

2022-23 Annual Report

2021-22 School Year

Our Plan for Success, the strategic plan for Arkadelphia Public Schools, establishes the goals to guide the school district over the course of five years.

In February 2022, the APSD Board of Education began the process of reviewing the strategic plan. During Board work sessions, surveys and standardized testing data were available to evaluate plan progress made on pre-and post-COVID.

The Arkadelphia School Board continues to focus on developing an updated Strategic Plan for the 2022-23 school year.

The mission of Arkadelphia Public School District is to create a quality learning organization where student achievement results in excellence within the local and global community.

- Quality
- Excellence
- Equity
