MISSION STATEMENT

The mission of Washington District 50 Schools is to provide each student an optimal educational experience in a safe and caring environment in order to become productive and engaged members of a global society.

AS A DISTRICT 50 STUDENT, PARENT, OR STAFF MEMBER I WILL FOLLOW THE WILL OF A WILDCAT:

- I will be respectful
- I will be kind
- I will be honest
- I will put forth effort
- I will be a good citizen

THE STAFF OF DISTRICT 50 SCHOOLS ACCEPTS THE RESPONSIBILITY:

- To provide a quality instructional program in an integrated setting for each student
- To provide an orderly classroom and safe school environment
- To develop programs and activities which will respond to the social, emotional, personal, and physical developmental needs of each student
- To assist parents in helping their children develop self-discipline, self-respect, and self-confidence to participate in school as a responsible member

AS A PARENT OF A DISTRICT 50 STUDENT, it is my responsibility:

- To send my child to school each day on time, prepared with all necessary materials, well rested, and properly dressed
- To check my child's work and homework on a regular basis
- To provide my child with suitable study conditions at home – desk or table, lights, books, technology and supplies
- To communicate with my child's teacher when I am concerned about my child's work or health

INSTRUCTIONAL MATERIALS FEES

All textbooks, workbooks, or other required materials at any grade level shall be rented to parents at an annual fee determined by the Board of Education.

INSTRUCTIONAL MATERIALS FEE REFUND

If a student who has paid an instructional fee transfers from the District, refunds shall be granted as follows:

Start of School to November 1	--75%
November 1 to January 1	-- 50%
January 1 to March 1	-- 25%

No refunds to be granted after March 1. There shall be no refunds for student publications or school insurance.

FINES, FEES AND CHARGES: WAIVER OF STUDENT FEES

The Superintendent will recommend to the School Board a schedule of fees, if any, to be charged to students for the use of textbooks, consumable materials, extracurricular activities, and other school student fees. Students must also pay for the loss of or damage to school books or other school-owned materials.

Fees for textbooks, other instructional materials are waived for students who meet the eligibility criteria for a fee waiver. In order to ensure that no student

is denied educational services or academic credit due to the inability of parents/guardians to pay student fees, the Superintendent will recommend to the Board which additional fees, if any, the District will waive for students who meet the eligibility criteria for fee waiver. Students receiving a fee waiver are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment.

A student shall be eligible for a fee waiver when the student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals program.

The Superintendent or designee will give additional consideration where one or more of the following factors are present:

- Illness in the family
- Unusual expenses such as fire, flood, storm damage, etc.
- Unemployment
- Emergency situations
- When one or more of the parents/guardians are involved in a work stoppage

Questions regarding the fee waiver application process should be addressed to the Superintendent.

FREE AND REDUCED-PRICE FOOD SERVICES

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Department of Agriculture and distributed by the Illinois State Board of Education.

The District shall avoid publicly identifying students receiving free or reduced-price meals and shall use methods for collecting meal payments that prevent identification of children receiving assistance.

SPECIAL EDUCATION SERVICES

The School District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals with Disabilities Education Act (IDEA) and implementing provisions of the School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act. The term "children with disabilities" means children between ages 3 and 15 for whom it is determined, through definitions and procedures described in the Illinois State Board of Education's *Special Education* rules, that special education services are needed.

It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA

In addition, District 50 offers ECE screening, vision, hearing and speech screenings at regular intervals.

All Special Education Services provided by the District are overseen by the Washington Township Student Services Office, which includes a Program Director, social worker, psychologist, and support staff. The District contracts Occupational and Physical therapy services.

A copy of the publication "Explanation of Procedural Safeguards Available to Parents of Students with Disabilities" may be obtained from the Washington Township Student Services Office.

ENGLISH LANGUAGE LEARNERS

The District offers opportunities for resident English Learners to develop high levels of academic attainment in English and to meet the same academic content and student academic achievement standards that all children are expected to attain.

Parents/guardians of English Learners will be: (1) given an opportunity to provide input to the program, and (2) provided notification regarding their child's placement in, and information about, the District's English Learners programs.

For questions related to this program or to express input in the school's English Learners program, contact the Superintendent at (309) 745-8914.

BUSING

All District 50 bus students will be put on the bus that parent/guardian has designated for them unless we have a written note or phone call from guardian indicating that for that day the student is a walker/parent transport. Temporary changes must be made at the latest an hour before school dismissal, or by filling out the online bus change request form located on the D50 website. All permanent changes need to be made in the school office.

Bus schedules and routes shall be determined by the Superintendent or designee and shall be altered only with the Superintendent or designee's approval and direction. In fixing the routes, the pickup and discharge points should be as safe and convenient for students as possible.

Bus students are required to ride the bus requested at the time of registration.

BUS TRANSPORTATION AND REGULATIONS

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the Building Principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by a school administrator.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

1. Be careful in approaching the place where the bus stops.
 2. Stay off the road at all times while waiting for the bus.
 3. All students will form a line to board the bus. The first to arrive is the first in line. Seats are not to be saved for anyone.
 4. Be on the loading side of the road or street before the bus approaches you. If you do have to cross the road, cross when there is no traffic coming either direction.
 5. Wait until the bus comes to a complete stop before attempting to enter the bus.
 6. Animals are not allowed on the bus.
 7. Be absolutely quiet when approaching a railroad crossing stop.
 8. If it is necessary for you to cross the road when you are returned home, proceed to a point at least ten feet in front of the bus on the right shoulder of the road and remain there until a signal is given by the driver to cross.
 9. The bus will not make any unauthorized stops.
 10. Cell phones and other electronic devices are not to be used on the bus without permission from a District 50 staff member.
 11. Choose a seat, unless assigned, and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
 12. Do not move from one seat to another while on the bus.
 13. Keep all parts of the body and all objects inside the bus.
 14. Loud conversation, singing, boisterous conduct, unnecessary noise or profanity is not allowed.
 15. Enter and exit the bus only when the bus is fully stopped.
 16. All school rules apply while on the bus, at a bus stop, or waiting for the bus.
 17. Use the emergency door only in an emergency.
 18. In the event of an emergency, stay on the bus and await instructions from the bus driver.

1. Prohibited student conduct as defined in School Board policy, 7:190, *Student Behavior*.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the Superintendent or designee deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The District's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Academic Credit for Missed Classes During School Bus Suspension

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

Electronic Recordings on School Buses

Electronic visual and audio recordings may be used on school buses to monitor conduct and to promote and maintain a safe environment for students and employees when transportation is provided for any school related activity. Notice of electronic recordings shall be displayed on the exterior of the vehicle's entrance door and front interior bulkhead in compliance with State law and the rules of the Illinois Department of Transportation, Division of Traffic Safety.

Students are prohibited from tampering with electronic recording devices. Students who violate this policy shall be disciplined in accordance with the Board's discipline policy and shall reimburse the School District for any necessary repairs or replacement.

For questions regarding school transportation issues, contact: the Transportation Director. 309-745-3121

TIME OF ARRIVAL AND DISMISSAL - JOHN L. HENSEY

MORNING ARRIVAL— Door #1 and #2 will be open for students to enter the building no earlier than 8:00am for students who are not bused or attend latchkey. Please see our district website, school handout, or Facebook page for more details on our drop off and pick up procedures.

Parents WILL NOT be allowed to walk their child(ren) to class. This includes all classes/grade levels from Early Childhood through 3rd Grade.

DO NOT HAVE CHILDREN CROSS ALMOND DRIVE

Class is to begin promptly at 8:15am

Students arriving at their room after 8:15am are tardy. Please work to make school a priority by getting students to school on time.

All students late to school must be checked into the building by an adult.

AFTERNOON DISMISSAL —All students will be dismissed at 2:45pm. The only exception to this is every Wednesday students will be dismissed 45 minutes early at 2:00pm. Bus students will be dismissed as necessary to board their respective buses.

DISMISSAL OF STUDENTS

All students shall be dismissed on the time scheduled for dismissal. If the student is to be detained beyond dismissal time, both the parent and the principal shall be notified prior to dismissal. Only in emergencies shall a student be detained by the school unless the parent has been notified. Transportation arrangements shall be the responsibility of the parents in all cases of detention.

HALF DAY PROGRAMS

Early Childhood afternoon sessions will be from 12:30 pm to 3:00 pm on daily. On half day schedule-no afternoon ECE-classes will meet.

REQUEST TO LEAVE SCHOOL EARLY

Parents must sign students out during school hours through the Principal's office.

A written request to have students excused from classes early should be sent with the student on the morning of the dismissal. The time and reason for leaving should be included. The request should be turned in to the attendance clerk before school on the morning of the dismissal. When possible, medical and dental appointments should be made outside of school hours.

A student will be released only to the parents or their designee as appearing on the Family emergency card unless the school has been notified by the parents that they have granted permission for someone else to pick up their child.

REPORTING OF ABSENCES

To report absences, please call:
John L. Hensey (ECE, K-3) 745-9354

Parents are required to call the school's attendance clerk to report children's absence before 9:00 am each day. The clerk will be on duty from 7:00am-2:30pm for absence reporting at Hensey School. Voicemail is available at both schools before or after office hours. **Parents should request homework for children at the time absences are reported.** When homework is requested by phone, it will be available in the office from 2:45-3:15pm unless other arrangements have been made with the teacher.

Only guardians, or other adults designated by the guardians, are asked to be responsible for absence reporting.

After 3 consecutive days of absences by a student, a doctor's note is always required in order to make these days excused. If a doctor's note is not provided, these missed days will be unexcused and the truancy officer will be notified.

After 9:00 am parents of absent children will be called, if notification and reasons for absences have not been reported to the school. If parents are called and cannot be reached at their home number, the emergency number will then be dialed.

After the 10th day of absence, a physician's note will be required to excuse future absences. Failure to have a physician's note will result in the absence being unexcused.

Students with 10 or more days of excused or unexcused absences from school may result in a student missing field trips and/or other special activities during the school year. These absences will be reviewed by staff and administration to determine if a consequence is warranted. Administration will make a decision if any consequences are warranted or if the Regional Office of Education truancy officer needs to get involved.

Taking vacations during the school year is highly discouraged and disruptive to student learning. We ask that all parents make every attempt possible to plan vacations during scheduled school breaks. Please be advised that truancy could get involved depending on the number of days already missed.

Students must attend a minimum of a half day in order to attend after school activities. If a student is sent home sick during the school day they are not allowed to participate in after school activities.

TRUANCY

If you've been given notice that your child has been absent from school without a valid cause and knowingly and willfully permitted your child to continue to miss school, you can be charged with a Class C misdemeanor in Illinois, which can result in either 30 days in jail, a fine of up to \$500 or both.

RELEASE TIME FOR RELIGIOUS INSTRUCTION OR OBSERVANCE

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the Building Principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

MAKE-UP WORK

Students will be allowed one day for each day of excused absence to complete work missed.

LATE ARRIVAL

Late arrival is disruptive to the classroom and also has an adverse effect on your child's educational progress. Students with repeated late arrivals will be asked to make up any missed work and time. Any student arriving at John L. Hensey School after the late bell must report to the Principal's Office at the main entrance, with parent or guardian, to receive a pass before going to the classroom.

Students who are tardy and not checked in by parent will be detained in the office until parent contact is achieved. If the student will be arriving after 8:30a.m., **the parents should call the absence reporting number** or the school office and advise that the student will be late with the reason for the

tardiness, this is in order to prevent the school from making unnecessary telephone calls.

Only the following reasons will be accepted for excused absences and/or late arrival:

1. Illness
2. Observance of Religious Holiday
3. Death in the immediate family
4. Family emergency
5. Other situations beyond the control of student as determined by Board of Education (such other circumstances which cause reasonable concern to parent for the safety or health of student)

FIELD TRIPS

Field Trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline. All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

INVITATIONS, GIFTS AND INDIVIDUAL STUDENT PARTIES

Party invitations or gifts from classmates will not be distributed unless all classmates are included or teacher discretion. **Store bought, individually wrapped treats** may be brought in for recognition of individual student birthdays, but individual student parties are not allowed at school. Please contact the classroom teacher for the number of treats to distribute.

TREATS AND SNACKS

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. Due to allergies, all treats and snacks to be shared must be store bought, prepackaged and have a nutrition label including a clearly printed list of ingredients and allergy information. **No homemade treats or snacks are allowed at school.** Treats and snacks must not require refrigeration. We strongly encourage you to select a treat or snack with nutritional value.

MINIMUM ENTRANCE AGE

Children who enroll for kindergarten must be five years old on or before September 1. The Board of Education may require students to attend kindergarten as a prerequisite to first grade.

When a student enrolls in the District for the first time, whether the student is just beginning school (including pre-kindergarten) or is a transfer student, the person registering the student must furnish to the school a certified copy of the student's birth certificate within thirty (30) days of the enrollment date. If the certified copy is for any reason not available, then the school must be provided some other reliable proof under the guidelines of the State Police. The minimum required is the student's identity and age along with an affidavit explaining the inability to furnish the birth certificate.

If the person enrolling the student does not comply, this fact must be reported in writing to a local law enforcement agency. A written notice must also be sent to the person enrolling the student requiring compliance within 10 days. If the 10 days expire with no compliance, the situation must then be reported to the State Police. There is a further requirement for the School to report to the Police anything suspicious about the affidavit.

STUDENT RECORDS

1. Records kept in a staff member's sole possession.
2. Records maintained by law enforcement officers working in the school.
3. Video and other electronic recordings (including without limitation, electronic recordings made on school buses) that are created in part for law enforcement, security, or safety reasons or purposes. The content of these recordings may become part of a school student record to the extent school officials create, use, and maintain this content, or it becomes available to them by law enforcement officials, for disciplinary or special education purposes regarding a particular student.
4. Any information, either written or oral, received from law enforcement officials concerning a student less than the age of 17 years who has been arrested or taken into custody.

State and federal law grants students and parents/guardians certain rights, including the right to inspect, copy, and challenge school student records. The information contained in school student records shall be kept current, accurate, clear, and relevant. All information maintained concerning a student receiving special education services shall be directly related to the provision of services to that child. The District may release directory information as permitted by law, but a parent/guardian shall have the right to object to the release of information regarding his or her child. However, the District will comply with an *ex parte* court order requiring it to permit the U.S. Attorney General or designee to have access to a student's school records without notice to, or the consent of, the student's parent/guardian. Upon request, the District discloses school student records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law.

The Superintendent shall fully implement this policy and designate an *official records custodian* for each school who shall maintain and protect the confidentiality of school student records, inform staff members of this policy, and inform students and their parents/guardians of their rights regarding school student records.

Notice to Parents/Guardians and Student of Their Rights Concerning a Student's School Records

1. The right to inspect and copy the student's education records within 15 school days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent records. Students 18 years of age or older have access and copy rights to both permanent and temporary records. Parents/guardians or students should submit to the Building Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent(s)/guardian(s) or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning a student (105 ILCS 5/10-22.3c and 10/5a, and 750 ILCS 60/214(b)(15).

2. The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate, misleading, irrelevant, or improper.

Parents/guardians or eligible students may ask the District to amend a record that they believe is inaccurate, misleading, irrelevant, or improper. They should write the Building Principal or records custodian, clearly identify the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parents/guardians or eligible student, the District will notify the parents/guardians or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure is permitted without consent to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an

attorney, auditor, medical consultant, or therapist); or any parent(s)/guardian(s) or student serving on an official committee, such as disciplinary or grievance committee, or assisting another school official in performing his or her tasks. Individual board members do not have a right to see student records merely by virtue in the student and seeing his or her record(s) would be in furtherance of the interest.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

When a challenge is made at the time the student's records are being forwarded to another school to which the student is transferring, there is no right to challenge: (1) academic grades, or (2) references to expulsions or out-of-school suspensions.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent(s)/guardian(s) of the student, if the student has succeeded to the rights of the parent(s)/guardian(s). Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

5. The right to prohibit the release of directory information concerning the parent's/guardian's child.

Throughout the school year, the District may release directory information regarding students, limited to:

Name
Address
Gender
Grade level
Birth date and place
Parents'/guardians' names, mailing addresses, electronic mail addresses, and telephone numbers
Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or publication, such as yearbooks, newspapers, or sporting or fine arts programs)
Academic awards, degrees, and honors

Information in relation to school-sponsored activities, organizations, and athletics
Major field of study
Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the Building Principal within 30 days of the date of this notice. No directory information will be released within this time period, unless the parents/guardians or eligible student is specifically informed otherwise.

No photograph highlighting faces is allowed for commercial purposes, including solicitation, advertising, promotion or fundraising without prior, specific, dated and written consent of the parent or student, as applicable: and no image on a school security video recording shall be designated as directory information.

A photograph of an unnamed student is not a school record because the student is not individually identified. The District shall obtain the consent of a student's parents/guardians before publishing a photograph or videotape of the student in which the student is identified.

6. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

7. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

NON-DISCRIMINATION

The Superintendent shall appoint a Nondiscrimination Coordinator to manage the District's efforts to provide equal opportunity employment and educational opportunities and prohibit the harassment of employees, students, and others. The Nondiscrimination Coordinator also serves as the District's Title IX Coordinator.

The Superintendent shall appoint at least one Complaint Manager to administer the complaint process in this policy. If possible, the Superintendent will appoint 2 Complaint Managers, one of each gender. The District's Nondiscrimination Coordinator may be appointed as one of the Complaint Managers.

Uniform Grievance Procedure

A student, parent/guardian, employee, or community member should notify any District Complaint Manager if he or she believes that the School Board, its employees, or agents have violated his or her rights guaranteed by the State or federal Constitution, State or federal statute, or Board policy, or have a complaint regarding any one of the following:

The Complaint Manager will first attempt to resolve complaints without resorting to this grievance procedure. If a formal complaint is filed under this procedure, the Complaint Manager will address the complaint promptly and equitably. A student and/or parent/guardian filing a complaint under this procedure may forego any informal suggestions and/or attempts to resolve it and may proceed directly to the grievance procedure. The Complaint Manager will not require a student or parent/guardian complaining of any form of harassment to attempt to resolve allegations directly with the accused (or the accused's parents/guardians); this includes mediation.

Right to Pursue Other Remedies Not Impaired

The right of a person to prompt and equitable resolution of a complaint filed hereunder shall not be impaired by the person's pursuit of other remedies, e.g., criminal complaints, civil actions, etc. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If a person is pursuing another remedy subject to a complaint under this policy, the District will continue with a simultaneous investigation under this policy.

Deadlines

All deadlines under this procedure may be extended by the Complaint Manager as he or she deems appropriate. As used in this policy, *school business days* means days on which the District's main office is open.

Filing a Complaint

A person (hereinafter Complainant) who wishes to avail him or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same gender. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with a student's parent(s)/guardian(s). The Complaint Manager shall assist the Complainant as needed. For bullying and cyber-bullying, the Complaint Manager shall process and review the complaint according to Board policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*, in addition to any response required by this policy.

Investigation

The Complaint Manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. The Complaint Manager shall ensure both parties have an equal opportunity to present evidence during an investigation. If the Complainant is a student under 18 years of age, the Complaint Manager will notify his or her

parent(s)/guardian(s) that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except: (1) as required by law, this policy, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant.

The identity of any student witnesses will not be disclosed except: (1) as required by law or any collective bargaining agreement, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the parent/guardian of the student witness, or by the student if the student is 18 years of age or older.

The Complaint Manager will inform, at regular intervals, the person(s) filing a complaint under this procedure about the status of the investigation. Within 30 school business days of the date the complaint was filed, the Complaint Manager shall file a written report of his or her findings with the Superintendent. The Complaint Manager may request an extension of time. If a complaint of sexual harassment contains allegations involving the Superintendent, the written report shall be filed with the Board, which will make a decision in accordance with the following section of this policy. The Superintendent will keep the Board informed of all complaints.

Decision and Appeal

Within 5 school business days after receiving the Complaint Manager's report, the Superintendent shall mail his or her written decision to the Complainant and the accused by first class U.S. mail as well as to the Complaint Manager. All decisions shall be based upon the *preponderance of evidence* standard.

Within 10 school business days after receiving the Superintendent's decision, the Complainant or the accused may appeal the decision to the Board by making a written request to the Complaint Manager. The Complaint Manager shall promptly forward all materials relative to the complaint and appeal to the Board. Within 30 school business days, the Board shall affirm, reverse, or amend the Superintendent's decision or direct the Superintendent to gather additional information. Within 5 school business days of the Board's decision, the Superintendent shall inform the Complainant and the accused of the Board's action.

This grievance procedure shall not be construed to create an independent right to a hearing before the Superintendent or Board. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.

Should this fail to produce satisfaction, the appeal agent after the Board of Education will be the Superintendent of Tazewell County Regional Office of Education and then the Illinois State Board of Education.

ACCOMMODATING INDIVIDUALS WITH DISABILITIES

Individuals with disabilities should notify the Superintendent or Building Principal if they have a disability which will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible before the school-sponsored function, program, or meeting.

Individuals with disabilities may allege a violation of this policy or federal law by reporting it to the Superintendent or designated Title II Coordinator, or by filing a grievance under the Uniform Grievance Procedure.

EQUAL OPPORTUNITY AND SEX EQUITY

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of sex or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities under School Board policy 8:20, Community Use of School Facilities. Any student may file a discrimination grievance by using Board policy 2:260, Uniform Grievance Procedure.

Sex Equity

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student may file a sex equity complaint by using Board policy 2:260, Uniform Grievance Procedure. A student may appeal the Board's resolution of the complaint to the Regional Superintendent (pursuant to 105 ILCS 5/3-10) and, thereafter, to the State Superintendent of Education (pursuant to 105 ILCS 5/2-3.8).

Administrative Implementation

The Superintendent shall appoint a Nondiscrimination Coordinator. The Superintendent and Building Principal shall use reasonable measures to inform staff members and students of this policy and grievance procedure.

SEXUAL HARASSMENT

Sexual harassment of students is prohibited. An employee, District agent, or student engages in sexual harassment whenever he/she makes unwelcome sexual advances, requests sexual favors, and engages in other verbal or physical conduct of a sexual or sex-based nature, imposed on the basis of sex, that:

1. denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status.
2. has the purpose or effect of:
 - a) substantially interfering with a student's educational environment;
 - b) creating an intimidating, hostile, or offensive educational environment;
 - c) depriving a student of educational aid, benefits, services, or treatment; or
 - d) making submission to or rejection of such unwelcome conduct the basis for academic decisions affecting a student.

The terms "intimidating", "hostile", and "offensive" include conduct which has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. The term *sexual violence* includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

BULLYING, INTIMIDATION AND HARASSMENT PROHIBITED

No person, including a District employee or agent, or student, shall harass, intimidate, or bully a student on the basis of actual or perceived: race; color; national origin; military status; unfavorable discharge status from military service; sex; sexual orientation; gender identity; gender-related identity or expression; ancestry; age; religion; physical or mental disability; order of protection status; status of being homeless; actual or potential marital or parental status, including pregnancy; association with a person or group with

one or more of the aforementioned actual or perceived characteristics; or any other distinguishing characteristic. The District will not tolerate harassing, intimidating conduct, or bullying whether verbal, physical, sexual, or visual, that affects the tangible benefits of education, that unreasonably interferes with a student's educational performance, or that creates an intimidating, hostile, or offensive educational environment. Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Making a Complaint; Enforcement

Students are encouraged to report claims or incidences of bullying, harassment, sexual harassment, or any other prohibited conduct to the Nondiscrimination Coordinator, Building Principal, or a Complaint Manager. A student may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined. An allegation that a student was a victim of any prohibited conduct perpetrated by another student shall be referred to the Building Principal, for appropriate action.

STUDENT PHOTOGRAPHS

PICTURES OF UNNAMED STUDENTS –

Students may occasionally appear in photographs and video recordings taken by school staff members, other students or other individuals authorized by the Building Principal. The school may use these pictures, without identifying the student, in various publications, including the school yearbook, school newspaper, school website, and in professional development. No consent or notice is needed or will be given before the school uses pictures of unnamed students taken while they are at school or a school-related activity.

PICTURES OF NAMED STUDENTS –

Sometimes the school may want to identify a student in a school picture. For example, school officials want to acknowledge those students who participate in a school activity or deserve special recognition. In order for the school to publish a picture with a student identified by name, one of the student's parents or guardians must give consent.

PICTURES OF STUDENTS TAKEN BY NON-SCHOOL AGENCIES –

While the school limits access to school buildings by outside photographers, it has no control over news media or other entities that may publish a picture of a named or unnamed student. School staff members will not, however, identify a student for an outside photographer.

VIDEO RECORDING

Parents/Guardians please note that as a standard operating practice we videotape some classrooms, functions, activities, and operations. Student teachers and teachers in general use videotaping as an aid in assessment and development. If you have any questions, concerns, or specific exclusion requests, please notify your Building Principal in writing each school year.

TRANSPORTING CHILDREN BY CAR TO OR FROM SCHOOL FOR HENSEY SCHOOL

Use entry door #1 or #2 when bringing children to school in the morning before the official start of the school day. In picking up a student during school hours, parents should ring the bell at Door #1 for entry, report to the office and the child will be called from his/her room. Please **DO NOT** park in

"No Parking" areas marked by yellow lines and signs. Students may go home for lunch if they are picked up and returned by parents and permission is granted by the principal.

PHONE CALLS

If you should have a message for your child or his teacher, please phone the secretary of the school. She will relay the message. Teachers are not called out of classes for phone calls because of the liability that is involved when leaving students unattended. If you would like to have a teacher call you, we will have him/her do so as soon as possible.

CHANGE OF RESIDENCE, TELEPHONE NUMBER OR TRANSFER

If a change is made in address, home telephone number, babysitter's number, emergency number, or parent/guardian's work number, the parent/guardian must notify the secretary at once. If you move outside the District 50 area, contact the school secretary to obtain the necessary transfer forms required.

SCHOOL VOLUNTEERS

All school volunteers must complete the "Volunteer Information Form" and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the Building Principal.

Volunteers are required to check in and out at the principal's office and receive a visitor badge before going to their destination.

Volunteers helping in a classroom or with a school/classroom event, must plan ahead with the classroom teacher so the classroom teacher can notify the office to expect the visitor's arrival.

VISITORS

All visitors, including parents and siblings, are required to enter through the front door of the building (Door #1) and check in at the office window. Visitors should identify themselves, show ID, and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a visitor and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the principal's office and sign out before leaving the school.

All visitors coming to the school to have lunch with a student must be on the **student's emergency contact list, have a volunteer form on file, AND have notified the school a minimum of 24 hours** in advance of the date attending lunch. For health and safety reasons all visitors eating lunch with their student will eat in a different room from the rest of the student population.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

Visitors also need to know that Illinois State Law prohibits the carrying of firearms into the school building.

EMERGENCY SCHOOL CLOSINGS

In cases of bad weather and other local emergencies, please listen to any local radio or television station, district all call message, and check the school website to be advised of school closings or early dismissals. School closings for any reason will attempt to be announced by 6:00 a.m. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information. For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal. If we dismiss early for an emergency, all after-school functions are automatically canceled. **Please download the Washington District 50, IL app on your smartphone to receive all school related updates.**

PARENT CONFERENCES

Parent conferences are held at the end of the first nine weeks to review student progress and again in the Spring – date to be announced later. We are most willing to schedule a conference at other times during the year. Teachers are not permitted to take time from their classes for unscheduled conferences. All conferences are to be scheduled before or after school. Please feel free to call and arrange a time.

OFFENDER COMMUNITY NOTIFICATION LAWS

State law requires schools to notify parents/guardians during school registration or parent-teacher conferences that information about sex offenders and violent offenders against youth is available to the public on the Illinois State Police's website. The Illinois State Police website contains the following:

Illinois Sex Offender Registry, www.isp.state.il.us/sor/
Illinois Murderer and Violent Offender Against Youth Registry, www.isp.state.il.us/cmvo/

Frequently Asked Questions Concerning Sex Offenders, www.isp.state.il.us/sor/faq.cfm

SEX OFFENDER NOTIFICATION LAW

State law prohibits a child sex offender from being present on school property or loitering within 500 feet of school property when persons under the age of 18 are present, unless the offender meets either of the following two exceptions:

1. The offender is a parent/guardian of a student attending the school and has notified the Building Principal of his or her presence at the school for the purpose of: (i) attending a conference with school personnel to discuss the progress of his or her child academically or socially, (ii) participating in child review conferences in which evaluation and placement decisions may be made with respect to his or her child regarding special education services, or (iii) attending conferences to discuss other student issues concerning his or her child such as retention and promotion; or
2. The offender received permission to be present from the School Board, Superintendent, or Superintendent's designee. If permission is granted, the Superintendent or Board President shall provide the details of the offender's upcoming visit to the Building Principal.

In all cases, the Superintendent or designee shall supervise a child sex offender whenever the offender is in a child's vicinity. If a student is a sex

offender, the Superintendent or designee shall develop guidelines for managing his or her presence in school.

A violation of this law is a Class 4 felony.

ANIMALS ON SCHOOL PROPERTY

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the Building Principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

HOMEWORK

Homework may be given to students on an increasing basis as they progress in school. Parents may wish to set aside 20-60 minutes, as appropriate for grade level, each evening for children to read, practice spelling or math, or do assigned homework. This is an important pattern in responsibility and work ethics to establish when children are young. Parents of very young children may use this time to read to their youngster.

When students are suspended, either in or out of schools, for disciplinary measures, their homework is due the morning they return from their suspension.

GRADING SYSTEM

The evaluation of student achievement is one of the important functions of the teacher. The accepted District 50 marking system is as follows:

Kindergarten/1st Grade/2nd Grade:

2- Developing/Approaching Standards

1-Does Not Meet Standards/Needs Support

3rd Grade

WORK ETHIC

A STUDENT WHO HAS A GOOD WORK ETHIC-

1. Brings notebook, paper, pen or pencil and other materials necessary to class.
2. Is an active participant in the classroom; listens well; takes part in discussions.
3. Asks questions if he/she doesn't understand the discussion or if he/she has a problem.

4. Plans his/her work and schedules time for homework each day; makes sure he/she understands the assignment before he/she leaves class.
5. Strives to do his/her best, not just to get by.

HOW TO STUDY –

1. Attitude is important—think positively, work independently, seek help only when you have exhausted your own resources; then ask questions, use library sources.
2. Learning requires concentration—keep your mind on what you are doing. It will take less time.
3. At home, have a definite, well-lighted, quiet place to study.
4. Read the entire assignment rapidly to grasp the basic content. Reread slowly to understand content, details, explanations, and directions. If the assignment is not written, make notes of your own; outline what you have learned.
5. If the assignment is a long term project, do a little of it each day, don't let it go until the last minute. It will be easier and you'll do a better job.

HOW TO TAKE A TEST –

1. Relax and try to forget about those around you.
2. Read the directions carefully, and then follow them.
3. Read the whole test first to see what's asked for and how to apportion your time.
4. Read each question twice before answering.
5. Think before you write.
6. Answer questions fully with information asked for—not what isn't asked for.
7. Check your paper for spelling and grammar before turning it in.

LIBRARY SERVICES

The School Library will be opened at John L. Hensey throughout the school day. Students are encouraged to use the library as much as possible. Please teach your child to take care of library books appropriately. Any lost or damaged books will be student/ family responsibility to provide the district with reimbursement.

If a student cannot participate in P.E. for more than a week, the student must have a written explanation from the doctor. All visitors coming to the school to have lunch with a student must be on the **student's emergency contact list, have a volunteer form on file, AND have notified the school a minimum of 24 hours** in advance of the date attending lunch. For health and safety reasons all visitors eating lunch with their student will eat in a different room from the rest of the student population.

JOHN L. HENSEY RETENTION/PROMOTION

Students who do not meet standards of academics and/or attendance will be considered for retention by a retention hearing consisting of the student's teacher, the teacher from the previous grade (if possible), and the principal.

Parents will be notified after the Spring Parent/Teacher Conferences that their student may be retained. The Building Principal will also communicate this possibility in a letter.

HOME AND HOSPITAL INSTRUCTION

A student who is absent or whose physician anticipates his or her absence from school for an extended period of time, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student's home or hospital.

For more information on home or hospital instruction, contact your Building Principal.

Vision Examinations are required for students entering Kindergarten or an Illinois school for the first time.

MEDICATION

"Only those medications which are necessary to maintain the child in school and must be given during school hours shall be administered" as directed by the Illinois Department of Public Health. Medications will be given by the school nurse at Hensey from 8:30-2:30pm each day. All long-term medications, both daily and PRN (as needed), require written physicians' orders, as well as written parental consent. Forms are available in the school offices. These are to be renewed annually. Medications, both prescription and non-prescription, need to be brought to school by a parent in the original unopened container with written instructions and consent to dispense, which includes cough drops. Medications will be locked in the nurses' office or, if necessary, refrigerated. In the event of the nurse's absence, medication will be given by the nurse's designee. If you have any questions, please call the school nurse at (309) 745-8805.

ASTHMA

Public Act 92-402 of the Illinois School Code addresses the self-administration of asthma medication. The law requires schools to permit the self-administration of medication by a pupil with asthma when certain conditions are met. With the students' health and well-being in mind, District 50 Schools permit students with asthma, who need to self-administer medication, to do so, with the following requirements:

1. The medication must pertain to the student's asthma and have an individual prescription label.

2. The medication must be prescribed by a physician, physician's assistant, or advance practice nurse having authority to prescribe such medication.
3. The pupil's parents or guardians must provide the school with written authorization for self-administration of the medication ("self-administration" means the pupil has the discretion as to the use of his/her medication).
4. The parents or guardians must also provide the school with a written statement from the pupil's physician, physician's assistant, or advance practice registered nurse. The statement must contain the following information:
 - Name and purpose of the medication

District 50 Schools, along with its employees and agents, incurs no liability as a result of any injury arising from the pupil's self-administration of asthma medication.

STUDENTS WITH FOOD ALLERGIES

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy, a prescribed Epi-pen, or life-threatening chronic illness, please notify the Building Principal at (309) 745-3625.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Illinois Food Allergy Emergency Action Plan Forms are available in the school offices.

CARE OF STUDENTS WITH DIABETES

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

In the event of an extreme emergency and pesticides must be used immediately, we will notify you as soon as possible. Contact the Principal's office if you wish to be added to the registry.

- (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;

Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system.

- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

- 4. Using, possessing, controlling, or transferring a "weapon" as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.

Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. - 20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
- 21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker,

desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal

drugs (controlled substances), "look-alikes," alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

CORPORAL PUNISHMENT

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or any other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look-alikes" of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theater, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law

enforcement agency, State Police, and any involved student's parent/guardian. "School grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, will be reviewed with the students during the first days of school. At the beginning of the school year parents will be asked to sign off on a document stating that they have read and reviewed the school handbook. Any questions and/or concerns in regards to the handbook can be directed to the building principal. Our student handbook can be found on our website d50schools.com.

MISCONDUCT BY STUDENTS WITH DISABILITIES

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The Principal and staff will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals with Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's *Special Education* rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

SEARCH AND SEIZURE

In order to maintain order, safety, and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The Building Principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction. When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness.
3. By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

GRADES K-3 DETENTIONS

Parents will be informed of any after school detentions either by phone call or in writing. Oftentimes a signed verification will be asked to be returned to the school.

DISTRICT 50 DISCIPLINE GUIDELINES ECE-3

Philosophy of Student Discipline

The staff, administration, and Board of Education of District 50 Schools believe that every student should have an opportunity to receive a quality education. One of the most essential ingredients in striving to ensure each student has this opportunity is appropriate student behavior. The rules and regulations set forth by this district were created in order to provide a safe environment which tries to protect the rights of those students who really want to learn. It is important that all students and parents know the school rules and consequences which relate to conduct and discipline.

We realize that these Discipline Guidelines are not all inclusive. Therefore, rules and regulations stated in the individual teacher's classroom, the Athletic Code of Conduct, and the Board of Education Policy also apply.

It shall be further defined as committing any act or conduct disruptive to, or interfering with, any phase of school or classroom operation or activity.

For a suspension of 5 or more school days, the information listed in section 4.e.ii., above, along with documentation by the Superintendent or designee determining what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension.

Whenever there is evidence that mental illness may be the cause for the suspension, the Superintendent or designee shall invite a representative from the Department of Human Services to consult with the Board. After presentation of the evidence or receipt of the hearing officer's report, the Board shall take such action as it finds appropriate. If the suspension is upheld, the Board's written suspension decision shall specifically detail items (a) and (e) in number 4, above.

It shall be conducted by the Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate. Whenever there is evidence that mental illness may be the cause for the recommended expulsion, the Superintendent or designee shall invite a representative from the Dept. of Human Services to consult with the Board.
 3. During the expulsion hearing, the Board or hearing officer shall hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. School officials must provide: (1) testimony of any other interventions attempted and exhausted or of their determination that no other appropriate and available interventions were available for the student, and (2) evidence of the threat or disruption posed by the student. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled.
