

Leonard Middle School February Board Report

On February 12th the LMS Jazz Band and Jazz Ensemble and the OTHS Jazz Band all played at LMS. It is a joy to see high school and middle school students playing in front of a packed gym. We have exceptional musicians in Old Town.

To really enjoy the winter, you really need to get outside and play a bit. All three teams at LMS are visiting the Maine Outdoor Education Program in Grindstone for some cross-country skiing. Pictured are some seventh-grade students enjoying their field trip.

Our seventh-grade students are putting the finishing touches on their big Invention Convention project this week. Every student has created a prototype of an invention that solves a real-world problem. They have also created a plan to market their invention so they can have a positive impact on society. The seventh-grade students will be ready to display and explain their invention on Thursday February 28. Mrs. Tuttle has authorized me to invite the RSU 34 School Board Members to visit LMS on Thursday at around 8:30 in the morning to see our students' inventions.

Spring sports sign up are going on from now through March 15. It is super east to sign up for a spring sport s just needs to click on the following link. <https://goo.gl/1RLPqg>

The Bangor Daily news recently published a story about Operation Breaking Stereotype a joint project with Indian Island School, Orono Middle School, and Leonard Middle School. Our school counselor Tracey O'Connell leads our students superbly in this work.
