GREENE COUNTY TECH

Student Handbook

2021-2022

Welcome to the Greene County Tech School District!

The Greene County Tech School District faculty and staff extend a sincere welcome as you are a valuable part of the school district. The Greene County Tech School District is committed to providing a quality education to every student, as the goal includes following the district's motto of, "Investing in the Future…One Student at a Time".

Please join in to be involved in the district as supporting the education of every child is very important to their maximum potential growth. Educating students is a collaborative effort between school, home, and community partnerships. We have wonderful events that occur daily in the GCT School District and we hope you will be amazed and inspired by the wonderful students, teachers, staff, and administrators.

The Parent/Student Handbook is a critical link of communication between all of those invested in providing the best education to students. The handbook can be accessed on line or a printed (hard copy) can be requested. It proves impossible to list all of the rules and guidelines on paper for students and staff, but the contents of the handbook will serve as a valuable guide to define rules, and regulations required on the federal, state, and local level. We ask that you review the contents of the handbook carefully and return the required signature pages that follow. If you have any questions, please feel free to contact the principal's office of the building in which your child is enrolled.

The Greene County Tech School District is proud to serve the students and will provide the best education to every child on a daily basis.

IF ANY CONTACT INFORMATION (PHONE NUMBERS, ADDRESS, OR PLACE OF EMPLOYMENT) CHANGES THROUGHOUT THE SCHOOL YEAR, PLEASE PROVIDE YOUR CHILD'S SCHOOL WITH THE NECESSARY INFORMATION TO MAKE CHANGES.

IN ACCORDANCE WITH ARKANSAS STATUTE, ANY PERSON WHO KNOWINGLY GIVES A FALSE RESIDENTIAL ADDRESS FOR PURPOSES OF PUBLIC SCHOOL ENROLLMENT IS GUILTY OF A MISDEMEANOR AND SUBJECT TO A FINE NOT TO EXCEED ONE THOUSAND DOLLARS $1,000 (A.C.A. 6-18-202). THE GREENE COUNTY TECH SCHOOL DISTRICT WILL CONSIDER THE PROSECUTION OF THOSE WHO PRESENT FRAUDULENT ADDRESSES.

STUDENT ELECTRONIC CHECKOUT DEVICE AND INTERNET USE AGREEMENT 2021-2022

The Greene County Tech School District agrees to allow the Student listed above ("Student") to use the District's technology to access the Internet under these terms and conditions. These terms and conditions apply when the access is through a District or student-owned electronic device. For purposes of this Agreement, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

Internet access is coordinated through a content filtering system and a complex association of government agencies, region, and state of Arkansas networks. In addition, the smooth operation of the network relies on the proper conduct of the end-users, who must adhere to strict guidelines. These guidelines are stated below so that you are aware of each Student's responsibilities. In general, this requires efficient, ethical, and legal use of the network resources. If these provisions are violated, then a student's e-mail and student access account will be terminated, and future access can be denied.

Students and parents/guardians understand that the Greene County Tech School District DOES NOT have control over information found on the Internet. While GCT makes every attempt to block access from inappropriate material and monitor computer activities, the Student is ultimately responsible for the usage of any school-owned device. It is the parent/guardian's responsibility to supervise the information that a student is accessing from the Internet while at home.

1. Conditional Privilege: The Student's use of the District's access to the Internet is a privilege conditioned on the Student abiding by this Agreement. No student may access the District's Internet through a District or student-owned electronic device unless the Student and his/her parent or guardian have read and signed this Agreement. If a signed agreement is not on file, students will be granted limited internet access for state-required online assessments only. The signed Agreement will be effective until September 1 of the following year and should be reviewed before that deadline. Internet access will be revoked if a current agreement is not on file.

2. Acceptable Use: The Student agrees that he/she will use the District's Internet access for educational purposes only. In using the Internet, Student agrees to obey all federal laws and regulations and any State laws, rules, and regulations. Student also agrees to abide by any Internet use rules instituted at Student's school or class, whether those rules are written or oral.

3. Penalties for Improper Use: If Student violates this Agreement and misuses the Internet, Student shall be subject to disciplinary action. Note: A.C.A. § 6-21-107 requires the District to have "…provisions for administration of punishment of students for violations of the policy with stiffer penalties for repeat offenders."

4. "Misuse of the District's access to the Internet" includes, but is not limited to, the following:

a. using the Internet for other than educational purposes;
b. gaining intentional access or maintaining access to materials that are "harmful to minors" as defined by Arkansas law;

The District may share such transmissions with the Student's parents/guardians, school administrators, and or law enforcement.

7. No Guarantees: The District will make good-faith efforts to protect children from improper or harmful material on the Internet. At the same time, in signing this Agreement, the parent and Student recognize that the District makes no guarantees about preventing improper access to such materials on the part of the Student. By signing this Agreement, students and parents/guardians agree to follow the policies and procedures prior to signing this Agreement. ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school whether in person or digitally is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in synchronous digital courses shall be determined in the same manner as for District student attending courses in person. Asynchronous digital courses required completion of assignments and login requirements as out lined by each instructor of the digital platform students are enrolling in for instruction. Students will have two zoom meetings that they must attend weekly and each course instructor will provide additional guidelines for attendance requirements for digital learners.

In recognition of the need for students to regularly attend school, the district's policy governing student absences is as follows:

"The public schools of any school district in the state shall be open and free through completion of the secondary program to all person in this state between the ages of five (5) and through twenty-one (21) years whose parents, legal guardians, or other persons having lawful control of the persons under an order of court reside within the school district and to all persons between those ages who have been legally transferred to the district for educational purposes".

Procedures listed below will be followed concerning absences from school in the Greene County Tech School District unless there are extenuating circumstances that warrant other actions.

Each student will be allowed a maximum of six (6) excused absences per semester. The first (6) may be excused parent/professional notes. After six (6) absences, a professional note will be accepted for the following reasons:

EXCUSED ABSENCES:

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons. Professional notes may include:

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family;
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency; (court)
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal;
7. Participation in an FFA, FCCLA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).
11. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization wavier or whose immunizations are not up to date.

Students who are assigned in school suspension shall not be counted absent for those days. Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

Additional excused absences may be granted by the Superintendent and or designee. The number of additional excused absences shall be at the discretion of the Superintendent or the designee.

In order for the absence to be considered excused, the student must:

a. Bring a written statement to the principal or designee upon the student's return to school from the student's parent or legal guardian stating the reason for the student's absence; or

b. If the student is attending the District's courses digitally, upload a written statement from the student's parent or legal guardian stating the reason for the student's absence through the District's digital course management platform for review by the principal or designee.

A written statement presented or uploaded for an absence having occurred more than two (2) school days (48 hours) prior to its presentation or upload will not be accepted.

GUIDELINES FOR WRITTEN DOCUMENTATION OF ABSENCES:

1. Must be in written form and delivered to the homeroom teacher/principal's office within 48 hours of the students' return to school (telephone calls regarding absences will not be accepted as documentation).
2. Documentation from a doctor, dentist, psychological counselor, or legal appointment must specify the time of the appointment. If the student is able to return to school on that day, such absences may be considered excused for a partial day but not for an all-day absence.
3. If a chronic illness or situation exists which will require excessive absenteeism, a professional letter with a descriptive explanation will need to be provided at the beginning of each school year.
4. If it is discovered that documentation from a professional has been altered, the day(s) in question will be considered UNEXCUSED and the proper authorities will be notified.
   ANY ABSENCE NOT DESCRIBED ABOVE OR DOES NOT MEET THE FOLLOWING CRITERIA WILL BE DEFINED AS UNEXCUSED.

UNEXCUSED ABSENCES:

Absences that are not defined above or that do not have an accompanying note from the parent or legal guardian, person having lawful control of the student; or person standing in loco parentis, or have an accompanying note that is not presented or uploaded in the timeline required by this policy, shall be considered as unexcused absences. Students with (13) unexcused absences in a course in a semester shall not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

Unless there are extenuating circumstances as describe above, the following notifications will be made to parents/ legal guardians, persons with lawful control of the student or person standing in loco parentis:

1. Days missed due to expulsion or out-of-school suspension.
2. On the sixth (6th) absence, the principal's office will contact the parent by regular mail.
3. On the ninth (9th) absence, the school's social worker will contact the parent/guardian by telephone or through a home visit regarding excessive absenteeism.
4. On the tenth (10th) absence, a certified letter will be sent by the principal's office and the school's social worker will conference with the student and or parents/guardians.
5. When a student exceeds ten (10) unexcused absences in a semester, the student will be referred to the Building Intervention Committee (SAT TEAM).
6. After the 11th unexcused absence, the school will report excessive absenteeism to the court system through a family in Need of Services (FINS) action in circuit court. This provides the court time to instruct the student not to miss any more days of school.

Absences not defined above or not having an accompanying note from the parent or legal guardian, persons with lawful control of the student or person standing in loco parentis shall be considered as UNEXCUSED ABSENCES. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Parents, legal guardians, person with lawful control of the student or person standing in loco parentis will be notified that the students with 13 unexcused absences in a course in a semester shall not receive credit for that course and the student will received an F on his/her permanent record. Excessive absences shall not be a reason for expulsion or dismissal of a student.

Students who attend in-school suspension shall not be counted absent for those days.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawful control of the student, or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for

failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis, and the school or district administrator or designee.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the code.
(The student's parents, guardians, or persons in loco parentis shall be subject to a civil penalty as authorized under subdivision (a) (6) (A) of this section [9(a) (5) (A) of 6-18-222] but not to exceed five hundred dollars ($500.00) plus costs of court and any reasonable fees assessed by the cour). ACADEMIC COURSE ATTENDANCE BY PRIVATE SCHOOL AND HOME SCHOOL STUDENTS
The District allows private school and home schooled students whose parents, legal guardians, or other responsible adult with whom the student resides are residents of the District to attend academic courses offered by the District. The District will place a list of courses that a private school or home schooled student may request to attend on its website by:

- June 1 for courses to be offered during the Fall semester; and
- November 1 for courses to be offered during the Spring semester.

A private school or home schooled student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than:

- August 1 for Fall semester courses; or
- December 1 for Spring semester courses.

The superintendent, or designee, is authorized to waive the application deadline on a case by case basis. The District permits a private school or home schooled student to attend a maximum of six (6) courses per semester.

The District may reject a private school or home schooled student's request for attendance if the District's acceptance would:

- Require the addition of staff or classrooms;
- Exceed the capacity of a program, class, grade level, or school building;
- Cost the District more for the student to attend the academic course than the District receives for the student's attendance;
- Cause the District to provide educational services the District does not currently provide at a financial burden to the District, or
- Cause the District to be out of compliance with applicable laws and regulations regarding desegregation.

Requests to attend an academic course will be granted in the order the requests are received. Upon the receipt of a private or home schooled student's request to attend academic course(s), the District will date and time stamp the request for attendance. If a private school or home schooled student is denied attendance based on a lack of capacity and an opening in the requested course occurs prior to the start of the course, the District will use the date and time stamp on the request for attendance to determine the private school or home schooled student who will be notified of an opening in the requested course.

As part of the request to attend academic courses in the District, a private school or home schooled student shall:

- Indicate the course(s) the private school or home schooled student is interested in attending;
- If the course(s) the private school or home schooled student is interested in attending is being offered by the District in both a physical and a digital format, whether the private school or home schooled student intends to attend the physical course or the digital course;
- Submit, along with the student's application, a copy of the student's transcript indicating that the student has received credit for the course(s), or equivalent course(s), that are a prerequisite to the course(s) the student desires to attend at the District;
- Agree to follow the District's discipline policies; and
- Submit immunization documentation required by Policy—IMMUNIZATIONS.

A private school or home schooled student who fails to attend an academic course by the eleventh (11) day of class or who is absent without excuse for eleven (11) consecutive days during the semester shall be dropped from the course; however, a private school or home schooled student shall not be considered truant for unexcused absences from the course(s) the student is attending at the District. Private school or home schooled students shall receive a final grade and transcript for each academic course the student completes.

The responsibility for transportation of any private school or home schooled student attending academic courses in the District shall be borne by the student or the student's parents.

The opportunity provided to home schooled students under this policy is in addition to the opportunity provided in Policy—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS.

ADVANCED PLACEMENT , INTERNATIONAL BACCALAUREATE, AND HONORS COURSES

The Greene County Tech School District is committed in providing an advanced placement program that "demonstrates the school's commitment to a program of a rigorous curriculum and challenging academics that will help prepare students for success in college and beyond" (Courtesy of College Board)

Students in grades 7-12 who take advanced placement (AP) courses, International Baccalaureate (IB) and or concurrent endorsed college credit courses, approved for weighted credit by the Division of Elementary and Secondary Education (DESE) shall be graded according to the following schedule.

A =100 – 90	C = 79 – 70	F = 59 and below
B = 89 – 80	D = 69 -60	

For the purpose of determining grade point averages, the numeric value of each letter grade shall be

A = 5 points	C = 3 points	F = 0 points
B = 4 points	D = 2 points	

For a student to be eligible to receive weighted credit for an AP, or IB course, the course must be taught by an Arkansas licensed teacher who has received the appropriate training required by Arkansas statute and DESE Rule or, for an AP teacher, is in the process of completing an Additional Training Plan; and

- The student takes the applicable AP or IB examination after completing the entire course. Credit shall be given for each grading period during the course of the year, but shall be retroactively removed from a student's grade for any course in which the student fails to take the applicable exam. Students who do not take the applicable exam shall receive the same numeric value for the grade he/she receives in the course as if it were a non-AP or IB course.

"Honors Courses" are those courses that have been approved by DESE as honors courses. Honors courses must stress higher order learning and be offered in addition to curriculum offerings required by the Standards for Accreditation.

A Teacher of an AP course must attend a professional development no less than once every five (5) years to stay current on curriculum and program developments.Students who transfer into the district will be given weighted credit for the Advanced Placement courses, IB, and ADE State approved honor courses, and concurrent college courses taken for weighted credit at his/her previous school(s) according to the preceding scale.

Pre-AP courses provide for the development of the skills and concepts necessary for students to be successful in advanced placement. The goal of Pre-AP is to provide more students the opportunity to prepare for more challenging courses and increase expectations from all students at every grade level.

The 6th through 11th grade pre-advance placement courses become pre-requisites for the 10th to 12th grade advanced placement (AP) courses at this time. Students interested in taking AP courses should plan to fulfill the pre-requisites for these courses as listed in the AP program handbook.

Students who transfer into the district will be given weighted credit for the AP courses-IB courses; honors or concurrent credit college courses; and other courses approved by DESE for weighted credit that were taken for weighted credit at his/her previous school(s) according to the preceding scale. ALTERNATIVE LEARNING ENVIRONMENTS

The District shall provide an eligible alternative learning environment (ALE) for each eligible ALE student enrolled in a District school. The ALE shall be part of an intervention program designed to provide guidance, counseling, and academic support to students who are experiencing emotional, social, or academic problems. Placement of a student in an ALE shall not be punitive in nature.

The superintendent or designee shall appoint an Alternative Education Placement Team which shall have the responsibility of determining student placement in the ALE. A student may be enrolled in an ALE only on the referral of the Alternative Education Placement Team. The team's placement decision is final and may not be appealed.

The team is to be comprised of the following:

- a school counselor from the referring school;
- the ALE administrator and/or ALE teacher;
- the building principal or assistant principal from the referring school;
- a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis (if they choose to participate);

The District shall document its efforts to contact the student's parent, legal guardian, person having lawful control of the student, person standing in loco parentis to schedule a meeting or a phone call for a placement meeting at the convenience of the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis, and maintain such documentation in the student's Student Action Plan (SAP).

BREAKFAST AND LUNCH PROGRAM
Food Service Pre-Payment
Greene County Tech School District has a very economical and nutritious lunch program. Students are encouraged to eat a good, well-rounded meal each day in the cafeteria. Parents and guests are welcome to eat lunch with students. **Parents and guests may bring food in the building for breakfast/lunch for their child only..**

Each student will have a breakfast/lunch account.

Students housed in GCT Primary School will be issued a breakfast/lunch card the first day of school. The card will be scanned by computer and the price of the meal will be deducted from the student's account. The student must be present to present the card to the computer operator. Regular pay and Federal Assistance cards are identical in appearance.

Students housed in the Elementary, Intermediate, Middle School, Jr. High and Sr. High will use a key pad system to enter his/her own I.D. number. This number is the student's school I.D. number which follows the 2807. As with the cards, the price of the meal will be deducted from the student's account.

Meal Payment
Meals, a la carte, or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by prepaying the student's account. Staff and parents, or students, may pay for meals, a la carte, or other food and beverage items through either of the following methods:

- Providing cash or check to be deposited into the students account.
- Depositing funds through the District's online service EZSchoolPay.com. This is a free service offered to help both schools and parents. Parents will be able to view real time meal account balances which are updated every 10 minutes. You will also be able to view a history of the last 10 serving days. You can access this by visiting EZSchoolPay.com and registering your parent account, then linking your student to the account. You will need your student's I.D. # to set up their EZSchool Pay account. Through the EZSchoolPay.com you will also be able to pay on your students account on line. To access this feature you have toay a transaction service bank fee. Another service that is offered is linking all accounts in your family together as a family account. You can contact the GCT Food Service office at 870-215-4417 or the computer person in the cafeteria where your students are served and the staff members will set up the linked family account for you. With a joint family account, all of your students will share one account and one balance. You can send one payment with whichever student you chose to be deposited into the family account or pay online. You will have only one account to keep up with. Please contact the Food Service Department with any questions you may have about this service.

Meal Charges
The Greene County Tech School District will allow staff or students to charge up to 75 dollars for meals, a la carte, or other food and beverage items available for purchase in the school food service area. In the event an account

reaches excess of the charge limit, parents of students with excessive charges will be contacted by authorized District personnel regarding the student account. Parents will be encouraged to:

- Fill out necessary Federal Assistance documentation if not already on file
- Sign up for EZSchoolPay.com for easy access to account balances if not already enrolled
- Work out a payment plan for the excess charges and make necessary arrangements for the student to be allowed to continue in the meal service program.

The food service department sends weekly payment reminders home with each student. Balances may be seen in real time using the EZSchool Pay app mentioned above. It is the parent/guardian's responsibility to see that the weekly statements are reviewed and the balance is kept current. Failure to do so could result in your account being turned over to a collection agency and filed in small claims court.

Meal Substitutions

The Food Service Department is required to have a School Meal Certification of Disability completed by your physician if your child requires a substitute of any type of food. The only type of substitutions that can be provided must be for LIFE THREATENING situations.

BUS PASSES/CAR LINE

An example of a written note follows:

A student going home with another student, or getting off the bus at a nonscheduled location must obtain a bus pass from the office, or homeroom teacher first thing in the morning. A bus pass will

Date _____Please send my child

(Student's Name)

(Grade/ Teacher's Class) Address to be dropped off

Parent's Phone Number: _____

Parents Signature_____

not be issued unless a student has a note from his/her parent/guardian. A written note from the parent or guardian is required any time a student wishes to change the normal method of transportation to or from school. If a student normally rides the bus and wishes to be placed in the car line a written note should be provided by the parent or guardian. A student must have a written note to change from a car rider to a bus rider in the afternoon. For security reasons, GCT strongly discourages

phone requests for bus passes or requests to place students in the car line. Photo identification may be required by parents/guardians prior to students being placed in car line and necessary documents signed in the principal's office.

Your understanding is very much appreciated. The Greene County Tech School District staff does everything they can to encourage parents to follow the parking lot rules and maximize the flow of traffic. The staff knows that parent's time is precious, and the safety of every student is their first priority. Please remember that the use of cell phones is prohibited while driving on any of the GCT Campuses. Legal Reference 27-51-1609.

CELL PHONES IN SCHOOL ZONES

Utilizing mobile devices in the car line is unacceptable and dangerous.

The contesting individual may present a copy of the form to the principal and request a conference be held at a time of mutual convenience. Prior to the conference, the principal shall consult with the teacher regarding the contested material. The Superintendent shall present the contesting individual's Challenge to Instructional Material form to the Board at the next regularly scheduled meeting along with the written responses to the challenge. The Board may elect, if it so chooses, to hear brief verbal presentations from the parties involved in the challenge.
The Board shall decide at that meeting or their next regularly scheduled meeting whether to retain the material, limit the availability of the material, or remove the material from the school. The Board's primary consideration in reaching its decision shall be if the instructional and supplemental materials, including classroom events or activities associated with classroom instruction, are:

1 Misleading;
2. Factually inaccurate; or
3. Otherwise inappropriate for the intended educational use.

In addition to the notification requirements under Policy 5.5 and all other challenge rights under this policy, parents and legal guardians may opt their students out of any of the following by submission of form 5.6F2 regardless of whether any of the listed items are offered as part of a sex education class or program or as part of any other class, activity, or program except when the item is directly related to a requirement under the Arkansas academic standards; a District employee is responding to questions posed by students during class regarding sex education, sexual orientation, or gender identity as it relates to a topic of instruction; or a District employee refers to the sexual orientation or gender identity of a historical person, group, or public figure when such information provides necessary context in relation to a topic of instruction:

2. Only classes taught by GCT instructors will be included in the total grade point calculation.
3. Grade points will be calculated based on the grade received each semester in non-weighted (regular courses) and weighted courses.

COMMUNICATION GOALS

The single most significant factor in student achievement is the teacher. The teacher's effectiveness is greatly enhanced when supported by the school community as a whole, the student's home, and the community at large.

The Arkansas General Assembly and the Division of Elementary and Secondary Education (DESE) have demonstrated their understanding of the importance of involving such groups by repeatedly mandating their inclusion in the educational system and process. Communication with staff, parents, grandparents, legal guardians, business, and community members is fundamental to increasing their concern for, and involvement in, raising student achievement.

Communication should be two-way between the District and the public. The communications program shall strive to:

- Increase mutual understanding, trust, and support between the District and parents, business, and the community as a whole;
- Keep District staff regularly informed of upcoming District programs and events as well as noteworthy staff and student accomplishments to enable all the staff to help promote positive public relations;
- Create and disseminate brochures, flyers, and fact sheets that will help parents and community members better understand school policies and procedures and acquaint them with areas where their volunteer services are most needed;
- Inform legislators of the accomplishments of the District's students and staff, as well as how proposed legislation could affect the district;
- Maintain good relations with the news media and provide the media with pertinent news releases; and

- Increase the participation of parents, grandparents, legal guardians, business, and community members in school activities and programs.

The Board will appoint committees, when appropriate, to help the District examine issues facing it. Such committees may include members of the public, students, parents, and school employees, as well as members of the Board. Members may serve until the committee makes its non-binding recommendations to the Board.

Any committee, which includes among its members a member of the School Board, shall operate according to the requirements of the Arkansas Freedom of Information Act. The District's Board of Directors shall hold a meeting by October 15 of each year to provide a report that systematically explains the District's policies, programs, and goals to the community. The District's report shall detail the progress of the District and the District's schools toward accomplishing program goals, accreditation standards, and proposals to correct any deficiencies. The report shall be made available to the public, including by posting a copy on the District's website under State-Required Information no later than ten (10) days following the meeting. The meeting shall provide parents and other members of the community the opportunity to ask questions and make suggestions concerning the District's program. COMMUNITY SERVICE LEARNING (CSL)

The Greene County Tech School District secured approval by the Arkansas Department of Education to offer a Community Service Learning Program for Students who meet certain guidelines to receive credit for Community Service Learning Activities (CSL). Community Service Learning (CSL) is an approach to teaching and learning in which students use academic knowledge and skills to address genuine community needs. Please see a copy to the link below for the Greene County Tech Community Services (CSL) state approved plan.

Community Service is more than just volunteering. Act 648 of 1993 was written to develop a spirit of civic engagement and volunteerism. It allows students in grades nine (9) through twelve (12) who have completed 75 hours of Community Service Learning (CSL) to earn one (1) academic career focus credit toward graduation with appropriate documentation. The course code to be used will be 496010. This is a credit, not a graded course, and the course WILL NOT be calculated in the students GPA or used for Class Rank in the Total Points System. No ½ units of career focus academic credit will be award for CSL, as only one (1) full credit will be awarded for students documenting 75 hours of approved CSL service between 9th and 12th grade. The GCT School District may certify CSL projects if staff personnel is in attendance while students are completing the CSL activity. If the school does not provide a staff person to be in attendance, then the CSL sponsoring organization must be approved by the State Board of Education and local school board to certify and verify hours for CSL credit. The CSL activities do not have to be in one organization or served consecutively, as a total of 75 service hours that are verified between the 9th and 12th grade will be accepted. Partnering agencies must be both GCT School board approved and state board approved as the requesting forms are on the district's web page.

Community Service Learning (CSL) includes the fundamental skills essential for success in employment, college, family, and community life. The CSL standards are listed below with a link to the document. The CSL standards will be most meaningful when demonstrated through integrated, interdisciplinary approaches and hands-on activities such as accomplish a task or discovering a solution to a problem in the classroom or career-related experiences.

Students who wish to participate in the CSL program will fill out a Community Services Learning (CSL) Planning form with the link listed below. The student, parent, CSL Coordinator, and partnering agency must agree for the student to participate in the CSL Learning. CSL student Planning forms may be returned to the
GCT CSL Coordinator, Ray Stricker (Ray.Stricker@gctsd.k12.ar.us)
GCT High School
4601 Linwood Drive
Paragould, AR 72450
Phone 870-215-4460
Please no faxed forms

When a student is placed with an organization, agency, or site to participate in CSL activities, a Community Service Letter of agreement must be signed by the student, parent/guardian, local school and the volunteer site. A copy of the Service Letter Agreement is found on the district's website.

Once placed in a Community Learning Service organization, agency, or site, each student will fill out a Student Volunteer Informational sheet that will be on file in the CSL Coordinator's office and will be sent to the partner organization, agency, site, or certified faculty member who is supervising the volunteer activity. Student will fill out a copy of the Volunteer Student Inforamtion form that is located on the district's website.

Students who participate in Community Service Learning (CSL) will be required to document time on the CSL Time Log Sheet that will require signatures and contact information along with a description of the activity or task performed. See link below for a copy of the form. Students must document a total of 75 hours between the 9th and 12th grades in order to receive the one (1) academic career focus credit toward graduation.

Students who participate in Community Service Learning (CSL) will be required to turn in a reflection form for each service learning activity that they participate in. Students will complete a set of six (6) reflective and thought evoking questions and will then be expected to formulate a written summary of their CSL experience. Student time log and reflection forms are located on the district's web site.

Careful evaluation of the continuing success of the Community Service Learning (CSL) program is a goal of the Greene County Tech School District. There is an evaluation form for students to fill out at the end of a CSL volunteer activity and there is also a form for the approved organization, agency, site, and faculty member to fill out on the CSL experience with students. All evaluation forms are located on the district's web page. The goal of continuous improvement will foster the continued success of the Community Service Learning (CSL) program in the Greene County Tech School District.

COMPUTER SCIENCE COURSE PREREQUISITES AND PROGRESSION

Traditional Progression

A student who has not previously received a computer science credit may elect to take an introductory level computer science course. A student who passes a computer science course level is eligible to take the next level computer science course in the same computer science course emphasis.

Alternative Progression

A student who does not have credit for any computer science course, the introductory level computer science course for the particular computer science emphasis, or the preceding level course for the computer science emphasis may be placed in a computer science course based on any combination of the following factors:

- The student's grade point average;
- Recommendation from the student's teacher(s);

COMPUTER SCIENCE INTERNSHIPS AND INDEPENDENT STUDIES

Internships

The Board of Directors believes that students who intend to begin careers immediately upon high school graduation or intend to complete post-secondary training prior to starting a career can benefit from an internship experience. The desired outcomes of the District's internship program include students advancing computer science skills, sharpening soft-skills, and learning new skills while in a workplace environment. The internship program provides intense, competency-based worksite immersion in advanced computer science concepts while linking the internship participants to current resources, information, and guidance from computing professionals.

Students who wish to participate in the internship program shall submit an application to the High SchoolAdministration. In order for a student to be eligible to participate in the internship program, the student must have:

1. Received enough credits to qualify as a junior;
2. Either:
   - Have at least one (1) credit from an DESE approved computer science / course; or
   - Submit computer science work product that satisfactorily demonstrates the competencies expected within the Division of Elementary and Secondary Education (DESE) Computer Science Standards to High School Administration; and
3. At least a 3.0 GPA.

The student participating in an internship program is responsible for making sure the High

School Administration receives documentation authenticated by the student's supervisor of the hours worked by the student, proof of the student having completed projects, and regular evaluations of the student's work by the student's internship supervisor.

A student who completes a computer science internship shall receive credit for the internship as a Computer Science Flex Credit based on the amount of documented on-the-job work hours as follows:

a. Half (1/2) credit for completing sixty (60) on-the-job work hours; or
b. One (1) credit for completing one hundred twenty (120) on-the-job work hours.

Independent Studies

A Computer Science Independent Study Program shall be designed to enrich the student's computer science educational experience. A student who desires to complete an independent study shall:

1. Either:
   - Have at least one (1) credit from an DESE approved computer science course; or
   - Submit computer science work product that satisfactorily demonstrates the competencies expected within the DESE Computer Science Standards to a local advisor;
2. Develop an educational plan that is tied directly to extending the computer science concepts found within:
   - The most current revision of the Arkansas High School Computer Science Standards;
   - College Board AP Computer Science Principles or A; and/or
   - IB Computer Science SL or HL;
3. Submit the study plan to a local advisor for approval;
4. Have at least a 3.0 GPA; and
5. Produce a final product for presentation.

The advisor is responsible for reviewing, monitoring, and approving the student's study plan. The study plan should include anticipated objectives that allow the advisor to evaluate the student's study progress. The student is responsible for submitting regular written reports to the advisor concerning the student's progress towards the student's independent study goals.

The student's hours of study shall be documented by the most appropriate of the following methods:

- Being assigned a class period during the instructional day that is dedicated to the student's independent study;
- Using the District's system to track student time for digital courses if the student's attendance and assignments are through a digital classroom; and
- Using another hour tracking system approved by the district Superintendent that provides or accurate tracking of hours and provides safeguards against improper reporting by the student.

A student who completes a computer science independent study shall receive credit for the independent study as a Computer Science Flex Credit based on the amount of documented study hours as follows:

a. Half (1/2) credit for completing sixty (60) study hours; or
b. One (1) credit for completing one hundred twenty (120) study hours.

CONCURRENT CREDIT

A ninth (9th) through twelfth (12th) grade student who successfully completes a college course(s) from an institution approved by the Division of Elementary and Secondary Education (DESE) shall be given credit toward high school grades and graduation at the rate of one (1) high school unit for each three (3) semester hours of college credit. Unless approved by the school's principal, prior to enrolling for the course, the concurrent credit shall be applied toward the student's graduation requirements as an elective.

As permitted by the DESE Rules Governing Grading and Course Credit a student who takes a three (3) semester hour remedial/developmental education course, shall receive a half (1/2) credit for a high school career focus elective. The remedial/developmental education course cannot be used to meet the core subject area/unit requirements in English and mathematics.

Participation in the concurrent high school and college credit program must be documented by a written agreement between:

- The student;
- The student's parent(s) or legal guardian(s) if the student is under the age of eighteen (18):
- The District; and

- The publicly supported community college, technical college, four-year college or university, or private institution of higher eduction the student attends to take the concurrent credit course.

Students are responsible for having the transcript for the concurrent credit course(s) they've taken sent to their school in order to receive credit for the course(s). Credit for concurrent credit courses will not be given until a transcript is received. Students may not receive credit for the course(s) they took or the credit may be delayed if the transcripts are not received at all or in a timely manner.. This may jeopardize students' eligibility for extracurricular activities or, graduation. Students will retain credit earned through the concurrent credit program which was applied toward a course required for high school graduation from a previously attended, accredited, public school.

A student eligible to receive free or reduced price meals shall not be responsible for any of the costs for the student's first six (6) concurrent credit hours so long as the concurrent credit courses are taught on the District grounds and by a teacher employed by the District. Any and all costs of concurrent credit courses beyond the six (6) hours permitted, that are not taught on the District's campus, or are not taught by a teacher employed by the District are the responsibility of the student. Students who are not eligible to receive free or reduced price meals are responsible for any and all costs associated with concurrent credit courses.

Credit for the endorsed concurrent enrollment course may only be awarded by the institution of higher education offering the course. Legal Reference: A.C.A. § 6-15-902(c)(2), A.C.A. § 6-16-1201 et seq.. ACA 6-18-22, DESE Rules Governing Grading and Course Credit.

CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY

The District's Student Code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District's Student Code of Conduct.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District's Student Code of Conduct, the student's bus transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

Students are eligible to receive district bus transportation if they follow the district's transportation rules. The transportation to and from school of students who have lost their bus transportation privileges is the responsibility of the student's parent or guardian.

Parents of "SCHOOL CHOICE" students are responsible for their own transportation to and from school.

All students who use school buses, either regularly or occasionally, should be familiar with the following rules. These rules apply to all schools in the Greene County Tech School District.

RIDING A BUS SHOULD BE REGARDED AS A PRIVILEGE NOT A RIGHT

Students must ride Greene County Tech provided transportation to off campus events to be eligible to participate. Students may ride with his/her parent only after the event is over and after proper written permission has been delivered to the appropriate event sponsor. In the event of extenuating circumstances, parents may seek alternative arrangements may contact the specific building level administrator. Students are considered in school (class) and from the time they reach the bus stop in the morning until they are let off the bus in the afternoon. Students should be at the bus stop at the scheduled time. Stand back about 10 feet from the bus stop and wait until the door is opened prior to moving closer to the bus. Do not play on the highway or road. If a student misses the bus, do not attempt to hitch hike a ride to or from school.

While loading and unloading, enter or leave the bus orderly and quickly. While riding the bus, students are under the supervision of the driver and must obey the driver at all items. Students are expected to conduct themselves in a manner such that they will not distract the attention of
the driver or disturb other riders on the bus (which includes keeping your hands to yourself, being reasonably quite, attending to your own business, and leaving other students alone).

Students are not to tamper with any of the safety devices such as door latches, fire extinguishers, and etc. Students must remain in assigned seats while the bus is in motion and must not move seats unless the bus is stopped and permission is granted by the driver. Nuisance items are not permitted and include: knives, sharp objects of any kind, pets, other living items, firearms, and etc. Students are not to put their hands, arms, heads or bodies out of the window.

Students are not to yell at anyone outside of the bus. Students are not to deface the bus or any school property. Students are not to write on the bus or damage seats. Students should not throw paper, food or other objects on the floor of the bus or out of the bus windows. Students are not to eat on the bus. No smoking is allowed at any time on a school bus.

The aisle of the bus should be kept clear at all times from books, lunches, coats, and feet, which should not be in the aisles at any time. Students should not ask the driver to let them off the bus at any other stop than the designated stop unless a written bus note from the principal's office is provided. If students must cross the road or highway to enter the

bus, they should try to be on the right side of the road while waiting for the bus. If a student should arrive at the stop just as the bus approaches the stop, students should wait until the bus has come to a complete stop and then the driver has signaled to cross in front of the bus. Students who must cross the road after leaving the bus in the afternoon must cross the road only after the driver has signaled to do so. Students cannot ride any other bus except their own. Permission must be secured from the principal's office in the form of a bus pass, should a student need to get off at an alternate location. This statement does not cover all of the do's and don't s, but is a very specific guide. The driver may find it necessary to interpret these policies in light of specific bus route needs.

General Bus Rules:

1) Obey instruction of drivers at all times.
2) Stay in assigned seat facing front of bus at all times.
3) Keep hands, feet, and other objects to yourself
4) Noise should be kept at a low classroom voice.
5) Be at bus stop at assigned time, students wait on buses, buses do not wait on students.

"The administration may exercise more extreme action in situations where student misconduct on school district buses negatively impacts the learning environment of the regular school day. For example, just suspending a student from the bus for bullying another student will not protect the victim from being bullied during the regular school day. Therefore, more serious infractions, such as bullying, must be addressed as a violation of school rules and not just a violation of bus rules." CONTACT WITH STUDENTS WHILE AT SCHOOL

CONTACT BY PARENTS: Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal.

Arkansas law provides that, In order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District's schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation. The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student's building principal. Unless a valid no-contact order has been filed with the student's principal or the principal's designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Division of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student is above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control of the student or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer,

an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Division of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

Contact by Professional Licensure Standards Board Investigators

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

SOLICITATION-

Safeguarding students from solicitation is a top priority. Outside organizations shall not be permitted to solicit, advertise, or sell goods or services though the schools of the district unless permission is granted from the building principal and superintendent in writing. Commercial advertising will not be allowed in the schools or any purposes except as directed by the superintendent of schools.. Participation in any fund raising or charity drive sponsored by the school or outside agency shall be entirely voluntary as far as each student is concerned. There shall be no cause for embarrassment to those who do not or cannot participate or contribute. All fundraising and charity drives sponsored by a school must receive the approval of the principal and or superintendent. CORPORAL PUNISHMENT

The Greene County Tech School Board directs corporal punishment may be used as a student disciplinary measure by licensed personnel as a condition of their employment. When it deems necessary and administered as follows:
Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.
All corporal punishment shall be administered privately, i.e. out of the sight and hearing of other students, shall not be excessive, or administered with malice, and shall be administered in the presence of another school administrator or designee who shall be a certified licensed staff member employed by the District:

1. The student must have had prior warning that a continuation or repetition of misconduct would result in corporal punishment.
2. The employee wishing to administer corporal punishment must have verified that the parents/guardians have not filed a written request with the principal requesting that their children not receive corporal punishment. In the event that such a request has been filed, an alternate disciplinary action will be taken. The alternative may be suspension from school.
3. Licensed staff members must have an administrator witness and hear the nature of the offense in the presence of the student, and the student given opportunity to explain the reason for his/her actions or to deny the charges.
4. Student refusal to accept corporal punishment may result in suspension.
5. Inflicting unusual or cruel punishment, striking any part of the head of the student, administering the punishment in a spirit of anger or malice, administering the punishment in the presence of other students and the punishment to a student dressed in other than regular school clothes are forbidden.
6. A written report giving reason for the punishment given by the employee administering the punishment and by the witness will be filed in the principal's office immediately following the punishment.
7. The parent/guardian, upon request, will be provided a written explanation by the employee administering the punishment of the reason for punishment and name of the witness.
8. Parent or guardians who choose corporal punishment not be administered to their child(ren) must deliver personally their written request of the principal of the school. In those cases, an alternative disciplinary action, which may include suspension, will be taken.
9. Students shall not receive an excessive amount of corporal punishment during a school year. After it has been determined that corporal punishment is not a deterrent, the student will be placed in I.S.S.

Corporal punishment shall not be used as a form of discipline for a student who is intellectually disabled, non-ambulatory, non-verbal, or autistic Legal Reference: A.C.A. § 6-18-503 (b)

CORRESPONDENCE COURSES

Final grades for all correspondence courses should be in the counselor's office by May 1st to be considered for

graduation. Correspondence courses are accepted at Greene County Tech High School provided they are pre-approved. Approved courses will be added to student's transcript and averaged into GPA after receiving documentation of final grade.

CRISIS/BUILDING LOCKDOWN DRILLS

One type of emergency that our school may face is a threat posed by an intruder or emergency situation outside the school that prevents the evacuation of students from the building. In these situations, we should be prepared to take steps to isolate students, faculty and staff from danger by instituting a school lockdown.
Two times each year, once during the 1st semester and once during the 2nd semester, a lockdown drill will be held to help students understand what needs to take place in case the elementary school goes into lockdown.

In general, there are two main lockdown situations:
1. Soft Lockdown: There is an incident outside the building that does not warrant a full lockdown but caution needs to be taken. Example, A incident involving law enforcement may be taking place in or around property connected to or in close proximity to the GCT campus.
2. Lockdown: The threat of intruder is outside/inside the building.

1. Suggested Soft Lockdown Procedures

The following procedures should be followed when an incident is outside of the school building:

- Building administrator orders and announces "soft lockdown." Be direct. DO NOT USE CODES. This announcement should be repeated several times.
- Lock all EXTERIOR doors.
- Direct students to continue a normal routine but move away from exterior windows and doors.
- **No one should be allowed to enter or exit the building during a Soft Lockdown.**
- Clear hallways and restrooms.
- Secure and cover classroom windows (close window blinds).
- Building administrator will continue to monitor incident outside along with building SRO/law enforcement and update the building on incident as needed.
- Take attendance of students in each classroom.
    a. Teachers should prepare a list of missing and extra students in the room.
    b. Teachers should take this list with them once they are directed to leave the classroom.
- Students remain in the classroom they are currently in when lockdown is called unless directed otherwise by building administrator.
- Once the threat has subsided, the building administrator announces "all clear."

2. Suggested Lockdown Procedures

The following procedures should be followed when the threat or intruder is outside/inside of the school building:

- Building administrator orders and announces "lockdown or lockdown with intruder." Be direct. DO NOT USE CODES. This announcement should be repeated several times.
- Immediately direct all students, staff, and visitors into the nearest classroom or secured space.

    b. Teachers should prepare to take this list with them once they are directed to leave the classroom.
- DO NOT respond to anyone at the door until "all clear" is announced.
- Keep out of sight.
- Be prepared to ignore any fire alarm activation, as the school will not be evacuated using this method.
- When or if students are moved out of the classroom, assist them in moving as quietly and quickly as possible.
- When the threat is over/the intruder has left the building, the building administratorannounces "all clear."

CURRICULUM DEVELOPMENT

Sequential curricula should be developed for each subject area. Curricula are to be aligned with the curriculum frameworks and used to plan instruction leading to student proficiency on the Arkansas' Academic standards. Curricula should be in alignment with the District's vision, mission, goals, and educational philosophy. Student achievement is increased through an integrated curriculum that promotes continuity and a growth in skills and knowledge from grade to grade and from school to school. Therefore, the Board desires that unnecessary duplication of work among the various grades and schools be eliminated and that courses of study and their corresponding content guides be coordinated effectively. The Board of Education is responsible for reviewing and approving all instructional programs offered by the District as well as approving significant changes to courses or course materials before they are implemented. The Superintendent is responsible for making curriculum recommendations.

Each school shall review each curriculum area annually to address the continued relevancy, adequacy, and cost effectiveness of individual courses and instructional programs and to ensure each area is aligned with the current curriculum frameworks and course content standards approved by the State Board of Education, Each school's administration shall implement a monitoring process to ensure that the instructional content of each course offered is consistent with the content standards and curriculum frameworks approved by the State Board of Education.

The District shall not purchase curriculum for the District's reading program that is not from the list of curricula approved by the Division of Elementary and Secondary Education. "Digital Learning" means a digital technology or internet-based educational delivery model that does not rely exclusively on compressed interactive video (CIV). Digital learning includes online and blended learning.

"Instructional Materials" means:

1. Traditional books, textbooks, and trade books in printed and bound form;
2. Activity-oriented programs that may include:
   a. Manipulatives;
   b. Hand-held calculators;
   c. Other hands-on materials; and
3. Technology-based materials that require the use of electronic equipment in order to be used in the learning process.

"Online Learning" is education in which instruction and content are delivered primarily over the Internet. The term does not include print-based correspondence education, broadcast television or radio, videocassettes, compact disks and stand-alone educational software programs that do not have a significant Internet-based instructional component.

Digital Course Offerings

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format and shall be tailored to meet the needs of each student.

All digitally offered courses shall meet or exceed the State Board of Education's curriculum standards and requirements and be capable of being assessed and measured through standardized or local assessments. Additionally, the District shall ensure there is sufficient infrastructure to handle and facilitate a quality digital learning environment.

As an approved digital learning provider, the District shall annually determine what District created digital learning courses it will provide to students. The District may also choose to provide digital learning courses by contracting with outside providers of such courses, who have been pre-approved by the Division of Elementary and Secondary Education (DESE). The School Board shall determine the provider method or combination of methods for the District. The Superintendent shall ensure that all digital learning courses provided to District students, regardless of the source of the course, have been approved by DESE

The incoming Freshmen class of 2015-2016 and classes that follow will be required to take the digital learning class prior to graduation. Students who wish to take additional digitial learning classes must obtain prior permission from the high school principal for permission and to make scheduleing arangements. Legal References: Regardless of any other provisions of this policy, the District may restrict a student's access to digital courses when the student's building principal determines the student's participation in such a course would not be academically appropriate based on the student's past performance in digital courses. Furthermore, the student's building principal may revoke a student's eligibility to continue taking a digital learning course if the student's performance during the semester indicates the student is not succeeding in the course A.C.A. § 6-16-1401 et seq., DESE Rules Governing Distance and Digital Learning A.C.A. § 6-18-213, A.C.A. § 6-18-222, and A.C.A. § 6-28-109

DISCIPLINE FOR STUDENTS WITH DISABILITIES

Under the Individuals with Disabilities Education Act (IDEA), Public Law (PL) 94-142

1. Students with disabilities who engage in misconduct are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to a free appropriate public education (FAPE).
2. For students whose disabilities have behavioral aspects, preventive measures, such as behavioral management plans, should be considered and can be facilitated through the individualized education program (IEP) and placement processes required by IDEA. While there is no requirement that such measures be specified in a student's IEP, the IEP committee for a student with identified disabilities could determine that it would be appropriate to address the use of specific behavioral management and/or discipline procedures in individual situations involving that student and include them in the IEP
3. Where in-school discipline or short-term suspension [ten (10) school days or less] is involved a school may remove a student with disabilities for a disciplinary infraction without it being considered a change of placement, and IDEA's parent-notification provisions would not apply. Also, there is no requirement for a prior determination of whether the student's misconduct was a manifestation of the student's disability. Schools may remove any student with disabilities for a disciplinary infraction **for up to 10 school days per offense**. During a period of short-term exclusion, schools are not required to provide any educational services to the student.

4. For a student with disabilities, an exclusion from school for more than 10 consecutive school days (long-term exclusion) constitutes a change in placement and is subject to procedural safeguards. IDEA requires, among other things, that parents be given written notice before a change in placement can be implemented.
5. A series of short-term suspensions in the same school year could constitute a change in placement. Factors such as the length of each suspension, the total amount of time that the student is excluded from school, and the proximity of the suspensions to each other should be considered in determining whether the student has been excluded from school to such an extent that there has been a change in placement. This determination must be made on a case-by-case basis.
6. For a student with disabilities, a suspension or other disciplinary removal for more than 10 consecutive school days may not be considered without the school district first determining whether the student's misconduct was a manifestation of the student's disability or due to an inappropriate placement.
7. This determination must be made by a group of persons knowledgeable about the student (such as his/her IEP committee), and may not be made unilaterally by one individual.
    a. If the student's misconduct WAS NOT a manifestation of his/her disability or an inappropriate placement, the school district may expel or suspend the student from school for more than ten school days, subject to conditions set forth in the procedural safeguards of IDEA.
    b. If the student's misconduct WAS a manifestation of his/her disability or an inappropriate placement, the student may not be expelled or suspended from school for more than ten school days for the misconduct. However, other procedures may be used to address the student's misconduct. A change in placement, if determined appropriate, could be implemented subject to applicable procedural safeguards. The school district would also have the option of suspending the student from school for ten days or less, or seeking a court order at any time to remove the student from school or to change the student's placement if it believes that maintaining the student in the current placement is substantially likely to result in injury to the student or to others.
8. If the suspension or other disciplinary removal of the student is for more than 10 school days, within the first 10 days of suspension the district should convene the student's IEP committee to review: (1) the relationship between the student's disability and the student's misconduct; (2) the relationship between the student's educational placement and the misconduct; and (3) the student's IEP and determine whether implementation of a behavioral management plan and/or a change in the educational placement of the student is appropriate. The district should seek to obtain parental agreement to a change in the student's IEP and/or educational placement. The student's parents must be provided with written prior notice a reasonable time before the school implements any changes in the student's IEP and corresponding placement, including their right to a due process hearing.
9. If the student's parents request a due process hearing on the proposal to change the student's IEP or placement, the school district may seek to persuade the parents to agree to an interim placement for the student while due process proceedings are pending. If the school district and parents cannot agree on an interim placement for the student while the due process hearing is pending, and the school district believes that maintaining the student in the current educational placement is substantially likely to result in injury to the student or to others, the school district could seek a court order to remove the student from school.
10. If a student's parents initiate an impartial due process hearing in connection with a proposed disciplinary exclusion or other change in placement, and the misconduct does not involve the bringing of a firearm, or "dangerous weapon" to school, the "*pendency*" or "*stay put*" provision of IDEA requires that the student must remain in his or her current educational placement until the completion of all proceedings. If the parents and school district can agree on an interim placement, the student would be entitled to remain in that placement until the completion of all proceedings.
11. For a student not previously identified by the school district as a student potentially in need of special education, a parental request for evaluation or a request for a due process hearing or other appeal AFTER disciplinary suspension or expulsion has commenced DOES NOT obligate the school district to reinstate the student's prior in-school status. This is because in accordance with the "stay-put" provision of IDEA, the student's "then current placement" is the out-of-school place. After the disciplinary sanction is completed, if the resolution of the due process hearing is still pending, the student must be returned to school as would a non-disabled student in similar circumstances.
12. A school district may seek a court order at any time to remove any student with disabilities from school or change the student's current educational placement if the school district believes that maintaining the student in the current educational placement is substantially likely to result in injury to the student or to others. See the commentary, which follows for an additional requirement for Arkansas schools as a result of case law.
13. Under IDEA, school districts must ensure that FAPE is made available when a student is suspended for more than ten school days or expelled for misconduct that was not a manifestation of his/her disability therefore, educational services must continue for these students during periods of disciplinary removal that exceed 10 school days.

14. Any student who has been enrolled in a state accredited or state-approved kindergarten program (a pre-kindergarten program that is accredited and quality approved by the Department of Human Services Division of Child Care and Early Childhood Education) in state for at least 100 days or in another state for at least (60) days, who will be five (5) years old during the year in which he or she is enrolled in kindergarten, and who meet the basic residency requirement for school attendance shall be enrolled in kindergarten upon written request. Parents or eligible students should submit to the School principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school will forward records to other schools upon enrollment requests.

(4) The right to file a complaint with the U. S. Department of Education concerning alleged failures by the *School District* to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U. S. Department of Education

Directory Information Family Educational Rights and Privacy Act (FERPA)

The *Family Educational Rights and Privacy Act (FERPA),* a Federal law, requires that the Greene County Tech School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the Greene County Tech School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Greene County Tech School District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists, including special awards;

- Sports activity sheets

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965 (ESEA)* to provide military recruiters, upon request, with three directory information categories – name, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.[1] ([1]These laws are: Section 9528 of the ESEA (20 U.S.C. 7908), as amended by the *No Child Left Behind Act of 2001* (P.L. 107-110), the education bill, and 10 U.S.C. 503, as amended by section 544, the *National Defense Authorization Act for Fiscal Year 2002* (P.L. 107-107), the legislation that provides funding for the Nation's armed forces.)

If you do not want the Greene County Tech School District to disclose directory information from your child's education records without your prior written consent, you must fill out the objection form in the front of the student handbook and return the first week of school. Greene County Tech School District has designated the following information as directory information:

-Student's name
-Address
-Telephone listing
-Photograph -Grade level
-Participation in officially recognized activities, sports, and clubs
-The most recent educational agency or institution attended
-Degrees, honors, and awards received
-Dates of attendance

The Greene County Tech School District has a very economical and nutritious lunch program. Students are encouraged to eat a good, well-rounded meal each day in the cafeteria. Parents and guests are welcome to eat lunch with students. Parents and guests may bring food in the building for breakfast/lunch for their child only.

Each student will have a breakfast/lunch account.

Students housed in GCT Primary School will be issued a breakfast/lunch card the first day of school. The card will be scanned by computer and the price of the meal will be deducted from the student's account. The student must be present to present the card to the computer operator. Regular pay and Federal Assistance cards are identical in appearance.

Students housed in the Elementary, Intermediate, Middle School, Jr. High and Sr. High will use a key pad system to enter his/her own I.D. number. This number is the student's school I.D. number which follows the 2807. As with the cards, the price of the meal will be deducted from the student's account.

Meal Payment

Meals, a la carte, or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by prepaying the student's account. Staff and parents, or students, may pay for meals, a la carte, or other food and beverage items through either of the following methods:

- Providing cash or check to be deposited into the students account.
- Depositing funds through the District's online service EZSchoolPay.com. This is a free service offered to help both schools and parents. Parents will be able to view real time meal account balances which are updated every 10 minutes. You will also be able to view a history of the last 10 serving days. You can access this by visiting EZSchoolPay.com and registering your parent account, then linking your student to the account. You will need your student's I.D. # to set up their EZSchoolPay account. Through the EZSchoolPay.com you will also be able to pay on your students account on line. To access this feature you have to pay a transaction service bank fee. Another service that is offered is linking all accounts in your family together as a family account. You can contact the GCT Food Service office at 870-215-4417 or the computer person in the cafeteria where your students are served and the staff members will set up the linked family account for you. With a joint family account, all of your students will share one account and one balance. You can send one payment with whichever student you chose to be deposited into the family account or pay online. You will have only one account to keep up with. Please contact the Food Service Department with any questions you may have about this service.

Meal Charges

The Greene County Tech School District will allow staff or students to charge up to 75 dollars for meals, a la carte, or other food and beverage items available for purchase in the school food service area. In the event an account reaches excess of the charge limit, parents of students with excessive charges will be contacted by authorized District personnel regarding the student account. Parents will be encouraged to:

- Fill out necessary Federal Assistance documentation if not already on file
- Sign up for EZSchoolPay.com for easy access to account balances if not already enrolled
- Work out a payment plan for the excess charges and make necessary arrangements for the student to be allowed to continue in the meal service program.

The food service department sends weekly payment reminders home with each student. Balances may be seen in real time using the EZSchoolPay app mentioned above. It is the parent/guardian's responsibility to see that the weekly statements are reviewed and the balance is kept current. Failure to do so could result in your account being turned over to a collection agency and filed in small claims court.

Meal Substitutions
The Food Service Department is required to have a School Meal Certification of Disability completed by your physician if your child requires a substitute of any type of food. The only type of substitutions that can be provided must be for LIFE THREATENING situations.

FOOD SHARING AND ITS REMOVAL FROM FOOD SERVICE AREA
Food Sharing Table

In an effort to reduce wasted food and to provide students access to healthy foods when possible, the District shall have in the district cafeteria a food sharing table located at the end of the service line. Prior to leaving the service line, students may place on or retrieve items from the table, at no additional charge, any of the following:

- Raw whole fruit traditionally eaten without the peel (e.g. bananas and oranges);
- Raw whole fruit traditionally eaten with the peel provided the fruit is wrapped to prevent contamination (e.g. apples and grapes);
- Raw whole vegetables provided the vegetable is wrapped to prevent contamination (e.g. carrot sticks);
- Milk; and
- Juice.

Fruit and vegetables to be shared are to be placed into a designated container on the table. Milk and juice to be shared are to be placed in an ice-filled cooler. Milk and juice may not be taken by another student unless the carton is unopened and was completely covered by ice while in the cooler. A student may not return to the table to place an item for sharing after the student has left the service line.

At all times, the sharing table will be under the supervision of the food service staff. Remaining items should be discarded at the end of the meal period, and no item may remain on the table for longer than four (4) hours.

Removing Food Items From the Food Service Area

No student shall remove school provided food items from the food service area at the end of the meal period, especially milk, juice, or any other item requiring a temperature controlled environments.

Except for food service workers as required by their job duties, District employees may only remove school provided food items from the food service area when required by a 504 plan or a student's IEP.

FUND RAISING
All fund raising activities held in the District or in the name of the District must be pre-approved in writing by the Superintendent and school principal. Approval will be predicated on the potential for return relative to the time and energy to be invested in the fund raising. Fund raising that conflicts excessively with and/or detracts from student or teacher instructional time in either the planning or the execution of the activity will not be approved.

Door to door fundraising activities are generally discouraged. If approved, students wishing to participate who are under the age of eighteen (18) must return to their sponsor a signed parental notification and permission form. Neither an individual school nor the District shall be liable for any contract between clubs or organizations and third parties.
Student participation in any fund raising activity shall:

1) Be voluntary. Students who choose not to participate shall not forfeit any school privileges. It shall not be considered discriminatory to reward those who participate; and
2) Not influence or affect the student's grade.

Secondary Schools

Fund raising in the secondary schools may only be done by officially sanctioned student clubs, spirit groups, school PTAs, or parent booster clubs. Student clubs and spirit groups must receive written approval from their sponsor and the school principal before submitting the fund raising proposal to the Superintendent.

Elementary Schools (K-6)

Fund raising in the elementary schools may only be done by the school or a school sponsored organization. Door to door fundraising activities are generally discouraged, but there shall be no more than one such activity per school per school year. Schools must provide written notification of the following to parents or legal guardians of elementary students who participate in fund raising programs.

1) Student participation in fund raising programs is voluntary;
2) Students who do not participate will not forfeit any school privileges;
3) Students may not participate in fund raising programs without written parental permission returned to school authorities.

Online Fund Raisers

All school-affiliated online fund raisers must be approved by the superintendent, or the superintendent's designee. The superintendent, or the superintendent's designee, shall act as the point of contact for all school-affiliated online fund raisers. An employee may be disciplined, up to and including termination, if the employee establishes:

- A school-affiliated online fund raiser without the permission of the superintendent, or the superintendent's designee; or
- The employee as the point of contact for a school-affiliated fund raiser instead of the superintendent, or the superintendent's designee.

For purposes of this policy, a "school-affiliated online fund raiser" includes, but is not limited to, a fund raiser intended to raise funds for a particular teacher's classroom, grade, student club or organization, or athletic team. Legal References:A.C.A. § 6-18-1102, and A.C.A. § 6-18-1104

GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;
3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or
4. Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds. GIFTED AND TALENTED PROGRAM

PACE (Program for Academic /Creative Excellence)

Referrals:

Students may be referred to the PACE program by one or more of the following methods:

1. Teacher referral: Teacher should use the form available in the building principal's office
2. Parent referral: Parent should use the form available through the principal's office or by using the form obtained from the PACE Coordinator.
3. Achievement or ability test scores: All students' scores above the 90th percentile on the achievement tests and 115 and above the ability test scores will be considered by the staff team for the talent pool.
4. Other referrals: Referrals will be accepted from sources including, but not limited to, counselor, principal, and other community individuals.

IDENTIFICATION PROCESS

Students will be selected for the talent pool based on information obtained by referral. A staff team composed of the PACE teacher, building principal, one teacher, and one other staff member will determine, by using the referral and test score information, which students will be in the pool. Once in the talent pool, the student's parents are informed and permission is requested to administer future tests. All talent pool students will be given a test of creativity and an individual intelligence test. This test along with past performances will be considered in the final staffing. The team of talent pooled students will make up the final staffing team. The team will review information on students using, "blind staffing" technique. This technique will allow the team to look at each student without prejudice because a number will be assigned instead of using the student's name.

Students having the greatest needs as determined by the staffing team will be selected to participate in PACE. Their parents will be informed and permission requested for their participation.

GRADING

Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested

by parents, guardians, persons having lawful control of a student, persons standing in loco parentis, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each (9) nine-week grading period to keep parents/guardians informed of their student's progress.

The evaluation of each student's performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help effect academic improvement. Students' grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

The grades of a child in foster care shall not be lowered due to an absence from school due to:
(1) A change in the child's school enrollment;
(2) The child's attendance at a dependency-neglect court proceeding; or
(3) The child's attendance at court-ordered counseling or treatment.

Kindergarten student performance will be assessed according to the scale below:
P=Proficient
B= Basic
BB= Below Basic

The grading scale for all schools (Grades 1-12) in the district shall be as follows:

A =100 – 90	C = 79 – 70	F = 59 and below
B = 89 – 80	D = 69 – 60	

For the purpose of determining grade point averages, the numeric value of each letter grade shall be:

A = 4 points	C = 2 points	F = 0 points
B = 3 points	D = 1 point	

The grade point values for Advanced Placement (AP) approved courses for weighted credit, International Baccalaureate (IB), and approved honor courses shall be one (1) point greater than for regular courses with the exception that an F shall still be worth 0 points. Weighted credit/additional quality points(one point greater) for designated AP/IB and ADE approved honor courses will be contingent upon teacher completing training as required by the ADE, student being enrolled in class for the semester, and the student taking the applicable AP/IB examinations. There is an exception that an F shall still be worth zero (0) points.

The final grades of students who transfer in for part of a semester will be determined by blending the grades earned in the district with those earned outside the district. Each final grade will be the sum of the percentage of days in the grading period transferred from outside the district times the transferred grade from outside the district plus the percentage of days in the grading period while in the district times the grade earned in the district.

For example: The grading period had forty (40) days. A student transferred in with a grade of eight-three percent (83%) earned in ten (10) days at the previous school. The student had a grade of seventy five (75%) in our district's school earned in the remaining thirty (30) days of the grading period. Ten (10) days is twenty five (25%) of forty (40) days while Thirty (30) days is seventy five percent (75%) of forty (40) days. Thus the final grade would be (0.25 x 83) + (0.75x 75)= 77%.

Semester grades are to be given for all subjects in all grades. Upon successful completion of any academic class or subject with a grade of 60 or above, one half unit credit will be awarded for each semester in grades 9 through 12.

Graduation Policy: To participate in the graduation exercises, a student must have earned the required number of credits for graduation or only be ½ credit short. A student shall successfully complete a minimum of twenty-two units of credit in a program which is cooperatively planned by the student, parents, and the school to meet the needs of the student. Accumulation of credits will begin with the 9th grade year.

Early Graduation: Consistent with the intent of the Arkansas State Department of Elementary and Secondary Education regulations pertaining to graduation requirements, a student shall be expected to complete four full years of high school.

Any student seeking a waiver of the policy of four years of full time attendance must submit a written request specifying the reasons together with a letter from the parents approving the request. A REQUEST FOR EARLY GRADUATION MUST BE A PLANNED PART OF A STUDENT'S EDUCATIONAL PROGRAM AND MUST BE SUBMITTED PRIOR TO THE FINAL SEMESTER THE STUDENT IS IN FULL TIME ATTENDANCE.

Each student approved for early graduation may be provided an option to graduate and go through graduation ceremonies in May of that school year. The following guidelines are intended to clarify the status of "early graduation".

1. Early graduates may participate in the graduation exercises following the termination of the student's enrollment.
2. Since students electing early graduation are considered graduates and are no longer enrolled they are not eligible to participate as students in the extracurricular activities of the school.

In the event that circumstances beyond an eligible student's control occur which would result in undue hardship for the student unless early graduation would be permitted, the principal may, after careful review of the request, grant a waiver from the established application deadline. GRADUATION REQUIREMENTS- (SMART CORE AND CORE INFO) for the classes of 2022, 2023, 2024, and 2025

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are 18 years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, both a Smart Core Information Sheet and a Smart Core Waiver Form will be sent home with students prior to their enrolling in seventh grade, or when a 7-12 grade student enrolls in the district for the first time and there is not a signed waiver form in the student's permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the deadline for them to sign and return the waiver form.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school districts support plan development process to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children and the Arkansas Military Child School Transactions of 2021 for all students who meet the definition of "eligible child" including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASS OF 2026 AND THEREAFTER

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, a Smart Core Information Sheet and a Smart Core Waiver Form will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed waiver form in the student's permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the deadline for them to sign and return the waiver form.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district support plan development process to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children and the Arkansas Military Child School Transitions Act of 2021 for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

HOMELESS STUDENTS

The Greene County Tech School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee, shall appoint an appropriate staff person to be the local educational liaison for homeless children and youth whose responsibilities shall include

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- Coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive Professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
  - Are enrolled in school;
  - Have opportunities to meet the same challenging State academic standards as other children and youths; and
  - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for district policies governing fee, fines, and absences.

Homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute including all appeals. It is the responsibility of the District's local educational liaison (LEA) for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means the school the child attended when permanently housed or the school in which the child was last enrolled, including preschool, and the designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin. The District shall do one of the following according to what is in the best interests of a homeless child: Continue the child's or youth's education in the school of origin for the duration of homelessness; in any case in which a family becomes homeless between academic years or during an academic year, and for the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or enroll the child or youth in any public school that no homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child of youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth best interest, except when doing so in contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth:
- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth

with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

1. Are:
   - Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
   - Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
   - Living in emergency or transitional shelters;
   - Abandoned in hospitals; or
2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or traistations, or similar settings; and
4. Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.

Honor students are selected on grade point average. In computing GPA for those students having all A's and weighted classes, computation will be based on the total number of courses taken.

The grade point average for the graduation class will be determined by dividing the points for all grades earned in classes receiving credit by the number of credit courses attempted for the eight semesters, grades 9 through 12.

All honor students will score at 19 or above in each of the four divisions, (Language, Reading, Mathematics, and Science) on the ACT.

Students must complete the appropriate AP exam to receive AP weighted credit. Students who meet the course requirements for honor student and have a 3.5 or above cumulative grade point average are recognized as honor graduates.

Honor medallions with neck ribbons will be presented for graduation.

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. MEGAN's LAW (SEX OFFENDERS ON CAMPUS)

The Greene County Tech School District shall work with area law enforcement in a manner consistent with applicable state law and Division of Elementary and Secondary Education (DESE) Rules to communicate the presence of a sexual offender. When necessary, law enforcement may contact building principals to provide information concerning registered sex offenders. The decision regarding the school principals to be notified rests solely with law enforcement officials; law enforcement officials use a rating system to determine who needs to be notified, which is according to the sex offender's dangerousness to the community.

In turn, building principals should notify any employee who is regularly in a position to observe unauthorized persons on or near the school's property in the ordinary course of their employment. Employees notified could include any of the following: aides, bus drivers, coaches, maintenance staff, professional support staff, school level administrative staff, security personnel, teachers' assistants, and teachers.

It is important that school personnel who receive sex offender notifications understand that they are receiving the sex offender notifications in their official capacity and are not to disseminate information about an offender to anyone outside the school. If school personnel are asked about notification information by an organization using school facilities, the organization should be referred to the area law enforcement agency that issued the notice.

Persons not to be notified, except at the specific discretion of area law enforcement officials include: members of parent-teacher organizations, other schools, organizations using school facilities, students, parents or guardians of students, and the press. District personnel may inform the press about procedures that have been put in place and other general topics, but may not reveal the name or any other specifics regarding an offender.

A parent or guardian who is a Level 1 or Level 2 sex offender shall be allowed to enter the school campus to attend parent-teacher conferences or any other activity that is appropriate for a parent, guardian, or community member.

Level 3 and Level 4 sex offenders may only enter the school campus in the following instances:

1. The offender is a student attending school in the district;
2. To attend a graduation or baccalaureate ceremony;
3. It is a non-student contact day according to the school calendar or no school-sponsored event is taking place on campus;
4. The offender is a parent or guardian of a student enrolled in the district and goes directly to the school office to have school personnel deliver medicine, food, or personal items for the student;
5. The offender is a parent or guardian of a student and enters the school campus where the student is enrolled to attend a scheduled parent-teacher conference and the offender is escorted to and from the conference by a designated school official or employee.

A Level 3, but not a Level 4, sex offender may attend a school sponsored event for which an admission fee is charged or tickets are sold or distributed if the sex offender:

- Is the parent or guardian great-grandparent of or is related by blood or marriage within the second (2nd) degree of consanguinity to a student enrolled in the public school; and
- Notifies the administration of the school in writing at least twenty-four (24) hours before the start of the event that he or she will be attending the event.

A Level 3 and Level 4 sex offender who is the parent or guardian of a child enrolled in the district and who wishes to enter the school campus in which the student is enrolled for any other purpose than those listed above, must give reasonable notice to the school principal or his/her designee. The principal or designee may allow the sex offender to enter upon the campus provided there is a designated school official or employee to escort and supervise the sex offender while they remain on campus. The sex offender shall not enter upon the school campus until such time as a designated school official or employee is available.

Copies of the notification from law enforcement should be kept in a secure place accessible to teachers and staff, but should not be posted on school bulletin boards or made available to students or members of the community at large. All parent/teacher conferences shall be scheduled at a time and place to best accommodate those participating in the conference. Each teacher shall document the participation or non-participation of parent(s)/legal guardian(s) for each scheduled conference.

7. Keep parents, families, and the community informed about parent, family, and community engagement programs, meetings, and other activities they could be

involved in. Such communication shall be, to the extent practicable, in a language the parents and families can understand;

8. Find ways to eliminate barriers that work to keep parents and families from being involved in their child's education. This may include providing transportation and child care to enable parents to participate, arranging meetings at a variety of times, and being creative with parent/teacher conferences;
9. Find and modify other successful parent, family, and community engagement programs to suit the needs of our district;
10. Train parents, families, and the community to enhance and promote the involvement of other parents, families, and members of the community;

To ensure the continued improvement of the district's parent, family, and community engagement program, the district will conduct an annual review of its parental involvement policies to examine their affect on promoting higher student achievement. PARENT, FAMILY, AND COMMUNITY ENGAGEMENT - SCHOOL

Each School in the Greeen County Tech School District understands the importance of involving parents, families, and the community as a whole in promoting higher student achievement and general good will between the school and those it serves. Therefore, each school shall strive to develop and maintain the capacity for meaningful and productive parent, family, and community engagement that will result in partnerships that are mutually beneficial to the school, students, parents, families, and the community. To achieve such ends, the school shall work to:

1. Involve parents, families, and the community in the development and improvement of Title I programs for the school;
2. Have a coordinated engagement program where the engagement activities of the school enhance the involvement strategies of other programs such as Head Start, HIPPY, Parents as Partners, Parents as Teachers, ABC, ABC for School Success, area Pre-K programs, and Even Start;
3. Explain to parents, families, and the community the State's academic and achievement standards, State and local student assessments and how the school's curriculum is aligned with the state's academic standards and assessments and how parents, families, and the community can work with the school to improve students' academic achievement;
4. Provide parents and families with the materials and training they need to be better able to help their child achieve. The school may use parent resource centers or other community based organizations to foster parental involvement and provide literacy and technology training to parents.
5. Educate school staff, with the assistance of parents, in ways to work and communicate with parents and to know how to implement parent, family, and community engagement programs that will promote positive partnerships between the school and parents, families, and the community;
6. Keep parents, families, and the community informed about parent, family, and community engagement programs, meetings, and other activities they could be involved in. Such communication shall be, to the extent practicable, in a language the parents and families can understand;
7. Find ways to eliminate barriers that work to keep parents and families from being involved in their child's education. This may include providing transportation and child care to enable parents to participate, arranging meetings at a variety of times, and being creative with parent/teacher conferences;
8. Find and modify other successful parent, family, and community engagement programs to suit the needs of our school;

9. Train parents, families, and the community to enhance and promote the involvement of other parents, families, and members of the community;
10. Provide reasonable support for other parent, family, and community engagement activities as parents, families, and the community may reasonably request.

To help promote an understanding of each party's role in improving student learning, each school shall develop a compact that outlines the responsibilities of parents, students, and the school staff in raising student academic achievement and in building the partnerships that will enable students to meet the State's academic standards.

Each school shall convene an annual meeting, or several meetings at varying times if necessary to adequately reach parents and families of participating students, to inform parents and families of the school's participation in Title I, its requirements regarding parent, family, and community engagement, and the parents right to be involved in the education of their child.

Each school shall, at least annually, involve parents, families, and the community in reviewing the school's Title I program and parent, family, and community engagement policy in order to help ensure their continued improvement.

This policy shall be part of the school's Title I plan and shall be distributed to parents of the district's students and provided, to the extent practicable, in a language the parents can understand. PERMANENT RECORDS

Permanent school records, as required by the Division of Elementary and Secondary Education (DESE) shall be maintained for each student enrolled in the District until the student receives a high school diploma or its equivalent or is beyond the age of compulsory school attendance. A copy of the student's permanent record shall be provided to the receiving school district within ten (10) school days after the date a request from the receiving school district is received. PHYSICAL EXAMINATIONS OR SCREENINGS

The District conducts routine health screenings including hearing, vision, scoliosis (curvature of spine), and Body Mass Index (height and weight) due to the importance these health factors play in the ability of a student to succeed in school. These screenings will be conducted as required by Arkansas law. The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve his/her full potential. Arkansas law requires school health screenings as follows:

VISION: All children in pre-kindergarten, kindergarten, grades one, two, four, six, and eight, and all transfer students shall receive an eye and vision screening. Teacher referrals are also screened. A child who does not pass the eye and vision screening tests, except for the color perception test, will be rescreened by the school nurse within one month of the initial screening. If the student fails the second screening, he/she shall be required to have a comprehensive eye and vision examination conducted by an optometrist or ophthalmologist within **SIXTY DAYS** of receipt of the vision screening report identifying the need for the examination.

HEARING: Hearing screenings are performed on all students in pre-kindergarten, kindergarten, and grades one, two, four, six, and eight, and all transfer students. Special education students and teacher referrals are also screened. If a student fails the hearing screening, he/she will be rescreened. If the student fails the second screening, a referral letter will be sent home.

BODY MASS INDEX (BMI): Body Mass Index screenings are performed on students beginning in kindergarten and then in even numbered grades. Students in grades 11 and 12 are exempt from these requirements.

SCOLIOSIS: Girls shall receive a scoliosis screening in grades six and eight. Boys shall receive a scoliosis screening in grade eight.

The rights provided to parents under this policy transfer to the student when he/she turns eighteen (18) years old.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their child out of the scoliosis and/or BMI screenings by using an opt out form or by providing certification from a physician that he/she has recently examined the

student. This form is located in the front of the parent/student handbook and must be signed by a parent/guardian and returned to the school nurse. Legal References: A.C.A. § 6-18-701,(b) (c) (e)

PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling's grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings. The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
- After consulting with each classroom teacher in which the siblings were placed, the school determines the parent's classroom placement request is:
    - Detrimental to the educational achievement of one or more of the siblings;
    - Disruptive to the siblings' assigned classroom learning environment; or
    - Disruptive to the school's educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings' classroom placement to the Superintendent. The Superintendent's decision regarding the appeal shall be final. Legal Reference:A.C.A. § 6-18-106

PLANNING FOR EDUCATIONAL IMPROVEMENT

Each school in the district, in collaboration with administrators, teachers, other school staff, parents, the community, and students, shall develop a school-level improvement plan (SLIP) to:

- Establish goals or anticipated outcomes based on an analysis of students' needs;
- Identify student supports and evidence-based interventions and practices to be implemented;
- Describe the professional learning necessary for adults to deliver the supports or interventions;
- Describe the implementation timeline for monitoring of the interventions and practices for effectiveness;
- Describe the timeline and procedures for evaluation of the interventions and practices for effectiveness; and
- Evaluate and modify a parent, family, and community engagement plan.

Some of the data that shall be considered when developing the SLIP includes, but is not limited to:

- Statewide assessment results;
- Interim assessment results;
- Similarly situated school's SLIPs; and
- Evaluation(s), including staff, student, and community feedback, of the existing SLIP.

The SLIP is to be reviewed on an ongoing basis with reports to the board on the implementation progress of the SLIP throughout the year of implimentation. By May 1 of each year, the SLIP to be implemented in the upcoming school year shall be presented to the District Board of Directors for review and approval. The District will post the District's SLIP(s) to the District's website under State-Required Information by August 1 of each year.

The district shall develop, with appropriate staff; school board members; and community input, a school district support plan (SDSP). The SDSP, in coordination with the District's SLIPs, shall

- Specify the support the District will provide to the District's schools;
- Collaboratively establish priorities regarding goals or anticipated outcomes with the District's schools, including feeder schools;
- Identify resources to support the established priorities;
- Describe the time and pace of providing support and monitoring for the established priorities;
- Describe the measures for analyzing and evaluating that the District support was effective

in improving the school performance; and
- Establish, evaluate, and update a parent, family, and community engagement plan.
- Direct the use of Enhanced Student Achievement funding for strategies to close gaps in academic achievement.

If forty percent (40%) or more of the District's students scored "in need of support" on the prior year's statewide assessment for reading, the District shall develop a literacy plan as part of the SDSP that includes:

- Goals for improving reading achievement throughout the District; and
- Information regarding the prioritization of funding, including without limitation,Enhanced Student Achievement funding,for strategies to improve reading achievement throughout the District.

If the Districts data reflects a disproportionality in equitable access to qualified and effective teachers and administrators, the District shall develop and implement strategies to provide equitable access as part of the SDSP.

The District shall post the District's SDSP to the District's website under State-Required Information, including any updates to the District's SDSP.

The District's Board of Directors shall hold a meeting by October 15 of each year to provide a report that systematically explains the District's policies, programs, and goals to the community. The District's report shall detail the progress of the District and the District's schools toward accomplishing program goals, accreditation standards, and proposals to correct any deficiencies. The report shall be made available to the public, including by posting a copy on the District's website under State-Required Information no later than ten (10) days following the meeting.

The meeting shall provide parents and other members of the community the opportunity to ask questions and make suggestions concerning the District's program.

PLEDGE OF ALLEGIANCE AND MOMENT OF SILENCE

The Pledge of Allegiance shall be recited:

1. During the first class period of each school day;
2. At the commencement of each school-sanctioned after-school assembly; and
3. At the commencement of each school-sanctioned sporting event; however, if two (2) or more school-sanctioned sporting events occur on the same day at the same school, then the Pledge may be recited at only one (1) of the school-sanctioned sporting events.

Students choosing to participate in the recitation of the Pledge shall do so by facing the flag with their right hands over their hearts, or in an appropriate salute if in uniform, while reciting the Pledge. Students choosing not to participate shall either stand or sit quietly while the other students recite the Pledge.

Students shall not be compelled to recite the Pledge, but students who choose not to recite the Pledge shall not disrupt those students choosing to recite the Pledge. Students choosing not to recite the Pledge who do not disrupt those students who choose to recite the Pledge shall not be subject to any comments, retaliation, or disciplinary action.

Following the recitation of the Pledge, there shall be an observance of one (1) minute of silence. During the one (1) minute of silence, each student may reflect, pray, meditate, or engage in any other silent activity that is not likely to interfere with or distract another student. Students who do not disrupt the one (1) minute of silence shall not be subject to any comments, retaliation, or disciplinary action. Legal References: A.C.A. § 6-10-115, A.C.A. § 6-16-108

PHYSICAL EDUCATION PARTICIPATION REQUIREMENT

According to Arkansas Law, attendance and participation in physical education classes and or physical activities will be required by all students unless one of the following is available:

1) Medical excuse from the doctor
2) Parent Note with explanation
3) School Nurse Excuse(must have fever, obvious injury or illness)

Excessive requests for non-participation may result in a referral to the building Student Assistance Team for possible intervention.

POSSESSION AND USE OF CELL PHONES, AND OTHER ELECTRONIC DEVICES

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of statewide assessments, no electronic device as defined in this policy shall be

accessible by a student at any time during assessment administration unless specifically permitted by a student's individualized education program (IEP) or individual health plan. This means that when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions. The prohibition in this policy does not extend to the electronic device the District provides the student for the student's use during assessment administration to the extent the student is using the District provided device to complete the assessment.

As used in this policy, "electronic devices" means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to record audio or video or to take photographs/videos in areas where a general expectation of personal privacy exists, including but not limited to locker rooms, bathrooms or buses;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student's individualized education program (IEP) or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

A parent shall obtain approval from the student's building principal before operating a student-tracking safety device at school or at a school-sponsored event if the device has recording or listen-in capability. The District requires the device's recording and listen-in technology to be disabled while the device is on the campus or at the school-sponsored event because of student privacy concerns. The District prohibits unauthorized audio and visual recordings or transmission of audio or images of other students. The student's parent shall agree in writing to the requirement for the device's recording and listening-in technology to be disabled and that the District may prohibit future use of the device on campus or at a school sponsored activity if it is determined that the devices' recording or listening-in capabilities were used in violation of this policy before the student safety tracking device may be on campus or at a school-sponsored event.

Students who use a school issued cell phones and/or computers for non-school purposes, except as permitted by the district's Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

Use and misuse of cell phones has become a serious problem that threatens the ability of the district's schools to properly and efficiently operate its education program.

Cell phones and other electronic communication devices can, in controlled situations, offer a means to enhance student learning through their ability to access expanded sources of information. Teachers have the authority to permit student use of their cell phones for specific classroom lesson plans or projects. Students must abide by the guidelines the teacher gives for any such authorization. Students who fail to do so will be subject to the provisions of this policy governing misuse of cell phones. For the purpose of this policy, the use of a cell phone or other communication device includes any incoming call, text message, message waiting, or any audible sound coming from the phone or device.

The student and/or the student's parents or guardians expressly assume any risk associated with students owning or possessing technology equipment. The School District is not responsible for the destruction or theft of items mentioned above. Refer to infractions to avoid rule 13 for increased penalties for repeat offenders. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school principal's office by the student't parents or guardians. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated. A search of a confiscated device shall meet the reasonable individualized suspicion requirements.

Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion. No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle that is in motion and on school property. Violation may result in disciplinary action up to and including suspension.Legal Reference: A.C.A. § 6-15-2907, A.C.A. § 6-18-515, A.C.A. § 27-51-1602, A.C.A. § 27-51-1603, A.C.A. § 27-51-1609. PRIVACY OF STUDENTS' RECORDS/ DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parents of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information ("PII") from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is not considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office. In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (or the student if the student is over eighteen (18). For the District to release the student's PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Greene County Tech School District does not distinguish between a custodial and non-custodial parent or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary; the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent or guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or their designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the

record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, directory information about a student may be made available to the public, military recruiters, post secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user, "A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the front of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district. The right to opt out of the disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

The Arkansas Supreme Court, Department of Elementary and Secondary Education and ASBA collaborated in the creation of a form in an effort to aid juvenile intake and probation officers in acquiring necessary information for the officer to make more knowledgeable decisions/recommendations on a course of action for each juvenile's case. The Form allows for parents to authorize the officer to access certain portions of the student's education records and the parent's ESchool PLUS Home Access Center. The form, when completed by the parent and probation officer, will be sent to the district by the officer. A copy of the form, along with a background letter, may be found at http://arsba.org/policy-resources.

Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on criteria set in each school and found in the building section. on the following criteria. If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

a) The building principal or designee;
b) The student's teacher(s);
c) School counselor
d) A 504/special education representative (if applicable); and
e) The student's parents.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Each student shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

- By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
- As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components.

Promotion or retention of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide assessment, as applicable. The Superintendent or designee may wave this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day. RELATIONS WITH SCHOOL SUPPORT ORGANIZATIONS

The Board recognizes and values the many contributions support organizations make to the District's schools. Parent/teacher organizations and booster clubs work to augment and strengthen the District's educational and extracurricular objectives through the goods and services they provide.

Groups wishing to be recognized as a support organization must have open membership and have their by-laws approved by the school principal, the Superintendent, and the Board. School personnel shall assist approved booster organizations in their efforts to the extent practicable. Meetings of such organizations, cleared through the principal, shall not be subject to school use fees. School staff members are encouraged to attend and participate.

Fund-raising activities are to be approved in advance by the Superintendent or his/her designee. Prior to the donation of equipment and/or supplies to the school, the organization should seek the advice of the principal to help ensure the compatibility of the donation with present school equipment. All equipment donated to the District becomes the property of the District.

RELIGION IN THE SCHOOLS

The First Amendment of the Constitution states that "Congress shall make no law respecting the establishment of religion, or prohibiting the free exercise thereof…" As the Supreme Court has stated (Abington School District v, Schempp, 374 U.S. 203) the Amendment thus, "embraces two concepts—freedom to believe and freedom to act. The first is absolute but, in the nature of things, the second cannot be." Therefore, it is the Board's policy that the school system, as an agency of the government, shall be neutral in matters regarding religion and will not engage in any activity that either advocates or disparages religion. The District shall assume no role or responsibility for the religious training of any student.

The need for neutrality does not diminish our school system's educational responsibility to address the historical role of religion in the development of our culture. Since we live in a diverse society, the District's goal shall

be to address the subject of religion objectively in such a way that it promotes an understanding of, and tolerance for, each other's religious or non-religious views.

Discussions concerning religious concepts, practices, or disciplines are permissible when presented in a secular context in their relation to an inclusive study of religion or to the study of a particular region or country. The discussions shall be such that they are objective and academically informational and do not advocate nor denigrate any particular form of religious practice.

Accommodation will be considered for those portions of instructional activities in the schools that unduly burden a student's sincere religious belief provided such accommodation doesn't amount to a significant change in curriculum, program, or course of instruction and when it is possible that a substitution of equally rigorous material that advances the same instructional goals can be arranged. Parents and students are advised that such accommodations are easier to grant when the objection is to non-state mandated Framework material than if the material is required by the Frameworks.

A student or the student's parent can request the student's teacher accommodate the student's objection based on a religious belief to an instructional activity. Any such request must be made at least 25 school days prior to the assignment's due date. Any objection must be raised in accordance with this policy's requirements or it will not be considered.

Upon receiving such a request, the student's teacher shall determine within five (5) work days if an accommodation is possible under the provisions of this policy. If the teacher decides an accommodation cannot be made or if the student or the student's parent believes the accommodation to be unreasonable, the student or the student's parent may request a conference with the teacher and the teacher's principal. A requested conference will occur at a time of mutual convenience, but no later than five (5) working days following the request. The principal shall have five (5) working days in which to make a decision on the appeal. If the student, the student's parent, or the teacher is unsatisfied with the principal's decision, it may be appealed to the District Superintendent who shall convene a conference between the student, the parent and the teacher. The requested conference will occur at a time of mutual convenience, but no later than five (5) working days following the request. The Superintendent shall have five (5) working days in which to make a decision on the appeal which shall be final with no further right of appeal.

The teacher in charge of each classroom may, at the opening of school each day, conduct a brief period of silence with the participation of all students in the classroom who desire to participate.* Students and employees may engage in personal religious practices, such as prayer, at any time, and shall do so in a manner and at a time so that the educational process is not disrupted.

REMEDIATION

Any student failing to demonstrate a proficient level of achievement in reading and writing, literacy, mathematics, or as funds are available, other core academic subjects shall participate in an individual academic improvement plan specifically designed to achieve proficient-level performance standards in these areas. AR CODE 6-15-420.

REPORT CARDS

Report cards are given at the end of each nine weeks grading periods. The first and third nine weeks midterm grades will be given out to parents during the fall and spring parent teacher conferences. Students are not to mark, deface, or destroy report cards. Parents will sign stating they have received a copy of the student's report cards.

RESIDENCE REQUIREMENTS

"In loco parentis" means relating to the responsibility to undertake the care and control of another person in the absence of:

- Supervision by the person's parent or legal guardian; and
- Formal legal approval.

"Reside" means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

"Resident" means a student whose parents, legal guardians, persons having lawful control of the student or persons standing in loco parentis reside in the school district.

"Residential address" means the physical location where the student's parents, legal guardians, person having legal, lawful control of the student or person standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and through twenty one (21) years whose parents, legal guardians, person having lawful control of the student, or person standing in loco parentis reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District's schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a non-custodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian. SCHOOL BASED COUNSELING

The School based counseling program is provided through a cooperative agreement between the Greene County Tech School District and a board approved provided agency. This program provides school-based counseling services for students who are demonstrating a need for individual counseling services to assist them in coping with situations that interfere with their educational or emotional stability. These services are in addition to services provided

SCHOOL MEAL MODIFICATIONS

The district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request such a dietary accommodations for their student with a disability must submit a Certification of Disability for Special Dietary Needs Form completed to the district's Director of Child Nutrition, at 870-215-4417 a medical statement completed by a State Licensed health care professional which includes:

- Physicians, including those licensed by:
- The Arkansas State Medical Board;
- The Arkansas State Board of Chiropractic Examiners (Chiropractors);
- The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1, A description of the student's disability that is sufficient to understand how the disability restricts the student's diet;

2. An explanation of what must be done to accommodate the disability, which may include:
   a. Food(s) to avoid or restrict;
   b. Food(s) to substitute;
   c. Caloric modifications; or
   d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district's Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student's disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child's disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District's 504 Coordinator, who will schedule a hearing on the grievance to be held as soon as possible. The 504 Coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The District will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs. SCHOOL CHOICE (STANDARD)

Definition

"sibling" means each of two (2) or more children having a common parent in common by blood, adoption, marriage, or foster care.

Transfers Into the District

Capacity Determination and Public Pronouncement

The Board of Directors will annually adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline; the requirements and procedures for participation in the program; and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made in the spring, but in no case later than March 1.

Application Process

The student's parent shall submit a school choice application on a form approved by DESE to this district and the student's resident district. Except for students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, the transfer application must be postmarked, emailed, or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, applications postmarked, emailed, or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base may submit an application and transfer at any time if the student's application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
2. Includes the parent's or guardian's military transfer orders; and
3. Includes the parent's or guardian's proof of residency on the military base.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached. The superintendent shall contact a student's resident district to determine if the resident district's three percent (3%) cap has been met.

No earlier than January 1 of each year, the Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who fails to initially enroll under the timelines and provisions provided in this policy or chooses to return to his/her resident district or enrolls in a home school or a private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the district.

An application may be provisionally rejected if the student's application was beyond the student's resident district's three percent (3%) cap. The student's resident district is responsible for notifying this District that it is no longer at its three percent (3%) cap. If a student's application was provisionally rejected due to the student's resident district having reached its three percent (3%) cap and the student's resident district notifies this District that it has dropped below its three percent (3%) cap prior to July 1, then the provisional rejection may be changed to a provisional acceptance and the student would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. Unless the student's application was rejected due to the application not being timely received by both the resident and nonresident districts, a student whose application was rejected may request a hearing before the State Board of Education to reconsider the application. The request for a hearing must be submitted in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

Transfers Out of the District

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 1 of the immediately preceding year. By December 15 of each year, DESE shall determine and notify the District of the net number of allowable choice transfers. For the purpose of determining the three percent (3%) cap, siblings are counted as one student, and students are not counted if the student transfers:

- Through Opportunity School Choice due to the school receiving a rating of "F" or a district classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227;
- Due to the district's identification of Facilities Distress under A.C.A. § 6-21-812. or
- Through the Foster Child School Choice under A.C.A. § 6-18-233.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect. The District shall immediately notify all receiving districts if it should drop back below its three percent (3%) cap prior to July 1.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the May1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into or Within the District

For the purposes of this section of the policy, a "lack of capacity" is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the DESE Rules for the Standards for Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student's assigned school to another school in the District or from the student's resident district into the District if;

- Either:
  a. The student's resident district has been classified by the state board as in need of Level 5 — intensive support; or
  b. The student's assigned school has a rating of "F"; and
- The student's parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student's request to transfer by no earlier than January 1 and no later than May 1 of the school year before the school year the student intends to transfer to both the sending and receiving school districts.

A student is not required to meet the May 1 application deadline if the student has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base. The student may transfer at any time if the student's application:

a.. Is filed with the nonresident school district within fifteen (15) days of the arent's or guardian's arrival on the military base;
b. Includes the parent's or guardian's military transfer orders; and

c. Includes the parent's or guardian's proof of residency on the military base.

Except for those students who are applying to transfer within the time permitted due to the student's parent or guardians' military service or seeking to transfer within the District,the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, and the student's resident district whether the Opportunity School Choice application has been accepted or rejected by no later than July 1 of the school year the student is seeking to enroll. If the student is seeking a transfer due to the student's parent or guardian's military service or seeking a transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected within fifteen (15) days from receipt of the student's application.. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via hand delivery, certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student's transfer under Opportunity School choice is effective at the beginning of the next school year and the student's enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

Transfers out of, or within, the District

If a District school receives a rating of "F" or the District has been classified by the State Board as in need of Level 5 Intensive Support, the District shall timely notify parents, guardians, or students, if over eighteen (18) years of age, as soon as practicable after the school or district designation is made of all options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student in:

1. A school district that has not been classified by the State Board as in need of Level 5 Intensive Support; or
2. If there is more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school within the District that is nearest to the student's legal residence that does not have a rating of "F"; or
3. If there is not more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school that does not have a rating of "F" within a School district that has not been classified by the State Board as in need of Level 5 Intensive Support.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by ADE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

SCHOOL SPONSORED ACTIVITIES

School sponsored activities include, but are not limited to retreats, get-aways, lock-ins, parties, dances, athletic, and non-athletic contests, class field trips, and many other such events. It is a privilege to attend these activities and student behavior reflects greatly on the reputation of the school. All school rules regarding behavior are in effect at these activities. Any violation of the rules carries the same consequences as it would if it were to occur at school.

In the case of a serious breach of school rules at school-sponsored activity away from school, it may be necessary to send a student home. In this situation, parents will be contacted and will be expected to pick up the student from the activity or to provide transportation for the student home at their own expense. Consequences for violation of the rules include suspension and/or expulsion, will be considered by the principal upon return.

Rules for Sporting Events:

1) No running in the football stadium or the basketball gymnasium
2) Cheer for the school's team, not against the opposing team
3) Stay out of the gymnasium lobby except when going to the concession stand or the restroom.
4) Students should sit in the student sections.
5) Do not leave the gymnasium or the stadium before the game is over unless accompanied by an adult.
6) Students leaving the stadium or gymnasium before the conclusion of the game will be denied readmission.
7) The purpose for attending sporting events is to support and cheer for GCT's teams. This is accomplished by sitting in the bleachers or stands, not by loitering along the stadium fence or in the gymnasium lobby/concession area.

SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The search of a student's vehicle may be conducted when there is probable cause that a student is concealing evidence of an illegal act, contraband, or substance.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs. A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

Dangerous items (such as firearms, weapons, knives) controlled substances, and other items which may be used to disrupt substantially the educational process will be removed from the student's possession and will be reported and transmitted to the proper authorities.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student or person standing in loco parentis.

The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged

offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Division of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after hours telephone number. Smart Core is Arkansas's college- and career-ready curriculum for high school students. College and career readiness in Arkansas means that students are prepared for success in entry-level, credit-bearing courses at two-year and four-year colleges and universities, in technical postsecondary training, and in well-paid jobs that support families and have pathways to advancement. To be college and career ready, students need to be adept problem solvers and critical thinkers who can contribute and apply their knowledge in novel contexts and a variety of situations. Smart Core is the foundation for college and career-readiness. All students should supplement additional rigorous coursework within their career focus.

Failure to complete the Smart Core Curriculum for graduation may result in negative consequences such as conditional admission to college and ineligibility for some scholarship programs.

SOCIAL WORKER
The Greene County Tech School District provides social workers and programs for individual buildings including clothing closets for children in need of emergency clothing; the backpack for kids program which provides non-perishable snacks for children to enjoy outside the school setting, the hair cut program which provides basic hair cuts for boys and girls, and the school supply program that provides assistance with basic school supplies. The social worker also provides support through home visits regarding school attendance issues. Referrals may also be made to outside agencies if the need arises for additional services.

SPECIAL EDUCATION
In accordance with the Individuals With Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes, the district shall provide a free appropriate public education and necessary related services to all children with disabilities who reside:
- Within the district boundaries; or
- Outside of the District boundaries but are enrolled in the District.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification,

evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities. Among the coordinator's responsibilities shall be ensuring district enforcement of the due process rights of handicapped students and their parents.

The Greene County Tech School District designated its Federal Coordinator as the person to coordinate Title IV, Title VI, and Title IX compliance activities for the District. Please contact the Superintendent's Office of the Greene County Tech School District, 5413 West Kingshighway, Paragould, Arkansas 72450. The telephone number is 870-236-2762. Section 504 Coordinator is the Director of Federal Programs who may be reached at 870-236-2762. Discipline procedures are consistent with the requirements that apply to students with disabilities as long as the discipline of such students is determined on a case-by-case basis in accordance with IDEA and Section 504. SPEECH THERAPY

Speech therapy is offered on a referral basis. Students are placed in speech classes based on the severity of the impediment.

STANDARDS OF CONDUCT

All students are expected to conduct themselves at all times in a manner that will contribute to the best educational environment possible which does not infringe on the rights of others. School personnel have the authority and responsibility to take customary and reasonable measures to maintain proper control and discipline among students placed under their care and supervision. A student who is well informed concerning his/her rights and responsibilities and the standards of behavior expected should not require disciplinary action. However, for the information of all students, and parents, infractions to avoid and recommend disciplinary actions are included in the handbook.

STUDENT ACCELERATION

The Board believes that acceleration is an effective and research-based intervention for the academic growth of students who are ready for an advanced or faster-paced curriculum. Acceleration can allow a student to move through the traditional educational setting more rapidly, based on assessed readiness, capability and motivation. At the same time, the Board understands that acceleration is not a replacement for gifted education services or programs.

Generally, acceleration can occur through one of two broad categories: content based and grade based. Grade based acceleration shortens the number of years a student would otherwise spend in K-12 education, while content based acceleration occurs within the normal K-12 time span. Either form of acceleration can be triggered by a parent/guardian, student, or community member's request or by the referral of school personnel. In either case, the process of determining the appropriateness of the request shall be under the direction of the district/school Gifted and Talented Program Coordinator. The District/school gifted and talented program Coordinator shall convene the Acceleration placement Committee and communicate with the individuals necessary for the Acceleration Placement Committee to make an informed decision, which shall include the student's parents or guardians.

While the needs of the student should dictate when acceleration decisions are considered, the Board believes the optimal time for referrals is in the spring which gives adequate time for working through the determination process and for preparing those concerned for a smooth transition to the acceleration beginning in the following school-year. The District's Gifted and Talented Program Coordinator will create a written format to govern the referral and determination process which shall be made available to any parent or staff member upon request.

The parents/guardians of any student whose request for acceleration has been denied may appeal the decision in writing to the District's GT Coordinator and the Acceleration Placement Committee will again thoroughly review the case study that was completed on the student. Upon completion of the review, the Committee will either request additional new testing be conducted to help the Committee make its determination or it will uphold the initial decision. The Committee's decision may not be further appealed. Legal Reference: DESE Gifted and Talented Rules

STUDENT ASSISTANCE TEAM

Greene County Tech School District has implemented Student Assistance Teams (SAT) to help de-

velop positive interventions for students experiencing difficulties with academics, behaviors, attendance, or other school related activities. The SAT is composed of school administrators, counselors, social workers, and educators who review each student's referral individually and collectively, and make recommendations to the student's teacher(s) regarding specific strategies and/or modification that may be used to assist the student with his or her area of difficulty.The SAT team meets a minimum of once monthly to review referrals.

STUDENT ASSAULT OR BATTERY

A student shall not threaten, physically abuse, or attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures, vulgar, abusive or insulting language, taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common acceptation, is calculated to: Cause a breach of the peace;

- Materially and substantially interfere with the operation of the school; or
- Arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation.

Students guilty of such an offense may be subject to legal proceedings in addition to any student disciplinary measures. Legal Reference: A.C.A. § 6-17-106 (a) DESE Rules Governing Student Discipline and School Safety.

- Disrespect;
- Noncompliance;
- Insubordination; or

"De-escalation" means the use of a behavior management technique that helps a student increase the student's control over the student's emotions and behavior and results in a reduction of a present or potential level of danger that in turn reduces the level of imminent danger of serious physical harm to the student or others.

"Emergency" means a serious and unexpected situation that requires immediate action and which may be dangerous.

"Functional Behavior Assessment" (FBA) means a problem analysis step that:

"Imminent danger" means an existing dangerous situation that could reasonably be expected to immediately cause death or serious physical harm.

"Mechanical restraint" means the use of a device or equipment to restrict the free movement of a student; however, mechanical restraint does not include a device that is used by trained school personnel or a student for a specific and approved therapeutic purpose or safety purpose for which the device was designed or prescribed or a vehicle safety restraint that is appropriately used in the manner for which it was designed during the transport of a student in a moving vehicle.

"Physical escort" means a temporary touching or holding of the hand, wrist, arm, shoulder, or back of a student for the purpose of redirecting or inducing the student to move to a safe location.

"Physical restraint" means a personal restriction that immobilizes or reduces the ability of a student to move the student's torso, arm, leg, or head freely; however, physical restraint does not include a physical escort.

"Positive behavioral support" means the application of behavior analysis that:

- Is used to achieve socially important behavior change;

1. Prevention level for each student in a school;
2. Strategic intervention level for a student who is not responding, from a social, emotional, or behavioral perspective, to the prevention level; and
3. Intensive service or crisis-management level for a student who needs multifaceted or comprehensive behavioral or mental health services.

The District's positive behavioral support shall include:

a. The teaching and reinforcing of interpersonal, social, problem solving, conflict resolution, and coping skills to a student;
b. Holding a student positively accountable for meeting an established behavioral expectation;
c. Maintaining a high level of consistency through the implementation of the positive behavioral support process; and
d. The following interrelated activities:
   - Providing a school-wide approach to the discipline and safety of each student rather than an approach to only the behavior problem of a single student;
   - Focusing on preventing the development and occurrence of problem behavior;
   - Regularly reviewing behavior data to adapt the District's procedures to meet the needs of every student; and
   - Providing a multitiered approach to academic and behavioral services and support to meet the academic and behavioral achievement needs of each student.

The following principles shall form the basis of the District's positive behavioral support system and conflict resolution or de-escalation approach:

1. A student has the right to be treated with dignity;
2. A student should receive necessary academic, social, emotional, and behavioral support that is provided in a safe and least-restrictive environment possible;
3. Positive and appropriate academic, social, emotional, or behavioral intervention, as well as mental health support, should be provided routinely to each student who needs the intervention or support;
4. Behavioral intervention should emphasize prevention as part of the District's system of positive behavioral support; and
5. Each student who exhibits an ongoing behavior that interferes with the student's learning or the learning of others, and who is nonresponsive to effectively implemented classroom or administrative intervention, should receive additional intensive behavioral intervention that is based on a FBA and data-based problem solving.

Problem Solving and Intervention Team

A problem-solving and intervention team shall be established for each student who exhibits social, emotional, or behavioral difficulty that may escalate, if not addressed, to potentially dangerous behavior. The problem-solving and intervention team shall include at least one (1) member who is an academic and behavioral assessment and intervention professional.

A student's problem-solving and intervention team shall:

a. Work with the teachers of a student to complete a FBA of the student and an assessment of any problematic situations involving the student;
b. Consider the need for a BIP with the goal of preventing or resolving the social, emotional, or behavioral difficulty of the student and developing a response that will de-escalate and stabilize a potential emergency situation that approaches the danger level; and
c. Regularly review the data on incidents involving the use of physical restraint on the student and adjust, as necessary, the procedures concerning the use of physical restraint on the student.

Special education procedures shall be followed if a student is suspected of having a disability that relates to behavioral concerns.

Physical Restraint

Except in the case of a clearly unavoidable emergency situation in which a trained member of school personnel is not immediately available due to the unforeseeable nature of the emergency situation, the physical restraint of a student shall only be used by a member of school personnel who is appropriately trained to administer physical restraint.

When using physical restraint on a student, school personnel shall:

- use the least restrictive technique necessary to end imminent danger or serious physical harm to a student and others;
- Use the safest method available and appropriate to the situation;
- Consider the health and safety of a student, including without limitation whether the student has an existing medical condition that makes the use of physical restraint inadvisable;
- Not restrict the ability of a student to communicate unless the use of a less restrictive technique will not prevent imminent danger of serious physical harm to the student or others;
- Use only the amount of force that is reasonably necessary to protect a student or others from imminent danger of serious physical harm to the student or others;
- Not verbally abuse, ridicule, humiliate, taunt, or engage in any other similar action towards the student; and
- continuously and visually observe and monitor the student while the student is under physical restraint.

Physical restraint of a student shall only be used for a limited period of time and shall not be used:

- When imminent danger or serious physical harm to the student or others dissipates;
- If a medical condition occurs that puts the student at risk of harm;
- Unless the behavior of the student poses an imminent danger of serious physical harm to the student or others;
- After the threat of imminent danger of serious physical harm to the student or others dissipates; or
- In the following manner:
    - To punish or discipline the student;
    - To coerce the student;
    - To force the student to comply;
    - To retaliate against the student;
    - To replace the use of an appropriate educational or behavioral support;
    - As a routine safety measure;
    - As a planned behavioral intervention in response to behavior of the student that does not pose an imminent danger of serious physical harm to the student or others;
    - As a convenience for school personnel; or
    - To prevent property damage unless the act of damaging property committed by the student poses an imminent danger or serious physical harm to the student and others.

Even in an emergency, supine restraint shall not be used on a student except by a staff person who has been certified by a crisis intervention training program and the certified staff person determines that supine restraint is required to provide safety for the student and others.

At no time shall school personnel use the following on a student:

- Mechanical restraint;
- Chemical restraint;
- Aversive behavioral interventions that compromise health and safety;
- Physical restraint that is life-threatening or medically contraindicated; or
- Prone restraint or other restraint that restricts the breathing of a student.

Following the first incident of physical restraint used on a student, an FBA shall be conducted unless a previous FBA

was conducted for the same behavior that was at issue when the physical restraint was used.

The use of physical restraint on a student as a planned behavioral intervention shall not be included in a student's IEP, 504 Plan, BIP, individual safety plan, or other individual planning document but may be considered as a crisis intervention if appropriate for the student. A student's IEP team or 504 Plan team shall consider whether an FBA should be performed; if a BIP should be developed for the student or if a student's existing BIP should be revised; and if additional behavioral goals and interventions should be included in the student's existing IEP or 504 Plan.

Parents may submit complaints regarding an incident involving the use of physical restraint on their student. A complaint shall be referred for review to the appropriate school personnel:

- The student's problem-solving and intervention team;
- The student's IEP team; or
- The student's 504 Plan team.

A complaint by a parent shall be handled by the appropriate District staff in the same manner as a debrief following the use of physical restraint on a student.

Use of a physical restraint technique that is abusive shall be reported to the Child Abuse Hotline and law enforcement.

Reports and Debriefing

After the occurrence of an incident involving physical restraint of a student, the building principal, or the principal's designee, shall be notified of the incident as soon as possible but by no later than the end of the school day when the incident occurred.

The student's parent shall be notified of the incident of the use of physical restraint via verbal or electronic communication as soon as possible but by no later than the end of the school day when the incident occurred. In the event the student's parent is unabled to be notified via verbal or electronic communication within twenty-four (24) hours after the incident occurred, then the parent shall be mailed written notification of the incident within forty-eight (48) hours after the incident occurred.

School personnel involved in the incident shall document the incident in a written report, which is to be completed within twenty-four (24) hours after the incident occurred. The written report of the incident shall:

1. Include all information contained in the Division of Elementary and Secondary Education (DESE) Physical Restraint or Seclusion Incident Record and Debriefing Report;
2. Be maintained in the student's education record; and
3. Be provided to the student's parent within one (1) school day of the completion of the report.

A debriefing meeting shall be held within two (2) school days after the incident occurred. The following school personnel shall be present at the debriefing meeting:

a. A member of school personnel who was present during the incident;
b. A member of school personnel who was in the proximity of the student on whom physical restraint was used immediately before and during the time of the incident;
c. A school administrator; and
d. Any other member of school personnel determined to be appropriate by the District.

The purpose of the debriefing meeting shall be to:

- Determine whether the procedures used during the incident were necessary;
- Evaluate the use of any behavioral supports and de-escalation techniques by school personnel before and during the incident;
- Evaluate the school district's positive behavioral supports system and prevention techniques in order to minimize future use of physical restraint; and

If a trained member of school personnel was not immediately available due to the unforeseeable nature of the emergency situation when the incident occurred:

- Reevaluate the training needs of school personnel;

STUDENT DISCIPLINE

The Greene County Tech School Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or a school activity.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to: a felony or an act that would be considered a felony if committed by an adult; an assault or battery; drug law violations; or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The District shall incorporate the District's implementation of positive behavioral supports in accordance with policy in the application of student discipline.

The District's personnel policy committees shall annually review the District's student discipline policies, including State and District student discipline data, and may recommend changes in the policies to the School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension or expulsion.

The superintendent is authorized to modify the penalties set forth in the District's student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident.

Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the

reported incidents of bullying.

STUDENT DRESS AND GROOMING
The Greene County Tech Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process, because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common standards of decency. The Administration shall establish student dress codes for the District's schools, to be included in the student handbook, and are consistent with the above criteria. Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however, to a costume or uniform worn by a student while participating in a school-sponsored activity or event. STUDENT ELECTRONIC CHECKOUT DEVICE AND INTERNET USE AGREEMENT
The Greene County Tech School District agrees to allow the Student listed above ("Student") to use the District's technology to access the Internet under these terms and conditions. These terms and conditions apply when the access is through a District or student-owned electronic device. For purposes of this Agreement, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

Internet access is coordinated through a content filtering system and a complex association of government agencies, region, and state of Arkansas networks. In addition, the smooth operation of the network relies on the proper conduct of the end-users, who must adhere to strict guidelines. These guidelines are stated below so that you are aware of each Student's responsibilities. In general, this requires efficient, ethical, and legal use of the network resources. If these provisions are violated, then a student's e-mail and student access account will be terminated, and future access can be denied.

Students and parents/guardians understand that the Greene County Tech School District DOES NOT have control over information found on the Internet. While GCT makes every attempt to block access from inappropriate material and monitor computer activities, the Student is ultimately responsible for the usage of any school-owned device. It is the parent/guardian's responsibility to supervise the information that a student is accessing from the Internet while at home.

1. Conditional Privilege: The Student's use of the District's access to the Internet is a privilege conditioned on the Student abiding by this Agreement. No student may access the District's Internet through a District or student-owned electronic device unless the Student and his/her parent or guardian have read and signed this Agreement. If a signed agreement is not on file, students will be granted limited internet access for state-required online assessments only. The signed Agreement will be effective until September 1 of the following year and should be reviewed before that deadline. Internet access will be revoked if a current agreement is not on file.

2. Acceptable Use: The Student agrees that he/she will use the District's Internet access for educational purposes only. In using the Internet, Student agrees to obey all federal laws and regulations and any State laws, rules, and regulations. Student also agrees to abide by any Internet use rules instituted at Student's school or class, whether those rules are written or oral.

3. Penalties for Improper Use: If Student violates this Agreement and misuses the Internet, Student shall be subject to disciplinary action. Note: A.C.A. § 6-21-107 requires the District to have "…provisions for administration of punishment of students for violations of the policy with stiffer penalties for repeat offenders."

atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- the nature of sexual harassment;
- The District's written procedures governing the formal complaint grievance process;
- The process for submitting a formal complaint of sexual harassment;
- That the district does not tolerate sexual harassment;

Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular "party", "complainant", or "respondent" include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;
- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation ; this includes evidence:
    - Whether obtained from a party or other source,;
    - The District does not intend to rely upon in reaching a determination regarding responsibility; and
    - That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10) days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10) days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;

- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include:

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
    a. Any notifications to the parties;
    b. Interviews with parties and witnesses;
    c. site visits;

4. Conclusions regarding the application of the District's code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
    a. A determination regarding responsibility;
    b. Any disciplinary sanctions imposed on the respondent; and
    c. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

Emergency removal
The District may remove a respondent from the District's education program or activity on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. STUDENT RECORDS-PRIVACY

This notice informs parents and eligible students of their rights concerning educational records maintained by the Greene County Tech School District. The rights include those of access to the records, opportunity to challenge such records, limitation on disclosure, and provisions to file a complaint with the Department of Education. These rights are explained and require school systems to provide parents and eligible students (18 years and older) the opportunity to challenge the contents of the record when they believe it contains information that is inaccurate, misleading, or an invasion of the student's right to privacy. This does not apply to grades. Limit disclosure of information from the student's records to those who have written consent of the parent or eligible student or to officials specifically permitted under the law (such as GCT officials) to those of other schools in which the student seeks to enroll, and under certain conditions and for specific purposes to local, state and federal officials.

STUDENT SURVEYS OR QUESTIONNAIRES:

Greene County Tech School District shall not administer or permit to be administered a questionnaire or survey that requests or requires a student to supply any personal identifying information unless written permission is obtained from the student's parental or legal guardian. A permission form is found in the front of the parent/student handbook. "Survey or Questionnaire" means a list or group of questions, responses to which are provided to a person or entity other than a public school district, the Department of Education, or any branch of the federal government.

STUDENT TRANSFERS

The Greene County Tech School District shall review and accept or reject requests for transfers, both into and out of the district, on a case-by-case basis at the any scheduled or special called school board meeting. The District may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education (DESE) to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the DESE to a District school shall be evaluated by District staff to determine the student's appropriate grade placement. A student transferring from home school will be placed in accordance with policy on homeschooling. Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.

Except as otherwise require or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both. The following factors, (not to be considered inclusive) will be considered in accepting student transfers:

1. A student has been previously enrolled in the GCT District and wishes to continue enrollment at GCT.
2. A student of senior classification cannot complete graduation requirements in another school district and wished to complete his/her high school education.
3. A parent of the student is an employee of the GCT District.
4. Students have been placed in the GCT District by court order or other legal decree.
5. Students desire to complete course work not available in another district.
6. Other student or family extenuating circumstances.

The following factors, (not to be considered inclusive) will be considered in granting student transfers:

1. A student who has completed the junior year of another high school prior to relocating in the Greene County Tech School District.

2. A parent of the student is a fulltime employee of the receiving district.
3. A family who has begun construction of a home in, another district with a completion date in the semester of the request.
4. Has the student had a previous transfer approved by the GCT Board?
5. Other student or family extenuating circumstances.

Students who change residence during the semester will be allowed to apply for a transfer during the semester. Transfer applications due to extenuating circumstances may be considered for recommendation by the Superintendent at the date of receipt. All other transfer requests will be considered prior to the beginning of each semester. The deadline for application for transfer for the fall semester will be July 10. The deadline for the spring semester will be December 10. Legal References: A.C.A. § 6-15-504, A.C.A. § 6-18-316, A.C.A. § 6-18-317, A.C.A. § 6-18-510, A.C.A. § 9--28-113(b)(4), A.C.A. § 9--28-205

STUDENTS' VEHICLES

A student, who has presented a valid driver's license and proof of insurance to the appropriate office personnel, may drive his/her vehicle to school. Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege which make be denied to a student for any disciplinary violation, at the discretion of the student's building principal. Students are not permitted to loiter in parking areas and are not to return to their vehicles during the school day for any reason unless given permission to do so by school personnel. It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle. All automobiles and motorcycles will be properly registered by the principal of the school to provide identification of the vehicle. The appropriate principal of the school will develop additional policies and regulations as may be required to insure the safety and well-being of all students and adults. It shall be considered a student privilege to operate a vehicle on the school campus. The violation of these rules will result in the immediate loss of this privilege.

STUDENT VISITORS

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.

STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services ("DHS"), the Division of Elementary and Secondary Education (DESE), and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice ensure that the foster child remains in his/her school of origin, even if a change in the foster child's placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District's foster care liaison by a foster child's caseworker that a foster child's school enrollment is being changed to one of the District's schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child's grades shall not be lowered due to absence from school that is caused by a change in the child's school enrollment, the child's attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma. For additional training items refer to: http://dese.ade.arkansas.gov/Offices/public-school-accoutability/federal-programs/Foster%20Care%20Liaison.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by DESE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law, state law, the standards for accreditation, or other applicable State rule or Federal regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
    a. The Foster Child School Choice Act;
    b. Opportunity Public School Choice Act of 2004;
    c. The Public School Choice Act of 2015; or
    d. Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child's school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child's transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to. STUDENT WITHDRAWLS

When a student plans to withdraw or leave school, the principal should be notified in advance so that copies of the students' records can be prepared to send to the receiving school. On the last day that the student will be in attendance, he or she should pick up a withdrawal form from the office to take to the counselor, librarian, and to all classes throughout the day so that grading information can be recorded by all subject level teachers.

SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

Sudden Cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectantly. When this happens, blood stops flowing to the brain and other vital organs. SCA doesn't just happen to

adults; it takes the lives of students too. However, the causes of sudden cardiac arrest in students and adults can be different. A student's SCA will likely result from an inherited condition, while an adult's SCA may be caused by either inherited or lifestyle issues.

SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

Although SCA happens unexpectantly, some people may have signs or symptoms, such as:

- Fainting's or seizures during exercise;
- Unexplained shortness of breath;
- A racing heart;
- Dizziness;
- Chest pains; or
- Extreme fatigue.

These symptoms can be unclear in athletes, since people often confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience SCA die from it. All student athletes and their parents/guardians must read and sign a form in the front of the handbook after reviewing the warning signs of SCA. The form must be returned to school prior to any participation in any athletic activity. A new form must be signed and returned each school year.

Guidelines for Removal of a student from activity

If a student faints or loses consciousness while participating in or immediately following an athletic activity, the athletic director/coach/athletic trainer shall remove the student from participation in the athletic activity at that time.

If a student exhibits any of the symptoms described in the above signs and symptoms while participating in or immediately following an athletic activity and an athletic trainer reasonably believes that the symptom is cardiac related, the athletic trainer may remove the student from participation in the athletic activity at that time.

A coach who observes a student exhibiting any of the symptoms described in the above signs and symptoms while participating in or immediately following an athletic activity shall notify the parent or legal guardian of the symptom(s) their student exhibited.

A student who is removed from participation in an athletic activity shall not be permitted to return to participation in an athletic activity until the student is evaluated and cleared for return to participation in writing by a medical physician licensed in the state of Arkansas.

SUSPENSION FROM SCHOOL

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days,* including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to that which:

- Is in violation of school policies, rules, or regulations;
- Substantially interferes with the safe and orderly educational environment;
- School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
- Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS)shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- Poses a physical risk to himself or herself or to others;

- Causes a serious disruption that cannot be addressed through other means; or
- Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student.

A. The student shall be given written notice or advised orally of the charges against him/her;

B If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and

C. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parents, legal guardians, person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

1. A primary call number;
   - The contact may be by voice, voice mail, or text message.
2. An email address;
3. A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District's engagement or access to education program.

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board. Legal References:A.C.A. § 6-18-507, Goss v Lopez, 419 U.S. 565 (1975) DESE Rules Governing Student Discipline and School Safety.

TARDIES AND CHECKING OUT EARLY

Tardies

Students detained by a teacher should request a note from that teacher to take to the next class to excuse tardiness.

- Excused tardies include: a late bus; a conference with another teacher, the principal, or the counselor; severe weather conditions; a physician's appointment; or other medical reasons. The student must bring a note from his/her parents or physician to the office when securing a tardy slip.
- Unexcused tardies include: being on campus, in hall, restroom, gym, or office without trying to get to class on time, getting up late, talking too long in the hall, on campus or at locker too long.

First period tardy slips will be issued from the main office. Tardy slips issued any other period except 1st will be issued by the teacher.

Leaving Campus - Check Out

Students will only be allowed to check out for illness, medical and dental appointments, court, serious illness or death in the immediate family, and other extenuating circumstances as determined by the principal. Permission

will only be given to those students who provide a note to the principal from the parent/guardian. Students must also bring a note to have an opportunity to obtain an excused absence on the day of their return. When a student is sick and needs to go home, someone in the nurse's office will call the parents/guardian for transportation. Students are under the jurisdiction of school authorities from the moment they enter campus or arrive at the bus stop.

TELEPHONE USE

The office phone is available for students to use for emergencies only, with permission from office personnel. No personal phone calls will be allowed.

TEXTBOOKS

State owned textbooks in all subjects shall be provided to all students without costs in grades K-12. State owned books that are lost or damaged must be paid for in accordance with the nature of the damage and the age of the book. The amount to be charged for lost or damaged books is determined by the replacement cost of the book. When it is definitely established that a textbook has been lost, the principals should be notified of the type of book lost. Students are to pay for a lost textbook in the office. The student will be given a receipt, which should be shown to the teacher. If the textbook is found, the student should take it and the receipt to the office. After proof has been established that the book has been recovered a refund will be issued to the student.

TITLE IX

In June 1972, Congress passed Title IX of the Education Amendments, a law which affects virtually every educational institution in the country. The law prohibits discrimination by sex in educational programs that receive federal funds. The law states in part that "no person in the Unites States shall on the basis of sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal assistance". Male and female students must be eligible for benefits, services and financial aid without discrimination on the basis of sex. The designated grievance officer is the Federal Programs Director who may be reached at 870-236-2762.

TOBACCO, ELECTRONIC NICOTINE DELIVERY SYSTEMS, AND RELATED PRODUCTS

Smoking or use of tobacco or products containing tobacco in any form (including, but not limited to, cigarettes, cigars, chewing tobacco, and snuff) in or on any real property owned or leased by a District school, including school buses owned or leased by the District, is prohibited. Students who violate this policy may be subject to legal proceedings in addition to student disciplinary measures.

With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pipes, or under any other name or descriptor.

TRANSPORTATION, BUSES

RIDING A BUS SHOULD BE REGARDED AS A PRIVILEGE NOT A RIGHT

Students must ride Greene County Tech provided transportation to off campus events to be eligible to participate. Students may ride with his/her parent only after the event is over and after proper written permission has been delivered to the appropriate event sponsor. In the event of extenuating circumstances, parents may seek alternative arrangements by contacting the specific building level administrator. Students are considered in school (class) from the time they reach the bus stop in the morning until they are let off the bus in the afternoon. Students should be at the bus stop at the scheduled time. Stand back about 10 feet from the bus stop and wait until the door is opened prior to moving closer to the bus. Do not play on the highway or road. If a student misses the bus, do not attempt to hitch hike a ride to or from school.

While loading and unloading, enter or leave the bus orderly and quickly. While riding the bus, students are under the supervision of the driver and must obey the driver at all times. Students are expected to conduct themselves in a manner such that they will not distract the attention of the driver or disturb other riders on the bus (which includes keeping your hands to yourself, be reasonably quite, attend to your own business, and leave other students alone).

Students are not to tamper with any of the safety devices such as door latches, fire extinguishers, and etc. Students must remain in assigned seats while the bus is in motion and must not move seats unless the bus is stopped and permission is granted by the driver.

Nuisance items are not permitted and include: knives, sharp objects of any kind, pets, other living items, firearms, and etc. Students are not to put their hands, arms, heads or bodies out of the window. Students are not to yell at anyone outside of the bus. Students are not to deface the bus or any school property. Students are not to write

on the bus or damage seats. Students should not throw paper, food or other objects on the floor of the bus or out of the bus windows. Students are not to eat on the bus. No smoking is allowed at any time on a school bus.

The aisle of the bus should be kept clear at all times from books, lunches, coats, and feet, which should not be in the aisles at any time. Students should not ask the driver to let them off the bus at any other stop than the designated stop unless a written bus note from the principal's office is provided. If students must cross the road or highway to enter the bus, they should try to be on the right side of the road while waiting for the bus. If a student should arrive at the stop just as the bus approaches the stop, students should wait until the bus has come to a complete stop and then the driver has signaled to cross in front of the bus. Students who must cross the road after leaving the bus in the afternoon must cross the road only after the driver has signaled to do so. Students cannot ride any other bus except their own. Permission must be secured from the principal's office in the form of a bus pass, should a student need to get off at an alternate location. This statement does not cover all of the do's and don'ts, but is a very specific guide. The driver may find it necessary to interpret these policies in light of specific bus route needs. "The administration may exercise more extreme action in situations where student misconduct on school district buses negatively impacts the learning environment of the regular school day. For example, just suspending a student from the bus for bullying another student will not protect the victim from being bullied during the regular school day. Therefore, more serious infractions, such as bullying, must be addressed as a violation of school rules and not just a violation of bus rules."

General Bus Rules:

- Obey instruction of drivers at all times.
- Stay in assigned seat facing front of bus at all times.
- Keep hands, feet, and other objects to yourself
- Noise should be kept at a low classroom voice.
- Be at bus stop at assigned time, students wait on buses, buses do not wait on students.

USE OF COPYRIGHTED MATERIALS

Use of Copyrighted Work in Face-to-Face Classroom

The Board of Education encourages the enrichment of the instructional program through the proper use of supplementary materials. To help ensure the appropriate use of copyrighted materials, the Superintendent, or designee, will provide district personnel with information regarding the "fair use" doctrine of the U.S. Copyright Code as detailed in the "Agreement on Guidelines for Classroom Copying in Not-for-Profit Educational Institutions with Respect to Books and Periodicals" and "Guidelines for Educational Uses of Music."

Use of Copyrighted Works in Digital Transmissions

Definitions

"Class session" means the length of time provided for students to access the materials necessary for the completion of course assignments and tests. Depending on the copyrighted work's overall importance to the course, which can vary from a single assignment to an entire course focusing on the copyrighted work, the class session will end on:

- The date set by the teacher for an assignment to be submitted; or
- The date on the school calendar for the end of classes.

"Course packs" are premade compilations of book excerpts; newspaper, magazine, and journal articles; and instructor-authored materials.

"Mediated Instructional activities" includes textbooks, workbooks, and course packs.

"Transmission" is the remote accessing, whether on or off campus, by students of a copyrighted work by means of a closed circuit television, an educational television channel, or in a digital format on a password protected secure webpage.

The District recognizes that advances in technology have resulted in the need for guidelines for the use of copyrighted materials that are transmitted to students through a digital network. While the requirements to use a copyrighted work in a digital transmission have many similarities to those required to use a copyrighted work in a face-to-face classroom, Federal law places several additional requirements on the District's teachers, IT staff, and librarians for the use of a digitally transmitted copyrighted work. The District is dedicated to providing the tools necessary for teachers, IT staff, and librarians to meet these additional Federal requirements.

The District shall make sure the server where materials are stored is secured, whether the server is located locally or remotely.

The District's Informational Technologies staff shall develop the proper protocols and train teachers on their use in order to ensure:

1. The transmission of the copyrighted work is limited to only the students enrolled in the course;
   - Each student shall have a unique ID and password for accessing digital courses/materials; or
   - Each course shall have a unique password to access course materials; and
   - The password to access the course materials shall be changed immediately following the close of the course.
2. To prevent students from retaining or further disseminating the copyrighted work for more than one class session;
   - The print function will be disabled;
   - A transparency shall be placed over any literary work, sheet music, or photograph;
   - Audio and video transmissions will be set to be streamed; and
   - The link to the webpage with a copyrighted work shall be deactivated at the end of the applicable class session.

Teachers who wish to provide copyrighted works to students through a digital transmission as part of a digital course as well as teachers wishing to supplement a face-to-face classroom course with a digital transmission must meet applicable copyright statutes and policy 5.11—DIGITAL LEARNING COURSES as well as the following requirements in order to use a copyrighted work:

A. The use of the copyrighted work(s), whether in whole or in part, must be a part of regular classroom instruction and must be directly related and of material assistance to the course content;

B. The extent of a copyrighted work that is used must comply with one or more of the following criteria:
   - The entirety of a non dramatic literary or musical work may be used. A non dramatic literary work includes poems and short stories. A non dramatic musical work covers all music that is not part of an opera or musical and does not cover the use of the music video format of a song.
   - Dramatic literary and musical works as well as videos may only be used in limited portions. Dramatic literary and musical works may only be used in the same amount as set forth in the requirements for a face-to-face classroom while videos, including music videos, may only have the portion used that is directly related to the subject of the class session and may not be transmitted in their entirety.
   - Still images or slides that a teacher would have used in the ordinary course of a face-to-face classroom session on a projector or a transparency may be used in a transmission.
   - Works primarily produced or marketed for use in the digital education market may not be transmitted.
   - Works the teacher had knowledge or reasonably believes to be unlawfully made or acquired may not be used.
   - Mediated Instructional activities may not be transmitted.

C. A statement that works may be subject to copyright shall be placed in at least one of the following areas to provide notice to students of copyright status:
   - Course syllabus;
   - Home webpage for the course;
   - Webpage for the particular class session; and/or
   - Webpage with the copyrighted work.

The teacher and the District librarian shall work together when making digital copies of copyrighted work from physical or analog versions and shall fulfill the following requirements:

- The amount converted is only the amount allowed by law; and
- The District has no digital copy of the copyrighted work available; or
- The District's digital copy of the copyrighted work that is available has technological protections that prevent the use of the copyrighted work in the manner prescribed by law.

The District will not be responsible for any employee violations of the use of copyrighted materials.

VIDEO SURVEILLANCE

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

VISITORS TO THE SCHOOLS

Parents, grandparents, legal guardians, business, and community members are welcome and encouraged to visit District schools. To minimize the potential for disruption of the learning environment, visitors, for a purpose other than to attend an activity open to the general public, are required to first report to the school's main office. No one shall be exempt from this requirement. Parents and legal guardians are encouraged to participate in regularly scheduled visitation events such as school open houses and parent/teacher conferences. Additional conferences are best when scheduled in advance. Conferences shall be scheduled at a time and place to accommodate those participating in the conference. Visits to individual classrooms during class time are permitted on a limited basis with the principal's prior approval and the teacher's knowledge. Parents wishing to speak to their children during the school day shall register first with the office. The District has the right to ask disruptive visitors to leave its school campuses. Principals are authorized to seek the assistance of law enforcement officers in removing any disruptive visitors who refuse to leave school property when requested to do so. Visitors who are disruptive become "trespassers" as defined in A.C.A. § 6-21-606. As such, they lose their right to be on campus. Legal References: A.C.A. § 6-21-606, A.C.A. § 6-21-607

VOLUNTEERS/WATCHDOG DADS

Enlisting the support of volunteers is a way the District can expand the scope of resources and knowledge available to enrich the students' educ
ational experiences, while strengthening the relationship between the school and the community. Volunteers can also perform non-instructional tasks that allow licensed personnel more time to devote to instruction.

The Building principals shall be responsible for establishing and maintaining a program to coordinate the services volunteers are willing and able to contribute with the needs of District personnel. The program shall establish guidelines to ensure volunteers are aware of pertinent District policies and rules. Volunteers who violate school policies or rules, or knowingly allow students to violate school rules, may be asked to leave the school campus. The guidelines should also include provision for evaluation of the volunteer program and a method for soliciting suggestions from both the volunteers and staff for its improvement.

All volunteers who intend to act as head coaches or assistant coaches must:

1. Be at least twenty-two (22) years of age; and
2. Meet the requirements adopted by the Arkansas Activities Association (AAA) to volunteer for any athletics program for grades seven (7) through – twelve (12).

A member of the board of directors of the District or the spouse of a member of the board of directors of the District may not be a registered volunteer for the District unless a majority of the disinterested members of the Board of Directors approves a resolution for the board member or board member's spouse to be a registered volunteer. The resolution approving the board member or board member's spouse to be a registered volunteer shall be effective for only one (1) school year.

A volunteer may act as a head coach in all varsity junior and senior high sports administered by the AAA except in

the following sports:

- Football;
- Basketball; and
- Track and field.

Background Checks for Volunteers

For the purposes of this policy, "clear background check" means that: A background check was performed on the potential school volunteer in accordance with A.C.A. §§ 12-12-1601 et seq.;

- The potential school volunteer has not committed any of the crimes or offenses contained in A.C.A. §§ 6-17-410, 6-17-411 or 6-17-414 according to both the National and Arkansas background checks; and
- The potential school volunteer's name was not found on the Child Abuse Central Registry and The Arkansas Educator Licensure System does not indicate the volunteer to have a currently suspended or revoked educator license or

A person wishing to volunteer in a capacity that requires a background check may not perform volunteer services requiring a background check until a clear background check is received by the District. Once received, a clear background check is good for five years; a background check renewal must be applied for and a clear background check received prior to the time of renewal or an interruption of permitted volunteer service could occur. A clear background check will be accepted of any individual wishing to volunteer provided it was conducted within the timeframe provided for in this policy.

Clear background checks for school volunteers are required for those individuals who are required to be or who seek to become Registered Volunteers, as defined in A.C.A. § 6-22-102 et seq. In addition to volunteers wishing to participate in the registered volunteers program, clear background checks are required for:

Volunteers will be made aware that the Arkansas Department of Human Services (DHS) considers volunteers for school districts to be mandated reporters of child maltreatment and will receive training on the responsibilities of a mandated reporter. WELLNESS POLICY

The health and physical well-being of students directly affects their ability to learn. Childhood obesity increases the incidence of adult diseases occurring in children and adolescents such as heart disease, high blood pressure and diabetes. The increased risk carries forward into their adulthood. Research indicates that a healthy diet and regular physical activity can help prevent obesity and the diseases resulting from it. It is understood that the eating habits and exercise patterns of students cannot be magically changed overnight, but at the same time, the Board of Directors believes it is necessary to strive to create a culture in our schools that consistently promotes good nutrition and physical activity.

The problem of obesity and inactivity is a public health issue. The Board of Directors is keenly aware that it has taken years for this problem to reach its present level and will similarly take years to correct. The responsibility for addressing the problem lies not only with the schools and the Division of Elementary and Secondary Education (DESE), but with the community and its residents, organizations and agencies. Therefore, the District shall enlist the support of the larger community to find solutions that improve the health and physical activity of our students.

Wellness Committee
To enhance the district's efforts to improve the health of our students, a School Nutrition and Physical Activity Advisory Committee (SNPAAC) shall be formed. It shall be structured in a way to ensure age-appropriate recommendations are made that correlate to the District's grade configurations. The SNPAAC shall have the powers and responsibilities delegated to it by statute and Rule and are incorporated into this policy by reference. The overarching goal of the committee shall be to promote student wellness by monitoring how well the District is doing at implementing this policy. The SNPAAC shall use modules 1, 2, 3, 4, 10 and 11 of the Centers For Disease Control' (CDC) School Health Index as a basis for annually assessing each school's progress toward meeting the requirements of this policy. The results of the annual assessment shall be included in the school's district's support plan (SDSP) provided to each school's principal, and reported to the board. Goals and objectives for nutrition and physical activity shall also be included in the SDSP.
The SNPAAC shall be made up of Individuals from the following groups to the extent interested persons from each group desire to be included in the development, implementation, and periodic review of the District's wellness policy:

- Members of the District's Board of Directors;
- School administrators;
- School nutrition personnel;
- Teacher organizations;
- Teachers of physical education;
- Parents;
- Students;
- Professional groups (such as nurses);
- School health professionals (such as school nurses, school counselors, and social workers); and
- Community members.

The SNPAAC shall provide written recommendations to the District's Child Nutrition Director concerning menus and other foods sold in the school cafeteria. Such recommendations shall be based, at least in part, on the information the Committee receives from the District on the requirements and standards of the National School Lunch Program and from menus for the National School Lunch Program and other food sold in the school cafeteria on a quarterly basis.

The SNPAAC will meet at least quarterly. Meeting dates for the SNPAAC will be placed on the District's calendar.

School Health Coordinator
To assist the SNPAAC in ensuring that the District fulfills the requirements of this policy, a District level School Health Coordinator (Designated District Official) shall be appointed. In addition, a school level School Health Coordinator shall be appointed who shall be responsible for assisting the District level School Health Coordinator in ensuring that each school fulfills the requirements of this policy.

EMERGENCY PROCEDURES

FIRE

After careful study and work, a comprehensive plan for drills has been worked out in each department. The following plan will be followed. Please cooperate in carrying out the plan. All fire emergency evacuation procedures are posted inside the doorway of each room.

1. The fire signal will be a continuous sound from the emergency alarm system. The air horn will be used if electricity is off.
2. When leaving the building, walk in single file. Do not run!
3. During fire drills, each class will have one person appointed to see that all windows and doors are closed in the room. This person will be the last to leave the room. Teachers will leave first to make sure students move in the right direction.
4. All school personnel will leave the building during fire drills.
5. Teachers are to take their roll books with them and check the roll after leaving the building.
6. The all clear signal is one long ring on the bell.
7. Students are to re-enter the building in the same manner.

NOTE: In case any exit is blocked, go the nearest exit. Do not panic! Follow the instructions of the teacher in charge.

SEVERE WEATHER

1. If severe weather is imminent, an announcement will be made over the intercommunication system instructing students and teachers about the drill.
2. Students will be given instructions by each teacher concerning what they are to do.
3. Evacuation procedures are posted in all rooms.
4. All persons should go to their designated area immediately, assume a six point position and cover their head with their arms.

Bullying is prohibited while in school, on school property, in school vehicles, on school buses, at designated school bus stops, at school sponsored activities, or at school sanctioned events.

Bullying is any form of behavior by a student or a group of students that involves intentional harassment, intimidation, humiliation, ridicule, defamation, or threat or incitement of violence by a student against another student or public school employee by a written, verbal, electronic, or physical act that may address an attribute of the other student, public school employee, or person with whom the other student or public school employee is associated and that causes or creates actual or reasonably foreseeable:

- Physical harm to a public school employee or student or damage to the public school employee's or student's property;
- Substantial interference with a student's education or with a public school employee's role in education;
- A hostile educational environment for one (1) or more students or public school employees due to the severity, persistence, or pervasiveness of the act; or
- Substantial disruption of the orderly operation of the school for educational environment;

Bullying is a series of recurring actions committed over a period of time directed at one student, or successive, separate actions directed against multiple students. Bullying also includes unacceptable behavior identified in this policy which is electronically transmitted. Cyber bullying is considered to be defined as: the use of computers, websites, the internet, cell phones, text messaging, chat rooms, and instant messaging which can be used to ridicule, harass, intimidate, humiliate, or otherwise bully another student to the degree that electronic devices are used. Cyber bullying has the potential for instantaneous distribution to wide audiences and can impact the educational environment by rapidly reaching larger numbers of students and public employees. Examples of "Bullying" may include but are not limited to a pattern of behavior involving one or more of the following: (AR Code

6-18-514)

- The Term Bullying is often overused and misunderstood. Two students who have a disagreement that leads to either a verbal or physical confrontation is not bullying. Bullying is usually repeated behavior where one student attempts to intimidate and /or harass another student. However, it does not have to be repeated behavior. On the other hand, in some instances, it is the repeated behavior that defines it as bullying. When trying to determine whether or not a situation is bullying the best way to do it is to consider, "Is the student being picked on?"

Electronic act means without limitation a communication or image transmitted by means of an electronic device, including without limitation a telephone, wireless phone or other wireless communications, device, computer or pager that results in the substantial disruption of the orderly operation of the school or educational environment.

Electronic acts of bullying are prohibited whether or not the electronic act originated on school property or with school equipment, if the electronic act is directed specifically at students or school personnel and maliciously intended for the purpose of disrupting school, and has high likelihood of succeeding in that purpose;

Harassment means a pattern of unwelcome verbal or physical conduct relating to another person's constitutionally or statutorily protected status that causes, or reasonably should be expected to cause, substantial interference with the other's performance in the school environment; and

Substantial disruption means without limitation that any one or more of the following occur as a result of the bullying:

- Necessary cessation of instruction or educational activities;
- Inability of students or educational staff to focus on learning or function as an educational unit because of hostile environment
- Severe or repetitive disciplinary measures are needed in the classroom or during educational activities; or
- Exhibition of other behaviors by students or educational staff that substantially interfere with the learning environment.

Examples of "Bullying" may include but are not limited to a pattern of behavior involving one or more of the following:

1. Sarcastic comments and/or "compliments" about another student's personal appearance or actual or perceived attributes.
2. Pointed questions intended to embarrass or humiliate.
3. Mocking, taunting or belittling.
4. Non-verbal threats and/or intimidations such as "fronting or chesting" a person.
5. Demeaning humor relating to a student's race, gender, ethnicity, or actual or perceived attributes.
6. Blackmail, extortion, demands for protection, money or involuntary donations/loans.
7. Blocking access to school property or facilities.
8. Deliberate physical contact or injury to person or property.
9. Stealing or hiding books or belongings, and/or
10. Threats or harm to student(s), possessions, or others
11. Sexual harassment is also a form of bullying.
12. Teasing or name-calling based on the belief or perception that an individual is not conforming to expected gender roles (Example: "Slut") or conduct

or is homosexual, regardless of whether the student self-identifies as homosexual or transgender (Examples: "You are so gay." "Fag" "Queer")

Students are encouraged to report any behavior(s) they consider to be bullying to their teachers or an administrator. Reports of bullying may be made anonymously. Retaliation for reporting bullying is prohibited. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment. The District will discipline any student who retaliates against any person who reports or assists in an investigation or proceeding relating to bullying behavior.

Teachers and other school employees who have witnessed or are reliably informed of any single or multiple incident of bullying shall report the incident(s) to a building administrator. After investigation by administration, students found to be in violation of this bullying policy shall be subject to the following consequences. Rule 38: DIGITAL CITIZENSHIP/ELECTRONIC DEVICES

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden. As used in this policy, “electronic devices” means anything that can be used to transmit or capture images, sound, or data.
Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to take photographs in locker rooms or bathrooms;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.
6. Any other form of bullying or cyberbullying that takes place on campus or that takes place off campus, but results in a disturbance on campus is prohibited.

Appropriate disciplinary consequences will be applied accordingly.

Rule 39: FAILURE TO COMPLETE ASSIGNED WORK AND/OR FAILURE TO

PARTICIPATE IN CLASS REQUIRED ACTIVITIES
A student in the Greene County Tech Middle School is required to participate in all assignments/activities as directed by the teacher.

1. Conference/Warning
2. 1 Days of Detention
3. 3 Days of Detention
4. 5 Days of Detention

6. Subsequent offenses will result in long term ISS and/or possible referral to ALE.

ASSESSMENTS:
State required assessments are given in the Spring semester. The Performance Based Testing Window for the Middle School have not been determined. The Middle School will notify parents and students prior to testing.

IN-SCHOOL SUSPENSION
Administrators may assign students to in-school suspension as a substitute for out-of-school suspension. This consequence of behavior allows a student to maintain their educational performance and permits grades to be taken of worked done outside of the regular classroom.
Guidelines for In-school Suspension (ISS) are as follows:

1. A special room is designated.
2. The ISS room is supervised by a full-time school employee.
3. The rules of ISS will be explained thoroughly to each student by the ISS teacher.
4. Students are to get assignments from their regular classroom teachers
5. Students are to report to the ISS room at the beginning of first period each day.
6. The ISS teacher will check these students in and assign them a permanent seat for their entire suspension.
7. Absences, whether excused or unexcused, will not count toward reduction of the assignment time. Only those days spent in ISS can count in reduction of the assigned time.
8. Days spent in ISS will not count against the six day per semester limit for classroom absence.
9. Students assigned to ISS a 2nd time and subsequent assignments will not be allowed to participate or attend school functions or school activities. Their school day will end at the regular dismissal time.

Students are to bring all materials, assignments, books, equipment, and other academic material they will need to the ISS room when reporting to school.
Students will not be permitted to leave the room. Once a student is assigned a seat, he/she is **not** permitted out of the seat. Students are not permitted to talk or communicate with other students in the room. They are to work independently and quietly. No talking without permission of the teacher. No sleeping or resting head on the desk. Break time will be limited to five minutes in the morning, five minutes at noon and five minutes in the afternoon. The time will be at the discretion of the teacher. Students are to go the restroom and/or drinking fountain only. They are not free to "roam" the area. Students must behave in an acceptable manner while assigned to the ISS room. Those students who commit additional infractions of the student code may receive additional days, be

suspended or recommended for expulsion. Students assigned to ISS must complete assigned time before returning to regular classes.

PARENT/FAMILY ENGAGEMENT PLAN

The Middle School recognizes the vital role parents/guardians play in students' lives. Engaging parents/guardians is essential in improving student achievement and successful school experiences. The Middle School's Parental Involvement Plan is a living document updated on a regular basis to make it continually responsive to the needs of our school community. A copy of the Parental Involvement Plan is located on the Greene County Tech District's webpage. The Middle School's Parental Involvement Coordinator is Kim Simpson. She can be contacted by calling the school or emailing her at kim.simpson@gctsd.k12.ar.us

SCHOOL BUS POLICY

At NO time, should any parent or guardian approach or get on a bus. Contact the Transportation Department at 870-239-3281 to make an appointment to discuss all bus issues. In Accordance with Act 247 of 2005 a person over eighteen (18) is guilty of a class B misdemeanor if the person:

1) Enters the school bus with the intent to commit a criminal offense
2) Enters a school bus and disregards the orders or instructions of the driver
3) Enters a school bus and refuses to leave the bus after being ordered to do so by the driver.
4) Intentionally causes or attempts to cause a disruption or an annoyance to another person on the bus; or
5) Recklessly engages in conduct that creates a substantial risk of creating apprehension in any person on the bus.

RULES:

1. Obey instructions of driver at all times.
2. Stay in assigned seat, facing front of bus at all times.
3. Keep hands, feet, and other objects to yourself.
4. Noise should be kept at a low, classroom voice.
5. Be at bus stop at assigned time; students wait on buses, buses do not wait on students.

CONSEQUENCES:

1st Offense – Conference and Warning (Parent Notification)
2nd Offense – Informal Bus Suspension (Parent Notification Must Be Signed and Returned to School)
3th Offense – Two (2) Day Suspension from Bus or ISS; Parent Notification
4th Offense – Three (3) Day Suspension from Bus; Parent Notification
5th Offense – Five (5) Day Suspension from Bus; Parent Notification
6th Offense – Ten (10) Day Suspension from Bus; Parent Notification
7th Offense – Suspension from Bus for Remainder of Semester; Parent Notification
8th Offense – Suspension from Bus for Remainder of School Year; Parent Notification

NOTE: The administration may exercise more extreme action in situations where student misconduct on school district buses negatively impacts the learning environment of the regular school day. For example, just suspending a student from the bus for bullying another student will not protect the victim from being bullied during the regular school day. Therefore, more serious infractions, such as bullying, must be addressed as a violation of school rules and not just a violation of bus rules.

A bus incident report is mailed to parent/guardian at the time of each infraction. Conferences are welcomed. Any or all steps of disciplinary action may be waived depending on the nature of the infraction. A copy of all infractions is retained by the director of transportation.

HOMEWORK

Homework varies from day to day depending on a student's abilities, capacities, needs and course selections. Homework should be used to reinforce, supplement and /or complement the activities and teachings occurring in the classroom. It is the responsibility of students to complete assigned homework in accordance with the guidelines and timeframes set by the classroom teacher and any policies as dictated by the Greene County Tech School District.

SEMESTER GRADE

Semester grades are to be given for all subjects in grade 6 through 7. The two semesters are to be averaged together to give a yearly grade.

To get your final grade for the semester, first/third nine weeks grade and second/fourth nine weeks grade counts for 45% each with semester test counting as 10%.

Note: Students will only be allowed to take their nine-week and semester tests on the scheduled test dates.

TARDIES AND CHECKING OUT EARLY

Students detained by a teacher should request a note from that teacher to take to the next class to excuse tardiness.

Excused tardies include: a late bus; a conference with another teacher, the principal, or the counselor; severe weather conditions; a physician's appointment; or other medical reasons.

The student must be signed in by parent or guardian when securing an excused tardy slip if late for school. Students missing more than 20 minutes for any period will be counted absent for that period.

Unexcused tardies include: being on campus, in hall, restroom, gym, or office without trying to get to class on time, getting up late, not being signed in by parent or guardian if late for school, talking too long in the hall, on campus or at locker too long.

First period tardy slips will be issued from the main office. Tardy slips issued any other period except 1st will be issued by the teacher.

Students checking out before 2:50 will be counted absent for the last period.

TARDY CONSEQUENCES

1. Conference & Warning
2. One (1) day Noon Detention
3. Two (2) days Noon Detention
4. In-School Suspension (one day); Parent Notification
