Mrs. Pais informed the council on how the students were systematically grouped for flexible groups by STAR first, then Common Assessments, and then by teacher anecdotal notes. Mrs. Pais explained that it was important for the math teachers and reading teachers in third grade need a common planning. So, she needed to restructure the master schedule, specifically the lunch schedule in a minor way to accommodate the collaboration. Mrs. Pais informed the council that there will be parent communication in January 6th to inform them of their reading and math core teacher. Mrs. Pardue made a motion to approve the changes, and Ms. Thomas seconded.

Mrs. Thomas made a motion to adjourn and Mrs. Raines seconded.
