School Description

Hurd Barrington was built in 2011 and is one of four Transitional Kindergarten through fifth grade elementary schools in the Newman-Crows Landing Unified School District. Our enrollment is approximately at 484. Our demographics includes nineteen General Education classes, one Resource class and one Special Day class. The demographics of our student body consists of 68.3% Free/Reduced School Lunch, 70% Socioeconomic Disadvantaged, 36% English Language Learners, and 8% Students with Disabilities.

We have a multipurpose room with a stage that is used as our main cafeteria and is shared by Afterschool program for academic supports and enrichment activities. We have a STEAM lab that is opened to teachers and students to teach robotics and STEAM standards. Teachers have a designated block of library time that is dedicated to encourage reading. Students get to check out books as well as get to listen to popular books read to them by our librarian. Our library is also open to students before school, recess, lunch and after-school so that students are given the opportunity to read and take Accelerated Reading (AR) tests and simply socialize with peers to build confidence. Along with classroom P.E. time, students at Barrington get one day of P.E. time by our district P.E. team that focuses on physical fitness standards and nutrition. In addition, we have a conference room in the main office that is designated to hold our Professional Learning Communities (PLC's) meetings, Individual Educational Plan (IEP's), Student Study Team (SST), and training.

This year we are fortunate enough to have a counselor that is designated to Barrington only. The counselor supports students individually, whole class and by referral basis. Topics and support range from academics, anger management, anxiety, emotional, self-esteem, health concerns, and social skills to simply having someone to talk with. Collaboratively we strive on implementing a Positive Behavior Intervention Program, PBIS for all our students.

We have a great partnership with our After-school program. They offer a safe environment for students to continue their learning while enriching them with music, art, athletics, computer literacy, homework support and academics. We believes in nurturing and developing well-rounded learners.

Barrington focuses on rigorous and relevant instructional programs that fully implements State Standards and educates our students towards the path of College and Career readiness. The standards are a road map to what all students are expected to know at each grade level and be able to do. It also helps guides our teachers in developing meaningful lessons. Response to Instruction and Intervention and GATE programs are provided to offer support and challenge all our students.

Part of developing rigorous and relevant instruction is building relationships with all school members especially our students. Our site has embraced that by creating a team that consists of instructional aides, yard duty, cafeteria staff, custodians, teachers and administrators we can support our students in many capacities. They all have assumed responsibility of implementing academic standards while meeting the differentiated needs of all our learners. We continue to work collaboratively to implement the standards by creating and implementing skill-specific lessons, and using cutting-edge materials and assessments to monitor student progress. Barrington focuses on ensuring a professional learning environment where our students can thrive and want to continue to be life-long learners.

Mission:

Hurd Barrington Elementary School has high expectations for all students through rigorous instruction, that allows for individual differences and learning styles. Our school promotes a safe, caring, and supportive environment. We seek to build positive relationships with students, parents, and staff. We strive to have our parents, teachers, and community members actively involved in our students' learning.

Our ultimate goal is always safety first, building literacy and numeracy across all content areas, enhancing technology knowledge, ensure safe and welcoming facilities will build relationships with parents, students, teachers, administration and community.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	39.0	47.0	41.0	41.0	48.0	50.0
Math	34.0	36.0	24.0	25.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	8.0	32.2	24.1

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents are encouraged to participate in school activities and are provided programs to develop a positive, supportive relationship with the school, home, and community and to facilitate a partnership to support student achievement.

With input and approval from our parents and staff we established and adopted a 2018-2019 Title I School-Level Parent and Family Engagement Policy that may be found on our Website and in our main office.

The engagement policy includes curriculum to support ALL students, school activities and opportunities for parents to be involved such as communication to parents such as Class Dojo, flyers, site and district calendar, parent conferences, Back to School Night, Open House, and progress reports and report cards.

Included in our policy are site and district meetings that include but not limited to:

- School Site Council
- ELAC/DELAC
- Site Representatives on district committees
- Parent Volunteer Opportunities
- Second Cup of Coffee
- LCAP

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Hurd Barrington Elementary School prepares staff, students and informs parents about the comprehensive safety plan which is updated and approved annually. The safety plan is reviewed with parents and staff. Students and Staff practice monthly fire drills, lock down drills twice a year and an annual earthquake drill. The plan for the 2018-2019 school year is reviewed at a minimum three times a year and adopted on October 19, 2018. Three safety meetings are held per year or as needed to review safety concerns. Updates are made appropriately and in a timely manner.

Professional Development provided for Teachers

Professional development is provided to staff throughout the year in the form of PLC's once a week, Collaboration days, and staff meetings plus release time to attend content training or county office standards training. Our district also provides after school training for effective teaching and technology. Each grade is also offered two planning days where they can collaborate and backwards map and plan for the upcoming lessons/standards, review data and make adjustments.

All PD's and meetings help support our focus on rigorous and relevant instructional programs that fully implements State Standards and educates our students towards the path of College and Career readiness. The standards are a road map to what all students are expected to know at each grade level and be able to do. It also helps guide our teachers in developing meaningful lessons. Response to Instruction and Intervention and GATE programs are provided to offer support and challenge all our students.

Part of developing rigorous and relevant instruction is building relationships with all school members especially our students. Our site has embraced that by creating a team that consists of instructional aides, yard duty, cafeteria staff, custodians, teachers and administrators. They all have assumed responsibility of implementing academic standards while meeting the differentiated needs of all our learners. We continue to work collaboratively to implement the standards by creating and implementing skill-specific lessons, and using cutting-edge materials and assessments to monitor student progress.

Types of Services Funded

We have a great partnership with our After-school program. They offer a safe environment for students to continue their learning while enriching them with music, art, athletics, computer literacy, homework support and academics. We believe in nurturing and developing well-rounded learners.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
