HEALTHCARE BENEFITS EMPLOYEES NEED

A new model for **employee health and wellness**

As a member of EBO MD, you have total access to healthcare, any time, day or night. We know life and your healthcare needs don't have a set schedule. EBO MD is more than a service provider—we are your partner in continued wellness with a mission to make necessary medical care a welcomed part of your everyday life.

Most of the time, if we can do it in-house, your monthly fee covers it. If we must send out for the test, you will receive the very best wholesale prices we have negotiated for you.

While not a walk-in facility, we try to accommodate all your healthcare needs. Contact options include in-office visits, telephone, email, messaging and secure video consultations.

SERVICES Allergy Testing and Treatments | Annual Wellness Exams | Diabetes Management | Diagnostic Testing | Hormone Optimization and Therapy | Primary Care/Family Medicine | On-site Lab | Outpatient Surgery | Weight Management

WHAT DOES AN EBO MD MEMBERSHIP COVER?

Labs

We have negotiated the very best wholesale lab prices for all labs that we must send outside our office. Those savings are passed directly on to our patients.

Clinic

Unlimited office visits, same day appointments, diagnostic and procedural tests, and in-office surgeries—they're all included. Referrals are made to the best consultants regardless of hospital affiliation.

Prescriptions

Our patients benefit from substantial savings on negotiated wholesale generic prescriptions and supplements. See many of the available products and prices on our website.

Telehealth

Our members have 24/7 access to providers with our telehealth service, MD Virtual Care. Request a consultation day or night. Log in at portal.mdvirtualcare.com or call 866-662-3870.
