Is my child eligible to attend Simpson County Preschool?

If your child is 4 years old by August 1st of the school year, your child may be eligible through income eligibility or by being identified with a developmental delay.

If your child is 3 years old then your child would have to be identified with a developmental delay to be eligible for preschool services.

Income Eligibility – This is determined by completing the *Household and Income Form*.

Developmental Delay – This is usually determined by a process including a free developmental screening, interventions, and evaluations. A developmental delay can be a delay in any of the following areas: Communication Skills, Cognitive Skills, Social Skills, Independent Skills, Motor Abilities, or Cognitive Skills.

** If you would like more information, would like to schedule a free developmental screening, or an observation of our program please call: 270-586-3241

Required Paperwork, upon enrollment, for Preschool
