

DISTRICT WIDE PARENTAL INVOLVEMENT (Parent Bill of Rights)

The board supports parents' efforts to be involved in the district's education programs. This policy outlines the district's efforts to educate parents and support parent involvement in response to the 2014 Parents' Bill of Rights.

Parents have the right be involved in their minor child's education, including directing that education. Parents are encouraged to exercise their rights in conjunction with district guidance so as not to inadvertently impede their minor child's compliance with federal and state mandated requirements – including requirements related to graduation and state testing. Parents also have the right to review school records related to their minor child.

Parents generally have the right to consent prior to an audio or video recording being made of their minor child. This right does not preempt the district's right to make recordings (without specific parental approval) related to:

- safety, general order and discipline
- academic or extracurricular activities
- classroom instruction
- security/surveillance of the buildings or grounds
- photo ID cards

Parents have the right to receive prompt notice if their minor child is believed to be the victim of a crime perpetrated by someone other than the parent, unless law enforcement or DHS officials have determined that parental notification would impede the related investigation. These notice provisions do not apply to matters which involve routine misconduct typically addressed through student discipline procedures. School personnel will not attempt to encourage or coerce a child to withhold information from parents.

1. The district will promote parent participation at the school site level with the goal of improving parent and teacher cooperation in areas such as homework, attendance and discipline. This will be accomplished through activities such as:

- Parent teacher conferences
- Back to school / meet the teacher nights
- District sponsored webpages with class information available to parents
- School newsletters

2. The district will inform parents about their children's course of study by disseminating this information:

Examples include:

- During annual enrollment
- In student handbooks
- On the district's webpage
- In enrollment guides

Parents may review learning materials affecting their minor children's course of study, including supplemental materials, by making a request through the building principal.

3. Parents who object to a learning material or activity may withdraw their minor child from the class or program in which the material is used. In order to withdraw a student, the parent must submit a written request, signed and dated by a parent, to the building principal. Parents who choose to withdraw their minor child from a required class are responsible for making alternate arrangements for the child to earn credit for the class.

4. The district offers sex education (aka human growth and development per the State of Oklahoma) in grade 5 and the science of sexual and asexual reproduction in Life Science in the middle school and Biology at the High School. Elective courses, such as Health, Vocational Agriculture, Anatomy & Physiology, and Family

and Consumer Sciences also include units of instruction in animal husbandry, reproduction, and human growth and development. Parents who object to their minor child participating in the district's sex education program or other related course materials must submit a written notice, signed and dated by a parent, to the principal in order for their child to be excused from participation. Students who are not participating in the district's sex education program will be permitted to study in the school library or office with an alternative assignment during sex education instruction.

5. If a teacher is going to provide instruction or presentations regarding sexuality in a course apart from formal sex education, the teacher will send written notice home to parents 10 days in advance of the presentation. A teacher shall gain approval from the site principal prior to providing instruction or presentations regarding sexuality apart from approved sex education program. Parents who object to their minor child's participation in such instruction may send a written request to the building principal to have the student excused from the presentation. Any such student will be permitted to study in the school library or office with an alternative assignment during the presentation.
6. Parents may learn about the nature and purpose of clubs and activities which are part of the school curriculum by reviewing student handbooks and the district's website. The district's extracurricular clubs and activities are also published in student handbooks, the district's policy manual, and on the district's website.
7. Parents have numerous rights and decision making responsibilities concerning their minor children. To assist parents in meeting these responsibilities and to fulfill its obligations under the 2014 Parent Bill of Rights, the district has compiled the following information for parents:
 - A. The district provides sex education to students in grade 5 and courses identified in item 4 above. Parents may opt their student out of the district's sponsored sex education program by following the procedures established in item 4 above.
 - B. Parents who are not residents of the district may enroll their minor children in the district's schools in accordance with the district's open transfer policy. A copy of that policy is available in the superintendent's office and on the district's website.
 - C. The district utilizes a number of resources to educate students. Parents who object to an assignment based on sex, morality or religion may opt their minor child out of the assignment by following the procedures established in item 3 above.
 - D. Students are generally required to receive a predetermined set of immunizations prior to enrolling in school and to receive additional boosters throughout enrollment in the district. This requirement may be waived if the parent submits a note from the minor child's physician stating that the child should be excused from the immunization for health reasons or if the parent submits a note objecting to the immunization of the child. Information related to immunizations is available to students and parents via the school nurse or the district's website.
 - E. Students are required to meet certain obligations in order to be promoted to a subsequent grade, particularly with regard to learning to read. Parents can learn about these requirements – including efforts the district will take in order to help students become successful readers – by reviewing the district's policies on Reading Sufficiency Act testing, and student promotion. Copies of these policies are available in the superintendent's office.
 - F. Students are required to meet certain obligations in order to graduate from high school. Parents can learn about these requirements each year during course enrollment. This information is also available in student handbooks and on the Oklahoma State Department of Education's website (www.ok.gov/sde/).
 - G. The district provides AIDS education for students in grades 7 and 12. Parents may opt their minor student out of this education by submitting a written request, signed and dated by a parent, to the

building principal. Students who are not participating in the district's AIDS education program will be permitted to study in the school library or office during the scheduled instruction.

- H. Parents have the right to review student test results related to their minor student. Parents may review the results of classroom exams by contacting their child's teacher. Parents may review the results of state-wide testing by contacting their child's building principal.
- I. Qualifying students have the right to participate in the district's gifted and talented program in accordance with the district's policy regarding the program. A copy of the policy is available through the superintendent's office and the district's website.
- J. Parents have the right to review teachers' manuals, films, tapes or other supplementary instructional material if the materials are being used in connection with a research or experimentation program or project. In order to review these materials, the parent should contact the building principal.
- K. Parents have the right to receive a school report card. Information regarding these report cards will be provided through school publications, but a copy of the actual report card is available in the superintendent's office.
- L. Students are required to attend school regularly, and the district is required to notify parents of any student absence unless the parent has already contacted the school to report the absence. The district will send a written notice to parents if their minor student appears to be in danger of exceeding the maximum allowable number of absences and will notify the district attorney and the parent if a child may be considered truant. Parents may contact the child's principal for additional information regarding student absences.
- M. Parents have the right to review the district's courses of study and textbooks. Arrangements for this review can be made through the building principal.
- N. Students may be excused from school for religious purposes provided the parent contacts the building principal to request such an absence.
- O. Parents have the right to review all district policies, including parental involvement policies. Copies of these policies are available through the superintendent's office.
- P. Parents have the right to participate in parent-teacher organizations. Information regarding these groups will be made available during activities such as enrollment, schedule pickups and back to school night. Parents who wish to have additional information regarding these groups can obtain more detail through the principal's office.
- Q. Parents may opt out of selected district level data collection related to state longitudinal student data system reporting. Parents may not opt out of necessary and essential record collecting. Parents may file an opt out request through the superintendent's office.

Parents requesting information outlined in this policy should submit written requests for information through the building principal or superintendent's office, as noted in the respective section. Appropriate school personnel will either make the information available or provide a written explanation of why the information is being withheld within ten (10) days of the request. Any parent whose request is denied or who does not receive a response within fifteen (15) days may submit a written request for the information to the board of education. The board will include an item on its next public meeting agenda (or the following meeting, if time does not permit inclusion of the item on the agenda) to allow the board to formally consider the parent's request.

OKLA. STAT. tit. 25 § 2001; BOE Approved: August 11, 2014
