

WISCONSIN HEIGHTS SCHOOL DISTRICT AT A GLANCE

WHY WISCONSIN HEIGHTS?

Wisconsin Heights is located 20 minutes west of Madison, Wisconsin. We are located in scenic rural Dane County between the villages of Black Earth and Mazomanie. The district encompasses approximately 100 square miles.

In September 2022, students and staff of Wisconsin Heights came together to start the 22-23 school year on one campus!

A new, state-of-the-art elementary wing was added to the MS/HS facility and updates were made to the existing MS/HS. These enhancements are allowing the district to continue its positive progress and provide a top-notch education for the students.

This would not have been possible if it wasn't for the amazing support the district receives from the community!

**Community support + #VanguardPride
Reaching New Heights....Together!**
