II. One year progress report sign and submitted.

III. Jordan English reported on the results of placing a student suggestion box in the library. We didn't get a lot of helpful suggestions. New thought to ask direct questions of students.

IV. Websites: we have good websites for band and athletics. These can be accessed on the school's website.

V. Updates to SIT on NBHS website. We review the website to see if more changes need to be made.

VI. Information about PBIS and SMART lunch. These are/can be interconnected and we will have some faculty members train on PBIS and others go to Owen to learn about the successes/failures of SMART lunch.
