

Alden-Hebron School District 19

Special Education Procedures

Mission: Alden-Hebron School District 19, In partnership with our community, will educate and inspire our students to reach their individual potential enabling them to be responsible members of society.

Child Find

Alden-Hebron School District 19 actively seeks out and identifies all children from birth through age 21 within District 19 boundaries who may be eligible for special education and related services. This includes homeless children, children who are wards of the state and highly mobile and migrant children. Alden-Hebron District 19 uses the following procedures to fulfill the child find responsibility:

1. Alden-Hebron School District 19 offers a grant-funded Preschool for All program for children who live within the district boundaries and turn three on or before September 1st. Children are screened individually using the *Dial* in three disciplines: cognitive skills, speech/language skills, and gross and fine motor skills. Parents are also interviewed to help determine if the child has additional risk factors (i.e. economic hardships, substance abuse in the home, English as a second language). The *Dial* scores and other contributing factors help rank the children so that those with the most need are accepted into the program first. Twenty spots are available for both the morning and afternoon session. In most cases, all children that have applied for the preschool program are accepted in order to fill the program. This scenario provides students that are at risk the opportunity to learn from typically developing peers. Students are able to attend the program for two years if they meet the age requirements and restrictions.
2. Teachers and professional personnel review each child's performance and progress in order to refer those children who exhibit problems which interfere with their educational progress and/or their adjustment to the educational setting, suggesting that they may be eligible for special education and related services.
3. When a child that has been identified by the Early Intervention Program for services (physical therapy, developmental therapy, speech/language therapy, behavioral therapy, occupational therapy), the services are most often offered in the family's home. When the child turns three years old, these services become the responsibility of the school district. Typically, the referring agency (Child & Family Connections) will contact the school between 60 and 90 days before the child will turn three years of age. If there has been an evaluation and the parents have authorized the agency to share the reports with the school district, they are faxed or mailed to the school. The school district representative is invited to attend the final IFSP meeting. This is a chance for the current therapists to share current goals, progress, and recommendations for the future. The school district has the opportunity to explain what services are offered through the school and answer any question from the parents. If additional information is needed in order to assess if the child qualifies for continued services, a domain meeting will be held at the IFSP or at a future date. The goal of the Early Intervention Program is to provide a

seamless transition from E.I. services to school-based services without an extended break. At times the child has made enough progress in Early Intervention that they no longer qualify for additional services. In this case, the child is dismissed from services. If the student continues to show significant delays, they can receive services (ST, OT, PT, SW) following a “walk in” service model. The parent would be responsible for transporting the student to and from school for therapy. Depending on the child’s birth date, they might also be eligible for the preschool program.

Evaluation & determination of Eligibility

Determining whether or not a child is eligible for special education is a complex and time-consuming process. It is important to note that eligibility decisions are not based on whether a student “needs” special education services. The decision must be based on whether a student can be considered disabled under existing federal and state laws and regulations governing special education. A referral is the process of asking the school district to evaluate a student to decide if the student qualifies to receive services. A referral can be made by either Alden-Hebron School District personnel involved in the student’s education or by a parent or legal guardian. All parental requests must be made in writing and submitted to the Special Education Coordinator. In accordance with 23 IAC 226.130, Alden-Hebron School District uses a process that determines how a student responds to scientific, researched-based interventions (RtI) when determining whether a student is eligible for and entitled to special education services.

Alden-Hebron School District 19 will process the request for services, decide what action should be taken, and initiate the necessary procedures. To determine whether the child requires and evaluation, Alden-Hebron School District 19 will utilize screening data and conduct preliminary procedures such as observation of the child, assessment for instructional purposes, consultation with the teacher or other individual making the request, and a conference with the child. Within 14 days after receiving a request for an evaluation, AHSD 19 will provide a written notice to the parents as required by State and federal law. If an evaluation is to be conducted the following will occur:

1. A team of individuals, including parents, having the knowledge and skills necessary to administer and interpret evaluation data will convene. The composition of the team will vary depending upon the nature of the child’s symptoms and other relevant factors.
2. The team shall identify the assessments necessary to complete the evaluation and will prepare a written notification for the parent that describes any evaluation procedures to be conducted. For each domain, the notification will either describe the needed assessments or explain why none are needed.

3. AHSD 19 will ensure that the notification of the team's conclusions is transmitted to the parent within the 14 school day timeline along with the request for the parents informed written consent to conduct the needed assessments.

Identification of Needed Assessments

An evaluation must cover all domains, which are relevant to the individual child under consideration. IEP team members review and evaluate existing information about the child, including the following if available:

1. Information from a variety of formal and informal sources, including information provided by the child's parents;
2. Current classroom-based assessments and observations;
3. Observations by teachers and providers of related services;
4. Information, if any, provided by the child
5. Information from specialized evaluations such as those performed by independent evaluators, medical evaluators, behavioral intervention specialists, bilingual specialists, etc.

After the review of information described above, the IEP team members will determine whether additional evaluation data is needed in any relevant domain and from what source(s) to determine:

1. Whether the child has, or continue to have, one or more disabling conditions;
2. The present levels of performance and educational needs of the child;
3. Whether the disability is adversely affecting the child's educational performance;
4. Whether the child needs or continues to need, special education and related services; and
5. Whether any additions or modifications to the child's special education and related services are needed to enable the child to meet the goals and objectives of his/her IEP and to participate appropriately in the general curriculum.

Upon completion of the assessments, but no later than 60 school days following the date of receipt of informed written consent from the parent to perform the needed assessments, the determination of eligibility will be made at an IEP meeting. If District 19 fails to conduct the evaluation, the parent of the child may appeal this failure in an impartial due process hearing.

Evaluation Requirements

In conducting the evaluation, Alden-Hebron School District will:

1. Use a variety of assessment tools and strategies to gather relevant functional, developmental and academic information about the child, including information provided by the parent that may assist in determining whether the child is a child with a disability and/or the content of the child's IEP.
2. Not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child.
3. Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.
4. Each evaluation will be conducted so as to ensure that it is nondiscriminatory with respect to language, culture, race, and gender.

Determination of Eligibility

No later than 60 school days following the date of receiving informed written consent to conduct an evaluation, an IEP meeting will be held to consider the results of the evaluation and, if the child is determined to be eligible for special education and related services to develop an IEP. The IEP team, after considering the evaluation and other information available regarding the child, will determine whether the child is or continues to be eligible for special education and related services as a child with a disability as defined by federal and state law and the child's educational needs. In making this determination, the IEP teams will:

1. Draw upon information from a variety of sources, including aptitude and achievement tests, parental input, teacher recommendations, physical condition, social or cultural background, and adaptive behavior.
2. Ensure that information obtained from all of these sources is documented and considered;
3. Ensure that a psychological evaluation has been conducted and a recommendation for eligibility has been made by a school psychologist for all children determined to have a cognitive disability.

A child may not be determined eligible if the determinant factor for that determination is a lack of instruction in reading or math or limited English proficiency and the child does not otherwise meet District 19s eligibility criteria.

At the conclusion of the meeting to consider the results of the evaluation, the team will prepare a report describing its consideration of pre-existing information about the child, all new evaluation reports obtained, and any other information relevant to the decision about the child's eligibility. This description should relate the information considered to the

child's needs and shall further conform to the requirements relating to identifying students suspected of or having a specific learning disability, if applicable. The IEP team's report will also include:

1. The date of the meeting
2. The signatures of the participants, indicating their presence at the meeting;
3. Any separate written statement provided by a participant who wishes to be on record as disagreeing with the conclusions expressed in the team's report

If an assessment is conducted under nonstandard conditions, a description of the extent to which the assessment varied from standard conditions will be included in the evaluation report. This information is needed so that the team of evaluators can assess the effects of these variances on the validity and reliability of the information reported and determine whether additional assessments are needed.

If any needed portion of the evaluation cannot be completed due to lack of parental involvement, religious convictions of the family, or inability of the child to participate in an evaluative procedure, District 19 must note the missing portions in the child's evaluation report and state the reasons why those portions could not be completed.

In the event that the student is determined to be eligible for special education and related services, the IEP meeting shall be conducted within 30 days (and no later than 60 school days from the date of the District 19 receives the informed written consent for the evaluation or reevaluation from the parent) after the date of that determination.

A copy of the IEP team's report, together with all documentation upon which it is based will be maintained in the child's temporary education record in accordance with confidentiality requirements.

A copy of the completed document will be provided to the parent. If requested, a copy of any evaluation reports will also be provided. No later than 10 days following the IEP meeting the parent will be provided a written notice of the determination of the team, in compliance with 23 Ill. Admin Code §226.520.

Additional Requirements for Identifying Children with Specific Learning Disabilities

The criteria for identifying children with specific learning disabilities:

1. Must require the use of a process that determines how the child responds to scientific, research-based interventions as part of the evaluation procedure;
2. May permit the use of other alternative research-based procedures to determine whether a child has a specific learning disability, as defined by federal law;

The determination of whether a child suspected of having a specific learning disability is a child with a disability must be made by the child's parent and a team of qualified professionals, which must include:

1. The child's general education teacher
2. If the child does not have a general education teacher, a general education classroom teacher qualified to teach a child of his/her age;
3. For a child less than school age, an individual qualified by ISBE to teach a child of his/her age;
4. At least one person qualified to conduct individual diagnostic examinations of children, such as school psychologist, speech-language pathologist, or remedial reading teacher.

The group described above may determine that a child has a specific learning disability if:

1. The child does not achieve adequately for the child's age or to meet state approved grade level standards in one or more of the following areas, when provided with learning experiences and instruction appropriate for the child's age or State-approved grade-level standards:
 - a. Oral expression
 - b. Listening comprehension
 - c. Written expression
 - d. Basic reading skills
 - e. Reading fluency skills
 - f. Reading comprehension
 - g. Mathematics calculation
 - h. Mathematics problem solving
2. The child does not make sufficient progress to meet age or State-approved grade-level standards in one or more of the areas identified above when using a process based on the child's response to scientific, researched-based intervention or The child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, State-approved grade-level standards, or intellectual development, that is determined by the group to be relevant to the identification of a specific learning disability, using appropriate assessments; and

The group determines that its finding above are not primarily the result of:

- a. A visual, hearing, or motor disability;
- b. Cognitive disability;
- c. Emotional disability;
- d. Cultural factors;
- e. Environmental or economic disadvantage;
- f. Limited English proficiency

3. To ensure that underachievement in a child suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or math, the group has considered, as part of the evaluation, and provided to the child's parents:
 - a. Data that demonstrates that prior to, or as a part of, the referral process, the child was provided appropriate instruction in regular education settings, delivered by qualified personnel;
 - b. Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction.

Observation

All students who have been referred for testing will be observed in the child's learning environment to document the child's academic performance and behavior in the areas of difficulty. If the child is less than school age or out of school, an observation of the child in an environment appropriate for a child that age will occur. The group meeting to determine whether a child has a specific learning disability will:

1. Use information from an observation in routine classroom instruction and monitoring of the child's performance that was done before the child was referred for an evaluation;
2. Have at least one member of the group conduct an observation of the child's academic performance in the general education classroom after the child has been referred for an evaluation and parental informed written consent is received.

Specific documentation for a determination of specific learning disability

For a child suspected of having a specific learning disability, the documentation of the determination of eligibility must contain a statement of:

1. Whether the child has a specific learning disability;
2. The basis for making the determination, including assurance that the determination has been made in accordance with Section 3, C (3) (a & b);
3. The relevant behavior, if any, noted during the observation of the child and the relationship of that behavior to the child's academic functioning;
4. The educationally relevant medical findings if any;
5. Whether:
 - a. The child does not achieve adequately for the child's age or to meet State-approved grade-level standards as provided above; and
 - b. The child does not make sufficient progress to meet age or State approved grade-level standards as provided above or the child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, State-approved grade level standards or intellectual development as provided above;

6. The determination of the group concerning the effects of a visual, hearing, or motor disability; cognitive disability; emotional disability; cultural factors; environmental or economic disadvantage; or limited English proficiency on the child's achievement level; and
7. Whether or not the child has participated in a process that assesses the child's response to scientific, research-based intervention:
 - a. The instructional strategies used and the student-centered data collected; and
 - b. The documentation that the child's parents were notified about:
 - i. The State's policies regarding the amount and nature of student performance data that would be collected and the regular education services that would be provided;
 - ii. Strategies for increasing the child's rate of learning;
 - iii. The parents right to request an evaluation

Each group member must certify in writing whether the report reflects the member's conclusion. If it does not reflect the member's conclusion, the group member must submit a separate statement presenting the member's conclusions.

Reevaluations

1. Alden-Hebron School District 19 ensures that a reevaluation of each child with a disability is conducted in accordance with the procedures for an evaluation in accordance with Section 3, A (1) (a), (d), (e), (f), and section 3, B:
 - a. If Alden-Hebron School District 19 determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or
 - b. If the child's Parent(s) or teacher request a reevaluation.
2. A reevaluation conducted as described above
 - a. May occur not more than once a year, unless the Parent(s) and the public agency agree otherwise; and
 - b. Must occur at least once every 3 years, unless the Parent(s) and Alden-Hebron School District 19 agree that a reevaluation is unnecessary

Independent Educational Evaluation

1. Parents have the right to obtain an independent educational evaluation of their child in accordance with State and federal law.
2. An "independent Educational Evaluation" means an evaluation conducted by a qualified examiner who is not employed by Alden-Hebron School District 19.
3. Alden-Hebron School District 19 shall send the notice convening the IEP Team's meeting within ten days after receiving the report of an evaluation conducted at public expense. In the case of an evaluation conducted at private expense, Alden-

Hebron School District 19 shall send the notice within ten days after the Parent requests a meeting to consider the results.

Individualized Education Programs

Development of IEP

1. An IEP meeting will be conducted within 30 days (and no later than 60 school days from the date the Alden-Hebron School District 19 receives the informed written consent for the evaluation or reevaluation from the Parent(s)) after a child is determined to be eligible. The child receiving special education and related services must have an IEP developed in compliance with these procedures and in effect at the beginning of each subsequent school year.
2. The specified group of persons responsible for the development of the IEP (IEP Team) includes:
 - a. A representative of Alden-Hebron School District 19 (other than the child's teacher) who is qualified to provide or supervise the provision of special education, is knowledgeable about the general curriculum, is knowledgeable about Alden-Hebron School District 19's resources, has the authority to make commitments for the provision of resources set forth in the IEP, and is able to ensure that the services in the IEP will be implemented.
 - b. At least one the child's special education teachers, or where appropriate, at least one special education provider of the child. If the child is receiving only speech and language services, the speech and language pathologist shall fulfill this role.
 - c. At least one regular education teacher of the child (if the child is, or may be, participating in general education environment) who is, or may be, responsible for implementing a portion of the IEP.
 - d. For a child age three through five who has not yet entered the primary grades, an individual qualified to teach preschool children without disabilities.
 - e. One or both of the child's Parents.
 - f. If appropriate, the child may be invited by either Alden-Hebron School District 19 or the Parent(s). Alden-Hebron School District 19 shall invite the child when the purpose of the IEP meeting is to consider and plan transition services or when the child has reached the age of 18. When the child does not attend the IEP meeting where transition services are discussed, Alden-Hebron School District 19 shall take other steps to ensure that the child's preference and interests are considered.
 - g. Other individuals, at the discretion of the Parent(s) or Alden-Hebron School District 19, who have knowledge or special expertise regarding the child, including related services personnel as appropriate.

- h. An individual who is qualified to interpret the instructional implications of the evaluation results (who may be one of the individuals listed herein).
- i. A qualified bilingual specialist or bilingual teacher (who may be one of the individuals listed herein), if needed to assist meeting participants in understanding the child's language or cultural factors as related to the child's instructional needs. If documented efforts to locate such a person are unsuccessful, Alden-Hebron School District 19 shall meet the requirements for nondiscriminatory evaluations.
- j. In those cases where the child's behavior impedes his/her learning or the learning of others, a person knowledgeable about positive behavior strategies.
- k. If transition services will be discussed and with the informed written consent of the Parents (or child who has reached the age of majority), Alden-Hebron School District 19 shall invite representatives of any participating agencies that are likely to be responsible for providing or paying for transition services.
- l. For a child who was previously served under Part C of the IDEA, upon request of the Parent, the Part C service coordinator or other representative of the Part C system shall be invited to the initial IEP meeting to assist with the smooth transition of services.

IEP Team Attendance

1. A member of the IEP Team described above is not required to attend an IEP meeting, in whole or part, if the Parent(s) and Alden-Hebron School District 19 agree in writing that the attendance of the Team member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.
2. If an IEP meeting involves a modification to or discussion of an IEP Team member's area of the curriculum or related services, that IEP Team member may be excused from attending the meeting, in whole or in part, if (1) the Parent(s) and Alden-Hebron School District 19 consent to the excusal in writing and (2) the IEP Team member submits, in writing to the Parent(s) and the IEP Team, input into the development of the IEP prior to the meeting.

Parental Participation

Alden-Hebron School District 19 will take steps to encourage parental participation in the IEP process:

1. Alden-Hebron School District 19 will schedule each IEP meeting at a mutually agreed upon time and place, whenever possible;
2. Alden-Hebron School District 19 will notify Parents at least 10 days prior to any IEP meeting of the purpose, time and location of the meeting, the titles of the persons

- who will be attendance, and the Parent's right to invite other individuals with knowledge or special expertise regarding the child;
3. Alden-Hebron School District 19 may conduct an IEP meeting without Parent in attendance if the School District is unable to convince the Parents that they should attend;
 4. If neither Parent is present at an IEP meeting, Alden-Hebron School District 19 will maintain a record of its attempts to arrange a mutually agreed on time and place;
 5. The Parents and Alden-Hebron School District 19 may agree to use alternative means of meeting participation, such as video conferences and conference telephone calls; and
 6. If Alden-Hebron School District will take whatever action is necessary and reasonable to facilitate the Parents understanding of and participation in the IEP meeting, including arranging and paying for the expense of an interpreter for Parents who are deaf or whose native language is other than English

Considerations for IEP Team

1. In developing a child's IEP, the IEP Team shall consider the strengths of the child, the concerns of the Parent(s) regarding the child's education, the results of the most recent evaluations, and the academic, developmental, and functional needs of the child. The IEP Team also shall consider the following factors:
 - a. Positive behavior strategies, interventions, and supports for children with behavior that impedes their learning or that of others;
 - b. Language needs of children with limited English proficiency as those needs relate to the IEP;
 - c. Instruction in Braille and the use of Braille, unless the IEP Team determines that, after an evaluation of the child's reading and writing skills, needs and appropriate reading and writing media, it is not needed, for children who are blind or visually impaired;
 - d. Communication needs;
 - e. Assistive technology devices and services; and
 - f. For a child who is deaf or hard of hearing, the child's language and communication needs, opportunities for direct communication with peers and professionals in the child's language and communication mode, academic level and full range of needs, including opportunities for direct instruction in the child's language and communication mode.
 - g. For students on the autism spectrum (which includes autistic disorder, Asperger's disorder, pervasive developmental disorder not otherwise specified, childhood disintegrative disorder, and Rett Syndrome, as defined in the Diagnostic and Statistical Manual of Mental Disorders, fourth edition) the IEP Team shall also consider all of the following factors:
 - i. The verbal and nonverbal communication needs of the child.
 - ii. The need to develop social interaction skills and proficiencies.

- iii. The needs resulting from the child's unusual responses to sensory experiences.
- iv. The needs resulting from resistance to environmental change or change in daily routine.
- v. The needs resulting from engagement in repetitive activities and stereotyped movements.
- vi. The need for any positive behavioral interventions, strategies, and supports to address any behavioral difficulties resulting from autism spectrum disorder.
- vii. Other needs resulting from the child's disability that impact progress in the general curriculum, including social and emotional development.

Home Based Support Services

1. If the student may be eligible to participate in the Home Based Support Services Program for Mentally Disabled Adults authorized under the Developmental Disability and Mental Disability Services Act upon becoming an adult, the student's individualized educational program shall include plans for:
 - a. Determining the student's eligibility for those home based services,
 - b. Enrolling the student in the program of home based services, and
 - c. Developing a plan for the student's most effective use of home based services after the student becomes an adult and no longer receives special educational services under this Article. The plans developed under this paragraph shall include specific actions to be taken by specified individuals, agencies, or officials.

Components of the IEP

The IEP shall include the following components:

1. A statement of the child's present levels of academic achievement and functional performance. This must include: 1) a statement of how the child's disability affects his/her involvement and progress in the general curriculum; or 2) for preschool children, as appropriate, how the disability affects the child's participation in appropriate activities.
2. A statement of measureable annual goals that reflect consideration of the State Goals for Learning and the New Illinois Learning Standards, as well as benchmarks or short-term objectives, developed in accordance with the child's present levels of educational performance designed to:
 - a. Meet the child's needs that result from the child's disability to enable the child to be involved in and make progress in the general curriculum, or for preschool children to participate in age appropriate activities; and

- b. Meet each child's other educational needs that result from the child's disability
3. A statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, and program modifications or supports that will be provided for the child to:
 - a. Advance appropriately toward attaining the annual goals; and
 - b. Be involved in and make progress in the general curriculum and participate in extracurricular and other nonacademic activities; and
 - c. Be educated and participate with other children with and without disabilities.
4. A statement of any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance of the child on State and district-wide assessments, or a statement of why the child cannot participate in such assessments and why the particular alternate assessment selected is appropriate. This statement must include any individual accommodations that are necessary to measure the academic achievement and functional performance of the child on the assessment. If the IEP team determines that the child must take an alternate assessment, a statement must be included in the IEP documenting why the child cannot participate in the regular assessment and why the particular alternate assessment is appropriate for the child. To the extent that individual accommodations are necessary for the child's participation in classroom-based assessments, they shall also be noted in the IEP.
5. The projected beginning date for the beginning of services and modifications, and the amount, frequency, and anticipated duration of those services and modifications.
6. An explanation of the extent, if any, to which the child will not participate with nondisabled children in the regular class and in extracurricular and nonacademic activities.
7. A statement as to whether the child requires extended school year services and, if so, a description of those services that includes their amount, frequency, duration, and location.
8. A description of how the child's progress towards annual goals will be measured, and when periodic reports on the progress the child is making towards meeting the annual goals will be provided.
9. A statement as to the languages or modes of communication in which special education and related services will be provided, if other than or in addition to English.
10. Beginning not later than the first IEP to be in effect when the child turns 14 ½, and updated annually thereafter, the IEP shall include 1) appropriate, measurable, postsecondary goals based upon age-appropriate assessments related to employment, educational training, and independent living; 2) the transition services that are needed to assist the child in meeting these goals, including courses of study and any other needed services to be provided by entities other than Alden-Hebron

School District 19; and 3) any additional requirements contained in Section 14-8.03 of the School Code.

11. Beginning not later than one year before the child reaches the age of 18, the IEP must include a statement that the child has been informed of the rights under IDEA that will transfer to the child when he or she reaches the age of 18.
12. The IEP of a student who may, after reaching the age of 18, become eligible to participate in the home-based support services program for adults with intellectual disabilities that is authorized by the Developmental Disability and Mental Disability Services Act shall set forth specific plans related to that program pursuant to the requirements of Section 14-8.02 of the School Code.

Components of Behavioral Intervention Plans

The IEP of a student who requires a behavioral intervention plan shall:

1. Summarize the findings of the functional behavioral assessment;
2. Summarize prior interventions implemented;
3. Describe any behavioral interventions used, including those aimed at developing or strengthening alternative or more appropriate behaviors;
4. Identify the measureable behavioral changes expected and methods of evaluation;
5. Identify a schedule for review of the interventions' effectiveness; and
6. Identify provisions for communicating with the parents about their child's behavior and coordinating school-based and home-based interventions.

Placements

When an IEP team determines that no less restrictive setting on the continuum of alternative placements will meet a child's needs, the child may be placed in a State-operated or nonpublic special education facility. In such a case, the use of a State-operated program should be given first consideration if appropriate. The determination shall be based on recent diagnostic assessments and other pertinent information and made in light of other factors such as proximity to the child's home. Before Alden-Hebron School District 19 places a child or refers a child to such a facility:

1. Alden-Hebron School District 19 will convene an IEP meeting and invite representatives of the State-operated or nonpublic school to attend to assist in identifying or verifying the appropriate placement for that child. If one or more needed representatives cannot attend, Alden-Hebron School District 19 will use other methods to ensure their participation.
2. With respect to the annual review and revision of the IEP of a child with a disability placed or referred to a State-operated or nonpublic school by Alden-Hebron School District 19, Alden-Hebron may permit the nonpublic school to initiate IEP meetings which will be conducted as described above, provided that the parent of the child and a representative of Alden-Hebron School District 19 are invited to participate in any

decision about the child's IEP and agree to any proposed changes in the IEP. Alden-Hebron School District 19 remains responsible for the development and implementation of the child's IEP and for convening any needed IEP meetings, including annual reviews.

The IEP team shall state the placement the IEP team has determined to be appropriate for the child. The IEP team shall take into consideration the student's eligibility for other educational programs and services such as bilingual education, career and technical education, gifted education, and federal Title I programs. The placement determination shall be reviewed at least annually or at any time the IEP is revised.

Timeline for Initial IEP's

Each initial IEP must be completed by the IEP team no later than 30 days after the determination of eligibility and in no case later than 60 school days from the date of the Alden-Hebron School District 19's receipt of informed written consent from the parent to perform the needed assessments. When a child is referred for an evaluation with fewer than 60 days of pupil attendance left in the school year, the eligibility determination shall be made and, if the child is eligible, an IEP shall be in effect prior to the first day of the next school year.

Determination of Related Services

Participants in IEP team meetings held to develop, review, or revise the IEP shall determine what related services are necessary to assist a child in benefiting from special education, as defined in 34 C.F.R. 300.34

Related services do not include a medical device that is surgically implanted, the optimization of the device's functioning, maintenance or replacement of the device.

Implementation of the IEP

Implementation of the IEP shall occur no later than 10 days after the parents have been provided notice, unless otherwise agreed by the IEP team. Informed written parental consent is required at least 10 days prior to the initial provision of special education and related services to a child. Parents can waive the 10-calendar-day interval before placement. The IEP must be accessible to all staff members who are responsible for implementing the IEP; each shall be informed of his/her specific responsibilities relating to the IEP and the specific accommodations, modifications and supports to be provided to the child in accordance with the IEP.

Review and Revision of the IEP

The IEP of each child with a disability currently receiving special education and related services must be reviewed at least annually to determine whether the annual goals are achieved. The IEP should be revised as appropriate to address any lack of expected progress toward the annual goals; the results of a reevaluation; information about the child provided to or by the parents; the child's anticipated needs; or other matters.

A child's teacher or parent may request a review of the child's IEP at any time. Within 10 days after receipt of such request, Alden-Hebron School District 19 will either agree and notify the parents of the meeting or notify the parents in writing of its refusal to meet. Notice of a refusal will include an explanation of the reasons no meeting is necessary to ensure a FAPE to the child. Parents may revoke their consent for special education services in accordance with their procedural safeguards.

After the annual review IEP team meeting, the parents and Alden-Hebron School District 19 may agree not to convene an IEP team meeting for the purpose of making changes to a child's IEP and instead may develop a written document to amend or modify the current IEP, rather than redrafting the entire IEP. Alden-Hebron School District 19 must ensure that the child's IEP team is informed of those changes. Upon request, a parent must be provided with a revised copy of the IEP with the amendments incorporated.

If a participating agency other than Alden-Hebron School District 19 fails to provide the transition services described in the IEP, the IEP team must convene to identify alternative strategies to meet the transition objectives for the child set out in the IEP.

Transfer Children

If a child receiving special education transfers into Alden-Hebron School District 19, Alden-Hebron will ensure FAPE in consultation with the parents by providing special education and related services in conformity with an IEP.

1. For transfers from within Illinois, Alden-Hebron School District 19 shall enroll the child and provide FAPE, including education services comparable to those in the IEP from the former school district, until Alden-Hebron School District 19 either: 1) adopts the IEP from the former school district, or 2) develops, adopts and implements a new IEP, if appropriate.
2. For transfers from another state, Alden-Hebron School District 19 shall enroll the child and provide FAPE, including services comparable to those in the IEP from the former school district until Alden-Hebron: 1) conducts an evaluation, if determined to be necessary, and 2) develops, adopts and implements a new IEP, if appropriate.
3. If Alden-Hebron School District 19 does not adopt the former IEP and plans to develop a new one, within 10 days after the date of the child's enrollment Alden-

Hebron School District 19 must provide written notice to the parents, including the proposed date of the IEP meeting. While the new IEP is under development, Alden-Hebron School District 19 shall implement services comparable to those described in the IEP from the former district.

Alden-Hebron School District 19 will take reasonable steps to obtain the child's records, including the IEP, from the former school district. If the school district does not receive a copy of the transfer child's IEP or verbal or written confirmation of requirements of the IEP from the former school district, the child will be enrolled and served in the setting that Alden-Hebron School District 19 believes will meet the child's needs until the current IEP is obtained or a new IEP is developed.

Children Aged Three through Five

For a child with a disability aged three through five, an individualized Family Service Plan (IFSP) may serve as the child's IEP if using that plan is agreed to by Alden-Hebron School District 19 and the parents. If Alden-Hebron School District 19 proposes to use an IFSP, it shall:

1. Provide a detailed explanation of the differences between an IFSP and an IEP to the parents;
2. Obtain informed, written consent for the use of an IFSP; and
3. Ensure that the IFSP is developed in accordance with IEP requirements.

Least Restrictive Environment

Alden-Hebron School District 19 ensures the right of children with disabilities to be educated with nondisabled children to the maximum extent appropriate. The child's placement shall be based on the child's IEP and shall be as close as possible to the child's home. Unless the IEP of a child with a disability requires some other arrangement, the child shall be educated in the school that he or she would attend if nondisabled. A placement determination based solely upon the category of a child's disability or on the current configuration of Alden-Hebron School District 19's service delivery system is prohibited. In selecting the least restrictive environment, considerations shall be given to any potential harmful effect on the child or on the quality of services received.

Children with disabilities must be allowed to participate to the maximum extent appropriate with nondisabled children in nonacademic and extracurricular activities including, but not limited to meals, recess periods, athletics, clubs, and recreational activities.

Parental participation shall be encouraged. Informed written parental consent is required before special education placement. In cases in which informed written parental consent cannot be obtained, Alden-Hebron School District 19 may not use a due process hearing to compel consent for initial provision of special education and related services.

Participation in General Education Programs

Alden-Hebron School District 19 shall take steps to ensure that children with disabilities have equal access to the variety of educational programs and services available to nondisabled children.

Steps taken by Alden-Hebron School District 19 to ensure the availability of general educational programs and services to children with disabilities may include, but not limited to:

1. Modification of instructional methodologies, staffing, materials and equipment to permit effective participation as appropriate; and
2. Individualization of the instructional program including staffing, curriculum modifications, classroom modifications, modified grading, assistive technology, and instructional materials to permit the effective participation of children with disabilities.

The IEP must include a statement describing how the child's disability adversely affects the child's participation in, and progress toward regular education curriculum objectives, including:

1. Participation in extracurricular and other nonacademic activities;
2. The extent to which the child will be educated and participate with nondisabled children;
3. An explanation of the extent, if any, to which the child will not participate with nondisabled children; and
4. A statement of any individual modifications in the administration of State or District-wide assessments necessary in order for the child to participate in the assessments. If the IEP team determines that the child cannot participate in State or District-wide assessments, the IEP team must explain why and describe how the child will be alternately assessed.

State-Operated or Nonpublic Special Education Facility

When an IEP team determines that no less restrictive setting on the continuum of alternative placements will meet a child's needs, the child may be placed in a State-operated program should be given first consideration if appropriate. The determination shall be based on recent diagnostic assessments and other pertinent information and made in light of other factors such as proximity to the child's home. Before Alden-Hebron School District 19 places a child or refers a child to such a facility:

1. Alden-Hebron School District 19 will convene an IEP meeting and invite representatives of the State-operated or nonpublic school to attend to assist in identifying or verifying the appropriate placement for that child. If one or more

needed representatives cannot attend, Alden-Hebron School District 19 will use other methods to ensure their participation.

2. With respect to the annual and revision of the IEP of a child with disability placed or referred to a State-operated or nonpublic school by Alden-Hebron School District 19, Alden-Hebron may permit the nonpublic school to initiate IEP meetings which will be conducted as described above, provided that the parent of the child and a representative of Alden-Hebron School District 19 are invited to participate in any decisions about the child's IEP and agree to any proposed changes in the IEP. Alden-Hebron School District 19 remains responsible for the development and implementation of the child's IEP and for convening any needed IEP meetings, including annual reviews.

Continuum of Placement Options

Alden-Hebron School District 19 will ensure that a continuum of alternative placement options is available to meet the needs of children with disabilities. This continuum will include, but is not limited to, instruction in the general education classes, special classes, special schools, home instruction, and instruction in hospitals and institutions. The continuum will also make provisions for supplementary services to be provided in conjunction with regular class placement.

Determining Educational Placement

In determining any educational placement of a child, Alden-Hebron School District 19 shall ensure that:

1. The placement decision is made by a group of persons, including the parents, and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options, and made in conformity with the least restrictive environment requirements;
2. The child's placement is determined at least annually, is based on the child's IEP and is as close as possible to the child's home;
3. Unless the IEP of a child with a disability requires some other arrangement, the child is educated in the school he/she would attend if nondisabled;
4. In selecting the LRE, consideration is given to any potentially harmful effect on the child or on the quality of services that the child needs; and
5. A child with a disability is not removed from education in age-appropriate regular classrooms solely because of needed modification in the general curriculum.

When making a placement determination on behalf of a child with a disability between the ages of 3-5, Alden-Hebron School District 19 must provide a free appropriate public education in the least restrictive environment. The least restrictive environment alternatives may include but not limited to:

1. Providing opportunities for the participation of preschool children with disabilities in other preschool programs operated by public agencies;
2. Placing children with disabilities in private school programs for nondisabled preschool children or private preschool programs that integrate children with disabilities and nondisabled children; or
3. Locating classes for preschool children with disabilities in elementary schools.

In the event Alden-Hebron School District 19 must remove a special education child from his/her current program because of behavior that causes serious bodily injury or due to a weapons or drug violation, the IEP team shall identify an interim alternative educational setting. This setting will enable the child to continue to progress in the general curriculum and to receive those services and modifications as described in the child's current IEP.

Homebound instruction may be recommended by the IEP team in accordance with subsection D of the eligibility requirements under 23 Ill. Admin. Code 226.300.

Nonacademic and Extracurricular Services

The placement decision shall permit the child to participate, as appropriate, in nonacademic and extracurricular services and activities including, but not limited to meals, recess, recreational activities, and clubs sponsored by Alden-Hebron School District 19. According to the needs of the child, as articulated in his/her IEP, Alden-Hebron School District 196 may provide services to a child in order to allow him/her to access participation in nonacademic or extracurricular activities.

A child with a disability may be excluded from participation in nonacademic and extracurricular activities for misconduct provided the exclusion is consistent with Alden-Hebron School District 19's disciplinary code, is applied to children without disabilities and takes into consideration the special needs of the child, and that the misconduct was not related to a failure to provide appropriate supplementary aids and services to a child per his/her IEP.

Provisions of Extended School Year Services

Extended school year services are special education and related services, which are provided by Alden-Hebron School District 19 to an IDEA eligible child with a disability beyond Alden-Hebron School District 19's regular school year in accordance with the child's IEP at no cost to the child's parents and meet the standards of ISBE.

Extended school year service shall be provided to each child eligible for special education whose unique needs require special education and related services in excess of the regular school year. Children eligible for special education who may require extended school year services are those whose IEP's specify an extended school year program and/or related services as determined by the child's IEP team in accordance with the IDEA and ISBE standards and regulations. The child's IEP team shall determine the type, amount, and/or

duration of the services necessary as part of the child's extended school year program on an individualized basis.

Alden-Hebron School District 19 shall not limit the provision of extended school year services to children with a particular category or categories of disability or unilaterally limit the type, amount, or duration of those services.

Transition of Children Served Under Part C of IDEA into Preschool Programs

For a child with an IFSP who will be making the transition from an early intervention program into the special education program at Alden-Hebron School District 19 at age three, Alden-Hebron School District 19 will ensure that either an IEP or the child's IFSP is in effect on his/her third birthday. A representative of Alden-Hebron School District 19 will participate in the transition meeting.

For a child without an IFSP:

1. If the child is referred at least 60 school days prior to his/her third birthday, and determined eligible, Alden-Hebron School District 19 will ensure that either an IEP or an IFSP is in effect on his/her third birthday.
2. If the child is referred with fewer than 60 school days remaining before his/her third birthday, or after that date, Alden-Hebron School District 19 will follow the procedures to determine whether or not an evaluation is warranted, and if so, to conduct an evaluation.

If a child's third birthday occurs during the summer, the IEP team shall determine when Alden-Hebron School District 19's services to the child will begin.

Alden-Hebron School District 19 may permit an eligible child in an Early Childhood class who reaches his/her sixth birthday during the school year to complete that school year in the Early Childhood class.

Serving Students Who Attend Nonpublic Schools

The IEP team shall conduct a meeting and complete an IEP before placing a child in a nonpublic special education program or facility.

1. Alden-Hebron School District 19 is responsible for arranging participation of a representative of the private school/facility in the IEP meeting.
2. Alden-Hebron School District 19 remains responsible for the development and implementation of the child's IEP.

Alden-Hebron School District 19 will determine, for those children placed in a nonpublic special education program or facility, that the conditions contained in 23 Ill. Admin. Code 226.330(c) are satisfied.

Children with Disabilities Enrolled by Their Parents in Private Schools Where FAPE is At Issue:

1. Alden-Hebron School District 19 is not responsible for educational costs, including special education and related services, of children placed in nonpublic special education programs or facilities by their parents if Alden-Hebron School District 19 made FAPE available to the child and the parents elect to place the child in a nonpublic special education program or facility.
2. If the parents of a child with a disability, who previously received special education and related services from or through Alden-Hebron School District 19, enroll the child in a private school without consent of or referral by Alden-Hebron School District 19, a court or hearing officer may require Alden-Hebron School District 19 to reimburse the parents for the cost of the private school if there are findings that 1) Alden-Hebron did not make FAPE available to the child in a timely manner prior to the private school enrollment, and 2) the private placement is appropriate.
3. Alden-Hebron School District 19 will notify the parents of the conditions under which reimbursement for the cost of a unilateral placement in a nonpublic special education program or facility may be reduced or denied. Those conditions include:
 - a. Failure of the parents to inform the IEP team at the most recent IEP meeting prior to the removal of the child from the public school of the parents' rejection of the placement proposed by Alden-Hebron School District 19 and a statement of their concerns and their intent to enroll their child in a nonpublic special education program or facility at public expense at least 10 business days prior to the removal of their child from the public school; or
 - b. At least 10 business days before the removal of the child from the public school, the parents did not give written notice to Alden-Hebron School District 19 of the information described in subparagraph a above; or
 - c. If, prior to the parents removal of the child from the public school, Alden-Hebron School District 19 informed the parents, through the notice requirements, of its intent to evaluate the child, but the parents did not make the child available for the evaluation; or
 - d. Any judicial finding of unreasonableness with respect to the actions taken by the parents.

**Children with Disabilities Enrolled by their Parents in Private Schools
where FAPE is Not an Issue**

Alden-Hebron shall develop and implement a system to locate, identify and evaluate children with disabilities who attend private schools located within the district's boundaries. Alden-Hebron School District 19 will conduct child find activities for private school children with disabilities that are similar to those for children with disabilities in public schools.

Upon the evaluation or reevaluation and determination that a private school child is eligible or still eligible for special education and related services, Alden-Hebron School District 19 will develop a services plan for the child if he/she is designated by the District to receive special education and related services.

Alden-Hebron is not obligated to provide the special education and related services the child would receive if enrolled in a public school.

Alden-Hebron School District 19 shall consult annually with private school representatives and representatives of parents of private school children regarding the following:

1. The child find process, including how parentally placed private school children can participate equitably and how parents, teachers, and private school officials will be informed of the process;
2. The determination of proportionate share of funds available to serve parentally placed private school children with disabilities;
3. The consultation process;
4. The provisions of special education and related services; and
5. A written explanation by Alden-Hebron School District 19 regarding services.

Alden-Hebron School District 19 shall make the final decisions with respect to the services to be provided to eligible children who are enrolled in private schools. The services to be provided to such children are those services that Alden-Hebron School District 19 has determined, through the consultation process, it will make available.

Alden-Hebron School District 19 shall assure that the providers of services to private school children with disabilities meet the same standards as personnel providing services in the public schools, except that private elementary and secondary school teachers who provide equitable services to parentally-placed school children with disabilities do not have to meet the "highly qualified" requirements of law.

Alden-Hebron School District 19 shall be responsible for providing parents with all notifications required to be provided to parents of students with disabilities who attend the public schools.

By December 1 of each year, Alden-Hebron School District 19 will conduct a census of the number of nonpublic school children under IDEA, who may or may not be receiving special education and related services.

Procedural Safeguards

Written notification of the procedural safeguards available to the parent of a child with disabilities shall be given to the parent one time per school year and:

1. Upon referral for an initial evaluation or reevaluation or parent request for evaluation
2. In accordance with certain disciplinary removals
3. Upon request by a parent; and
4. Upon receipt of the first State complaint and upon first request for a due process hearing in a school year.

The procedural safeguards notice shall include a full explanation of all of the procedural safeguards relating to:

1. Independent education evaluation;
2. Prior written notice to parents as required by State and federal law;
3. Parental consent
4. Access to educational records;
5. Opportunity to present and resolve complaints through the due process and State complaint procedures;
6. The availability of mediation;
7. The child's placement during the pendency of any due process complaint;
8. Procedures for children who are subject to placement in an interim alternative educational setting;
9. Requirements for unilateral placement by parents of children in private schools at public expense;
10. Due process hearings, including requirements for disclosure of evaluation results and recommendations;
11. Civil actions; and
12. Attorneys' fees.

Alden-Hebron School District 19 shall provide 10 days written notice to the parents as required by State and federal law before proposing or refusing to initiate or change the identification, evaluation, or educational placement of, or the provision of free appropriate public education to, a child. If the notice is related to an action proposed by Alden-Hebron School District 19 that also requires informed written parental consent, Alden-Hebron School District 19 may give notice at the same time as it requests informed written consent. The notice will include:

1. A description of the action proposed or refused by Alden-Hebron School District 19;
2. An explanation of why Alden-Hebron School District 19 proposes or refuses to take the action;

3. A description of any other options that the IEP team considered and the reason why those options were rejected;
4. A description of each evaluation procedure, assessment, record, or report Alden-Hebron School District 19 used as a basis for the proposed or refused action;
5. A description of any other factors that are relevant to Alden-Hebron School District 19's proposal or refusal;
6. A statement that the parents of a child with a disability have protection under the procedural safeguards of the Individuals with Disabilities Education Improvement Act, Article 14 of the School Code of Illinois and their respective implementing regulations, and an indication of the means by which a description of those procedural safeguards may be obtained; and
7. Sources for parents to contact to obtain assistance and understanding of the provisions of the IDEA, Article 14, and their respective implementing regulations.

If a student is to receive a regular high school diploma, at least one year prior to the anticipated date of its issuance, both parents and the student shall receive written notification that eligibility for public school special education services ends following the granting of a diploma and that the parent or the student, if he/she is 18 years or older, may request an IEP meeting to review the recommendation that the student receive a regular diploma.

All notices required under Individuals with Disability Education Improvement Act, Article 14 of the School Code of Illinois will be written in language understandable to the general public and provided in the native language of the parents or other mode of communication used by the parents unless it is clearly not feasible to do so.

If the native language or other mode of communication of the parents is not a written language, Alden-Hebron School District 19 will take steps to insure and document that the notice is translated orally or by other means to the parents in his/her native language or other mode of communication and that the parent understands the content of the notice.

The parent of a child with a disability will be afforded an opportunity to inspect and review all education records with respect to their child. Alden-Hebron School District 19 shall insure that parents of children with disabilities have the opportunity to participate in meetings with respect to the identification, evaluation, and educational placement of, and the provision of free, appropriate public education to, the child. A meeting does not include informal or unscheduled conversations involving Alden-Hebron employees or officials or other routine communication or consultation between Alden-Hebron School District 19 employees or officials, including preparatory activities that school personnel engage in to develop a proposal or response to a parent's proposal that will be discussed at an IEP meeting.

Whenever a meeting is to be held which a parent has a right to attend, the following requirement shall apply:

1. Alden-Hebron School District 19 shall notify in writing the parents at least ten days prior to the proposed date of the meeting of the purpose of the meeting, the proposed date, time, and place for the meeting, who will be in attendance; and the parents right to invite other individuals whom the parent believe have knowledge or special expertise regarding the child; for the initial IEP meeting of a child who was previously served under Part C of the IDEA, upon request of the parent, the Part C service coordinator or their representative of the Part C system; and, beginning not later than the first IEP to be in effect when the child turns 14 ½, or younger if deemed appropriate by the IEP team, that post-secondary goals and services will be considered, that the student will be invited, and the identify of any other agency that will be invited to send a representative;
2. If the parent indicates that the proposed date or time is inconvenient, Alden-Hebron School District 19 will make reasonable efforts to accommodate the parent's schedule;
3. If neither parent can attend, Alden-Hebron School District 19 shall use other methods to ensure at least one parent's participation;
4. A meeting may be conducted without a parent in attendance if Alden-Hebron School District 19 is unable to convince the parent that they should attend. In this case, Alden-Hebron School District 19 shall maintain a record of its attempts to arrange a mutually agreed-upon time and place;
5. Alden-Hebron School District 19 shall take whatever action is necessary and reasonable to facilitate the parent's understanding of and participation in the meeting including arranging for and covering the expense of an interpreter for parents who are deaf or whose native language is other than English; and
6. Any document generated during the meeting shall be provided to the parent upon request, unless applicable federal or State statute or federal regulation requires its automatic provision without a request.

Alden-Hebron School District 19 shall document that informed written parental consent is obtained prior to:

1. Conduction any initial evaluation;
2. The initial provision of special education and related services to a child;
3. Conducting any reevaluation;
4. Using the parents private insurance or Medicaid or other public benefits or insurance programs to pay for services required by the child's IEP;
5. Using an IFSP instead of and IEP;
6. Disclosing personally identifiable information about a child, consistent with the requirements of federal and State law;
7. Disclosing information to officials of participating transition agencies; and
8. Disclosing information to officials of a private school or a privates school student's district of residence.

Consent for a proposed action is written agreement provided by a parent who has been fully informed of all information relevant to the activity for which consent is sought in his/her native language or mode of communication; who understands and agrees in writing to the carrying out of the activity for which consent is sought, and the consent describes the activity and lists the records (if any) that will be released and to whom; and that the agreement is voluntary and may be revoked at any time.

Parental informed written consent is not required before reviewing existing data as part of an evaluation or reevaluation or administering a test or evaluation that is administered to all children unless parental informed written consent is required of all children taking the test.

Revocation of Consent

Revocation of informed written consent for evaluation or reevaluations may be communicated orally or in writing. If communicated orally, Alden-Hebron School District 19 will commit it to writing and provide the parents with a copy within 5 days. Any revocation of informed written consent for evaluations or reevaluations is effective immediately, but not retroactive. Alden-Hebron School District 19 will promptly inform all staff members whose activities are affected by the revocation. If Alden-Hebron School District 19 disagrees with a parent's revocation of informed written consent for evaluations or reevaluations, Alden-Hebron School District 19 may request a due process hearing.

A parent may revoke consent for special education and related services. Revocation of consent for special education and related services may be communicated by a parent in writing or orally. Alden-Hebron School District 19 will memorialize the parent's oral revocation of consent in writing and provide a copy to the parent within five days.

Within 10 calendar day after Alden-Hebron School District 19's receipt of oral or written revocation of consent, Alden-Hebron will provide the parent with prior written notice at which time all IEP services shall cease. Alden-Hebron School District 19 will promptly inform all staff members whose activities are affected by the revocation.

When a parent revokes consent for special education and related services:

1. Alden-Hebron School District 19 may not utilize mediation or the due process procedures to obtain agreement or a ruling that the services may be provided to the child.
2. Alden-Hebron School District 19 is not required to convene and IEP meeting or develop and IEP for the child for further provisions of special education and related services.
3. Alden-Hebron School District 19 will not be considered to be in violation of the requirements to make FAPE available to the child because of the failure to provide the child with further special education and related services.

4. Alden-Hebron School District 19 is not required to amend the child's education records to remove any references to the child's receipt of special education and related services because of the revocation of consent.

Filing a Due Process Complaint

The parent or Alden-Hebron School District 19 may file a due process complaint regarding:

1. The District's proposal to initiate or change the identification, evaluation or placement of the child or the provisions of FAPE to the child;
2. The District's refusal to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child.

The due process complaint must allege a violation that occurred not more than two years before the date the parent or Alden-Hebron School District 19 knew or should have known about the alleged action that forms the basis of the due process complaint. This two-year limitations period does not apply to a parent if the parent was prevented from filing a due process complaint due to a specific misrepresentation by Alden-Hebron School District 19 that it had resolved the problem forming the basis of the due process complaint or due to the District's withholding of information from the parent that was required to have been provided.

Notification to Parents

Alden-Hebron School District 19 shall notify parents in writing of the procedures for requesting a due process hearing which includes a requirement that the due process complaint contain the following information:

1. The name and address of the residence of the child or in the case of a homeless child or youth within the meaning of the McKinney-Vento Homeless Assistance Act, the available contact information for the child;
2. The name of the school that the child attends
3. A description of the nature of the problem of the child relating to the proposed or refused initiation or change of the identification, evaluation, or educational placement of the child or the provision of FAPE to the child, including facts relating to such problems; and
4. A proposed resolution of the problem to the extent known and available to the party filing the due process complaint at the time.
5. The written notice must be provided to the parent by Alden-Hebron School District 19 upon the District's receipt of a due process complaint.

Content of the Due Process Complaint

The filing, basis for, and the content of the due process complaint, whether by a parent, a student, or Alden-Hebron School District 19, must contain items specified in Section 10, L

and a party may not have a hearing on a due process complaint until the party, or the attorney representing the party, files a due process complaint that meets these requirements. If a party believes that the due process complaint does not meet these requirements, a party can challenge the sufficiency of the due process by notifying the hearing officer and the other party in writing within 15 days of receipt of the due process complaint. The due process complaint must be deemed sufficient unless such a challenge is made. The hearing officer must make a determination of the face of the due process complaint of whether the due process complaint meets the requirements within 5 days of receipt of the challenge and must immediately notify the parties in writing of that determination.

Alden-Hebron School District 19 shall inform the parents in writing of any free or low-cost legal services and other publically-funded services available in the area if the parent requests the information or the parent or Alden-Hebron School District 19 files a due process complaint.

Alden-Hebron School District 19's Superintendent shall, within 5 days after its receipt of the due process complaint, forward the complaint by certified mail or another means that provides written evidence of delivery to ISBE in Springfield.

If Alden-Hebron School District 19 has not sent a "prior written notice" under IDEA's implementing regulations at 34 C.F.R. 300.503 to the parents regarding the subject matter contained in the parents' due process complaint, Alden-Hebron School District 19 must, within 10 days of receiving the due process complaint, send to the parent a response that includes:

1. An explanation of why Alden-Hebron School District 19 proposed or refused to take the action raised in the due process complaint;
2. A description of other options that the IEP team considered and the reasons why those options were rejected;
3. A description of each evaluation procedure, assessment, record, or report Alden-Hebron School District 19 used as the basis for the proposed or refused action; and
4. A description of the other factors that are relevant to Alden-Hebron School District 19's proposed or refused action.
5. Alden-Hebron School District 19 submission of a response to the parent's due process complaint does not preclude Alden-Hebron School District 19 from challenging the sufficiency of such complaint, where appropriate.

The party receiving a due process complaint must, within 10 days of receiving the due process complaint, send to the other party a response that specifically addresses the issues raised in the due process complaint.

Resolution Meeting

Within 15 days of receiving notice of the parents' due process complaint, and prior to the initiation of a due process hearing, Alden-Hebron School District 19 must convene a meeting with the parent and the relevant member or members of the IEP team who have specific knowledge of the facts identified in the due process complaint. This meeting must include a representative of Alden-Hebron School District 19 who has decision-making authority on its behalf and cannot include Alden-Hebron School District 19's attorney unless the parents are accompanied by an attorney. The purpose of this meeting is for the parents of the child to discuss the due process complaint, and the facts that form the basis of the due process complaint, so that Alden-Hebron School District 19 has an opportunity to resolve the dispute that is the basis of the complaint. The resolution meeting need not be held if the parent and Alden-Hebron School District 19 agree in writing to waive the meeting or to use the mediation process. Except where the parties have jointly agreed to waive the resolution process or to use mediation, the failure of the parents filing a due process complaint to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held. If Alden-Hebron School District 19 is unable to obtain the participation of the parents in the resolution meeting after reasonable efforts have been made, Alden-Hebron School District may, at the conclusion of the 30-day period, request that a hearing officer dismiss the parent's due process complaint. If Alden-Hebron School District 19 fails to hold a resolution meeting within 15 days of receiving notice of a parent's due process complaint or fails to participate in the resolution meeting, the parent may seek the intervention of the hearing officer to begin the due process hearing timeline. If a resolution to the dispute is reached at the resolution meeting, the parties must execute a legally binding agreement that is signed by both the parents and a representative of Alden-Hebron School District 19. The resolution agreement shall be enforceable in a State court of competent jurisdiction or a Federal district court. A party may void the resolution agreement within 3 days of its execution.

Amendment of the Due Process Complaint

A party may amend its due process complaint only if:

1. The other party consents in writing to the amendment and its given an opportunity to resolve the due process complaint through a resolution meeting; or
2. The hearing officer grants permission, except that the hearing officer may only grant permission to amend at any time not later than five days before the due process hearing begins.

Rights of the Parties Related to the Impartial Due Process Hearing

Any party to a due process hearing has the following rights:

1. To be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of children with disabilities;

2. To present evidence and confront, cross-examine, and compel the attendance of witnesses;
3. To prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least five business days before the hearing;
4. To obtain a written, or, at the option of the parents, electronic verbatim record of the hearing;
5. To obtain written, or, at the option of the parents, electronic findings of fact and decisions; and
6. To receive disclosure of all evaluations completed by five business days prior to the hearing and recommendation based on the offering party's evaluations that the party intends to use at the hearing.

Parental Rights Related to the Due Process Hearing

Parents involved in hearings must be giving the right:

1. To have the child who is the subject of the hearing present;
2. To open the hearing to the public;
3. To have the record of the hearing and the findings of fact and decisions provided at no cost to the parent; and
4. To have access the Alden-Hebron School Districts 19's list of independent evaluators and may obtain an independent evaluation of their child at their own expenses. The parents may ask the hearing officer to determine whether an independent evaluation is needed. If the hearing officer concludes, after reviewing the available information, that an independent evaluation is necessary, the hearing shall be delayed.

Participant's Right to Interpreter

Either party, or any other person participating in the hearing, may request that an interpreter be available during the hearing because one of the participants is hearing impaired and/or uses a primary language other than English. Interpreters shall be provided at the expense of Alden-Hebron School District 19.

Stay-Put

During the pendency of any or judicial proceeding related to mediation (if Alden-Hebron School District 19 voluntarily agrees to participate in mediation), except as provided below, unless Alden-Hebron School District 19 and the parent of the child agree otherwise, the child shall remain in his/her current educational placement. If mediation fails to resolve the dispute between the parties, the parent (or Student if 18 years of age or emancipated) will have 10 days after the mediation concludes to file a request for a due process hearing in order to continue to invoke the "stay-put" provisions of federal and State law. If the hearing involves the initial admission of the child to the public school, the child must be

placed in the public school, with the public school, with the Parent's informed written consent, until the completion of all the proceedings. If the due process complaint involves an application for initial services under Part B of IDEA for a child who is transition from Part C of IDEA and is no longer eligible for Part C services, Alden-Hebron School District 19 is not required to provide Part C services that the child has been receiving. If the child is found eligible for special education and related services under Part B and the informed parent consents in writing to the initial provision of special education and related services, the Alden-Hebron School District 19 must provide those special education and related services that are not in dispute between the parents and Alden-Hebron School District 19. If the decision of the hearing officer agrees with the parent that a change of placement is appropriate, that placement shall be treated as agreement between the State or Alden-Hebron School District and parents.

School District Authority to Change a Student's Placement

School personnel have the authority to change the current educational placement of a child with a disability:

1. For not more than 10 consecutive school days for any violation of school rules, and additional removals of not more than 10 consecutive days in that same school year for separate incidents of misconduct (as long as those removals do not constitute a change of placement as defined in the IDEA and related federal and State regulations); and
2. To an appropriate interim alternative educational setting for the same amount of time that a child without a disability would be subject to discipline, but for not more than 45 school days, if:
 - a. The child carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function; or
 - b. The child knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school functions; or
 - c. The child has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function; or
 - d. Ordered by a hearing officer in accordance with the expedited hearing procedures set forth below.

Hearing Timelines

Alden-Hebron School District 19 will fully cooperate with the timelines set forth by the hearing officer to ensure that the hearing process is completed within 45 days from: the expiration of the 30-day resolution period; or, the, date both parties agree in writing to waive the Resolution Meeting; or, after the Mediation or Resolution Meeting starts but before the end of the 30-day period, the parties agree in writing that no agreement is possible.

Rights to Appeal Hearing Decision

The parents or Alden-Hebron School District 19 may appeal the due process hearing findings and decision, within 120 days from the date the decision was mailed to the parties, by commencing a civil action in any court of competent jurisdiction.

Expedited Due Process Hearings

Alden-Hebron School District 19 may request an expedited due process hearing if school personnel believe that maintaining the current placement of the child is substantially likely to result in injury to the child or others. The parent or child (if he or she is at least 18 years of age or emancipated) may request an expedited due process hearing if there is disagreement with regard to:

1. Alden-Hebron School District's determination that the child's behavior was not a manifestation of his/her disability;
2. The decision of Alden-Hebron School District to move the child to an interim alternative educational setting; or
3. The interim alternative educational setting selected.

When requesting an expedited hearing the requesting party must provide the following:

1. Name of legal counsel if the party is represented by counsel or intends to retain counsel;
2. Matters in dispute and specific relief sought;
3. Name of all witnesses to be called to testify at the hearing; and
4. Relevant documents.

No later than two days prior to the hearing, both parties involved in the expedited hearing must disclose to the hearing officer and to each other any evidence, which is intended to be submitted into the hearing record. Unless the parents and Alden-Hebron School District 19 agree in writing to waive a Resolution Meeting, a Resolution Meeting must occur within seven days of receiving notice of the due process complaint and the due process may proceed unless the matter has been resolved to the satisfaction of both parties.

Mediation

The purpose of mediation is to attempt to informally resolve disputes regarding the identification, evaluation, or placement of, or the provision of free, appropriate public education to, a child. Alden-Hebron School District 19 shall inform parents, at least whenever a due process hearing is requested, that ISBE offers a process of mediation that may be used to resolve such disputes. ISBE's Special Education Unit shall appoint a trained impartial mediator upon the request of the parents or Alden-Hebron School District

19. Mediation sessions shall be scheduled in a timely manner and held in a location that is convenient to the parties. Mediation is entirely voluntary. In no way shall the mediation process be used as a means to deny or delay a parent's right to a hearing or any other rights afforded under IDEA, Article 14 of the School Code, or their implementing regulations. Any resolution reached as part of the mediation process must be set forth in writing, is legally binding, and is enforceable by a court of competent jurisdiction. Discussions that occur during mediation shall be confidential and may not be used as evidence in any subsequent due process hearings or civil proceedings.

Complaints

A parent, individual, organization, or advocate may file a signed, written complaint with ISBE alleging that Alden-Hebron School District 19 has violated the rights of one or more children with disabilities. Such complaint must include:

1. A statement that Alden-Hebron School District 19 has violated a requirement of the IDEA, Article 14, or their implementing regulations;
2. The facts on which the statement is based;
3. The signature and contact information for the complainant;
4. The names, addresses, and schools of attendance of the students involved, if known;
5. A description of the nature of the problem of the child, including facts relating to the problem; and
6. A proposed resolution to the problem to the extent known and available to the party at the time the complaint is filed.

A complaint to ISBE must allege only violations that occurred not more than 1 year prior to the date on which ISBE receives the complaint. Consistent with State Board of Education procedures, Alden-Hebron School District 19 will submit a written response to a complaint. A copy of the response and all documentation submitted by Alden-Hebron School District 19 to the State Board of Education will be simultaneously provided to the complainant. If the complaint was filed by someone other than the parent of the a child who is the subject of the complaint (or the child if he or she has reached majority or is emancipated and has assumed responsibly for his or her own educational decision) and the complaint is about a specific identifiable child or children, appropriate signed releases must be obtained prior to the release of any documentation or information to the complainant or the attorney representing the complainant.

Surrogate Parents

Alden-Hebron School District 19 shall ensure the rights of a child with a disability are protected through the appointment of a qualified surrogate parent when:

1. The parents cannot be identified or located; or
2. The child is a ward of the State; or

3. The child is unaccompanied youth as defined in the McKinney-Vento Homeless Assistance Act.

Alden-Hebron School District 19 shall undertake reasonable efforts to identify and discover the whereabouts of the parents of the child with a known or suspected disability. Such reasonable efforts may include documented phone calls, letters, certified letters with return receipts, visits to the home, and interviews with relatives and other individuals who may have knowledge of the whereabouts of the child's parents. If, after reasonable efforts have been made, the parents cannot be located, Alden-Hebron School District 19 will take similar steps to establish contact with a relative, or an individual with whom the child resides and/or the individual or agency which is legally responsible for the child's care and education. If, after reasonable efforts have also been made to identify a guardian of the child or a person acting as the parents of the child, no such person has been identified or located, Alden-Hebron School District 19 will make a written request to ISBE to appoint a surrogate parent for the child in matters relating to the identification, evaluation, and educational placement of, and provision of free, appropriate public education to, him or her. The written request to ISBE will include information on the racial, linguistic or cultural background of the child.

Independent Educational Evaluations

Parents have the right to obtain an independent educational evaluation of their child, subject to the provisions of federal and State law. Alden-Hebron School District 19 will prove to the parents, upon request, the list of independent educational evaluators developed by ISBE. If the parents disagree with Alden-Hebron School District 19's evaluation and wish to obtain an independent educational evaluation at public expense, they will submit to the superintendent in written request to that effect. If Alden-Hebron District 19 disagrees with the need for an independent educational evaluation, it shall initiate a due process hearing to demonstrate that its evaluation is appropriate. Such a hearing will be initiated by Alden-Hebron District 19 within 5 days following the receipt of written parental request.

An independent educational evaluation at public expense will be completed within 30 days after receipt of a parent's written request, unless Alden-Hebron initiates a due process hearing or the parties agree that the 30-day period should be extended. If either party wishes such an extension and is unable to obtain the other party's agreement, Alden-Hebron will initiate a due process hearing. If the final decision of the hearing and review process is that Alden-Hebron School District 19's evaluation is appropriate, the parent's shall have the right to an independent educational evaluation, but not at the public's expense. If Alden-Hebron District 19's evaluation is shown to be inappropriate, Alden-Hebron shall pay for the independent educational evaluation or reimburse the parent for the cost of said evaluation.

If the parents are entitled to an independent educational evaluation at public expense, it shall be completed within 30 days after the decision is rendered, unless the parties agree

that the 30 day period should be extended. If either party wishes such an extension and is unable to obtain the other party's agreement, Alden-Hebron District 19 shall initiate a due process hearing.

When an independent evaluation is obtained at public expense, the party chosen to perform the evaluation shall be either:

1. An individual whose name is included on the list provided by ISBE with regard to the relevant type of evaluation; or
2. Another individual possessing the credentials required by 23 Ill. Admin Code 226.840.

If the parent wishes an evaluator to have specific credentials in addition to those required by 23 Ill. Admin. Code 226.840, the parent and Alden-Hebron School District 19 shall agree on the qualifications of the examiner and the specific evaluations to be completed prior to the initiation of an independent educational evaluation at public expense. If agreement cannot be reached, Alden-Hebron District 19 will initiate a due process hearing subject to the time constraints set forth in this section. The conditions under which an independent evaluation is obtained at public expense, including the location of the evaluation and the qualifications of the examiner, shall meet the criteria that Alden-Hebron School District uses when it initiates an evaluation, to the extent that those criteria are consistent with the parent's right to an independent evaluation. If the parent obtains an independent educational evaluation, the written results of that evaluation shall be considered by the IEP Team and may be presented as evidence at a due process hearing as provided by law. Alden-Hebron District 19 shall send the notice convening the IEP team's meeting within ten days after receiving the evaluation report or after the parents request a meeting to consider the results of an independent evaluation.

Transfer of Parental Rights

All rights accorded to parents under the IDEA, Article 14 of The School Code, and their implementing regulations transfer to the child when he or she reaches 18 years of age or becomes an emancipated minor, unless a legal guardian has been appointed for the child or the child delegates his/her rights to the parent or another adult after the child turns 18 years of age. Alden-Hebron will notify the child and the parents of such transfer of rights and the process for delegating such rights, and shall provide the student with Delegation of Rights form, at least one year prior to the date that the child reaches the age of majority. Alden-Hebron School District 19 shall provide any notice required by the IDEA, Article 14 of The School Code, and their implementing regulations to the child and the parent.

Behavioral Intervention and Discipline

Behavioral interventions shall be used with eligible children with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors.

A committee shall be established to develop and monitor procedures on the use of behavioral interventions for children with disabilities in accordance with the requirements of Section 5/14-8.05 of The School Code. The committee shall review the State Board of Education's guidelines on the use of behavioral interventions and use them as a non-binding reference. The behavioral intervention procedures shall be furnished to the Parents of all children with individual education plans within 15 days after their adoption or amendment by, or presentation to, the Board or at the time an individual education plan is first implemented for a student; Parents of all children shall be informed annually of the existence of the procedures. At the annual individualized education plan review, a copy of the Alden-Hebron School District 19's behavioral intervention policy and procedures shall be given and explained to Parents. A copy of the procedures shall be available at any time and provided upon request of the Parents.

A behavioral intervention plan shall be based on a functional behavior assessment and shall include positive behavioral intervention strategies, and supports to address the inappropriate behavior. A functional behavioral assessment shall be completed, if appropriate, in relationship to the development or modification of a student's behavioral intervention plan. A functional behavioral assessment is an assessment process for gathering information regarding a student's target behavior, its antecedents and consequences, controlling variables, the student's strengths, and the communicative and functional intent of the behavior, for use in developing behavioral interventions. The conduct of the functional behavioral assessment does not require parental informed written consent unless the IEP Team decides to conduct individualized assessments that go beyond the review of existing data and the administration of tests or other evaluations that are administered to all children.

Discipline of Children with Disabilities

Alden-Hebron School District 19 shall comply with the provisions of the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) when disciplining students with disabilities. No special education student will be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his/her disability. Any special education student whose gross disobedience or misconduct is not a manifestation of his/her disability may be expelled pursuant to the expulsion procedures, except that such child shall continue to receive educational services as provided in IDEA during the period of expulsion.

A special education student may be suspended for periods of no more than 10 consecutive school days each in response to separate incidents of gross disobedience or misconduct, regardless of whether the student's gross disobedience or misconduct is a manifestation of his/her disability, as long as the repeated removals do not constitute a pattern that amounts to a change in placement (considering factors such as the length of each removal,

the total amount of time the child is removed, and the proximity of the removals to one another) and provided that such child receives educational services to the extent required by IDEA during such removals.

Any special education student may be temporarily excluded from school by court order or by order of a duly appointed State of Illinois impartial due process hearing officer changing the student's placement to an appropriate interim alternative educational setting for up to 45 school days, if Alden-Hebron School District demonstrates that maintaining the child in his/her current placement is substantially likely to result in injury to the child or others.

A special education student who has carried a weapon to school or to a school function or who knowingly possesses or uses illegal drugs or sells or solicits the sale of controlled substance while at school or a school function or who has inflicted serious bodily injury upon another person while at school or at a school related activity may be removed from his/her current placement. All such children shall be placed in an appropriate interim alternative educational setting for no more than 45 school days in accordance with IDEA. The length of time a child with a disability is placed in an alternative educational setting must be the same amount of time that a child without a disability would be subject to discipline.

Upon the occurrence of any act that may subject the student either to expulsion from school or suspension resulting in more than ten cumulative days of suspension during any one school year, the Alden-Hebron School District shall convene a meeting of the IEP Team to review the student's behavioral intervention plan or, if a behavioral intervention plan has not yet been developed, to develop one.

Special Education Suspension Procedures

All suspension notices and suspension review procedures established by The School Code shall be followed when suspending a special education student. In addition, a special education student who is suspended from school for more than 10 cumulative school days in a school year shall receive educational services in accordance with IDEA.

The first time a child is removed for more than 10 cumulative days during the school year, the Alden-Hebron School District shall, no later than 10 business days after the decision to suspend a child is made, convene an IEP meeting to review and, if appropriate, modify the student's behavioral intervention plan, as necessary, to address the student's behavior. If no behavioral intervention plan is in place, the IEP Team shall develop a plan for a functional behavioral assessment that must be used to develop a behavioral intervention plan.

For all subsequent removals of the child that do not constitute a change in placement, the IEP Team members must review the behavioral intervention plan and its implementation. If any team member indicates that the plan may need to be modified, the IEP Team must be convened to review the plan and revise it, if appropriate. If a subsequent removal does

constitute a change in placement, a manifestation determination review is required, consistent with Section 10.5, B.

For all removals that exceed 10 cumulative days during one school year, the Alden-Hebron School District 19 must provide services to the student. School personnel, in consultation with at least one of the child's teachers, shall determine the services to be provided. Such services must be designed to enable the child to progress in the general curriculum and advance toward his/her IEP goals.

Special Education Procedures for Expulsion or Disciplinary Change in Placement

For purposes of this subsection, a disciplinary removal constitutes a "change of placement" if:

1. A student is removed from the his/her current educational placement for more than 10 consecutive school days; or
2. The student has been subjected to a series of removals that constitute a pattern:
 - a. Because the series of removals total more than 10 school days in a school year;
 - b. Because the child's behavior is substantially similar to the child's behavior in previous incidents that resulted in the series of removals; and
 - c. Because of such additional factors as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another.

Alden-Hebron School District 19 shall promptly notify the student's Parent(s) of the gross disobedience or misconduct and whether the child shall be recommended for expulsion. All procedural protections pertaining to notice provided under the Alden-Hebron School District 19's discipline policy shall apply to a notice of recommended expulsion in the case of a special education student. The Parent(s) shall also receive a copy of the procedural safeguard and written notification that a manifestation determination review must be made to determine whether the student's act of gross disobedience or misconduct is a manifestation of his/her disability. The manifestation determination review shall take place as soon as possible, but no later than 10 school days after the decision related to the discipline of the child is made.

The manifestation determination review must be completed by the Parent(s) and relevant members of the child's IEP Team (as determined by the Parent(s) and Alden-Hebron School District 19).

In carrying out the manifestation determination review, the team shall consider, in terms of the behavior subject to the disciplinary action, all relevant information in the student's file, including:

1. The child's IEP;
2. Any teacher observations of the student; and
3. Any relevant information provided by the Parent(s).

The conduct must be determined to be a manifestation of the student's disability if it is determined that:

1. The conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
2. The conduct in question was the direct result of Alden-Hebron School District 19's failure to implement the student's IEP.

If, at the manifestation determination review conference, it is determined that the behavior of the child was a manifestation of his/her disability, the authorized administrator shall not continue with his/her recommendation for expulsion. The authorized administrator may request a review of the appropriateness of the educational placement of the child in accordance with the federal and State law. During the period necessary to propose a new placement, the child will remain in his/her then-current placement unless:

1. The child has not served a full 10 school day suspension imposed for the gross disobedience or misconduct, in which case the child may be required to serve the remaining days of his/her suspension; or
2. The Parent(s) and the School District agree on an interim placement; or
3. Alden-Hebron School District obtains an order from a court of competent jurisdiction or a State of Illinois impartial due process hearing officer decision changing the then-current placement or providing for other appropriate relief.

If, at the manifestation determination review conference, it is determined that the behavior of the child was not a manifestation of his/her disability, the authorized administrator may continue with his/her recommendation that the child be considered for expulsion by the School Board. In addition to issues regularly determined at an expulsion hearing, the authorized administrator must present evidence that the manifestation determination review team met and concluded that the student's misconduct was not a manifestation of his/her disability, which shall be duly noted by the Board. The administration shall ensure that relevant special education and disciplinary records of the child are transmitted for consideration by the Board.

If a special education student is expelled from school in accordance with the procedures set forth above, the Alden-Hebron School District 19 shall convene an IEP meeting to develop an educational program to deliver educational services to the child during such period of expulsion.

Misconduct Involving Weapons, Drugs, or Infliction of Serious Bodily Injury

In accordance with the above procedures, Alden-Hebron School District 19 may take one or more of the following steps when a child with a disability carries a weapon to school or to a school function, or knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or at a school-related function, or has inflicted serious bodily injury upon another person while at school or a school-related function:

A. Suspend the child from school for 10 school days or less.

B. Convene an IEP conference to: (a) determine placement in an interim alternative educational setting for up to 45 school days, (b) review and, if appropriate, modify the student's behavior intervention plan, as necessary, to address the student's behavior (if no behavior intervention plan is in place, the IEP Team shall develop a plan for a functional behavioral assessment that must be used to develop a behavior intervention plan), and (c) conduct a manifestation determination review.

- (1) The child may be placed in an interim alternative educational setting even if the behavior is a manifestation of the student's disability.
- (2) The interim alternative educational setting must:
 - (a) Enable the child to continue to progress in the general curriculum;
 - (b) Enable the child to receive the services and modifications set forth in his/her IEP; and
 - (c) Include services and modifications designed to address the misconduct to prevent it from recurring.

If the Parent(s) disagree with the interim alternative educational placement or with the District-proposed placement and initiate a due process hearing, the child must remain in the interim alternative educational setting during the authorized review proceedings, unless the Parent(s) and Alden-Hebron School District 19 agree on another placement.

Change of Placement if Maintenance of Current Placement is Likely to Result in Injury

In the event that maintenance of a student's current placement is substantially likely to result in injury to the child or to others, Alden-Hebron School District 19 may seek an order from a court of competent jurisdiction or a State of Illinois impartial due process hearing officer to change the student's placement to an appropriate interim alternative educational setting for one or more 45 school day periods after convening an IEP meeting to:

- a. Conduct a manifestation determination review following procedures described under sub-heading "Special Education Expulsion Procedures," above, and
- b. Determine a proposed interim alternative educational setting that meets the requirements under sub-heading "Misconduct Involving Weapons, Drugs, or Infliction of Serious Bodily Injury," above.

The length of time a child with a disability is placed in an alternative educational setting must be the same amount of time that a child without a disability would be subject to discipline.

Protections for Children Not Yet Eligible Under IDEA

Any child who has not been determined to be eligible for special education and related services and who engages in behavior that violates Alden-Hebron School District 19's code of conduct shall be disciplined in accordance with Alden-Hebron School District 19's discipline policy for nondisabled students, unless Alden-Hebron had knowledge that the child was a child with a disability.

Alden-Hebron School District 19 will be deemed as having knowledge that a child may be eligible for special education and related services prior to the disciplinary incident, if any one of the following conditions exists:

- a. The Parent(s) of the child expressed concern in writing (or orally if the Parent(s) does not know how to write or has a disability that prevents a written statement) to supervisory or administrative Alden-Hebron School District 19 personnel that the child is in need of special education and related services;
- b. The Parent(s) of the child has requested an evaluation of the child; or

- c. The child's teacher or other Alden-Hebron School District personnel expressed specific concerns about a pattern of behavior demonstrated by the child directly to the Alden-Hebron District 19's Director of Special Education or to other Hebron supervisory personnel.

Alden-Hebron School District 19 will not be deemed to have knowledge if:

- a. The Parent(s) of the child has not allowed their child to be evaluated after he/she was referred for such evaluation by Alden-Hebron School District 19;
- b. The Parent(s) has refused special education services; or
- c. Documentation maintained in the school student records affirm that an evaluation to determine the presence of a disability was either conducted and the child was found not eligible for special educational and related services or the Parent(s) was provided with written notice that Alden-Hebron School District had considered the need to conduct an evaluation and had determined that an evaluation was not warranted.
- d. If, following Alden-Hebron School District 19's decision to discipline a child who has not been determined to be eligible for special education and related services, the child's Parent(s) request a full and individual evaluation, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the child shall remain in the educational placement determined by Alden-Hebron School District 19, which may include suspension or expulsion without educational services.

Referral to and Action by Law Enforcement and Judicial Authorities

Alden-Hebron School District 19 is not prohibited from reporting a crime committed by a child with a disability to appropriate authorities. Alden-Hebron School District 19 shall ensure that copies of special education and disciplinary records are also transmitted to the authorities in such instances, subject to the requirements of federal and State law.

Establishing the Goal of Full Educational Opportunity; Performance Goals and Indicators

Establishment of the Goal

Alden-Hebron School District 19 has established a goal of providing full educational opportunity to children with disabilities ages birth through 21. Attainment of the full educational opportunity goal

for children, ages birth through 2, will be accomplished through full participation in, and full implementation of the “Infants and Toddlers with Disabilities Act.”

Annual Data Collection Requirements

Alden-Hebron School District 19 shall annually collect the following information regarding children with disabilities residing within the jurisdiction of Alden-Hebron School District 19:

- a. The number of children with disabilities, by race, ethnicity, and disability category, who are receiving a free appropriate public education;
- b. The number of children with disabilities, by race and ethnicity, who are receiving early intervention services;
- c. The number of children with disabilities, by race, ethnicity, and disability category, who are participating in regular education;
- d. The number of children with disabilities, by race, ethnicity, and disability category, who are in separate classes, separate schools or facilities, or public or private residential facilities;
- e. The number of children with disability, by race, ethnicity, and disability category, who, for each year of age from age 14 to 21, stopped receiving special education and related services because of program completion or other reasons and the reasons why those children stopped receiving special education and related services;
- f. The number of children with disabilities, by race and ethnicity, who from birth through age 2, stopped receiving early intervention services because of program completion or for other reasons;
- g. The number of children with disabilities, by race, ethnicity, and disability category, who under subparagraphs (A)(ii) and (B) of § 1415(k)(1) of IDEA, are removed to an interim alternative educational setting; the acts or items precipitating those removals; and the number of children with disabilities who are subject to long-term suspensions or expulsions;
- h. The number of special education teachers;
- i. The number of related services personnel;
- j. The cost of all personnel;

- k. The number of children receiving special education transportation;
- l. The types of alternative placements available for children with disabilities;
and
- m. The number of children served in each type of placement.

Alden-Hebron School District 19 shall also annually collect information regarding the facilities, personnel and services necessary to accomplish the full educational opportunity goal.

Performance Goals and Indicators

The School District has established goals for the performance of children with disabilities that:

- a. Promote the purposes of IDEA, as stated in 34 C.F.R. §300.1;
- b. Are the same as the State's objective for progress by children in its definition of adequate yearly progress under §111(b)(2)(c) of the ESEA and are consistent, to the extent appropriate with any other goals and academic standards for children established by the State; and
- c. Address graduation and dropout rates.

The School District has established performance indicators that will be used to assess progress towards achieving the goals described in subparagraph 1 above.

Confidentiality of Personality Identifiable Information

Confidentiality

The school student records of a child with disabilities shall be maintained confidentially in accordance with the requirements of the *Individuals with Disabilities Education Act*, the *Family Educational Rights and Privacy Act*, the *Illinois School Student Records Act*, the *Illinois School Code*, the *Illinois Mental Health and Developmental Disabilities Confidentiality Act*, and their respective implementing regulations.

Alden-Hebron School District 19 shall designate an Official Records Custodian to take all reasonable measures to comply with the confidentiality requirements of each of the above statutes.

The Official Records Custodian shall assume responsibility for the following:

- a. Respond to any request for inspection and review of school student records, including a request for a copy of school student records;

- b. Respond to any request for an explanation or interpretation of a school student record;
- c. Respond to any request to amend or destroy a school student record;
- d. Respond to any request to disclose or release personally identifiable information and/or school student records;
- e. Keep a record of parties obtaining access to school student records including the name of the party, the date access took place, and the purpose of the authorized use;
- f. Maintain, for public inspection, a current listing of the names and positions of the employees who may have access to personally identifiable information;
- g. Provide upon request from the Parent(s) or the child at the age of majority, a list of the types and locations of school student records collected, maintained, or used by Alden-Hebron School District 19;
- h. Take all reasonable measures to protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages of maintenance of school student records, whether or not the records are in his or her personal custody or control.

The school principal, person with like duties, or principal's designee, shall take all action necessary to assure that each person collecting or using personally identifiable information receives training or instruction regarding the policies and procedures governing confidentiality of personally identifiable information.

Alden-Hebron School District 19 will notify the Parent(s) or the child with disabilities at the age of majority of the right to access the school student records, to request amendments and to request a records hearing:

- a. Alden-Hebron School District will notify annually the child and the student's Parent(s) if the child is under the age of majority, of their rights under the federal and State law with respect to access including, but not limited to, the following:
 - (1) The types and location of information contained in the permanent and temporary school student records;
 - (2) The right to inspect and copy permanent and temporary school student records and the cost of copying such records;

- (3) The right to control access to and release of school student records and the right to request a copy of information released;
 - (4) The rights and procedures for challenging the contents of school student records that may be inaccurate, misleading or improper;
 - (5) The persons, agencies or organizations having access to the school student records without parental informed written consent;
 - (6) The right to copy any school student record or information contained therein which is proposed to be destroyed or deleted and the school's schedule for reviewing and destroying such information;
 - (7) The categories of information the school has designated as "directory information" and the right of the Parent(s) to prohibit the release of such information.
- b. Notice will be delivered by the means most likely to reach the Parent(s) or the child at the age of majority, including direct mail, parent-teacher conferences, delivery by the child to the Parent, or incorporated in a "parent-student" handbook or other informational brochure for children and Parents disseminated by the school.

Type of Records Subject to Disclosure

School student records available for review by Parent(s) or authorized persons are those writings or other recorded information concerning a child and by which a child may be individually identified, maintained by a school or at its direction or by an employee of a school, regardless of how or where the information is stored. The following are not school student records and are not subject to disclosure:

- a. Writings or other recorded information maintained by an employee of Alden-Hebron School District 19 or other person at the direction of Alden-Hebron School District 19 for his/her exclusive use, provided that all such writings and other recorded information are destroyed not later than the student's graduation or permanent withdrawal from the school, and provided further that no such records or recorded information may be released or disclosed to any person except a person designated by the school as a substitute unless they are first incorporated in a school student record and made subject to all of the provisions of federal and State law;
- b. Information maintained by law enforcement professionals working in the school, including video or other electronic recordings created and maintained by law enforcement professionals working in Alden-Hebron

School District 19 for security or safety reasons or purposes, if the information was created at least in part for law enforcement or security or safety reasons or purposes;

- c. Electronic recordings made on school buses; and
- d. Any information received by the courts or law enforcement agencies pursuant to Section 22-20 of the School Code and Sections 1-7 and 5-905 of the Juvenile Court Act.

The content of a video or other electronic recording may become part of a student's school record to the extent school officials use and maintain such recordings for a particular reason (*e.g.*, disciplinary action, compliance with a child's IEP) regarding that specific student.

Inspection and Review of School Student Records

Alden-Hebron School District 19 shall permit Parents and any other authorized persons the opportunity to inspect, review, and copy all school student records.

The Official Records Custodian shall respond to and grant any written request to inspect and to copy school student records to a Parent(s) or authorized representative within 15 school days after the date of receipt of such written request by the Official Records Custodian.

If requested by an authorized person, the Official Records Custodian shall provide a copy of the school student record if he/she determines that the Parent(s) will be effectively prevented from exercising his/her right to inspect and review school student records at the location where such records are normally maintained (or at any other location where Alden-Hebron School District 19 offers to produce such records). Alden-Hebron School District 19 may charge a reasonable fee for copies of records. Alden-Hebron School District shall not charge a fee when the Official Records Custodian determines that, a Parent(s) is unable to bear the cost of such copying.

Release of Personally Identifiable Information

Alden-Hebron School District 19 shall obtain informed written parental consent or informed written consent from the child at age of majority before permitting personally identifiable information to be released or used except as otherwise authorized by law.

Alden-Hebron School District 19 may not release, transfer, disclose or otherwise disseminate information maintained in the school student record, except as follows and as provided by law:

- a. To a Parent(s) or child or person specifically designated as a representative by a Parent, or;
- b. To an employee or official of the school or School District or ISBE with current demonstrable educational or administrative interest in the student, in furtherance of such interest.
- c. To the official records custodian of another school within Illinois or an official with similar responsibilities of a school outside Illinois, in which the child has enrolled, or intends to enroll, upon the request of such official or student.
- d. To any person for the purpose of research, statistical reporting or planning, provided that no child or Parent(s) can be identified from the information released and the person to whom the information is released signs an affidavit agreeing to comply with all applicable statutes and rules pertaining to school student records.
- e. Pursuant to a court order, provided that the Parent(s) shall be given prompt written notice upon receipt of such order of the terms of the order, the nature and substance of the information proposed to be released in compliance with such order and an opportunity to inspect and copy the school student records and to challenge their contents.
- f. To any person as specifically required by State or federal law.
- g. To juvenile authorities when necessary for the discharge of their official duties who request information prior to adjudication of the child and who certify in writing that the information will not be disclosed to any other party except as provided under law or order of the court. For purposes of this Section, a juvenile authority means:
 - (1) A judge of the circuit court and members of the staff of the court designated by the judge;
 - (2) Parties to the proceedings under the Juvenile Court Act of 1987 and their attorneys;
 - (3) Probation officers and court-appointed advocates for the juvenile authorized by the judge hearing the case;
 - (4) Any individual, public or private agency having custody of the child pursuant to court order;

- (5) Any individual, public or private agency providing education, medical or mental health service to the child when the requested information is needed to determine the appropriate service or treatment for the minor;
 - (6) Any potential placement provider when such release is authorized by the court for the limited purpose of determining the appropriateness of the potential placement;
 - (7) Law enforcement officers and prosecutors;
 - (8) Adult and juvenile prisoner review boards;
 - (9) Authorized military personnel; or
 - (10) Individuals authorized by court.
- h. Subject to regulations of ISBE, in connection with an emergency, to appropriate persons if the knowledge of such information is necessary to protect the health or safety of the child or other persons.
 - i. To any person, with the prior specific-dated informed written consent of the Parent(s) designating the person to whom the records may be released, provided that at the time any such consent is requested or obtained, the Parent(s) shall be advised in writing that he has the right to inspect and copy such records, to challenge their contents, and to limit any such consent to designated records or designated portions of the information contained therein, as provided by law and as described herein.

Transfer of Records

Alden-Hebron School District 19 shall forward, within 10 days of receipt of notice of the student's transfer to any other private or public elementary or secondary school located in this or any other state, a copy of the student's unofficial record of the student's grades to the school to which the child is transferring. Alden-Hebron School District 19 at the same time shall forward to the school to which the child is transferring the remainder of the student's school student record and a Certification of Good Standing form. "In good standing" means that the student's medical records are up-to-date and complete and the child is not currently subject to suspension or expulsion. Written notice as required by State and federal law must be provided to the Parent(s) regarding the nature and substance of the information being released/transferred.

Amendment of School Student Records

A Parent(s) who believes that information in the school student records is inaccurate or misleading or violates the privacy or other rights of the student, exclusive of grades of the

child and references to expulsions or out-of-school suspensions, may if the challenge is made at the time the student's records are forwarded to another school into which the child is transferring, challenge the specific entry in question.

The request for a hearing must be submitted in writing and contain notice of the specific entry or entries to be challenged and the root of the challenge.

The school principal, or principal's designee, upon receiving a written request from a Parent(s), shall hold an informal conference with the Parent(s) within 15 school days from the date of receipt of the request. The school principal, or principal's designee, will amend or delete information he/she determines to be inaccurate, irrelevant or improper. If the school principal, or principal's designee, refuses to amend the information, he or she shall inform the Parent(s) of the refusal and advise the Parent(s) of his/her right to proceed with a hearing.

If the dispute is not resolved by the informal conference, formal procedures shall be initiated:

- a. A hearing officer, who shall not be employed in the attendance center where the child is enrolled, shall be appointed by Alden-Hebron School District 19.
- b. The hearing officer shall conduct a hearing within a reasonable time, but no later than 15 days after the informal conference, unless the Parent(s) and school officials agree upon an extension of time. The hearing officer shall notify the Parent(s) and the school officials of the time and place of the hearing.
- c. A verbatim record of the hearing shall be made by a tape recorder or a court reporter.

The written decision of the hearing officer shall, no later than 10 days after the conclusion of the hearing, be transmitted to the Parent(s) and Alden-Hebron School District 19. It shall be based solely on the information presented at the hearing and shall be one of the following:

- a. To retain the challenged contents of the student record;
- b. To remove the challenged contents of the student record; or
- c. To change, clarify or add to the challenged contents of the student record.

Any party shall have the right to appeal the decision of the local hearing officer to the Regional Superintendent within 20 school days after such decision is transmitted. If the Parent(s) appeals, the Parent(s) shall so inform the school and within 10 school days, Alden-Hebron School District shall forward a transcript of the hearing, a copy of the record entry in question and any other pertinent materials to the Regional Superintendent.

Alden-Hebron School District 19 may initiate an appeal by the same procedures. Upon receipt of such documents, the Regional Superintendent shall examine the documents and records to determine whether Alden-Hebron District 19's proposed action in regard to the student's record is in compliance with the Illinois School Student Records Act, make findings and issue a written decision to the Parent(s) and Alden-Hebron School District 19 within 20 school days of the receipt of the appeal documents. If the subject of the appeal involves the accuracy, relevance, or propriety of any entry in special education records, the Regional Superintendent should seek advice from special education personnel:

- d. Who were not authors of the entry; and
- e. Whose special education skills are relevant to the subject(s) of the entry in question.

Alden-Hebron School District 19 shall implement the decision of the Regional Superintendent.

If, as a result of the hearing, it is determined that the information is inaccurate, misleading or otherwise in violation of the privacy or other rights of the student, Alden-Hebron School District 19 shall amend the information and inform the Parent(s) in writing.

If, as a result of the hearing, it is determined that the information is not inaccurate, misleading or otherwise in violation of the privacy or other rights of the student, Alden-Hebron School District 19 shall inform the Parent(s) of his/her right to place in the record a statement commenting on the information or setting forth any reasons for disagreeing with the decision of Alden-Hebron School District 19.

Alden-Hebron School District 19 shall ensure that a statement placed in an education record as described above:

- a. Is maintained by the School District as part of the record of the child as long as the record or contested portion is maintained by the School District; and
- b. Is disclosed by the School District to any party to whom the records of the child are disclosed.

Retention and Destruction of Records

Alden-Hebron School District 19 maintains two types of school student records: permanent and temporary.

- a. The permanent record shall include:
 - (1) Basic identifying information;
 - (2) Academic transcripts;

- (3) Attendance record;
- (4) Health record;
- (5) Scores received on all State assessment tests administered at the high school level; and
- (6) Information pertaining to release of permanent record information.
- b. The permanent record may also include:
 - (1) Honors and awards; and
 - (2) Information concerning participation in school-sponsored activities and athletics.
- c. No other information shall be placed in the permanent record. The permanent record shall be maintained for at least 60 years after the child graduates, transfers, or permanently withdraws.
- d. The temporary record shall include:
 - (1) Disciplinary information, specifically including information regarding an expulsion, suspension, or other punishment for misconduct involving drugs, weapons, or bodily harm to another;
 - (2) Scores received on State assessment tests administered in the elementary grade levels, including scores on the Illinois Standards Achievement Test;
 - (3) Any DCFS final reports finding that a student is an indicated victim of physical or sexual abuse;
 - (4) The completed home language survey;
 - (5) Any biometric information that is collected;
 - (6) Health-related information;
 - (7) Accident reports; and
 - (8) Information pertaining to release of temporary record information.
- e. The temporary record may include:
 - (1) Family background information;
 - (2) Intelligence and aptitude test scores;

- (3) Psychological evaluation reports;
 - (4) Elementary and secondary level achievement test results;
 - (5) Participation in extracurricular activities;
 - (6) Honors and awards;
 - (7) Teacher anecdotal records;
 - (8) Special education records;
 - (9) Section 504-related records;
 - (10) Verified reports or information from non-educational persons, agencies or organizations;
 - (11) Other verified information of clear relevance to the student's education, and
 - (12) Other disciplinary information.
- f. Information in the temporary record will indicate authorship and date.
 - g. Alden-Hebron School District 19 will maintain the student's temporary record for at least 5 years after the child transfers, graduates, or permanently withdraws.

Alden-Hebron School District 19's destruction of school student records, shall be pursuant to prior notice to the Parents and in accordance with federal and State law, including the Local Records Act.

Use of Federal Matching Funds Under the Medicaid (Title XIX) or Children's Health Insurance (KidCare, Title XIX) Program to Supplement Special Education programs and services (if Alden-Hebron School District is participating in one or more of those federal programs); Supplementation of State, local, Other Federal Funds; Maintenance of Financial Support

Alden-Hebron School District 19 may look to non-educational entities, such as Medicaid and insurance programs, to pay for required special education services for which such entities are otherwise responsible. Alden-Hebron School District 19 will use federal matching funds received under Medicaid or a children's health insurance program (e.g., KidCare, SCHIP) only to supplement special education programs and services. In seeking matching funds under Medicaid or a children's health insurance program, Alden-Hebron School District 19:

1. May not condition a child's receipt of FAPE on their Parent(s)' enrollment in Medicaid or insurance programs;
2. May not require Parent(s) to incur an out-of-pocket expense (e.g., payment of a deductible or co-pay amount) for services rendered in providing FAPE, except Alden-Hebron School District 19 may use Part B funds to pay the Parent(s)' costs for such services;
3. May not use a child's Medicaid or health insurance benefits if such use would:
 - a. Decrease available lifetime coverage or any other insured benefit;
 - b. Result in the family paying for services that would otherwise be covered by Medicaid or health insurance and that are required for the child outside of the time the child is in school;
 - c. Increase premiums or lead to the discontinuation of benefits or insurance;
or
 - d. Risk loss of home and community-based waiver eligibility, based on aggregate health-related expenditures;

Must obtain voluntary, informed, written parental consent prior to accessing Medicaid or insurance benefits for the first time; and prior to accessing Medicaid or insurance benefits for the first time, and annually thereafter, must provide written notification to the Parent(s) that includes:

- a. A statement of the parental consent provisions of 34 C.F.R. §§99.30, 300.9 and 300.622;
- b. A statement of the "no cost" provisions of 34 C.F.R. §300.154(d)(2)(i)-(iii);
- c. A statement of the Parent(s) right to withdraw their consent to disclosure of their child's student record information to Medicaid or other insurance programs at any time; and
- d. A statement that the withdrawal of or refusal to provide consent to disclosure of their child's student record information to Medicaid or other insurance programs does not relieve Alden-Hebron School District 19 of its responsibility to ensure that all required services are provided at no cost to the parents.

Except as otherwise permitted by law, funds provided to Alden-Hebron School District 19 under the *IDEA*, Part B, shall be used to supplement the level of federal, State, and local funds (including funds that are not under the direct control of the School District) expended for the provision of special education and related services provided to children with

disabilities, and in the case to supplant those federal, State, and local funds. Except as otherwise permitted by law, Alden-Hebron School District 19 will not reduce the amount of financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.

Public Participation

Prior to the adoption of any policies and procedures needed to comply with the *IDEA*, Part B, Alden-Hebron School District 19 will conduct public hearings, with adequate notice and an opportunity for comment available to the public, including individuals with disabilities and parents of children with disabilities.

Personnel Development

Alden-Hebron School District 19 will take measurable steps to recruit, hire, train, and retain highly qualified personnel to provide special education and related services to children with disabilities.

Initial Eligibility: Step by Step
