On **July 10th at 1:30pm** we have invited Talewise to host an interactive science program for kids in grades K-5th grade. This program is titled ***Science Heroes: Saving Earth Together!*** Through this program a team of unlikely heroes must work together to stop a super polluting mastermind! Throughout the story, volunteers help conduct amazing science experiments about the laws of motion, air pressure, chemical reactions, and more.

Later that day at **2:30pm**, the library and Talewise will host another program for kids in grades 6-12th grade.
