Objectives Planned For

Monitor (updates made)

Teachers will update and create course overviews, and they will make sure that expectations are posted and visible.

Safety and Supervision - Hall passes and out of class policies looked good first semester. Continue this work 2nd semester.

MTSS - more information coming in the spring as we decide how MTSS and SIT will work together.

Supporting students emotional needs - data: last year there were 22 counseling referrals using the Google form for the entire year, and as of this date there are over 70. Increase in communication between teachers and students. Counselors report a difference.

Hawk Quest - We will send out a survey mid-year to get feedback.

PBIS 2.0 - We will look at where PBIS fits with MTSS and SIT goals. We need to think about revamping for the future and make it mean something to teachers and kids.
