YMCA OF WESTERN NORTH CAROLINA

YMCA HORIZON

Focus

Enrich and empower middle school youth through school-sponsored clubs, Y club activities, and community classes.

Creating Brighter Futures

Horizon provides a safe environment for middle school students outside of the traditional academic day. The program is designed to engage students in enrichment experiences and improve academic achievement while building leadership skills and confidence by empowering youth. Y staff, community partners, and school staff lead hands on activities and clubs, then provide additional academic support through mentoring and coaching.
