information, along with a presentation from the Modesto Police Department on gang boundaries and their potential impact on high school boundary adjustments. An extensive analysis and discussion of high school enrollments took place.

The challenge of any attendance boundary adjustment is that it must include consideration of the following factors:

- Socio-economic balance
- Community identity (including gangs)
- Neighborhood student density
- Cost of Transportation
- Geographic constraints (freeways, rivers etc.)
- Market conditions impacting growth or decline of student enrollments

It was pointed out that for consistency, high school boundary lines are typically moved by entire elementary attendance area boundaries. The District has made every effort not to move elementary feeder attendance areas twice in short time periods, most recently as a result of re-districting high school boundaries for the opening of the two new high schools.

Approval of the 2011 Boundary Committee Recommendations, Kindergarten through 12<sup>th</sup> Grades

A quick summary of the data presented shows the high schools were, on average, at 80% of capacity, district-wide, as of the Fall of 2011.

High School	Year Built	Site Size	Total Capacity	80% Recommended	Fall 2011 Enroll*	Fall 2011 % Utilization
Beyer	Built in 1972	48 acres	2,340	1,872	2038	87.1%
Davis	Built in 1961	30 acres	2,274	1,819	1,769	77.8%
Downey	Built in 1950	45 acres	2,658	2,126	2,003	75.4%
Elliott Alt. Ed.	Built in 1950	10 acres	798	638	656	82.2%
Enochs	Built in 2006	71 acres	2,832	2,266	2,472	87.3%
Gregori	Built in 2010	76 acres	2,778	2,222	1,432**	51.5%**
Johansen	Built in 1990	67 acres	2,214	1,771	1,886	85.2%
Modesto	Built in 1921	24 acres	2,742	2,194	2,498	90.9%

\*Fall 2011 Enrollment Numbers INCLUDE Special Education Students.

\*\* Currently Gregori has only 9th through 11th grades.

A complete re-district of all seven high school attendance boundaries is not recommended, at this time. The Boundary Committee was advised that the overall high school district enrollment is expected to be flat for the next several years, even while the balance between the schools is fluctuating. High school enrollment movement cannot be attributed to new housing growth. However, the unstable housing market and other market demographics are seen as the primary reasons for the high school student population movement.

As a result, minor boundary adjustments were evaluated to determine if enrollments could be augmented or relieved. While all the attendance boundaries were evaluated, special attention was paid to lower enrollment schools such as Davis, and the most impacted school, Modesto. Non-boundary methods of augmenting specific school enrollments were suggested for consideration such as adding special programs or academies.

Consensus was reached on several minor 9-12 boundary adjustments:

- 1) Move Sipherd Elementary boundary from Enoch's HS to Johansen HS (potential impact of 235 students over a four year period).
- 2) Move part of Freedom Elementary boundary from Enoch's HS to Johansen HS (potential impact of 6 students over a four year period).

Approval of the 2011 Boundary Committee Recommendations, Kindergarten through 12<sup>th</sup> Grades

- 3) Consider a partial move of the Franklin Elementary boundary from Modesto HS to Davis HS (potential impact of 106 students over a four year period).

A fourth scenario identified moving the Hart-Ransom Elementary School District attendance boundaries from Modesto to Davis. In spite of some call to evaluate this move, there was very vocal opposition from the Hart Ransom Superintendent and Modesto High School staff. The students in the Hart Ransom Elementary School District have attended Modesto High School for decades. The potentially negative impact of this scenario, coupled with the limited impact it would have on a receiving school (250-350 students over a four year period), has resulted in its elimination from further study.

Boundary attendance adjustments require community outreach and notice. Implementation of these minor high school boundary adjustments may occur by the Fall of 2013.

Phase II work on the District's Facilities Master Plan 2012 will be coordinated with Maintenance and Construction staff. Phase II work will include evaluations of existing facilities, priorities and implementation strategies for maintenance, rehabilitation as well as any recommendations for new facilities.

**Summary of the Boundary Committee Recommendations:**

1. It is recommended that all K-6 school sites remain operational. There is not enough total K-6 capacity to close a school.
2. It is recommended that only single track year round schedules be used to add capacity and avoid use of multi-track year round schedules if possible.
3. It is recommended that the junior high school sites remain 7<sup>th</sup>-8<sup>th</sup> grades. There is not enough total capacity K-8 to add 6<sup>th</sup> grades to the junior high school campuses.
4. It is recommended that Robertson Road and Kirschen Elementary schools operate as sister campuses, housing grade levels K-2 at Robertson Road and grade levels 3-6 at Kirschen.
5. It is recommended that an evaluation of Garrison and Everett be conducted to determine if there are efficiencies for them to operate as sister campuses, housing grade levels split between both sites.
6. It is recommended that three minor high school boundary adjustments be implemented for the Fall of 2013

**ISSUE**

The purpose of the Facilities Master Plan (FMP) is to identify priorities and implementation strategies for management of the physical assets of the District for growth and for decline. In order to start the core FMP work, a Phase I task called for a 2011 Boundary Committee to make certain logistic recommendations to the Board of Education.

Approval of the 2011 Boundary Committee Recommendations, Kindergarten through 12<sup>th</sup> Grades

FISCAL IMPACT

It is intended that implementation of the Boundary Committee recommendations may balance some school enrollments and create some operational efficiencies, resulting in potential general fund savings. As an example, transportation costs for overloading students out of an overcrowded site may be eliminated or reduced.

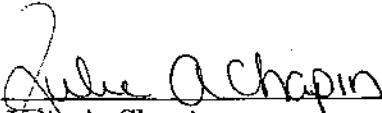

RECOMMENDATION

It is recommended that the Board of Education approve the 2011 Boundary Committee recommendations, kindergarten through 12<sup>th</sup> grades.

TO: Board of Education Regular Meeting  
SUBJECT: Approval of Resolution No. 12/13-22 January 14, 2013  
Proclaiming February 2013 as  
Black History Month

---

BACKGROUND

Black History Month had its beginnings in the United States in 1926 when historian Carter G. Woodson announced the second week in February to be Black History Week. In 1976, the federal government acknowledged the expansion of Black History Week to Black History Month. Each year, Americans observe Black History Month in February by celebrating the rich culture and contributions of African Americans to our society.

ISSUE

Black History Month is observed by celebrating the histories and many contributions of African American citizens to American culture.

PROPOSAL

By supporting February 2013 as Black History Month, Modesto City Schools shows support in paying tribute to the generations of African Americans who have positively influenced and enriched our nation and society.

RECOMMENDATION

It is recommended that the Board of Education approve Resolution No. 12/13-22 declaring the month of February 2013 as Black History Month.

## **Administrative Regulation**

**AR 3450**

### **BUSINESS AND NON-INSTRUCTIONAL OPERATIONS**

#### **Handling of Cash**

1. Prior to turning money in to the site designee for deposit, cash is to be counted by two people, who will verify the amount being sent in for deposit on the district form as prescribed in the district's "Basic Cash Handling Procedures" (Exhibit 3450).
2. All cash must be reconciled to its source. If the cash received is a result of ticket sales, the cash received must be reconciled to the ticket count. If the cash is a result of the sale of product, cash must be reconciled to the change in inventory, as well as to the tape in the cash register if one was used to record the sale. If the cash was the result of other orders for events or merchandise, the cash must be reconciled to receipts or to a receipt log.
3. Cash must be reconciled monthly, in all areas, to the district's reconciliation reports, to the County Treasury, or to other commercial bank accounts authorized and maintained by the district. If the reconciliation is to the district's reconciliation report (for student body accounts), the principal/designee must review and sign the reconciliation report and return it to the District Accounting Office.
4. No cash or checks shall be forwarded through mail or messenger service except in locked or sealed moneybags which will be furnished for that purpose. A delivery log or receipt recording the signature of the delivery person, date of pickup and amount of the deposit shall be maintained at each point at which custody of the money changes.
5. Funds belonging to the school district and funds belonging to the student bodies shall not be intermingled, but shall be receipted for, stored and otherwise handled as completely separate funds.
6. The cashing of personal checks from district or student body funds is prohibited.

**BUSINESS AND NON-INSTRUCTIONAL OPERATIONS**

**Handling of Cash**

7. The deposit of district or student body funds into any bank account that has not been approved by the District Board of Education is prohibited.
8. Principals and other district personnel delivering monies to the District Office shall deliver such monies directly to a member of the Accounting Department staff and sign the cash receipt log.
9. All checks shall be stamped for deposit.
10. Deposits shall be made intact, accompanied by covering duplicate receipt(s) and or deposit slip(s) from the school or department. Direct payment out of receipts is prohibited.
11. Service is available daily from the District Office for the deposit of funds in all authorized local banks and the County Treasury. Any subdivision of the Modesto City Schools system may utilize this service by contacting the Accounting Department.
12. Classified and certificated school personnel receiving monies from any source have a responsibility to give a receipt and carefully preserve the receipt record until the third July 1 following the completion of the annual audit (California Administrative Code 16026).
13. **Storage of Cash**
  - a. In the case of those schools and offices having facilities for keeping money overnight, frequent deposits should be made to reduce cash on hand to an absolute minimum. Deposits to the District Accounting Office or the bank should be made on Friday to reduce weekend balances to a minimum. Cash balances in safes and vaults should be kept below \$500 unless specifically authorized, in writing, by the Deputy Associate Superintendent, Business Services/Chief Business Official.

**BUSINESS AND NON-INSTRUCTIONAL OPERATIONS**

**Handling of Cash**

- b. Monies maintained in small safes during the day should be locked in safes or vaults in the main office for night and weekend retention. Cash shall not be left in desk drawers or other typical unprotected places.

**14. Charitable Drives**

No charitable drives initiated by, and held for the benefit of, outside organizations may be undertaken without approval from the District Board of Education (Board Policy 1324). Teachers may accept donations from children, giving no receipt. Collections should be turned in to the school office in bulk to be delivered intact to the agency involved without a financial accounting responsibility having been incurred by the school. A receipt should be obtained by the principal from the charitable organization at the time of turning the money over to the organization. It shall be the responsibility of the charitable organization to count such donations and to make the receipt to the amount received.

Charitable drives initiated by and approved by students for appropriate charitable purposes are allowed. The drive must be approved by the principal and funds must be distributed to a legitimate, recognized charitable organization. Cash handling procedures should be the same as for other "Intra-School Drives" (see #15).

**15. Intra-School Drives**

Monies may be collected by school student body drives, etc., without issuance of receipts. Financial accounting responsibility would begin at the time the money is turned over by the Chair or Treasurer of the drive, or by other designated school official or student, and a receipt would then be issued for monies turned in.

**BUSINESS AND NON-INSTRUCTIONAL OPERATIONS**

**Handling of Cash**

**16. Miscellaneous Fines and Collections**

Library fines for books returned late need not be receipted for between the librarian and the student. When the fines are turned in to the school office, a receipt in triplicate should be issued for the sum total received. These monies shall then be forwarded to the Accounting Department for deposit.

Charges for lost and damaged books should be receipted for giving payer original pre-numbered receipt, sending duplicate to the Accounting Department along with money, and keeping triplicate for the school.

**17. Ordinary Everyday Business Receipt of Cash Transactions**

→ A pre-numbered receipt in triplicate should be prepared giving payer original, sending duplicate to the Accounting Department along with cash (unless money is deposited directly into bank) and keeping triplicate for the school. Sites must request, in writing, authorization for alternate receipting processes from the ~~Deputy~~ Associate Superintendent, Business Services/Chief Business Official.

**18. No Cash Should be Paid Out Except Under the Following Conditions:**

- 
- a. From petty cash fund, authorized by the ~~Deputy~~ Associate Superintendent, Business Services/Chief Business Official, established for this purpose.
  - b. A return of a fine or charge prior to the time it has left the school. In such cases, the receipt should be cancelled and the payee required to sign a refund note on the triplicate receipt.

## BUSINESS AND NON-INSTRUCTIONAL OPERATIONS

### Modification of District Facilities

Definition: "District property" means buildings, grounds, furnishings (including wall, floor, and ceiling coverings) or equipment.

1. District employees must file a written request with the principal or supervisor for property modifications. The request must specify the location and the modification to be considered and the reason for the request. The building principal shall review the request and forward it to the Director, Maintenance Facilities and Construction with the principal's recommendation. The Directors, Educational Services of Elementary Education, Year-Round Education, Secondary Education and the Director of Maintenance Facilities and Construction will review all requests using the following criteria:
  - A. Health and safety concerns;
  - B. Appropriateness of subject matter;
  - C. Condition of modification (e.g. unsightly deterioration); and
  - D. Impact modifications would have on maintaining facility.
- 2. The Director, Maintenance Facilities and Construction shall notify the building principal whether the request is approved or denied.
- 3. All modifications not performed by private contractors, must be performed by or under the supervision of the District maintenance staff as assigned by the Director, Maintenance Facilities and Construction.
4. Modifications to ceiling, doors, floors, and windows are not allowed.

**AR 3513 (a)**

**BUSINESS AND NON-INSTRUCTIONAL OPERATIONS**

**Modification of District Facilities**

5. If a District employee modifies District property without following these procedures, that employee shall be personally responsible for the costs of repairing any damage resulting from the modifications. This includes restoring the property to its status prior to the modification.
  
6. The Board of Education authorizes the Superintendent to take all practical and reasonable steps to recover the costs of repair, replacement, or cleanup, including utilization of the District's legal counsel and any appropriate civil action.

SUBJECT: Approval of First Reading of Revisions to  
Board Policy 4259/4359 Employee Assistance  
Program

January 14, 2013

---

BACKGROUND

The Board of Education and District administration recognize that personal problems not directly associated with job function can have a very detrimental effect upon one's effectiveness as an employee. The District provides an Employee Assistance Program (EAP) which encourages employees to seek help for personal and/or job related problems and to aid employees in finding the most appropriate community resources for resolution of such problems.

ISSUE

Business and Non-Instruction Operations Board policies and administrative regulations are being reviewed for necessary revisions. Board Policy 4259/4359 is being revised to reflect the inclusion of Certificated Personnel in the Employee Assistance Program.

RECOMMENDATION

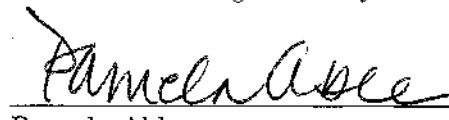

It is recommended the Board of Education approve the first reading of revisions to Board Policy 4259/4359 Employee Assistance Program.

### **CLASSIFIED PERSONNEL**

### **MANAGEMENT, SUPERVISORY AND CONFIDENTIAL PERSONNEL**

### **CERTIFICATED PERSONNEL**

#### **Employee Assistance Program**

The Board of Education and District administration recognize that personal problems not directly associated with job function can have a very detrimental effect upon one's effectiveness as an employee.

It is further recognized that the ongoing existence of personal and/or work-related problems create additional and sometimes unnecessary expense to the school district in the form of reduced morale, productivity, efficiency, increased absenteeism, turnover, accidents, and benefit costs. The early identification of personal and/or work-related problems and a reasonable effort to assist in the resolution of such problems can be cost effective.

Therefore, it shall be the policy of the District to provide an Employee Assistance Program (EAP) which will encourage employees to seek help for personal and/or job related problems and to aid employees in finding the most appropriate community resources for resolution of such problems.

The Employee Assistance Program will be offered on a confidential and voluntary basis for the employee and/or family members. The intent of this program is to maintain or restore the well-being of the employee.

### **BOARD OF EDUCATION**

#### **Conflict of Interest**

##### **1. Conflict of Interest Code**

The Political Reform Act (Government Code 81000 et seq.) requires that state and local government agencies adopt and promulgate a conflict of interest code.

The District adopts and incorporates by reference the sample Conflict of Interest Code prepared by the Fair Political Practices Commission as set forth in Title 2, California Code of Regulations 18730, and any amendments to it duly adopted by the Fair Political Practices Commission. Set forth in Exhibit 9270 is the District's approved list of designated employees and disclosure categories as required by the Conflict of Interest Code.

Assets and income of public officials which may be materially affected by their official actions should be disclosed and in appropriate circumstances the officials should be disqualified from acting in order that conflicts of interest may be avoided (Government Code 81002 (c)). Public officials, whether elected or appointed, should perform their duties in an impartial manner, free from bias caused by their own financial interests or the financial interests of persons who have supported them (Government Code 81001 (b)).

Designated employees shall adhere to the District's Conflict of Interest Code, including filing statements of economic interests with the District. These statements shall be filed annually by April 1 with the District's filing officer, the Superintendent on forms prescribed by the Fair Practices Commission and supplied by the District. The District's filing officer shall ~~make and retain copies and forward the originals to the County Board of Supervisors, the code reviewing body (Government Code 87500).~~ retain the original Form 700s in the District's office. These statements shall be available for general public inspection and reproduction (Government Code 81008).

**BOARD OF EDUCATION**

**Conflict of Interest**

Officials who manage public investments, as set forth in Exhibit 9270, shall file statements of economic interests as required by Title 2, California Code of Regulations 18753. Those designated in this category are those individuals who direct the investment of funds, formulate or approve policies for the investment of these funds, or approve investment transactions involving these funds.

**2. Incompatible Activities**

Governing Board members or designated employees shall not engage in any employment or activity which is inconsistent, incompatible, in conflict with or inimical to the Board member's or designated employee's duties as an officer of the District (Government Code 1126).

**3. Financial Interests**

A Governing Board member or designated employee shall not participate in making or influencing a governmental decision in which he/she knows or has reason to know he/she has a financial interest.

Where a Governing Board member has a financial interest in a decision, the member shall fully disclose the existence of the conflict, abstain from discussion on the subject, not engage in conduct to influence a decision, and abstain from voting on the subject. Disclosure of the conflict and Board member's abstention from voting should be reflected in Board minutes.

Governing Board members may participate in the making of a governmental decision, not involving a contract, to the extent participation is legally required to create a quorum for the action or decision to be made, or the decision affects the official's interest in a manner which is not distinguishable from the general public as set forth in Title 2, California Code of Regulations 18703. A tie does not make participation legally required.

BB 9270 (b)

**BOARD OF EDUCATION**

**Conflict of Interest**

Governing Board members or designated employees shall not be financially interested in any contract, sales or purchases made by them in their official capacity, or by any body or board of which they are members (Government Code, Section 1090). A Governing Board member shall not be considered to be financially interested in any contract if any of the exceptions set forth in Government Code 1091 or 1091.5 apply.

**4. Gifts and Honoraria**

Board members and designated employees shall not accept from any single source in any calendar year gifts in excess of the prevailing gift limitation specified in law, or other honorarium, except as otherwise expressly authorized by statute or regulation (Government Code 89501, 89502).

TO: Pamela Able, Superintendent Regular Meeting  
SUBJECT: Approval of October and November January 14, 2013  
Revisions to the Adopted 2012/2013 Budget

---

BACKGROUND

The Board adopted the 2012/13 budget on June 18, 2012. Adjustments to the budget are made regularly based on known changes to revenue or the level/category of expenditures.

ISSUE

The Education Code requires that the Board approve major changes to the adopted budget.

PROPOSAL

Budget adjustments which have been processed for the period between October 1, 2012 and November 30, 2012 are presented and explained on the following reports. Explanations are provided for revenue and expenditure groups within funds. This report reflects adjustments to the budget only, not a complete financial statement. Copies of the full report are available for review in the Budget Department.

FISCAL IMPACT

The adjusted budget retains all State and Board designated reserves.

RECOMMENDATION

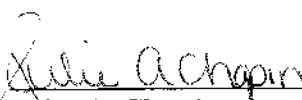

It is recommended that the Board of Education approve the October and November revisions to the adopted 2012/13 budget.

MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent Regular Meeting  
SUBJECT: Approval of 2013-2014 K-12 Open Enrollment Plan and the 2014-2015 Open Enrollment Option to be Made Available Only in Grades 4-6 at Beard, El Vista, Everett, Garrison, Marshall, and Robertson Road Elementary Schools; Hanshaw Middle School; Beyer, Davis, Downey, and Johansen High Schools January 14, 2013

BACKGROUND

- 1. Education Code 35160.5 and 48980 requires every school district, as a condition for receiving apportionments, to adopt rules and regulations establishing a policy of open enrollment within the district.
2. On April 25, 1994, the Board of Education adopted Board Policy 5116, Intradistrict Open Enrollment/Parental Choice. The related administrative regulation established notification and selection procedures for intradistrict open enrollment for Modesto City Schools.

Table with 3 columns: Past Open Enrollment, K-12; Requests; Approvals. Rows show data for school years 2006-07 through 2012-13.

- 3. Prior to the opening of the 2012-13 school year, all Modesto City Schools parents were notified of the open enrollment option through the Information Handbook distributed to all K-12 students. Between August 7, 2012 and November 29, 2012 parents submitted open enrollment applications to the Child Welfare and Attendance Office.

ISSUE

It is the goal of Modesto City Schools to allow as many parents as possible who are residents of the District to select the "school of choice" for their children regardless of where the parents live. However, according to law and Board policy/administrative regulation, the District can only approve such requests if there is space available at the requested school. According to AR 5116, "Availability of space is defined by a combination of factors, such as the educational and physical capacity of the school, growth pattern in the District, the existing racial and ethnic make-up of the schools, and projected staffing requirements."

Approval of 2013-2014 K-12 Open Enrollment Plan and the 2014-2015 Open Enrollment Option to be Made Available Only in Grades 4-6 at Beard, El Vista, Everett, Garrison, Marshall, and Robertson Road Elementary Schools; Hanshaw Middle School; Beyer, Davis, Downey, and Johansen High Schools

### 2013-2014 OPEN ENROLLMENT PLAN

1. In 2013-14, 287 of 287 students requesting a change in schools through the open enrollment process will have their requests granted.
2. There were zero requests made for open enrollment at the junior high sites.
3. K-6 Approved Slots (2 of 2 requests were approved)

<u>School</u>	<u>Approved Requests</u>	<u>Currently on Intradistrict Permit</u>
Beard	2	2

4. 9-12 Approved Slots (285 of 285 requests were approved)

<u>School</u>	<u>Approved Requests</u>	<u>Currently on Intradistrict Permit</u>
Beyer	69	13
Davis	16	1
Downey	191	49
Johansen	9	2

5. This 2013-14 plan approves the following number of student requests to attend their "school of choice" rather than "school of residence":

	<u>Number of Requests</u>	<u>Approved</u>	<u>Denied</u>
K-6	2	2	0
7-8	0	0	0
9-12	<u>285</u>	<u>285</u>	<u>0</u>
Total Students	<u>287</u>	<u>287</u>	<u>0</u>

Approval of 2013-2014 K-12 Open Enrollment Plan and the 2014-2015 Open Enrollment Option to be Made Available Only in Grades 4-6 at Beard, El Vista, Everett, Garrison, Marshall, and Robertson Road Elementary Schools; Hanshaw Middle School; Beyer, Davis, Downey, and Johansen High Schools

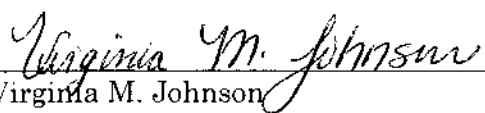

RECOMMENDATION

It is recommended that the Board of Education approve the 2013-2014 K-12 Open Enrollment Plan and the 2014-2015 Open Enrollment Option to be made available only in Grades 4-6 at Beard, El Vista, Everett, Garrison, Marshall, and Robertson Road Elementary Schools; Hanshaw Middle School; Beyer, Davis, Downey, and Johansen High Schools.

MODESTO CITY SCHOOLS

TO Pamela Able, Superintendent Regular Meeting  
SUBJECT: Approval of CAHSEE Waivers for Special Education January 14, 2013  
Students at Downey and Modesto High School

---

BACKGROUND

Students receiving Special Education services or with 504 plans may have modifications on the CAHSEE if they are listed in their IEP's (Individual Education Program) or 504 plans.

ISSUE

Modifications fundamentally alter what a test measures, which invalidates the test score.

PROPOSAL

State regulations allow for the parent/guardian of a student who earns the equivalent of a passing score (350) with the use of a modification to request a waiver from the District's Governing Board. Waivers have been submitted for three special education students at Downey and four special education students at Modesto High School. Copies of the waivers are available for review in the Special Education Office.

FISCAL IMPACT

There is no fiscal impact on the general fund.

It is recommended that the Board of Education approve the CAHSEE waivers for Special Education students at Downey and Modesto High School.

January 14, 2013

---

BACKGROUND

The spring Athletic Schedules for 2013 have been reviewed by the District Athletic Chairperson, Grades 9-12, and the Associate Superintendent, Educational and Administrative Services, and are in compliance with District policy. Athletes are to be excused so they may arrive at the contest in time to warm-up and start the contest at the approved time. In some instances, athletes are sharing a bus to cut down on transportation costs. The District has no control over times set for sub-section meets, section meets and state meets. Athletes participating in these meets will make up any class work missed.

Regular Meeting

SUBJECT: Public Notice to Approve Waiver Request  
of California Education Code 80046.1  
to Submit Waiver Request to the California  
Commission on Teacher Credentialing

January 14, 2013

---

BACKGROUND

When an employing agency finds there is an insufficient number of qualified certificated persons who meet the specified employment criteria for a position, a Variable Term Waiver provides employing agencies an option to fill an assignment with an individual who qualifies under one of the available assignment options.

ISSUE

In order for Richard Frederiksen to be compliant with the Adapted Physical Education Credential authorization requirement, a waiver of California Education Code 80046.1 must be procured from the California Commission on Teacher Credentialing.

PROPOSAL

It is proposed that the Board of Education review and approve the request for Variable Term Waiver.

FISCAL IMPACT

There will be no cost to the District.

RECOMMENDATION

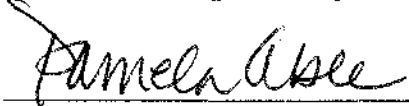

It is recommended that the Board of Education approve waiver request of California Education Code 80046.1 to submit waiver request to the California Commission on Teacher Credentialing.

BACKGROUND:

The principal recommended that the above designated student, EL-16-2012-2013, be expelled for violation of Education Code 48900:

- (b) Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object unless, in the case of possession of any object of this type, the pupil had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal.

and Education Code 48915:

Subdivision (a)

- (2) Possession of any firearm, knife, explosive, or other dangerous object of no reasonable use to the pupil at school or at a school activity off school grounds.

ISSUE:

A stipulated expulsion agreement was reached between Modesto City Schools and the parent/guardian and student. A signed copy of the agreement is attached.

RECOMMENDATION:

Student be expelled from all schools in the District according to Board Policy 5131. Student should apply for readmission in June, 2013, for enrollment in the Fall Semester of the 2013/2014 school year. - (a) (1) Caused, attempted to cause, or threatened to cause physical injury to another person.
- (k) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties.

ISSUE:

A stipulated expulsion agreement was reached between Modesto City Schools and the parent/guardian and student. A signed copy of the agreement is attached.

RECOMMENDATION:

Student be expelled from all schools in the District according to Board Policy 5132. Student should apply for readmission in June, 2013, for enrollment in the Fall Semester of the 2013/2014 school year. Consideration for readmission will be based upon certification of completion of the student's rehabilitation plan.

If the student completes the rehabilitation plan, the student will apply to the Director, Child Welfare and Attendance, to determine the appropriate educational placement based on the needs of the student and the District.

TO: Pamela Able, Superintendent Regular Meeting  
SUBJECT: Report: Quarterly Report on January 14, 2013  
*Williams* Complaints, Subject Area  
of Complaint And Resolution

---

BACKGROUND

Effective January 1, 2005, pursuant to the *Williams vs. State of California* litigation settlement and as defined in Education Code 35186, Modesto City Schools posted in every classroom a statement that students have the right to a qualified teacher, adequate and current instructional materials, and a facility that is free from conditions that pose a threat to the health and safety of students or staff. On February 7, 2005, the Board of Education approved Administrative Regulation 1312.4, which addresses procedures for the complaint process.

ISSUE

Summaries of complaints must be publicly reported to the Board on a quarterly basis at a regularly scheduled meeting and forwarded to the county Superintendent of Schools.

REPORT

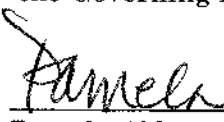

There were no complaints received for the fourth quarter of 2012.
