

Hi! I'm Mrs. Whitman. I am so excited to be teaching third grade again this year! I cannot wait to hear more about you and your summer. I have loved working in your school for the past four years!

I grew up in Carrington and went to college at UND. I have four children (Savannah, Maximus, Amari, & Jayci) and two dogs (Luna & Misty). My husband is a criminal investigator. In my spare time I love to read, craft, watch movies, attend activities with my children, and play and watch sports.

We will have lots of fun this year while we learn a bunch!

Love,

Mrs. Whitman
