

Interact Club Information

What is Interact?

Interact is a service club for youth who want to connect with other young people and have fun while serving their communities and learning about the world. Interact Clubs are sponsored by local Rotary clubs. Interact clubs organize projects every year that help their local schools or communities. Some of the projects done in the past include food drives for HOPE ministries, supply drives for the Tate County Animal Shelter, face painting at home football games, City of Senatobia Trunk or Treat, organizing and stocking shelves at HOPE ministries, serving on committees for relay for life events, and serving thanksgiving meals at Calvary Mission in Memphis. These students are always looking for ways to serve.

Who can be involved?

Interact Club is open to anyone grades 9-12 who wishes to be a part. Sign ups are usually held in August and require a \$5 fee to join.

What officer positions are available?

Interact Club has a president, vice president, treasurer and project manager. Students are able to fill out an application and be elected to these positions. Students must serve one year in the club before applying for an officer position.
