

UltraTec, Inc. is motivated by simple values: empowerment, helping one another, and treating everyone with respect. We apply those same values to our work environment. We are committed to creating an atmosphere that is casual, diverse, and friendly. Our managerial philosophy is built around the principles of treating all employees with dignity and fairness. The scheduling system is designed for flexibility so that our employees can balance work with family, school, and outside interests. And at the end of every day, our employees can go home with the satisfaction that they were able to help somebody and make a difference in someone's life.

HR Generalist

Job Description: The Human Resources Generalist manages the day-to-day operations of the Human Resource office for manufacturing personnel located at Advanced Assembly, Inc. The Human Resources Generalist carries out responsibilities in the following functional areas: recruitment, hiring, updating Human Resource Information Systems (HRIS: Ceridian Dayforce), employee relations, benefits and compensation administration, and conflict and complaint research and resolution.
