FREE MEALS ENDING

SIGN UP FOR FREE AND REDUCED MEALS IF YOU QUALIFY

Due to funding from a federal program, we were able to supply free meals to all children ages 18 and under for the past two years. That program is ending on the last day of school. After the last day of school, we can no longer provide universal free meals.

This means students attending summer school will need to pay for breakfast and lunch, or they can bring their own food. Families who think they might qualify for free and reduced meals should apply for these benefits.

The application for the 2021-2022 school year and 2022 summer school will extend to the first 30 days of the 2022-2023 school year, and then eligible families will need to reapply to receive the meal benefits for the remainder of the upcoming school year.

If your child is eligible for free and reduced meal benefits and you apply, you can also receive additional benefits like fee waivers, activity scholarships, free screenings, school supplies and more. At any time a parent can log into their [PowerSchool Parent Portal](#). Click Forms in the left menu. Complete the Application for Free and Reduced Price School Meals form under the Enrollment tab.
