

April 1, 2021

Dear Brimley Area Schools Family:

This letter is to inform you that one individual at Brimley Middle/High School has tested positive for COVID-19 and is currently at home in isolation. The District is coordinating closely with the Chippewa County Health Department to assure the health and safety of our community.

Chippewa County Health Department is performing contact tracing and will identify all close contacts (less than 6 feet for at least 15 minutes) to this individual. If you have not been contacted your child is not a close contact of this individual and therefore your child is not required to quarantine.

Cleaning and disinfecting of all exposed areas will be completed. The school is also taking precautions to prevent the introduction and spread of viruses and other germs and is cleaning frequently touched surfaces daily. The status of this situation is fluid, and we are monitoring it closely.

We understand the level of concern regarding COVID-19. We encourage parents and students to continue following the public health recommendations:

- **Staying home when you are sick.**
- **Practice the 3 Ws:**
 - **Wash your hands (with soap and water for at least 20 seconds)**
 - **Wear a mask**
 - **Watch your distance**
- **Covering coughs and sneezes and properly disposing of tissues.**
- **Continue to socialize responsibly-limit gatherings outside your household**
- **Continuing to monitor your health for symptoms**

As always, we appreciate our community for your support and cooperation. You can assist us by remaining vigilant but sensible in your approach to dealing with this health concern.

If you have any questions about this situation, please feel free to contact me at the above phone number.

Respectfully,

Brian Reattoir, Ed.S.
Superintendent of Schools
