Khan Academy

Khan Academy is a free online resource that provides students K-12 in mathematics the opportunity to view lessons and practice skill based on grade level and content. It also covers topics like Algebra, Geometry, Calculus, Chemistry, Biology, Computer Science, Programming, World History, US Government, Economics, and many more. Each lesson, consisting of practice exercises, instructional videos, and personalized learning dashboards, is designed by content specialists. Khan Academy also partners with organizations like NASA, The Museum of Modern Art, and MIT to offer specialized content. Students who use Khan Academy live all around the world and the content has been translated into Spanish, French, and Brazilian Portuguese. At the current time, Khan Academy is also working on translating the content into 36 other languages. The mission of Khan Academy is to "empower learners to study at their own pace in and outside of the classroom."
