

## Industry Recognized Credentials Available to SLHS CTE Programs

Show Low High School satellite CTE programs are housed on campus and are available to all SLHS students beginning in the 10th grade. The following chart lists the programs offered and the available industry recognized certifications and credentials that are available to students who successfully complete the listed program. Each program also includes the opportunity for students to attain the Arizona Department of Education (ADE) Technical Skills Assessment (TSA) certificate. Completion of the above assessments and certifications can also help students be eligible for the Credentialed Seal of Excellence on their high school diploma.
