Getting Started in your course is easy, we'll show you how!

In this first module in your course, the Resources Module, you will encounter all sorts of useful information. You'll learn how to navigate in Buzz, how to communicate with your teacher, and what is expected of you in your course. Be sure to read all information and watch the videos as they do demonstrate various important tasks.

Be sure to ask your teacher any questions that you are still curious about after you've read through these pages. We want you to have the very best experience possible.

To get started, you will learn about Buzz first. Click the next arrow to see the first video demonstrating how to go to class.

Navigate the pages of the lesson here.

Scroll down and view all pages of the lesson and watch all videos.
