

# **MODESTO CITY SCHOOLS**

## **Board Policy**

**BP 6143**

### **INSTRUCTION**

#### **Courses of Study**

The Governing Board recognizes that a well-aligned sequence of courses fosters academic growth and provides for the best possible use of instructional time. The district's course of study shall provide students with opportunities to attain the skills, knowledge, and abilities they need to be successful academically, professionally, and personally.

The Superintendent or designee shall establish processes for ensuring the articulation of courses across grade levels within the district. As necessary, the Superintendent or designee shall work with representatives of appropriate area districts and postsecondary institutions to ensure articulation of courses with other institutions to which district students may matriculate. The sequence of courses shall be designed to ensure that each course provides adequate preparation for the next course in the sequence, only utilizes prerequisites that are essential to success in a given program or course, avoids significant duplication of content, and allows for reinforcement and progression in the subject matter.

The district shall not provide any course separately or require or refuse participation by any student on the basis of the student's actual or perceived sex, sexual orientation, gender, gender expression, gender identity, ethnic group identification, immigration status, race, ancestry, national origin, religion, color, mental or physical disability, or any other characteristic listed in Education Code 200 and 220, Government Code 11135, or Penal Code 422.55, or the student's association with a person or group with one or more of such actual or perceived characteristics. (Education Code 200, 220; Government Code 11135; Penal Code 422.55; 5 CCR 4940)

#### **Elementary Grades**

The Board shall adopt a course of study for elementary grades that sufficiently prepares students for the secondary course of study.

## INSTRUCTION

### Courses of Study

#### **Secondary Grades**

The district shall offer all otherwise qualified students in grades 7-12 a course of study that prepares them, upon graduation from high school, to meet the requirements and prerequisites for admission to California public colleges and universities and to attain entry-level employment skills in business or industry. The district's course of study may provide for a rigorous academic curriculum that integrates academic and career skills, includes applied learning across all disciplines, and prepares all students for high school graduation and career entry. (Education Code 51228)

In addition, the course of study for students in grades 9-12 shall include instruction in skills and knowledge for adult life, career technical training, and a timely opportunity for all otherwise qualified students to enroll, within four years, in each course necessary to fulfill the requirements and prerequisites for admission to California public colleges and universities prior to graduation. (Education Code 51224, 51228)

The Superintendent or designee shall develop a process by which courses that meet California college admission criteria (referred to as "a-g" course requirements) are submitted to the University of California for review and certification. The Superintendent or designee shall maintain an accurate list of all current high school courses that have been so certified, shall ensure that the list is provided annually to all students in grades 9-12 and their parents/guardians, and shall make updated lists readily available. (Education Code 51229, 66204)
