

## Sibling Support Program:

### A Family-Centered Mental Health Initiative

**WHEN: Thursday, December 1st, 5:30 PM**

Do you have a child with behavioral challenges? Do you have other children who are impacted? If so, caregivers and siblings are invited to join this webinar, hosted monthly on the first Thursday of each month. Over Zoom, siblings meet other children and teens who know what it's like to have a brother or sister with behavioral challenges. Siblings have a chance to talk, learn coping skills and feel better. The Zoom is facilitated by psychiatrists and trainees at UMass Chan Medical School. What about parents & caregivers? First-time participants join a Zoom session led by our trained parent mentor. Returning parents join a session to address family challenges.
