If it makes you uncomfortable, submit a tip. It will be up to your school to determine what the next steps are. Do you think someone is going to harm themselves? Did you see something scary that concerns you online? Submit this kind of thing.

Safe2Say Something is the easiest way to let someone know that there is a problem and let them handle it. The best part is, they will never know who it was that submitted it. It's that simple.

These trays will include lots of entertainment activities, snacks, warm socks, and a blanket in order to help give them a bit of joy and hope.
