District equipment shall be used primarily for educational purposes and/or to conduct district business. The Superintendent or designee shall ensure that all employees, students, and other users understand the appropriate use of district equipment and that any misuse may be cause for disciplinary action or loss of user privilege.

School-connected organizations may be granted reasonable use of the equipment for school-related matters as long as it does not interfere with the use by students or employees or otherwise disrupt district operations.

The Superintendent or designee shall approve the transfer of any district equipment from one work site to another and the removal of any district equipment for off-site use. When any equipment is taken off site, the borrower is responsible for its safe return and shall be fully liable for any loss or damage.

Employees transferred to another work site shall take with them only those personal items that have been purchased with their own funds unless otherwise authorized by the Superintendent or designee or applicable Board policy.

The Superintendent or designee shall maintain an inventory of all equipment currently valued in excess of \$500. (Education Code 35168; 5 CCR 3946)
