H. ADJOURNMENT

MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent
SUBJECT: Report on Elementary Report Cards

Regular Meeting
August 20, 2012

BACKGROUND

Report cards reflect student performance on classroom assessments and assignments and should align with grade level standards or course outlines. The purpose of report cards is to provide a historical academic record and inform and engage parents and students on academic progress. Last year, there were several changes made to the elementary report card that resulted in confusion for both District staff and parents. During the spring and summer months, the District has worked to correct confusion and provide clearly defined assessments as well as guidelines for teachers on how to complete report cards.

REPORT

The process in developing the new report cards included seeking input from teachers on various grade levels. These new report cards were provided to teachers the first week of school along with a pacing calendar and assessment guidelines.

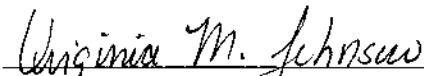

During the 2012 – 2013 school year, there will be two pilots at the elementary level to assist with the creation of future report cards:

- Bret Harte primary teachers will be piloting a standards-based report card. Due to the State adoption of common core standards, the District will be using a standards-based elementary report card for the 2014-2015 school year. Most Districts have already adopted a standards-based report card.
- Some intermediate grades will be piloting an electronic report card to allow teachers to be more efficient. Currently, only secondary teachers use electronic report cards.

SUMMARY

Kim Newton, Director, Educational Services, will provide an overview of current and future changes on elementary report cards.

WELCOME

On behalf of the Modesto City Schools (MCS) Child Development Programs (CDP) staff, and members of the Delegate Parent Policy Committee (DPPC) and Advisory Committee, welcome to our program. We are dedicated to making your family's experiences positive, educational and enjoyable.

All MCS Child Development Programs staff has clearances through the Department of Justice, FBI and the State of California Community Care Licensing Department. All of the teachers working with children and families in the program have Early Childhood Education units and a Child Development Permit issued by the Commission on Teacher Credentialing. We support continuous staff growth by assisting the needs of staff and providing professional development activities to enhance their growth.

One of the basic beliefs of our program is that parents* are the first and most important teacher of their children. We recognize that you have the primary influence in your child's life. Our goal is to forge a true partnership with you. This partnership will help us provide the best quality programs and services to meet the needs of you and your family.

Research has shown that parent involvement is key to children's success in school. You act as a positive role model by being involved in your child's education and activities. Your involvement in your child's program is important and there are many opportunities for that involvement in MCS Child Development Programs:

- sharing your ideas and skills in the center
- giving input into the curriculum
- planning special visitors
- volunteering in the classroom or District office
- preparing materials and activities at home
- Parent Policy Committee member or Advisory Committee member

Our program is designed to offer opportunities to children, parents, and other family members. We can provide referrals for services, continuing education, goal setting, parenting, discipline, transitions, etc. We ask that parents take ownership of this program. You help us teach your children by being involved. MCS Child Development Programs is a great way to meet people, make friends, feel safe, and be supported.

Again – welcome to the program! We hope this handbook is a helpful guide to some of your questions and concerns.

* Parents also refers to guardians and primary caregivers.

1. Staff will record the reasons for all absences on each child's sign-in sheet. Blank fields will not be accepted. The reason must be specific in order to determine whether the absence is excused or unexcused and must be verified with a full signature.
2. Excused absences include:

(i) *Best interest days are limited to ten (10) days per school year and will be tracked by the CDP Office. Once the ten (10) "best*

3. Unexcused absences are when the child is absent with no parent contact and/or excusable reason.
 - a. On the first day the child is absent without notification from the parent/guardian, the teacher will attempt to contact the family by phone to determine reason for absence and remind family of the Absence Policy.
 - b. On the second day the child is absent without notification from the parent/guardian the teacher will again attempt to contact the family by phone to determine reason for absence and remind family of the Absence Policy. If the teacher is unable to make contact with the family, the FSS/FSA will be notified.
 - c. On the third day the child is absent without notification from the parent/guardian, the teacher will inform the FSS/FSA and site administrator. The FSS/FSA will contact the family's home to determine reason for absence and remind the family of the Absence Policy- contact must be documented (door knocker, contact letter, contact log, etc). If unable to make contact, the FSS/FSA will notify the family to contact the center within 24 hours.

If unable to make contact, the FSS/FSA will notify the family to contact the center within 24 hours.
 - e. On the fifth day the child is absent without notification from the parent/guardian, the teacher will inform the FSS/FSA and site administrator. The FSS/FSA will contact the parent/guardian and advise them that 6 days of unexcused absence will result in termination from the program. If the FSS/FSA is unable to contact the parent, a letter of termination (Absence Notice, CDP 605) will be delivered to the home stating that the child will be dropped from the program after the next unexcused absence.
 - f. **Termination of Services:** On the sixth day the child is absent without notification from the parent/guardian, the teacher will inform the FSS/FSA and site administrator. The FSS/FSA will inform the Child Development Programs office with a copy of a completed Child Action Follow Through Form (CF/A-1) and/or a Notice of Action (CDP 115), indicating that the child is being dismissed from the program due to excessive absenteeism.
4. Improving child attendance through the following:
 - a. Child attendance will be reviewed at case conferencing.
 - b. If child has inconsistent attendance, staff will refer child to a Student Study Team/Child Study Team or the like.

PARENT FEE POLICY & PROCEDURE

Families enrolled in Full Day Head Start, Part Day Preschool, and Family Child Care Homes may have fees assessed.

The California Department of Education's Child Development Division (CDD) determines the criteria and rate for subsidized and non-subsidized parent fees. Specifically, the CDD provides Modesto City Schools Child Development Programs (MCS CDP) with the amount, collection procedures for fees, and the procedure for termination of services in the event of non-payment.

Paying your parent fee is part of maintaining your eligibility for services. Subsidized parent fees are less than the full cost of the childcare you are using. The fees you pay make it possible for more families to be served.

1. For New Enrollees

Parent fees documented on the Notice of Action (NOA) are collected for contracted hours in advance at the time of enrollment; children may not begin receiving services until fees owed are paid in full and no more than forty-eight (48) hours will be given to pay initial fees:

- a) Families enrolled under varied schedules will be billed based on the parent's verified work schedule for the four weeks immediately preceding the certification.
- b) If fees cannot be paid forty-eight (48) hours prior to the start of services, the service will be forfeited to the next eligible family on the waiting list.

2. Continuing/Currently Enrolled

Parent fees documented on the NOA are collected for contracted hours as part of the billing cycle for families currently and continually enrolled. Bills are issued the last full week of the month prior to the due date. Changes to parent fees are given a 14-day grace period as per the NOA.

3. For Recertification

Parent fees documented on the NOA are collected for contracted hours as part of the billing cycle for recertifying families. Bills are issued the last full week of the month prior to the due date. A 14-day grace period is permitted as per the NOA for any changes to parent fees.

- a) Subsidized families enrolled under varied schedules will be billed based on the average of the actual days of attendance from the previous four months.

4. Parent fees must be paid in advance. Parent fees are due on the tenth (10th) of each month. Parent fees are considered delinquent if they are not received in the CDP office by 4:00 p.m. on the seventeen (17th) of each month.
5. If fees are unpaid by the seventeenth (17th) of the month, a NOA terminating services will be issued. Services will terminate on the effective date of the NOA unless fees are paid by that date. The delinquent account balance will simultaneously be sent to the collection agency contracted by the District. Delinquent accounts stay in collections for sixty (60) days; and, if unpaid, legal action will be taken.

NOTE: If three (3) NOAs for termination are sent to the parent for any reason, the family will be terminated from the program.

6. If a family is no longer receiving services and has an outstanding balance, they are ineligible for services for six (6) months. After a 6-month period and proof of payment in full to the collection agency contracted by the District, families may request to be put back on the Centralized Eligibility List (CEL).
7. Refunds due to families will be processed within thirty (30) days of termination of services.

Method of Payment

1. MCS CDP accepts cash, personal checks and/or money orders
 - We DO NOT accept post-dated checks
 - All returned checks and bank service charges must be replaced with cash or money order within three (3) days.
 - MCS CDP will no longer accept personal checks after one returned check.
2. When making payments in cash, please bring the exact amount due to the office. No cash is kept in the office, and we cannot make change.
3. Cash is not accepted through the mail.
4. The State of California offers an alternative method of payment that MCS calls Outside Child Care (OCC). This is for children in your family that you must pay a different provider for care because MCS is not able to meet all your child care needs. Your OCC may be used to offset any state-required family fees you have with MCS, up to and not to exceed your family fees for the same month in which you paid the other provider. The OCC form must be filled out completely and signed. The OCC form is due to the MCS CDP office by the 5th of the following month. Failure to submit on time will result in a late fee and termination of services as described in Item, #5 above.

HEALTH POLICY

Daily Health Screening

A daily health screening will be completed each time your child is signed into the program. The purpose of the screening is to determine whether or not your child should be in attendance. Your child will be screened for:

Fever, runny nose, rash, lice, eye infection, colds, vomiting coughs, diarrhea, and other symptoms of illness.

Children with any of these symptoms cannot come to the center.

Children who have been ill may not return to the center until they are free of symptoms for a period of at least 24 hours. Depending on the nature and the severity of the illness, a doctor's statement may be required prior to a child's readmission to the center.

It is your responsibility to notify the staff if your children have been exposed to any contagious disease. Likewise, the staff will notify you in the event of exposure via the center. The MCS Child Development Program will follow District policies for all health issues.

*****If a child becomes ill during the day, parents will be called and must pick up their child as soon as possible*****

Head Lice

Staff and parents can form an effective team to prevent the spread of head lice by having discussions about identifying and treating head lice, going over the head lice policy and making sure everyone understands what the policy means and how it will be enforced. Teachers perform daily health checks as part of the classroom routine. Children with head lice and nits are sent home and not allowed to attend until 24 hours after treatment has been initiated. Do not keep your child out of school for more than **one** day.

Staff is available to offer support and referrals for help with obtaining treatment materials to families dealing with head lice.

Fluoride Toothpaste

Toothbrushing and fluoride toothpaste may be available in your child's classroom.

Medical Exams

Your child must receive a physical exam and TB screening within 30 days of enrollment or a verification of a physical and TB screening within the last year. Your child may be eligible to receive a free medical examination at the Stanislaus County Health Department if one has not already been completed.

Health Exclusions

State and Federal regulations require children enrolled in Child Development Programs to have all immunizations up to date prior to enrollment and a physical exam within 30 days of enrollment including a valid TB Screening/Test.

Your child will be excluded from the program for failure to provide written evidence of the above requirements. You will receive written exclusion notice, if documentation is needed.

Termination of Services

Failure to provide documentation of needed physical, TB screen and immunizations may result in termination from the program. A Notice of Action terminating services will be issued.

FOOD POLICY

Children's Safety is our primary concern. General licensing requirements state if food is prepared off the facility premises, the preparation source shall meet all applicable requirements for commercial food service. **Therefore, no "prepared" foods should be brought from home and served to children.**

Unprepared foods such as fresh fruits and vegetables may be brought from home. All fruits and vegetables should be washed thoroughly at the center before being served. Unprepared foods (unopened and sealed) donated or purchased at a commercial market may be brought to the center for preparation; any unprepared foods may not be served as part of a USDA/CCFP reimbursable meal/snack. Parents will be provided information for safe food handling.

Teachers will consult with parents at the beginning of each school year to obtain information about each family's traditions, feelings, and celebrations involving food. **Parents are requested to communicate with teachers regarding special celebrations involving food (i.e., birthdays, etc.) to allow teachers to consider all the children enrolled.**

Nutrition in the Classroom

The nutrition services at MCS Child Development Programs assist families in meeting each child's nutrition needs and in establishing good eating habits that nurture healthy development and promote life long well being. Every child in a part-day or full-day center is provided a meal and/or snack(s), depending upon the length of the program day the child attends.

Children learn about nutrition through a positive meal experience as well as through classroom activities. Children, staff, and parents eat together family-style and are served meals and/or snacks that are low in sugar and fat and meet the requirements for the United States Department of Agriculture Child Care Food Program. MCS Child Development Program menus provide a variety of foods, both familiar and different from the children's experience. Children are encouraged to taste and try new foods. Nutrition related activities such as a cooking experience, gardening activities, reading stories, etc., are incorporated into the weekly lesson plans. Children learn that eating a variety of foods provide for good health.

In order to ensure we have an adequate amount of food for all children attending at meal times, we need to know how many children to expect at each meal. Therefore, parents are asked to telephone the center before 9:00 a.m. if their child will not be arriving by lunchtime. **YOU MUST INFORM STAFF OF ANY FOOD ALLERGIES YOUR CHILD MAY HAVE.**

ENSURING SAFE CENTERS

Emergencies at the Center

In case of fire or other natural disaster, all children will be taken to a prearranged spot. An evacuation plan and map are posted at each center, which shows where your child will be waiting for you. Please check with the staff at your child's center for more information.

Emergency Forms

Children have an emergency form in their file. This form tells us what families want done in case of an emergency and who is allowed to pick children up from the center. Teachers will review the emergency form with you at orientation and during parent conferences for any needed changes. Additions may also be made at any time throughout the year. Please remember – if someone else is going to pick your child up they need to be listed on the emergency form or the child will not be allowed to leave with them. Only adults 18 years or older will be allowed to be listed as authorized to pick up – exceptions may be considered if the family has extenuating circumstances. We will ask for identification for anyone on the pick-up list that we have not met.

Court Orders

Whenever there are court orders concerning children in the program we will need to have a copy for the child's file. This will allow us to provide information and services to all appropriate parties. If there are custody issues and/or visitation issues, this will also keep us informed and able to follow the orders. Any amendments to court orders must be provided as soon as available.

Behavior (Adult)

No drugs, alcohol, smoking, tobacco products, inappropriate language, or corporal punishment (spanking or hitting) is allowed at any MCS Child Development Programs sponsored event or facility. This involves all areas of the school grounds, including the parking lot or anywhere in view of the children.

Smoke Free Environment

MCS Child Development Programs is committed to providing a smoke-free environment for all involved with our program. All families, children and staff have the right to be smoke-free.

The District Office and all of the campuses where our centers are located are smoke-free. Smoking is **prohibited** anywhere on campus. Anyone found smoking at a school site will be asked to properly dispose of the tobacco. All staff is responsible for training and education programs on the health hazards of first and second hand smoke. When appropriate, staff will provide information on tobacco cessation programs to interested individuals.

Transportation

Each parent is responsible for transporting their own child to and from the center or group experiences. Car-pooling between parents is encouraged, but not arranged by MCS Child Development Programs because of insurance liability. When needed, each center will have a carpooling list on their parent bulletin board, and parent group meetings can be used to set up carpooling with other interested parents. Staff can also give parents information on the Modesto City Transit System (Modesto Area Express-MAX) and Stanislaus County Area Rapid Transit (START).

Parking while signing-in & out: **Children may not be left alone in a car.** Please follow each school sites individual parking, loading and unloading guidelines.

Clothing

Clothes should be comfortable and appropriate for the weather. We encourage you to send your child in comfortable shoes that will stay on during running and play activities. Flip-flops are not appropriate. Children paint, play with clay, and are encouraged to explore many different activities that will result in dirty clothes, so please dress them for playing. Also, bring a change of clothes to be kept at the class in case of accidents. Please contact your Family Service Specialist if you need assistance with providing appropriate clothing.

Cell Phones

Pick up times and drop off times are important opportunities for parents and staff to share valuable information regarding the child's day, family activities and program events.

Please do not use cell phones while volunteering at the center and during pick up and drop off times.

BEHAVIOR POLICY

Behavior Management Plan Procedure

MCS Child Development Programs affirms that all families, children and staff are entitled to a safe environment. The goal of this policy is to work with children and families in a partnership to minimize children's classroom behavior that might pose a risk to the safety of themselves or others.

Staff will use positive methods of child guidance to include the following:

- Prevention: Reasonable and well planned daily schedule; adequate and appropriate equipment and materials; adequate choices for children.
- Conducive Environment: Tone and mood of the classroom, culturally sensitive room set-up, developmentally appropriate environment.
- Involving family member's participation and cooperation in dealing with problem behavior.
- Being aware of cultural differences in child-rearing practices.
- Staff will remove a child from unsafe situations and will support the child to make safe choices.
- Acknowledging child's feelings, providing comfort when hurt.
- Natural/Logical Consequences: Experiencing natural/logical, but safe, consequences of one's actions.
- Safe Place: An area designed to allow children time and space to gain self control

Staff will not engage in corporal punishment, use of restraint, emotional or physical abuse or humiliation. In addition, staff will not employ methods of discipline that involve isolation, the use of food as punishment or reward, or the denial of basic needs.

For children behaviors that do not respond to the above positive guidance, the following procedure will be implemented:

1. A parent conference will be conducted to discuss concerns with the child's behavior and review Behavior Management Plan Procedure.
2. If behavior continues, staff will contact the Child Development Specialist to develop a "Plan of Action" for the classroom to include strategies, interventions and classroom modifications.
3. If behavior continues, a meeting with the parent will be scheduled to include the following:
 - The site Principal or designee
 - Review of the classroom "Plan of Action" and any progress in the child's behavior
 - Development of a "Plan of Action" for the home, if needed. The "Plan of Action" for the home details how parents and staff each will participate in the intervention process
 - Written parental permission for observation or referrals to appropriate agencies/consultants
4. The Coordinator of Curriculum will assess progress with the teaching staff. Staff will schedule follow-up parent meetings on a monthly basis (or as needed) with parent to note progress, home and classroom interventions and any additional concerns.
5. If the behavior continues, a Student Study Team (SST) with the school site or Child Development Program office will be scheduled. The SST will include all those involved with the child to determine if the program can adequately meet the child's needs. The SST may include the site principal, parent, classroom teacher, Coordinator of Curriculum, Child Development Specialist and any other representatives that may be working with the family, such as, Sierra Vista Mental Health consultants. At this time, the child may be referred for further assessments if needed.
6. If it is determined by the SST to discontinue services to the family, all attempts will be made to assist the family in finding alternative placement and services.
7. Determination of continuation of services will be based on the following factors:
 - The child's behavior is consistently disruptive to the class and/or
 - The child is a danger to him/herself or to others, and
 - The Behavior Management Plan Procedure has been followed.

Children in Distress: Staff realizes that a child acts out for a reason. The goal is to work with the child and family to better understand the behavior and implement appropriate behavior guidance techniques and plans to ensure the child's overall success.

1. Whenever a child is endangering themselves, other children, staff or volunteers, the staff must stop the action immediately.

- Staff will remove children away from the child having difficulty to ensure everyone's safety.
 - One staff member will remain in close proximity of the child having difficulty, use a calm and nurturing voice and model "deep breathing."
 - After the child is calmed down, staff will talk to the child about the incident, feelings and other behavior options for when the child is experiencing difficulty in the future.
 - If the child is unable to calm down after 20-30 minutes, staff will call the child's parent to come and spend time with the child in the classroom or take the child home
2. **Sending children home:** When all attempts to get a child to calm down have failed and classroom safety becomes an issue, a child may be sent home. All of the following criteria are required and must be implemented when children are sent home:
- The staff feels a child's behavior is a safety concern for the classroom.
 - The staff has tried positive guidance methods as described above.
 - The child was unable to calm down after 20-30 minutes.
 - Staff will complete the following:

First Incident

- The parent will be called to pick up the child with an explanation of the circumstance. The child may return to school the next day.
- A parent conference will be scheduled to develop a "Plan of Action." The "Plan of Action" may include the need to schedule a SST.
- The Site Administrator will be notified that the child has been sent home and a parent conference is scheduled.

Second Incident

- The parent will be called to pick up the child.
 - An SST will be scheduled. The SST team will develop a "Plan of Action" for the classroom and the home. The "Plan of Action" may include:
 - a. Formal observations by the Mental Health consultant and referrals to pertinent outside agencies
 - b. Specific classroom strategies to improve behavior
 - c. Modified program: Days and hours may be decreased and increased in incremental stages based on the child's success
3. The SST will track the plan and determine follow up. If it appears that the child is not benefiting from the program, all attempts will be made to assist the family in finding alternative placement and services.
4. Determination of continuation of services will be based on the following factors:
- The child's behavior is consistently disruptive to the class and/or
 - The child is a danger to him/herself or to others, and
 - The Behavior Management Plan Procedure has been followed.

PARENT/STAFF PARTNERSHIPS

You and the staff have a joint responsibility for the education of your child and must work together to establish a partnership based on mutual trust and respect. Please remember that we all want what is in the best interest of your child. It is important for you to share with the site staff significant events in your child's experiences at home. These experiences can have an impact on the child during the program day.

Parents and guardians of children enrolled in MCS Child Development Programs also have certain rights concerning their children's records under the Family Education Rights and Privacy Act of 1974. These include:

- ▶ The right to inspect and review these records on request.
- ▶ The right to challenge the contents of the records and request their correction.
- ▶ The right to know the names and positions of MCS Child Development Programs staff who have access to these records, and the reasons for which they have access.
- ▶ The right to know the purpose and intent of the forms and information kept in these records.

All records about children are kept in locked files both at the center and at the MCS Child Development Programs District Office. If you wish to see your child's file, a written request will need to be submitted to the MCS Child Development Programs Director. If you are requesting information from your child's file the request must be made in writing to the MCS Child Development Programs Office. Request for records must be dated and made at least 5 business days in advance. Parents will be asked for consent in writing before any information is given to anyone other than authorized staff, or before an official referral is made to another agency, except for suspected child abuse.

Representatives from Community Care Licensing and California Department of Education, as well as local officials from Child Protective Services and law enforcement have the right to come into a center, interview children and review records.

Confidentiality of Information

All information collected and maintained regarding you and your child will be kept in the strictest confidence. MCS Child Development Programs will only share information with other organizations, once your written consent has been obtained, in order to obtain services for your family. Your information will only be shared with MCS Child Development Programs staff on a need- to-know basis.

A "Release of Information" form will be used in order for staff to obtain information on your child from other agencies. This allows your control over what organization MCS Child Development Programs can request information from. Information may be requested only with your written permission.

For compliance with the Health Information Portability and Accountability Act (HIPAA) requests for your child's health information will be handled as follows: You and your health care provider should review this information for accuracy. REMEMBER, ALL HEALTH INFORMATION ON ANY MEMBER OF YOUR FAMILY SHOULD BE OBTAINED DIRECTLY FROM YOUR HEALTH CARE PROVIDER.

Child Abuse

Child abuse is a topic of concern to both parents/guardians and staff. For this reason all our staff is screened by the State Department of Social Services, Community Care Licensing and has received clearance of any criminal history from the State Department of Justice. The California State Child Abuse Reporting Law states that all childcare custodians are mandated reporters of any known or suspected instances of child abuse. All MCS Child Development Programs staff are mandated reporters of any known or suspected child abuse.

Parent Education Opportunities

Guest speakers from MCS Child Development Programs and different community agencies are scheduled at parent meetings and other activities. Parents are asked to fill out a questionnaire in September on topics they are interested in. This helps the agency to plan guest speakers for the school year.

For parents/guardians wanting to complete their GED, take college courses or otherwise further their education, the program can provide you with information and referrals to meet this need. Your Teacher or Family Service Staff can give you more information on educational opportunities.

Throughout the year, flyers are posted on parent boards for activities and events in the community and at school sites.

Social Service Information

Center and Family Service Staff are available to assist families in the following ways:

- Make appropriate referrals in the Family Partnership process to community resources.
- Provide up-to-date resource information and maintain parent bulletin boards with brochures and information concerning community services.
- Invite representatives from various community agencies to speak with individual families or at parent meetings.
- Form partnerships with other community agencies to assist families in gaining access to services and resources.

*****Any services that you request are confidential*****

VOLUNTEERS

Without each parent's contribution, the children and the program lose quality. It is our belief that each parent has special talents that can be used to benefit children and enrich the program.

Although it is not mandatory, we would like to encourage each family to volunteer at least 10 hours a month. With each family's help, this program can better respond to the needs of your children. There are several different ways to volunteer besides in the center; attendance at Parent Group meetings, Parent Policy Committee/Council meetings, being a member of Committees/Associations, or assisting with programs such as Raising a Reader (RAR), all count as volunteer time.

We value our volunteers. Any skills and abilities you may want to use are greatly appreciated. Talk with your child's Teacher or your Family Service Staff if you need more ideas or have something in particular you would like to do.

Volunteering With Children

Teachers can always use help with the children in the center or during group experiences, but there are a few rules that need to be followed:

If a problem comes up with your own child or someone else's child, please quietly call the teachers attention to it and let them handle it. The teachers are trained in appropriate behavior management techniques to handle these situations when they arise.

Parents/guardians who wish to volunteer in the center on a regular basis must have proof of results of a current negative TB test on file with the agency. Other adults wishing to volunteer in the center must have been fingerprinted and cleared by Community Care Licensing.

1. Title 22 guidelines
 - The siblings must fall within the age group listed on the site license.
 - The presence of the siblings must not cause the total attendance for the day to exceed the capacity stated on the site license.
 - All siblings must be health cleared according to Title 22.
2. Health clearance involves the following:
 - A written medical examination within 30 days of first visit.
 - A test for tuberculosis within 30 days of first visit.
 - A record of immunization at the first visit, to be updated before the second visit.

Because of insurance requirements, siblings are not covered and are the total responsibility of their parents. Younger siblings may accompany volunteers who will stay and volunteer in the center if they meet the above criteria, and does not disrupt the program.

In-Kind Donations

An in-kind donation is an offer of time, space or goods to the program. These donations are extremely valuable since the Federal Government requires us to match 25% of our funding with in-kind donations. The in-kind form is completed whenever someone volunteers or donates to the program. This includes the time spent volunteering in the center; on field trips as well as all the many other ways parents and community members volunteer time with the program.

Each day you volunteer, record the amount of time on the in-kind form. In each center there is a binder with in-kind forms for all volunteers. Please make sure to sign your in-kind form before the end of each month, so they can be recorded at the main office. During home visits, the use of space in your home may be considered a donation to the program. Any goods you donate, such as books, art materials, scrap lumber for carpentry, etc.; can also be listed on the in-kind donation. All donations are tax deductible if you file a long form for income tax.

HOLIDAYS AND SPECIAL OCCASIONS

State and Federal restrictions mandate that MCS Child Development Programs may not engage in any religious activity – nor conduct activities that discriminate against the religious beliefs of any of the families enrolled. The traditions and beliefs of all families must be honored.

Holidays

There are many ways holidays can be integrated into the curriculum, some of these ways include: field trips, family celebrations and customs, cooking experiences and art experiences.

Birthdays

Not all families celebrate birthdays or celebrate them in the same way. This is a good time to work on self-concept with the children – “I’m me, I’m special”.

****Please see the Nutrition section for policies on food. ****

Year End Celebrations

Each teaching team, in accordance with the year end celebration guidelines, develops a plan with the parent group regarding year-end activities. We do not plan graduation ceremonies (such as caps, gowns, marches, diplomas, etc.) because these are developmentally inappropriate.

MCS UNIFORM COMPLAINT PROCEDURES

Procedures

The following procedures shall be used to address all complaints which allege that the district has violated federal or state laws or regulations governing educational programs. Compliance officers shall maintain a record of each complaint and subsequent related actions, including all information required for compliance with the Code of Regulations, 5 CCR 4632, 4631, and 4633. All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, public agency or organization may file a written complaint of alleged noncompliance by the district.

A complaint alleging unlawful discrimination shall be initiated no later than **six months** from the date when the alleged discrimination occurred or **six months** from the date when the complainant first obtained knowledge of the facts of the alleged discrimination. A complaint may be filed by a person who alleges that he/she personally suffered unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to unlawful discrimination. [5 CCR 4630]

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp. If a complainant is unable to put a complaint in writing due to conditions such as illiteracy or other disabilities, district staff shall assist him/her in the filing of the complaint. [5 CCR 4600]

Step 2: Investigation of Complaint

The compliance officer shall hold an investigative meeting within **five** work days (or shortly thereafter) of receiving the complaint or attempting to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or his/her representative to repeat the complaint orally and the district's representatives to present information relevant to the complaint. [5 CCR 4631]

The complainant and/or his/her representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint. [5 CCR 4631]

To ensure that all pertinent facts are made available, the compliance officer and the complainant may ask other individuals to attend this meeting and provide additional information. A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, or his/her failure or refusal to cooperate in the investigation or his/her engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. [5 CCR 4631] The district's refusal to provide the investigator with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant. [5 CCR 4631]

Step 3: Response

Within **60 calendar days** of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report of the district's investigation and decision as described in Step 4.

Step 4: Final Written Decision

The report of the district's decision shall be written in English and in the language of the complainant whenever feasible or required by law. This report shall include:

1. The findings of fact based on evidence gathered. [5 CCR 4631]
2. The conclusion(s) of law. [5 CCR 4631]
3. Disposition of the complaint. [5 CCR 4631]
4. Rationale for such disposition. [5 CCR 4631]
5. Corrective actions, if any warranted. [5 CCR 4631]
6. Notice of the complainant's right to appeal the district's decision within 15 days to the California Department of Education, and procedures to be followed for initiating such an appeal. [5 CCR 4631]
7. For discrimination complaints, notice that the complainant must wait until 60 days have elapsed from the filing of an appeal with the California Department of Education before pursuing civil law remedies. [Education Code 262.3]

If an employee is disciplined as a result of the complaint, the decision shall simply state that effective action was taken and that the employee was informed of district expectations. The report shall not give any further information as to the nature of the disciplinary action.

Appeal Procedure

Notice of Action (NOA) Appeal – Either the Notice of Action (NOA or Uniform Complaint Procedures appeal/grievance process may be used to dispute any action taken by the MCS Child Development Programs and/or staff. Any parent or guardian who is in disagreement with either the actions or policies of MCS Child Development Programs or a staff member, may use the appeal procedure. The purpose of appeals is to provide a method for discussing and settling differences.

It is the intent of this appeal procedure to settle grievances fairly and expediently. The person(s) filing a grievance will be free from restraint, coercion, discrimination, or reprisal. When grievances arise, they are not to be considered as reflecting unfavorably on either the filing party or MCS Child Development Programs.

At every step of the appeal procedure, the filing party may be accompanied by another person to represent and/or translate. However, the aggrieved party must be present at each step.

Appeals to the California Department of Education

If dissatisfied with the district's decision, the complainant may appeal in writing to the California Department of Education (CDE) within **15 days** of receiving the district's decision. When appealing to the CDE the complainant must specify the basis for the appeal of the district's decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall include a copy of the locally filed complaint and a copy of the district's decision. [5 CCR 4632]

Upon notification by the CDE that the complainant has appealed the district's decision, the Superintendent/designee shall forward the following documents to the CDE: [5 CCR 4633]

1. A copy of the original complaint
2. A copy of the decision
3. A summary of the nature and extent of the investigation conducted by the district, if not covered by the decision
4. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties and gathered by the investigator
5. A report of any action taken to resolve the complaint
6. A copy of the district's complaint procedures
7. Other relevant information requested by the CDE

The CDE may directly intervene in the complaint without waiting for action by the district when one of the conditions listed in 5 CCR 4650 exists; including cases in which the district has not taken action within 60 days of the date the complaint was filed with the district.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of the district's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders.

For discrimination complaints, however, a complainant must wait until **60 days** have elapsed from the filing of an appeal with the California Department of Education before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the district has appropriately, and in a timely manner, apprised the complainant of his/her right to file a complaint in accordance with 5 CCR 4622.

ENROLLMENT FOR PRESCHOOL, HEAD START AND FCCH CENTERS

(For children 3-5 years of age)

MCS Child Development Programs must follow age and income guidelines set by Federal, State and Local laws, regulations, funding terms and conditions.

Eligibility Priorities

Each child and family is deemed eligible on the basis of income level and age. The following are taken into consideration: disability; limited or non-English speaking; living in a single parent home; foster placement; active involvement of the family with Child Protective Services (CPS); at risk of child abuse, neglect, or exploitation with a referral from a legal, medical or social service professional; history of substance abuse in the family; child returning for a second year; or transitioning from an Early Head Start program.

Disability Services

Families with infants, toddlers or preschoolers experiencing special needs or medical, physical or developmental disabilities are encouraged to enroll in any program offered by MCS Child Development Programs. A team including the child's parents, primary caregiver, special education staff and disability or medical professionals will meet to develop an Individual Education Plan (IEP). Once the individual needs of the child and family are assessed and a plan is developed, the team works closely with the MCS Special Education Department to provide specialized services according to the child's IEP. Inclusion of children with disabilities helps all the children in the program develop an acceptance of others and to be considerate of others needs.

Eligibility

Eligibility is based on documentation and verification of at least one of the following:

- Income (gross wages, salary, overtime)
- Current Aid Recipient (TANF, SSI)

- Declaration of Self Employment that includes days and hours of work.
- Appointment logs, client receipts.

Enrollment Process

- **Selection** – Enrollment begins with a search on the Centralized Eligibility List (CEL)/KinderWait. The CEL system allows subsidized child development contractors to access children that are eligible for their programs. The term “eligibility” is used because families are ranked by eligibility factors for subsidized care. Enrollment is based on the lowest rank first.

- Enrollment - Families must meet student age, family size and family income requirements to be eligible for enrollment. Any changes to family income or size must be reported to the District immediately, which is within five (5) business days.
- Notification by phone
- Documents to bring (check stubs, birth records, immunization records)

HEAD START & PRESCHOOL PROGRAMS

The Head Start Programs are center-based and located at various school sites throughout the District. The program operates Part Day and Full Day classes on traditional calendars.

The Preschool Programs are center-based and located at various school sites throughout the District. The program operates part-day classes on traditional calendars.

Education

MCS Child Development Programs will provide an enriched learning experience to help children gain the skills needed to succeed. The most important goal is to develop and nurture a child's self-esteem. The program believes the future success of your child depends on a healthy self-image and pride in his family. With this ultimate goal in mind, the teaching staff along with input from parents plans a curriculum that encourages curiosity, provides successful experiences for children and promotes social skills necessary to prepare them for later school experiences. The curriculum helps teachers to focus on observing children more purposefully, and then to use their observations to plan developmentally appropriate activities for each child and the whole group.

Assessment

Each child is screened within 60 days of enrollment to identify if there are any possible delays in development. Children also receive ongoing assessment with the State's Desired Results system to identify their developmental strengths and emerging skills. In order to plan an individualized learning program of activities, staff will meet with parents to discuss each child's progress and develop strategies to meet goals. A portfolio will be used to collect samples of each child's work. This work will be reviewed regularly to see how the child is progressing.

We assess children using the Desired Results Developmental Profile-Preschool (DRDP-PS). Head Start children are assessed three times a year; State Preschool students are assessed twice per year. Infant/Toddlers are assessed two times a year. This information is used to plan your child's individual program. Parents will receive a summary of these reports at the end of each school year.

Parent/teacher conferences

Staff and providers meet individually with parents several times during the school year, both in the family's home and in the center. The conferences are held approximately every 2-3 months.

The purpose of these visits is to develop our relationship with you the parent. We review your child's progress, set learning goals, and address topics such as health, safety, nutrition, mental health and education. Throughout the program year, teachers and primary caregivers write observations about each child's skills. For example, if a teacher sees that a child is building a large block structure, or a child is trying to write his/her name for the first time, the teacher will write this information down and put it in the child's record. You can also write observations about what your child does at home, or you can tell the teacher what you have observed. All of these observations are used to complete an assessment for your child. You will review this summary with your child's teacher/primary caregiver at the parent conferences so you and the teacher/caregiver will both have a complete view of your child's strengths and developing skills.

Center and Group Experience Rules

Staff helps children to express themselves in a positive manner. Children are encouraged to express their feelings and 'use words' when problem solving. If a child becomes disruptive the following steps will be taken:

1. The staff will talk with the child about his/her behavior and help him/her to see the effects it has on others.
 2. The child will be given choices of other activities to pursue, or be redirected to another activity or area of the classroom.
 3. The child may need to be removed from the area until s/he is able to make the choice to return to safe play.
 4. Under no circumstances will there be any corporal punishment.
-
- ▶ During school, children are not allowed outside the fenced-in area, unless accompanied by a staff member or responsible adult. Please keep gates closed when arriving or leaving.
 - ▶ All children must be accompanied into the center by a responsible person at arrival and departure, and signed in and out by an adult. Please do not drop your child off on the playground. Until the child is signed in, they are the responsibility of the parent.
 - ▶ All parents need to complete the Emergency Card and keep it updated with the name and telephone number of friends or relatives who will be responsible for picking up the child in case of illness or emergency.
 - ▶ MCS Child Development Programs does not include religious instruction or worship. State law prohibits public funds from being spent on programs that include religious instruction or worship.
 - ▶ Head Start/Preschool Programs follow the CDP Behavior Management Plan Procedure.

Program Self Assessment

The "Thelma Harms Environment Rating Scales" are used annually to assess the quality of the MCS programs. Based on the results of the annual self-assessment, program goals are developed and shared with staff and families in order to strive for continual program improvement in all areas of services.

Delegate Parent Policy Committee (DPPC)

The DPPC is extremely important in the operation of the Head Start program. The DPPC is responsible for planning, general administration, personnel administration, grant application preparation and evaluation of the program. Each center will elect representatives that will meet at the District level monthly.

Parent Advisory Committee (PAC)

Preschool parents may have the opportunity to participate on an advisory board made up of parents, community representatives, program staff and Board of Education members. The Parent Advisory Committee assists with overall planning, acting as a channel for program complaints and suggestions, and promotion of benefits and needs of the program in the general community.

FAMILY CHILD CARE HOMES

The Family Child Care Program is a School Readiness alternative to center-based child care. Infants, toddlers, and preschool-age children in this program are enrolled in family child care homes that are licensed for either 6-8 or 12-14 children. Family Child Care providers are licensed professionals who care for children in their homes. Modesto City Schools has a network of licensed family child care homes in which the providers are independent contractors. Family Child Care provides year-round quality child care. Days and hours vary by home.

Families must meet and document student age, family size and family income requirements to be eligible for enrollment. Any changes to family income or size must be reported to the District immediately, which is, within five (5) business days.

Enrollment in FCCH

In addition, in order to enroll in a Family Child Care Home, parents must be working, going to school or in a job-training program. Verification will be required at the time of enrollment. Parents must notify staff if there is a change in their schedule.

Substitute Care

A unique feature of Family Child Care is continuous care for your child. If your child's regular provider has to close their home due to illness, family emergency or vacation, a substitute provider will care for your child, **if available**.

In all cases, except for an emergency, your child's placement in a substitute home will be carefully planned in advance. You will be required to have your child meet the provider who will be doing the substitute care so that your child will be familiar with the provider, his/her family and his/her home prior to the first morning of attendance. It is the responsibility of the parent to call the substitute and make arrangements to meet before the first day of attendance.

Diapers

Parents are required to supply diapers for their children.

Field Trips

Field trips are an important part of the learning experience in the Family Child Care programs. They are designed to:

- supplement and enrich the learning experience outside the home.
- help relate experiences to the world outside the home.
- bring the community within the scope of a child's learning experience.

On all Family Child Care field trips, provisions shall be made for proper supervision. Parents are encouraged to participate with their children.

Parents may be asked to pay an additional cost for field trip not to exceed twenty-five dollars (\$25) per child in a school year.

Nutrition

A nutrition component is part of the daily curriculum. Children help to plan snack menus, prepare snacks, serve and develop skills in food preparation, hand washing and the safe use of cooking utensils. Snack is served on a daily basis in the morning and afternoon. Menus are posted for parents and children. Snack time provides an opportunity to:

- Learn about healthy foods
- Try new foods
- Practice appropriate eating habits
- Make mealtime a learning and social experience

*****You must inform the staff of any food allergies your child may have*****

Parent Responsibilities

- Your child must be signed in and out each day with a complete signature.
- Make sure the staff knows your child has arrived and been signed in.
- When your child is signed out, responsibility for the care of the child is given back to the authorized adult departing with the child.
- No person may pick up your child from the center without your authorization on the emergency card.
- In the event of an emergency and someone other than an authorized adult is to pick up your child, you must call the center and follow up with a written note giving the authorization. The authorized person must have form of identification at that time.
- Families who have court orders restricting adults who can have contact with their children must provide a photocopy of the court orders and a photograph of the individual to be included in their family files.
- Payment of fees – Please see Parent Fee Policy and Procedure

SUBJECT: Ratification of Agreement with MS Environmental Solutions, Inc. to Provide Its Services to Handle and Remove Hazardous Chemicals and Materials in 2012/13 August 20, 2012

BACKGROUND

Outdated hazardous chemicals and materials must be removed yearly from District Science storage rooms and other sites as needed by a government-licensed company and transported to a government-approved disposal site. MS Environmental Solutions, Inc. (MSES) performed these activities for the District in the 2011/12 fiscal year.

ISSUE

The District needs to contract for the handling and removal of hazardous chemicals from its sites during the 2012/13 fiscal year.

PROPOSAL

MSES will remove outdated chemicals and hazardous materials from District sites at least once annually, or more often as needed.

A copy of the agreement is available in the Risk Management Department for review.

FISCAL IMPACT

The cost of this agreement is \$75,000 for the 2012/13 fiscal year, which is \$10,000 more than that paid in 2011/12. The increase is a reflection of the rising costs of removal and transportation of hazardous chemicals and materials. Risk Management's Liability Budget contains funds to pay for services performed under this agreement.

SUBJECT: Ratification of Agreement with Stanislaus Credit Control Service, Inc. August 20, 2012
to Provide Its Services from July 1, 2012
to June 30, 2017

BACKGROUND

When a textbook or library book loaned to a student isn't returned, Modesto City Schools seeks reimbursement of the book's value using an outside company. Stanislaus Credit Control Service, Inc. (SCCS) performs this service for the District.

ISSUE

A new agreement with Stanislaus Credit Control Service, Inc. needs to be entered into for the period July 1, 2012 to June 30, 2017.

PROPOSAL

The fee for a pre-collection letter-service account is \$4.80. In the event that a book is returned after a pre-collection letter has been sent out, SCCS will receive 10% of the value of the book. For an account converted to full collection without litigation, SCCS will receive 33 1/3% of the value of the book; SCCS will receive 40% of the textbook's value if Small Claims litigation was required. (Please Note: The pre-collection letter service is used solely to seek reimbursement for non-returned elementary school books. A combination of the pre-collection letter service and formal collection activities--including possible Small Claims action--are used for non-returned high school and junior high school books.)

BACKGROUND

The 2011-12 Stanislaus County Civil Grand Jury received a complaint alleging procedural noncompliance in the Modesto City School District Special Education Program. The complainant alleges that proper assessment procedures were not followed, and required special education timelines were not met.

The Grand Jury has requested a response from the Modesto City Schools Superintendent and the Governing Board. The Superintendent and staff have prepared a response to the final report of the Civil Grand Jury. On July 30, 2012, the Board elected to submit one response on behalf of the Superintendent and the Board to be signed by the Superintendent and the Board president. Superior Court – Stanislaus County
P.O. Box 3488
Modesto, California 95353

Re: Civil Grand Jury Report Case 12-13C

To the Honorable Judge Ricardo Cordova:

Modesto City Schools is in receipt of the Civil Grand Jury Report Case 12-13C that investigated the District Special Education Department's evaluation practices required for students during the eligibility and reevaluation periods for Special Education eligibility.

The District was originally investigated by the California Department of Education (CDE) and adhered to their findings and recommendations. The findings and recommendations of the Grand Jury report echo the CDE report; that is, the Grand Jury report duplicated CDE's report. Immediately following the CDE report, systems were implemented to mitigate areas of noncompliance. While the District questions the need for the Grand Jury to duplicate CDE findings, it takes these seriously and has already implemented the recommendations.

Responses to Findings:

Finding F1: The District agreed with CDE and the Grand Jury report that of our 3,800 students receiving Special Education services, eight students did not receive a written psycho-educational report at their Individualized Education Plan (IEP) meeting as required by EC 65327. One student's report did not contain the required verbiage of using appropriate assessments for second language students. *The District agrees with the finding of noncompliance.*

Finding F2: The District agreed with CDE and the Grand Jury report that of our 3,800 students receiving Special Education services, three students did not have an IEP meeting within the required timeline of 60 days when an assessment form has been signed as required by EC 56381 (a) (2). *The District agrees with the finding of noncompliance.*

Finding F3: The District agreed with CDE and the Grand Jury report that multiple psychological assessments are used, as well as, academic assessments for determining whether a pupil is an individual with exceptional needs. *The District agrees with the finding of compliance.*

Finding F4: The District agreed with CDE and the Grand Jury report that the District failed to properly offer an assessment through an assessment plan when the IEP team recommended further evaluation. *The District agrees with the finding of noncompliance.*

Modesto City Schools
426 Locust Street
Modesto California
95351
209.550.3301
www.mcs4kids.com

Finding F5: The District agreed with CDE and the Grand Jury report that there was insufficient evidence to support the compliant allegation that the District failed to prevent the use of official authority by an employee to intimidate, coerce or threaten another employee to keep them from assisting a parent of a pupil with exceptional needs to obtain services or accommodations (EC 56046). *The District agrees with the finding of compliance.*

Finding F6: The District agreed with CDE and the Grand Jury report that the allegation of discrimination in the population of special education students that actually receive completed tests and testing results is unsubstantiated. *The District agrees with the findings that the allegation is unsubstantiated.*

The following findings were only included in the Grand Jury report:

Finding F7: The District disagrees with the Grand Jury report that there were lapses of SELPA management in regards to the oversight of one of the high schools' Special Education department. The SELPA provides training and assistance to District personnel on legal compliance and required documentation for IEP paperwork. It is the specific site administration that is responsible for the evaluation and monitoring of Special Education site personnel. This is because the site principal and assistant principal actively participate in the IEP meetings, not the District management personnel. *The District agrees there were lapses on the part of the assistant principal to monitor the Special Education program. The District agrees with the Grand Jury that personnel issues and disagreements between staff at the school may have contributed to problems.* The District followed appropriate progressive discipline procedures with the assistant principal in regards to the monitoring of the Special Education program.

We find the term "systemic" to be vague and ambiguous. *The District disagrees with the statement, "the problems at a district high school program may be systemic."* The District has randomly pulled and reviewed in detail 50 files from our 7 high schools in the month of May 2012 and did not find one file without appropriate assessment documentation.

Finding #F8: *The District agrees with the Grand Jury that the District was not financially reimbursed for testing upon receiving IEP reports.*

Responses to Recommendations:

Recommendation #R1: The SELPA Director and responsible staff continue to monitor student education reports to insure they meet CDE standards in the future. The District will continue to monitor student education reports in the following manner:

- Direct program managers to randomly check files on a monthly basis to ensure paperwork standards are met.
- Continue to pull monthly data reports to ensure IEP meetings are held within specified timelines.
- Direct all administrators to follow up using progressive discipline when assessment reports are not provided to parents at IEP meetings.

Recommendation #R2: It is difficult to interpret the recommendation of “SELPA management randomly monitor student interviews from psychologist and Site Administrators to determine the special education program criteria are being met.” Until the age of 18, students are invited but not required to attend IEP meetings. Both evaluation instruments and procedures require expertise of a highly qualified individual (usually with a master’s degree) so a student is unlikely to be able to judge if criteria has been met. Additionally, student assessments take place over several weeks so it would be very difficult to monitor each conversation of the entire evaluation period.

However, the District currently seeks and will continue to seek parent input on the evaluation process. This input is received by the following methods:

- Parents are told at each IEP meeting of the Community Advisory Committee (CAC) monthly meeting dates and their purpose. This provides parents a forum to get questions answered or get more information. Additionally, CAC provides training on the IEP process including evaluation procedures.
- Parents and adult students are provided every year a document that outlines their rights and procedural safeguards. This document is provided in their home language.
- Every four years, the District completes a thorough self-evaluation to identify problems and implements and monitors an action plan to address deficiencies. This includes sending a letter to the home of every special education student inviting them to a meeting to seek their input. The District also randomly pulls IEP files from all sites representing all disability groups and ethnicities to review documentation for legal compliance and educational benefit. This spring, the District pulled a total of 124 files from the sites for review. All non-compliant findings are reported to the state and are corrected. The District Office keeps documentation verifying corrections. This report will be provided to the school board at the suggestion of the Grand Jury.

Recommendation #R3: CDE required and the Grand Jury recommends additional training for site administrators and psychologists emphasizing timelines and guidelines for providing psycho-educational evaluation reports with the required content. This training has been completed as well as expanded to include other staff that assesses students (i.e., speech therapists, occupational therapists, adapted physical education, and board certified behavior analysts).

The trainings for the site administrators were provided on February 1 and 7, 2012. The District has training documentation that consists of the presented PowerPoint and sign-in sheets. This training was repeated on July 26, 2012 as part of the beginning of school year in-services required of all administrators.

The psychologists were trained on January 19, 2012 and documented with sign-in sheets and the presented PowerPoint. This training will be reviewed and discussed at the bi-monthly psychologist meetings for the 2012-2013 school year.

The District hopes the above response addresses the issues investigated by the Grand Jury. As always, if we can be of any further assistance, please do not hesitate to contact us.

SUBJECT: Ratification of Athletic Schedules,
Fall/Winter, 2012-2013

August 20, 2012

BACKGROUND

The fall/winter Athletic Schedules for 2012-2013 have been reviewed by the District Athletic Chairperson, Grades 9-12, and the Associate Superintendent, Educational and Administrative Services, and are in compliance with District policy. Athletes are to be excused so they may arrive at the contest in time to warm-up and start the contest at the approved time. In some instances, athletes are sharing a bus to cut down on transportation costs. The District has no control over times set for sub-section meets, section meets and state meets. Athletes participating in these meets will make up any class work missed.

Regular Meeting

SUBJECT: Ratification of Memorandum of Understanding
Between Modesto City Schools and Drs. Prentice
Starkey and Alice Klein of WestEd

August 20, 2012

BACKGROUND

Drs. Prentice Starkey and Alice Klein, principle investigators from WestEd, are implementing a research project entitled, *A Randomized Study of the Efficacy of a Two-Year Mathematics Intervention for At-Risk Pre-Kindergarten and Kindergarten Students*. WestEd will conduct all professional development and research activities in consultation with Modesto City Schools.

ISSUE

The purpose of the project is to identify effective interventions to improve school readiness and subsequent achievement in math of students from low-income families. Modesto City Schools (MCS) has entered into an agreement with WestEd to allow research opportunities within our publically-funded prekindergarten (PK) classrooms whose enrolled clientele includes 4-year-old students, and kindergarten (K) classrooms at the same elementary sites.

PROPOSAL

At the start of the Project, the Principle Investigators (in consultation with MCS staff) will identify 40 PK classrooms and 40 K classrooms for participation. Classrooms that primarily serve students who are monolingual speakers of languages other than English or Spanish will not be included due to assessment constraints. PK students in the "Treatment condition" will receive *Pre-K Mathematics* curriculum, developed at UC Berkeley and WestEd. K students in the "Treatment condition" will receive *Early Learning in Mathematics* curriculum, developed at the University of Oregon. All students in the "Control condition" will continue to receive the curriculum currently in use in MCS classrooms.

An additional 20 K classrooms, from within the MCS district, will be identified for participation in the "Normative Comparison" sample. The Normative Comparison sample will be comprised of K students who are not eligible for free or reduced lunch, and who attend elementary schools that enroll students from predominantly middle-SES families. The mathematical knowledge of students in the Normative Comparison sample will be assessed and compared with that of students assigned to the Treatment and Control conditions at the beginning and end of kindergarten.

A copy of the Memorandum of Understanding is available upon request in the office of the Director, Child Development Programs.

Ratification of Memorandum of Understanding Between
Modesto City Schools and Drs. Prentice Starkey and
Alice Klein of WestEd

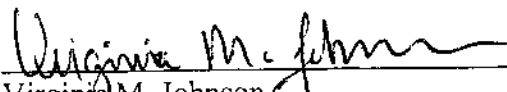

FISCAL IMPACT

There will be no cost to the General Fund. The cost of this Project is being funded by WestEd through a math grant initiative. Teachers will be nominally compensated via gift cards for their assistance in data collection. They will also receive stipends from grant funds for Project workshops. Parents of participating students will receive gift cards for completing a Project questionnaire. MCS will be reimbursed for the cost of substitute teachers to enable Project teachers to attend Project workshops. During the 2014-15 school year, first grade teachers will be nominally compensated for completion of mathematics report cards.

RECOMMENDATION

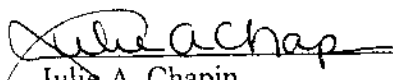

It is recommended that the Board of Education ratify the Memorandum of Understanding between Modesto City Schools and Drs. Prentice Starkey and Alice Klein of WestEd.

SUBJECT: Ratification of Master Contract for August 20, 2012
Non-Public School/Non-Public Agency Services
for the 2012-2013 School Year with Living Well, BCS Inc.

BACKGROUND

The Federal Individuals with Disabilities Education Act (IDEA) and state law provide that special education students may be served by a state-approved Non-Public School (NPS) or Non-Public Agency (NPA) only when appropriate public placement or service is not available within the Special Education Local Plan Area (SELPA).

Modesto City Schools contracts with NPS/NPAs to provide specialized educational services not available in District or County programs. A master contract is developed with the NPS/NPA which specifies the types of services authorized and the rates the District will pay for each service. When a student's Individualized Education Program (IEP) team determines that NPS or NPA services are required, an Individual Services Agreement is then executed which specifies the services to be provided for that student pursuant to the IEP.

ISSUE

While the Modesto City Schools SELPA provides a wide range of special education services or contracts with the Stanislaus County Office of Education for such services, there are students with severe educational needs who require placement with an NPS or NPA. Master contracts with these providers are required.

PROPOSAL

Modesto City Schools proposes to contract with NPA provider, Living Well, BCS Inc. for 2012-2013. The contract is available for review in the Special Education Office.

FISCAL IMPACT

Special Education has budgeted \$3,301,000.00 for NPA/NPS services for the 2012-2013 school year.

These Student Assistance Specialists are the trained staff of the Center for Human Services who work directly with students who have problems at school that lessen their ability to achieve in the classroom.

The contract will include six hours per day for 34 weeks (remainder of school year) for one day per week at Enoch's at the hourly rate of \$40.80. The increase of the services agreement will not exceed \$8,323.20. A copy of the services agreement is available for review in the office of the Associate Superintendent, Educational Services.
