Nondiscrimination and Student Rights

It is the policy of the Board of Education to provide a free and appropriate education for students with disabilities. Students with disabilities are those who, because of certain atypical characteristics, have been identified by professionally qualified personnel as requiring special educational planning and services. Students with disabilities will be identified on the basis of physical, health, sensory, and/or emotional handicaps, behavioral problems or observable exceptionalities in mental ability. It is possible that a student may have more than one type of disability.

The District's programs and services available to meet the needs of these students will be in accordance with The Individuals with Disabilities Education Act, The Education for All Handicapped Students Act of 1975, The Rehabilitation Act of 1973, Section 504, and 162.670 - .995 RSMo., Missouri Special Education Services. In addition, the identification of students with disabilities and the services provided by the District will be in accordance with the regulations and guidelines of the Missouri Department of Elementary and Secondary Education's Current Plan for Part B of The Education of the Handicapped Act, as amended. (See Policy and Regulation 6250 - Instruction for Students with Disabilities.)
