Message from the Principal:

May 21, 2018

Dear Parents and Guardians:

Attached you will find the 2017 School Profile for Webbers Falls High School (9th-12th Grade). This profile reflects the demographic data and test scores for the 2016-2017 school year – not the current 2017-2018 school year. As you review the reports, you will find that it provides both test scores and community demographic information. These reports were compiled by the Office of Accountability at the Oklahoma State Department of Education.

The administration, teachers, and support staff at Webbers Falls Public Schools are committed to providing the highest level of instruction to our students in all grades and in all subjects. This year we continued to make advancements in our curriculum and once again strove to set high goals for student achievement. We hired additional staff to assist in reading intervention, and we feel confident that our test scores for the current year will reflect our efforts.

Webbers Falls Public Schools is dedicated in our goal to raise test scores and to improve academic achievement in all areas. Our objective is for each student to obtain his or her fullest potential each and every day. We continue to ask for your support as we guide our students to the highest spectrums of academic achievement. In addition, we encourage our students to display high levels of character and citizenship, which we hope you will enforce at home. Together, we can prepare the students of Webbers Falls to become successful and productive members of society.

If you have any questions regarding the data in the attached profile, do not hesitate to contact the school at (918) 464-2383. I hope you and your children have a safe and happy summer, and we will see you when school resumes in August.

Lisa Ward, Principal
Webbers Falls Public Schools

Average Number (by Site) of Oklahoma College Degrees				
Conferred to HS Graduates (in College Year 2016-17)	9	9.0	5.9	12.4

2016-17 Student Performance (Regular Education Students, Full Academic Year at This Site)

The state of Oklahoma adopted much higher performance standards in 2017. The test results are therefore not comparable to those from previous years.
