Dear Parent/Guardian:

This handbook has been prepared to provide you with general information and to acquaint you with our discipline policies. From it you will better understand the policies and procedures of the Cave City School District.

The Cave City Schools are dedicated to the purpose of training minds and building skills. It is therefore necessary to have certain rules to insure each individual the opportunity to benefit from the program. This handbook outlines our basic policies.

You are asked to sign and date the form at the back of this book indicating you have received a copy. Please ask your son/daughter to return the form to his/her 1st period teacher. All parents/guardians are required to do so in order to complete their child’s registration.

The students of Cave City Schools are expected to follow the rules established by the Cave City Board of Education. Following the rules will help all students develop necessary and useful skills for the future.

Please visit with us whenever you can. The cooperation of school patrons, based upon knowledge of school policies and procedures, will result in a more efficient and successful program.

Sincerely,

The Cave City Board of Education
FOREWORD

On behalf of the faculty and administration, we extend a cordial welcome to you as a member of the student body of Cave City Schools. We sincerely hope that your years spent at Cave City Schools prove to be an enjoyable educational experience.

We urge you to enter into the life of the school with interest and enthusiasm. Your course of study should be planned so that you will be able to participate in a number of school activities. Your classroom work, however, is the foundation upon which the school is built, and it should occupy the major part of your time and interest.

The Discipline Committee in conjunction with the administration and board of education has prepared this handbook in an attempt to help students (and parents) to become familiar with the policies, regulations, requirements, activities, and traditions of Cave City High School. This handbook, when properly used, can help you enjoy more fully the school and the opportunity it affords.

4.1—RESIDENCE REQUIREMENTS

Definitions:

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside. A student may use the residential address of a legal guardian, person having legal, lawful control of the student under order of a court, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, or other persons having lawful control of the person under an order of a court reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parents or guardians for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parents, guardians, or other persons having lawful control of him or her under an order of a court, the person must actually reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

The children or wards of any person who is at least a half-time employee of this district but reside in another district are eligible to enroll in district schools.
A foster child who was previously enrolled in a district school and who has had a change in placement to a residence outside the district, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

4.2—ENTRANCE REQUIREMENTS

To enroll in a school in the District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.40—HOMELESS STUDENTS or in policy 4.52—STUDENTS WHO ARE FOSTER CHILDREN, be accepted as a transfer student under the provisions of policy 4.4, or participate under a school choice option and submit the required paperwork as required by the choice option.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, who will become five (5) years old during the year in which he/she is enrolled in kindergarten, and who meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child’s parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in
which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Home-schooled and private school or non-accredited school students shall be evaluated by the District to determine their appropriate grade placement.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.¹

Prior to the child’s admission to a District school:²

1. The parent, guardian, or other responsible person shall furnish the child’s social security number, or if they request, the district will assign the child a nine (9) digit number designated by the department of education. SSN is not required, but one of the two numbers must be assigned to an enrolled student.

2. The parent, guardian, or other responsible person shall provide the district with one (1) of the following documents indicating the child’s age:
   a. A birth certificate;
   b. A statement by the local registrar or a county recorder certifying the child’s date of birth;
   c. An attested baptismal certificate;
   d. A passport;
   e. An affidavit of the date and place of birth by the child’s parent or guardian;
   f. United States military identification; or
   g. Previous school records.

3. The parent, guardian, or other responsible person shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another school district to enroll as a student until the time of the person’s expulsion has expired.³

4. The child shall be age appropriately immunized from poliomyelitis, diphtheria, tetanus, pertussis, red (rubeola) measles, rubella, and other diseases as designated by the State Board of Health, or have an exemption issued by the Arkansas Department of Health. Proof of immunization shall be by a certificate of a licensed physician or a public health department acknowledging the immunization. Exemptions are also possible on an annual basis for religious reasons from the Arkansas Department of Health.⁴ To continue such exemptions, they must be renewed at the beginning of each school year. A child enrolling in a district school and living in the household of a person on active military duty has 30
days to receive his/her initial required immunizations and 12 months to be up to date on the required
immunizations for the student’s age.

A student enrolled in the District who has an immunization exemption may be removed from school during an
outbreak of the disease for which the student is not vaccinated at the discretion of the Arkansas Department of
Health. The student may not return to the school until the outbreak has been resolved and the student's return to
school is approved by the Arkansas Department of Health.

5. In accordance with Policy 4.57—IMMUNIZATIONS, the child shall be age appropriately immunized
or have an exemption issued by the Arkansas Department of Health.

Uniformed Services Member's Children
For the purposes of this policy:
"active duty members of the uniformed services" includes members of the National Guard and Reserve on
active duty orders pursuant to 10 U.S.C. Section 1209 and 1211;
"uniformed services" means the Army, Navy, Air Force, Marine Corps, Coast Guard as well as the
Commissioned Corps of the National Oceanic and Atmospheric Administration, and Public Health Services;
"veteran" means: a person who served in the uniformed services and who was discharged or released there from
under conditions other than dishonorable.

“Eligible child” means the children of:
• active duty members of the uniformed services;
• members or veterans of the uniformed services who are severely injured and medically discharged or
retired for a period of one (1) year after medical discharge or retirement; and
• members of the uniformed services who die on active duty or as a result of injuries sustained on active duty
for a period of one (1) year after death.

This policy applies to children of: active duty members of the uniformed services; members or veterans of the
uniformed services who are severely injured and medically discharged or retired
for a period of one (1) year after medical discharge or retirement; and members of the uniformed services who
die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

An eligible child as defined in this policy shall:
1. be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she
was in at the time of transition from his/her previous school, regardless of age;
2. be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily
completed the prerequisite grade level in his/her previous school;
3. enter the District's school on the validated level from his/her previous accredited school when transferring
into the District after the start of the school year;
4. be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her
previous school to the extent that space is available. This does not prohibit the District from performing
subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the
courses/and/or programs;
5. be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;

6. make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;

7. be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;

8. be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

4.3—COMPULSORY ATTENDANCE REQUIREMENTS

Every parent, guardian, or other person having custody or charge of any child age five (5) through seventeen (17) years on or before August 1 of that year who resides, as defined by policy (4.1—RESIDENCE REQUIREMENTS), within the District shall enroll and send the child to a District school with the following exceptions.

1. The child is enrolled in private or parochial school.

2. The child is being home-schooled and the conditions of policy (4.6—HOME SCHOOLING) have been met.

3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, guardian, or other person having custody or charge of the child elects not to have him/her attend kindergarten. A kindergarten waiver form prescribed by regulation of the Department of Education must be signed and on file with the District administrative office.

4. The child has received a high school diploma or its equivalent as determined by the State Board of Education.

5. The child is age sixteen (16) or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.

6. The child is age sixteen (16) or seventeen (17) and has met the requirements to enroll in an adult education program as defined by A.C.A. § 6-18-201 (b).
4.4—STUDENT TRANSFERS

The Cave City District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case basis at the July and December regularly scheduled board meetings.¹

The District may reject a nonresident’s application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school.² The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Department of Education to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from home school or a school that is not accredited by the Department of Education to a District school shall be evaluated by District staff to determine the student’s appropriate grade placement.

The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another district to enroll as a student until the time of the person’s expulsion has expired.

Except as otherwise required or permitted by law,³ the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student’s parents. The District and the resident district may enter into a written agreement with the student or student’s parents to provide transportation to or from the District, or both.

4.5—SCHOOL CHOICE

Standard School Choice

Definition
"sibling" means each of two (2) or more children having a common parent in common by blood, adoption, marriage, or foster care.

Transfers Into the District
Capacity Determination and Public Pronouncement

The Board of Directors will adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack
of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedures for participation in the program. Such pronouncements shall be made in the spring, but in no case later than April 1.

**Application Process**

The student's parent shall submit a school choice application on a form approved by ADE to this district. The transfer application must be postmarked or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications as they are received in the District's central office. It is the District’s responsibility to send a copy of the application that includes the date and time stamp to the student’s resident district within ten (10) days of the District receiving the application. Applications postmarked or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached.

The Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student’s resident district, in writing, of the decision to accept or reject the application.

**Accepted Applications**

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student...
meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who either fails to initially enroll under the timelines and provisions provided in this policy or who chooses to return to his/her resident district; or who enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

**Rejected Applications**

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student’s previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the district.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application which must be done, in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student’s resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

**Transfers Out of the District**

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 15 of the immediately preceding year. By December 15 of each year, ADE shall determine and notify the District of the net number of allowable choice transfers. Students are not
counted for the purpose of determining the three percent (3%) cap if the student transfers from a school or district in:
- Academic Distress or classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227;
- Facilities Distress under A.C.A. § 6-21-812; or

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect.10

When the last successful application requesting to transfer out of the District before the District’s three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District, the District shall allow all members of the individual’s sibling group to transfer out of the District even though these applications are beyond the District’s transfer cap.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.
- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in distress;
- The student is not required to meet the June 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into or Within the District
For the purposes of this section of the policy, a “lack of capacity” is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the ADE Rules for the Standards of Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity12 at the District’s school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student who is enrolled in or assigned to a school classified by the ADE to be in academic distress or in a district classified by ADE as in need of Level 5 Intensive Support is eligible to transfer to the school closest to the student’s legal residence that is not in academic distress or in a district classified as in need of Level 5 Intensive Support. The
student’s parent or guardian, or the student if over the age of eighteen (18), must successfully complete the necessary application process by July 30 preceding the initial year of desired enrollment.

Within thirty (30) days from receipt of an application from a student seeking admission under this section of the policy, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District’s decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student’s enrollment under Opportunity School Choice is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

**Transfers out of, or within, the District**

If a District school has been classified by the ADE as being in academic distress or the District has been classified by ADE as in need of Level 5 Intensive Support, the District shall timely notify the parent, guardian, or student, if the student is over eighteen (18) years of age, as soon as practicable after the academic distress or in need of Level 5 Intensive Support designation is made of all options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen(18) years of age, an opportunity to enroll the student in any public school or school district that has not been classified by the ADE as a public school in academic distress or school district in need of Level 5 Intensive Support.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.15

**Unsafe School Choice Program**
Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by ADE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

4.5F—SCHOOL CHOICE CAPACITY RESOLUTION

Whereas:

• The Board of Directors of the Cave City School District has approved by a vote of the Board, the following capacity resolution for school choice applicants for the school-year under the provisions of policy 4.5—SCHOOL CHOICE and applicable Arkansas law.

• Applicants, whose applications meet the provisions of policy 4.5—SCHOOL CHOICE, will be sent a provisional acceptance notification letter which will give instructions on the necessary steps and timelines to enroll in the District. Provisional acceptance shall be determined prior to July 1 with a final decision to be made by July 1 based on the district's available capacity for each academic program, class, grade level, and individual school.

• Applications that are not received on or before May 1, are to a student's resident district that has declared itself exempt due to an existing desegregation order, or, the acceptance of which would exceed the applicant's resident district's statutory limitation on student transfers out of its district will not be accepted.

• The district reserves to itself the ability to determine, based on an examination of student records obtained from the prior district, and other information, whether any student would require a different class, course or courses, program of instruction, or special services than originally applied for. If such an examination determines that capacity has been reached in the appropriate class, course or program of instruction, or that additional staff would have to be hired for the applicant, the District shall rescind the original provisional acceptance letter and deny the Choice transfer for that student.

• The district reserves to itself the ability to decline to accept under school choice any student whose acceptance would require the district to add additional staff, for any reason.

THEREFORE, let it be resolved that these shall constitute the School Choice openings at the beginning of the School Choice enrollment period for the school-year.

4.5F3—SCHOOL CHOICE ACCEPTANCE LETTER
This letter is to notify you that your school choice application to attend the Cave City School District was **ACCEPTED**. I also want to express my gratitude to you for choosing our district. My staff and I look forward to working with you to provide the very best education for your child.

As you may know, Arkansas Law places a “statutory cap” for transfers out of a district by School choice at a Net of 3%. I advise you to get in touch with the Superintendent of your resident district to check your standing on their list. I have faxed them a copy of your form that we approved and accepted.

We look so very forward to welcoming your child as a student. To further the application process and to better assist us in determining their proper placement, please submit the information listed below as soon as possible if your child is new to our district. In addition to the information you submit, records may be requested from the student's current district/school, as to appropriate grade placement, program placement or services required. If your child is currently Home Schooling, we will work with you in evaluating them.

- For students applying to enroll in first grade or higher: a copy of the student's transcript from the school where the student is currently enrolled. The student’s permanent record, including the original transcript, will be requested from the school immediately following the student’s enrollment in Cave City.

- Proof of the student's age; This can be a 1) birth certificate; 2) A statement by the local registrar or a county recorder certifying the child’s date of birth; 3) An attested baptismal certificate; 4) A passport; 5) An affidavit of the date and place of birth by the child’s parent or guardian; 6) United States military identification; or 7) Previous school records.

- The student’s health care needs at school.

- Your child’s age appropriate immunization record or an exemption granted for the previous school-year and a statement of whether or not you intend to continue the exemption for the upcoming school year.

If you ever have any questions or concerns, please feel free to contact us at any time. Thanks so much for allowing us to serve your family.

**4.7—ABSENCES**

If any student’s Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student’s IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students’ regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

**Excessive Absences**

When a student has **(5)** absences, his/her parents, guardians, or persons in loco parentis shall be notified. *Notification shall be by letter within a week* of when the 5th absence occurred.

When a student has **(10)** absences, his/her parents, guardians, or persons in loco parentis shall be notified. *Notification shall be by letter within a week* of when the 10th absence occurred.
Whenever a student has (15) **excused or unexcused** absences in a semester, his/her parents, guardians, or persons in loco parentis shall be notified. *Notification shall be by certified letter within a week* of when the 15th absence occurred. The District shall notify the prosecuting authority and the parent, guardian, or persons in loco parentis shall be subject to a civil penalty as prescribed by law.

Students with 8 unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

It is the Arkansas General Assembly’s intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of absences permitted by this policy, the student, or his/her parent, guardian, or person in loco parentis may petition the school or district’s administration for special arrangements to address the student’s unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement’s requirements. The agreement shall be signed by the student, the student’s parent, guardian, or person in loco parentis, and the school or district administrator or designee. If any student’s Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student’s IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students’ regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

**Absences for students enrolled in digital courses shall be determined by the online attendance and time the student is working on the course rather than the student’s physical presence at school.** Students who are scheduled to have a dedicated period for a digital class shall not be considered absent if the student logs the correct amount of time and completes any required assignments; however, a student who fails to be physically present for an assigned period may be disciplined in accordance with the District’s truancy policy.

**Excused Absences**

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designee upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will **not** be accepted.
1. The student’s illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal. 
2. Death or serious illness in their immediate family; 
3. Observance of recognized holidays observed by the student's faith; 
4. Attendance at an appointment with a government agency; 
5. Attendance at a medical appointment; 
6. Exceptional circumstances with prior approval of the principal; 
7. Participation in an FFA, FHA, or 4-H sanctioned activity; 
8. Participation in the election poll workers program for high school students. 
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee. 
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12). 
11. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student’s operator’s license unless he/she meets certain requirements specified in the statute.

Applicants for an instruction permit or for a driver's license by persons less than eighteen (18) years old on October 1 of any year are required to provide proof of a high school diploma or enrollment and regular attendance in an adult education program or a public, private, or parochial school prior to receiving an instruction permit. To be issued a driver's license, a student enrolled in school shall present proof of a “C” average for the previous semester or similar equivalent grading period for which grades are reported as part of the student’s permanent record.

Concurrent Offerings:
Classes with concurrent credit may have a more strict absentee policy through the college. Being aware of that policy is the student’s responsibility. If a student is dropped from a college class because of absenteeism, it may put the student’s credits and graduation in jeopardy.

4.6—HOME SCHOOLING

Enrollment in Home School

1. At the beginning of each school year, but no later than August 15;
2. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian’s intent to home school shall be delivered to the Superintendent through any of the following methods:
• Electronically, including without limitation by email;
• By mail; or
• In person.

The notice shall include:

a. The name, sex, date of birth, grade level, and the name and address of the school last attended, if any;
b. The mailing address and telephone number of the home school;
c. The name of the parent or legal guardian providing the home school;
d. Indicate if the home-schooled student intends to participate in extracurricular activities during the school year;
e. A statement of whether the home-schooled student plans to seek a high school equivalency diploma during the current school year;
f. A statement if the home-school student plans to seek a driver's license during the current school year;
g. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to home school; and
h. A signature of the parent or legal guardian, which must be notarized if the home-schooled student plans to seek a driver’s license during the school year.
To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

**Enrollment or Re-Enrollment in Public School**

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and
- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
  - Curricula used in the home school;
  - Tests taken and lessons completed by the home-schooled student; and
  - Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student’s grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District’s other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

- Award of course credits earned in the home school;
- Placement in the proper grade level and promotion to the next grade level;
- Participation in any academic or extracurricular activity;
- Membership in school-sponsored clubs, associations, or organizations;
- A diploma or graduation, so long as the student has enrolled or re-enrolled in the District to attend classes for at least the nine (9) months immediately prior to graduation; or
- Scholarships.
4.8—MAKE-UP WORK

Students who miss school due to an excused absence shall be allowed to make up the work they missed during their absence under the following rules.

1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up.

2. Teachers are responsible for providing the missed assignments when asked by a returning student.²

3. Students are required to ask for their assignments on their first day back at school or their first class day after their return.

4. Make-up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.

5. Students shall have one class day to make up their work for each class day they are absent.

6. Make-up work which is not turned in within the make-up schedule for that assignment shall receive a zero.

7. Students are responsible for turning in their make-up work without the teacher having to ask for it.

8. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.

9. As required/permitted by the student’s Individual Education Program or 504 Plan.

Work may not be made up for credit for unexcused unless the unexcused absences are part of a signed agreement as permitted by policy 4.7—ABSENCES. Out-of-school suspensions are unexcused absences.

Work missed while a student is expelled from school may not be made up for credit and students shall receive a zero for missed assignments.

In lieu of the timeline above, assignments for students who are excluded from school by the Arkansas Department of Health during a disease outbreak are to be made up as set forth in Policy 4.57—IMMUNIZATIONS.

4.9—TARDIES
Promptness is an important character trait that District staff is encouraged to model and help develop in our schools’ students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement.

2nd Tardy- 1 hour D-Hall
3rd Tardy- 2 hours D-Hall
4th Tardy- ISS
5th Tardy- Counted absent and other punishment as deemed appropriate by the administration.

The following page contains a letter from Juvenile Judge Kevin King of 3rd Judicial District. It is a letter explaining his expectations for parents and administrators in dealing with attendance.
Parents and School Administrators:

In the number of years I have had the opportunity to work with our youth and schools, one major concern has been problems with poor school attendance.

Good school attendance improves a child's grades and better prepares them for success in all stages of life. Poor attendance is reflected in their grades and in their struggles with the skills needed to prepare for adult life.

State Law mandates school attendance and the number of days a child may miss in any school year. Schools are required by law to report your attendance to the Court System for sanctions against the child and/or parents.

Help prepare your child for success in school and in life. Require and encourage your child to attend school everyday.

Respectfully,

Kevin N. King
Circuit Judge

4.12—STUDENT ORGANIZATIONS/EQUAL ACCESS

Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during noninstructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during noninstructional time;
4. Employees or agents of the school are present at religious meetings only in a nonparticipatory capacity;
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
6. Nonschool persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well being of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternities, sororities, and secret societies are forbidden in the District’s schools. Membership to student organizations shall not be by a vote of the organization’s members, nor be restricted by the student’s race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sport program. Students who are convicted of participation in hazing or the failure to report hazing shall be expelled.¹

Note: Act 1264 of 2015 created the automatic expulsion of a student for being convicted of hazing.

4.13—PRIVACY OF STUDENTS’ RECORDS/ DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students’ education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student’s records transfers to the student. A student’s parent or the student, if over the age of 18, requesting to review the student’s education records will be allowed to do so within no more than forty five (45) days¹ of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.
The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is not considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker’s temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student’s caseworker or to the caseworker’s representative without getting prior consent of the parent (or the student if the student is over eighteen (18)). For the District to release the student’s PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student’s case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.
For purposes of this policy, the Cave City School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student’s records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person’s status as parent or guardian, alone, enables that parent or guardian to review and copy his child’s records.

If there exists a court order which directs that a parent not have access to a student or his/her records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student’s records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student’s file must be initiated with the building principal, with an appeal available to the Superintendent or his/her designee. The challenge shall clearly identify the part of the student’s record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.³

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, "directory information" about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements.⁴ “Directory information” includes, but is not limited to, a student’s name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance,⁵ his/her placement on the honor role (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

A student’s name and photograph will only be displayed on the district or school’s web page(s) after receiving the written permission from the student’s parent or student if over the age of 18.
The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal’s office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.6

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education (DOE) at

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

4.13F—OBJECTION TO PUBLICATION OF DIRECTORY INFORMATION
(Not to be filed if the parent/student has no objection)

I, the undersigned, being a parent of a student, or a student eighteen (18) years of age or older, hereby note my objection to the disclosure or publication by the Cave City School District of directory information, as defined in Policy No. 4.13 (Privacy of Students’ Records), concerning the student named below. The district is required to continue to honor any signed opt-out form for any student no longer in attendance at the district.

I understand that the participation by the below-named student in any interscholastic activity, including athletics and school clubs, may make the publication of some directory information unavoidable, and the publication of such information in other forms, such as telephone directories, church directories, etc., is not within the control of the District.

I understand that this form must be filed with the office of the appropriate building principal within ten (10) school days from the beginning of the current school year or the date the student is enrolled for school in order for the District to be bound by this objection. Failure to file this form within that time is a specific grant of permission to publish such information.

I object and wish to deny the disclosure or publication of directory information as follows:

Deny disclosure to military recruiters ____
Deny disclosure to Institutions of postsecondary education ____

Deny disclosure to Potential employers ____

Deny disclosure to all public and school sources ____
Selecting this option will prohibit the release of directory information to the three categories listed above along with all other public sources (such as newspapers), **AND** result in the student’s directory information **not** being included in the school’s yearbook and other school publications.

Deny disclosure to all public sources ____

**4.14—STUDENT PUBLICATIONS AND THE DISTRIBUTION OF LITERATURE**

**Student Publications**

All publications that are supported financially by the school or by use of school facilities, or are produced in conjunction with a class shall be considered school-sponsored publications. School publications do not provide a forum for public expression. Such publications, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial control of the District’s administration whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations.

1. Advertising may be accepted for publications that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorse such things as tobacco, alcohol, or drugs.

2. Publications may be regulated to prohibit writings which are, in the opinion of the appropriate teacher and/or administrator, ungrammatical, poorly written, inadequately researched, biased or prejudiced, vulgar or profane, or unsuitable for immature audiences.

3. Publications may be regulated to refuse to publish material which might reasonably be perceived to advocate drug or alcohol use, irresponsible sex, or conduct otherwise inconsistent with the shared
values of a civilized social order, or to associate the school with any position other than neutrality on matters of political controversy.

4. Prohibited publications include:

   a. Those that are obscene as to minors; 
   b. Those that are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, which are made with knowledge of their falsity or reckless disregard of the truth; 
   c. Those that constitute an unwarranted invasion of privacy as defined by state law; 
   d. Publications that suggest or urge the commission of unlawful acts on the school premises; 
   e. Publications which suggest or urge the violation of lawful school regulations; 
   f. Hate literature that scurrilously attacks ethnic, religious, or racial groups.

**Student Publications on School Web Pages**

Student publications that are displayed on school web pages shall follow the same guidelines as listed above plus they shall

1. Not contain any non-educational advertisements. Additionally, student web publications shall; 
2. Not contain any personally identifying information, as defined by “Directory Information” in Policy 4.13 (Privacy of Student Records), without the written permission of the parent of the student or the student if over eighteen (18);
3. State that the views expressed are not necessarily those of the School Board or the employees of the district.

**Student Distribution of Nonschool Literature, Publications, and Materials**

A student or group of students who distribute ten (10) or fewer copies of the same nonschool literature, publications, or materials (hereinafter “nonschool materials”), shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of nonschool materials shall have school authorities review their nonschool materials at least three (3) school days in advance of their desired time of dissemination. School authorities shall review the nonschool materials, prior to their distribution and will bar from distribution those nonschool materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of nonschool materials.

The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;

2. Be uniformly applied to all forms of nonschool materials;

3. Allow no interference with classes or school activities;

4. Specify times, places, and manner where distribution may and may not occur;

5. Not inhibit a person’s right to accept or reject any literature distributed in accordance with the regulations.

6. Students shall be responsible for the removal of excess literature that is left at the distribution point for more than 5 days.

The Superintendent, along with the student publications advisors, shall develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and timelines for the review of materials.
4.15—CONTACT WITH STUDENTS WHILE AT SCHOOL

CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or the principal’s designee establishing the parent’s custody of the student. It shall be the responsibility of the custodial parent to make any court ordered “no contact” or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting visitation may eat lunch, volunteer in their child’s classroom, or otherwise have contact with their child during school hours and the prior approval of the school’s principal. Such contact is subject to the limitations outlined in Policy 4.

Arkansas law provides that, In order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District’s schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school’s property on normal school days during normal hours of school operation. The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student’s building principal.

Unless a valid no-contact order has been filed with the student’s principal or the principal’s designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold” without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator
that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

**Contact by Professional Licensure Standards Board Investigators**

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

**4.16—STUDENT VISITORS**

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.

**4.17—STUDENT DISCIPLINE**

The Cave City Board of Education has a responsibility to protect the health, safety, and welfare of the District’s students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school sponsored function, activity, or event; going to and from school or a school activity.

The District’s administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and
whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student’s appropriate due process rights.

The District’s licensed personnel policy committee shall review the student discipline policies annually and may recommend changes in the policies to the Cave City School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District’s student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student’s parent or legal guardian shall sign and return to the school an acknowledgement form documenting that they have received the policies.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

**DISCIPLINARY ACTIONS**

Consequences for inappropriate behavior are listed and may be assigned at the discretion of the principal or assistant principal depending upon the discipline record of the student and the severity of the offense. The principal may decide on specific offenses not listed in the handbook.

- Corporal Punishment
- Counseling
- Detention
- Expulsion
- Fines for damages
- Inschool Suspension
- Legal Proceedings
- Loss of extracurricular activities

Minimum consequence would be a conference with student and maximum consequence would be expulsion.

The Board directs each school in the District to develop implementation regulations for prohibited student conduct consistent with applicable Board policy, State and Federal laws, and judicial decisions.

4.19—CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY
Students are subject to the same rules of conduct while traveling to and from school as they are while on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate student code of conduct rules.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. Disciplinary measures for problems related to bus behavior shall include suspension or expulsion from school, or suspending or terminating the student’s bus transportation privileges. Transporting students to and from school who have lost their bus transportation privileges shall become the responsibility of the student’s parent or legal guardian.

Students are eligible to receive district bus transportation if they meet the following requirements.

**Regulations for riding Cave City Buses:**

1. All passengers are under the supervision of the driver and must obey the driver at all times without question.
2. Bus passengers will conduct themselves at all times in a manner that does not distract the driver’s attention, or does not disturb other passengers.
3. Be at the school bus stop at the scheduled time. Stand back about ten feet from the edge of the road and wait until the bus door is opened before approaching the bus. Do Not play in the road while waiting for the bus.
4. Before crossing the road to enter the bus, wait until the bus comes to a complete stop and the driver will signal for you to cross in front of the bus. Always stay in the driver’s sight. In addition to the driver’s signal, and before stepping in front of the bus, stop and make sure there are no vehicles moving toward the bus from either direction.
5. If you miss the bus, do not attempt to ride another bus. Return to your home and notify the school. If you miss the bus in the afternoon, go to the office and inform the office staff.
6. Enter and leave the bus quickly and in an orderly manner.
7. Do not enter or leave the school bus by the back door except in the case of an emergency or unless directed to do so by the driver.
8. If you must cross the road after leaving the bus in the afternoon, go to a point on the shoulder of the road ten feet in front of the bus, and wait until the driver has signaled for you to cross in front of the bus. In addition to the driver’s signal, and before stepping in front of the bus, stop and make sure there are no vehicles moving toward the bus from either direction. Absolutely no running.
9. Parents must send a note of call if they wish for their child to ride a different bus, or to depart the bus at a stop other then their regular scheduled stop. The student may not be able to ride a bus that is not his/her own without the driver being notified properly.
10. The driver may interpret these policies or add to them in light of his/her bus needs. In case of misconduct the driver should bring the student to the principal’s office.
11. In accordance with Act 247 of 2005, a person over eighteen (18) is guilty of a class B misdemeanor if the person:
   A) Enters a school bus with the intent to commit a criminal offense.
B) Enters a school bus and disregards the orders or instructions of the driver
C) Enters a school bus and refuses to leave the bus after being ordered to do so by the driver

10. Do not horseplay or foul language
11. Do not play radios, CD players or instruments without the use of headphones

This list is not meant to be a complete list of do’s and don’ts. These regulations are set to ensure that all students riding a bus are transported as safely as possible. It is a privilege to ride on a bus. Each student on the bus has an obligation to behave in a manner that ensures the safety of all passengers on the bus. Cave City School District will take seriously its obligation to ensure students a safe and orderly environment on the school bus.

Damages to a bus by a student will result in that student paying restitution to the school.

The superintendent or his/her designee shall annually establish the routes and may modify them as needed.

4.20—DISRUPTION OF SCHOOL

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school’s orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal’s designee office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher’s ability to teach the students, the class, or with the ability of the student’s classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration.
4.21—STUDENT ASSAULT OR BATTERY

A student shall not threaten, physically abuse, or attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures, vulgar, abusive or insulting language, taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common understanding, is calculated to: a) cause a breach of the peace; b) materially and substantially interfere with the operation of the school; c) arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation. Students guilty of such an offense may be subject to legal proceedings in addition to student disciplinary measures.

4.22—WEAPONS AND DANGEROUS INSTRUMENTS

No student shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon while in school, on or about school property, before or after school, in attendance at school or any school sponsored activity, en route to or from school or any school sponsored activity, off the school grounds at any school bus stop, or at any school sponsored activity or event. Military personnel, such as ROTC cadets, acting in the course of their official duties are exempted.

A weapon is defined as any firearm, knife, razor, ice pick, dirk, box cutter, numchucks, pepper spray, mace, or other noxious spray, explosive, Taser or other instrument that uses electrical current to cause neuromuscular incapacitation, or any other instrument or substance capable of causing bodily harm. For the purposes of this policy, "firearm" means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

Possession means having a weapon, as defined in this policy, on the student’s body or in an area under his/her control. If, a student discovers prior to any questioning or search by any school personnel that he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in a book bag/purse, or in his/her vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student’s parent/legal guardian shall pick up the weapon from the school’s office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of not less than one year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental
responsibility for allowing a child to possess a firearm on school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student.

Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs, hunting safety or military education, or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

4.23—TOBACCO AND TOBACCO PRODUCTS

Smoking or use of tobacco or products containing tobacco in any form (including, but not limited to, cigarettes, cigars, chewing tobacco, and snuff) in or on any real property owned or leased by a District school, including school buses owned or leased by the District, is prohibited. Students who violate this policy may be subject to legal proceedings in addition to student disciplinary measures.

With the exception of recognized tobacco cessation products, this policy’s prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pips, or under any other name or descriptor.

4.24—DRUGS, DRUG PARAPHERNALIA, AND ALCOHOL

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Cave City School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, or give to any person, or be under the influence of any
substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who; is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; is en route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to, drug paraphernalia, alcohol, or any alcoholic beverage, inhalants or any ingestible matter that alter a student’s ability to act, think, or respond, LSD, or any other hallucinogen, marijuana, cocaine, heroin, or any other narcotic drug, PCP, amphetamines, steroids, “designer drugs,” look-alike drugs, or any controlled substance.

Selling, distributing, or attempting to sell or distribute, or using over-the-counter or prescription drugs not in accordance with the recommended dosage is prohibited.

4.25—STUDENT DRESS AND GROOMING

The Cave City Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, and unsafe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however to a costume or uniform worn by a student while participating in a school-sponsored activity or event.

The Superintendent shall establish student dress codes for the District’s schools, to be included in the student handbook, and are consistent with the above criteria.

DRESS AND APPEARANCE CODE

The Board of Education of the Cave City School District recognizes that among those rights retained by the people under our constitutional form of government is the freedom to govern one’s personal appearance. When, however, dress and grooming disrupt the learning process for the individual student, other students, or the learning climate of the school, it becomes a matter subject to disciplinary action. Student dress, grooming and appearance should be the responsibility of the individual and his or her parents under the following guidelines:

1. Dress and grooming should be clean and in keeping with health and sanitary standards.
2. Students may not wear clothing or hairstyles that can be hazardous to them in their educational activities such as shop, lab work, physical education, art, or work experience programs.
3. Dress and grooming should not disrupt the educational process.
4. A student shall not wear clothing or use emblems, insignias, badges, or other symbols where the effect thereof is to distract unreasonably the attention of other students or otherwise cause disruptions or interference with the operation of the school.

5. If a student chooses to participate in any school activity or organization, he/she must conform to the standards set forth by the sponsor or director of said activity. Students in violation of the dress and appearance codes established by clubs and organizations will not be allowed to participate in activities of the club or organization until the established standards are met.

6. Hats, caps, or head coverings (boys and girls) are not allowed during assemblies, in the buildings or in the cafeteria. Sunglasses are not to be worn inside the school building.

7. Shoes are to be worn at all times. House shoes are not allowed.

8. Clothing with vulgar or objectionable words or symbols is not to be worn. This includes any advertisements or representations of anything illegal for a minor.

9. Apparel items that are too revealing such as half shirts, spandex biking shorts, shirts open in the back, transparent materials, or garments that are inappropriately low should not be worn to school or school related functions. No apparel that has cuts, tears or holes above the knee or pants worn below the waistline will be allowed. Sleeveless shirts and blouses must have straps at least two (2) inches wide, and must not be open under the arm or in the back. Shirts not tucked in should extend past the top of the pant line. To test, students will extend arms out to the side. Clothing should at that time, mostly touch the pant line. Dresses, skirts, and shorts may be worn, but must come no more than five (5) inches above the kneecap when standing.

10. Apparel items that contain accessories that could be used as weapons, such as chains, will not be allowed.

11. Piercing of the ears will be allowed and small studs in the nose. No other piercings allowed and no hoops in nose.

12. Natural color contacts only.

13. Pajamas are not to be worn to school.

Students wearing inappropriate attire will receive detention for the first offense. The second offense will result in detention/in-school suspension and limitations on the student’s dress/appearance. Teachers will be responsible for writing discipline notices and sending the students to the office. Students will also be required to change their attire before returning to class, if they can’t change they will be placed in in-school suspension for the remainder of the day. (This is for sagging pants, shorts, revealing blouses, and other apparel violations as listed in the student handbook.)

These guidelines should help the students to know that proper dress, grooming, and appearance are just as important to their welfare and positive self concept as academic accomplishments. Students are encouraged to look, work, and act their very best at all times. The school principal has the responsibility for determining what constitutes proper dress whenever a debatable issue is raised between the teacher and the student.

4.26—GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:
1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;

2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;

3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or

4. Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion.

Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

4.27—STUDENT SEXUAL HARASSMENT

The Cave City School District is committed to having an academic environment in which all students are treated with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

Believing that prevention is the best policy, the District will periodically inform students and employees about the nature of sexual harassment, the procedures for registering a complaint, and the possible redress that is available. The information will stress that the district does not tolerate sexual harassment and that students can report inappropriate behavior of a sexual nature without fear of adverse consequences. The information will take into account and be appropriate to the age of the students.

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment as defined in this policy. Any student found, after an investigation, to have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion.

Sexual harassment refers to unwelcome sexual advances, requests for sexual favors, or other personally offensive verbal, visual, or physical conduct of a sexual nature made by someone under any of the following conditions:

1. Submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual’s education;

2. Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
3. Such conduct has the purpose or effect of substantially interfering with an individual’s academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms “intimidating,” “hostile,” and “offensive” include conduct of a sexual nature which has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student’s ability to participate in, or benefit from, an educational program or activity.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances. Depending upon such circumstances, examples of sexual harassment include, but are not limited to: unwelcome touching; crude jokes or pictures; discussions of sexual experiences; pressure for sexual activity; intimidation by words, actions, insults, or name calling; teasing related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual; and spreading rumors related to a person’s alleged sexual activities.

Students who believe they have been subjected to sexual harassment, or parents of a student who believes their child has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor, teacher, Title IX coordinator, or administrator who will assist them in the complaint process. Under no circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

To the extent possible, complaints will be treated in a confidential manner. Limited disclosure may be necessary in order to complete a thorough investigation. Students who file a complaint of sexual harassment will not be subject to retaliation or reprisal in any form.

Students who knowingly fabricate allegations of sexual harassment shall be subject to disciplinary action up to and including expulsion.

Individuals, who withhold information, purposely provide inaccurate facts, or otherwise hinder an investigation of sexual harassment shall be subject to disciplinary action up to and including expulsion.

4.28—LASER POINTERS

Students shall not possess any hand held laser pointer while in school; on or about school property, before or after school; in attendance at school or any school-sponsored activity; en route to or from school or any school-sponsored activity; off the school grounds at any school bus stop or at any school-sponsored activity or event. School personnel shall seize any laser pointer from the student possessing it and the student may reclaim it at the close of the school year, or when the student is no longer enrolled in the District.

4.29—INTERNET SAFETY and ELECTRONIC DEVICE USE POLICY

Definition
For the purposes of this policy, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

The District makes electronic device(s) and/or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of district electronic devices is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and electronic device use agreement is incorporated by reference into board policy and is considered part of the student handbook.

**Technology Protection Measures**

The District is dedicated to protecting students from materials on the Internet or world wide web that are inappropriate, obscene, or otherwise harmful to minors; therefore, it is the policy of the District to protect each electronic device with Internet filtering software that is designed to prevent students from accessing such materials. For purposes of this policy, “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:

(A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;

(B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and

(C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

**Internet Use and Safety**

The District is dedicated to ensuring that students are capable of using the Internet in a safe and responsible manner. The District uses technology protection measures to aid in student safety and shall also educate students on appropriate online behavior and Internet use including, but not limited to:

- interacting with other individuals on social networking websites and in chat rooms;
- Cyberbullying awareness; and
- Cyberbullying response.

**Misuse of Internet**

The opportunity to use the District’s technology to access the Internet is a privilege and not a right. Students who misuse electronic devices or Internet access in any way will face disciplinary action, as specified in the student handbook and/or Internet safety and electronic device use agreement. Misuse of the Internet includes:

- The disabling or bypassing of security procedures, compromising, attempting to compromise, or defeating the district’s technology network security or Internet filtering software;
• The altering of data without authorization;
• Disclosing, using, or disseminating passwords, whether the passwords are the student’s own or those of another student/faculty/community member, to other students;
• Divulging personally identifying information about himself/herself or anyone else either on the Internet or in an email unless it is a necessary and integral part of the student's academic endeavor. Personally identifying information includes full names, addresses, and phone numbers.
• Using electronic devices for any illegal activity, including electronic device hacking and copyright or intellectual property law violations;
• Using electronic devices to access or create sexually explicit or pornographic text or graphics;
• Using electronic devices to violate any other policy or is contrary to the Internet safety and electronic device use agreement.

6. No Expectation of Privacy: The Student and parent/guardian signing below agree that if the Student uses the Internet through the District’s access, that the Student waives any right to privacy the Student may have for such use. The Student and the parent/guardian agree that the district may monitor the Student’s use of the District’s
Internet Access and may also examine all system activities the Student participates in, including but not limited to e-mail, voice, and video transmissions, to ensure proper use of the system. The District may share such transmissions with the Student’s parents/guardians.

7. **No Guarantees:** The District will make good faith efforts to protect children from improper or harmful matter which may be on the Internet. At the same time, in signing this agreement, the parent and Student recognize that the District makes no guarantees about preventing improper access to such materials on the part of the Student.

**4.30—SUSPENSION FROM SCHOOL**

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days,¹ including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to, that which:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:
a. Poses a physical risk to himself or herself or to others;
b. Causes a serious disruption that cannot be addressed through other means; or
c. Is the act of bringing a firearm on school campus.

In general, OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy, except in extreme cases.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:
1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and
3. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student’s re-admittance to class will be given to the parent(s), legal guardian(s), or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the parents’ or legal guardians’ responsibility to provide current contact information to the district, which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:
• A primary call number;
  ○ The contact may be by voice, voice mail, or text message.
• An email address;
• A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent or legal guardian.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference.

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.
Suspensions initiated by the Superintendent may be appealed to the Board.

4.31—EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District’s written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct deemed to be of such gravity that suspension would be inappropriate, or where the student’s continued attendance at school would disrupt the orderly learning environment or would pose an unreasonable danger to the welfare of other students or staff.

The Superintendent or his/her designee shall give written notice to the parents or legal guardians (mailed to the address reflected on the District’s records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, or student if age 18 or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses, that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted. However, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy
of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

4.32—SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness; however, searches may be done at any time with or without notice or the student’s consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold” without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful
control by court order, or person acting in loco parentis on student enrollment forms. The principal or the
principal's designee shall not attempt to make such contact if presented documentation by the investigator that
notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as
an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made
by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of
Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to

either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state
social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon
release of the student, the principal or designee shall give the student’s parent, legal guardian, or other person
having lawful control by court order, or person acting in loco parentis notice that the student has been taken into
custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable
to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the
principal or designee, and leave both a day and an after-hours telephone number.

4.33—STUDENTS’ VEHICLES

A student who has presented a valid driver’s license and proof of insurance to the appropriate office personnel,
may drive his/her vehicle to school. Vehicles driven to school shall be parked in the area designated for student
parking. Parking on school property is a privilege which may be denied to a student for any disciplinary
violation, at the discretion of the student's building principal.

Students are not permitted to loiter in parking areas and are not to return to their vehicles during the school day
for any reason unless given permission to do so by school personnel.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked
on a school campus will be held accountable for illegal substances or any other item prohibited by District
policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for
school or law enforcement authorities to search that vehicle.

Any single infraction or violation of these procedures may automatically result in the withdrawal of the
privilege to bring a vehicle on the school grounds.

Extracurricular activities may require students to access the middle school campus, the FFA barn or the Evening
Shade campus during the school day. By signing the handbook, you are giving permission for your student to
drive to those campuses as necessary for class, practice or bus pick up. Passengers are not allowed during the
school day.

4.34—COMMUNICABLE DISEASES AND PARASITES
Students with communicable diseases or with human host parasites that are transmittable in a school
environment shall demonstrate respect for other students by not attending school while they are capable of
transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school
attendance or who are believed to have a communicable disease or condition will be required to be picked up
by their parent or guardian. Specific examples include, but are not limited to: Varicella chickenpox, measles,
escabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal
and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B, or C, mumps, vomiting, diarrhea, and
fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently
readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some
instances, a letter from a health care provider may be required prior to the student being readmitted to the
school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's
exposure control plan when dealing with any bloodborne, foodborne, and airborne pathogens exposures.
Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other
potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57—IMMUNIZATIONS the District shall maintain a copy of each student's
immunization record and a list of individuals with exemptions from immunization which shall be education
records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate
parties in connection with an emergency if knowledge of the information is necessary to protect the health or
safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the
discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not
vaccinated. The student may not return to the school until the outbreak has been resolved and the student's
return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a
school environment will be asked to pick their child up at the end of the school day. The parents or legal
guardsians will be given information concerning the eradication and control of human host parasites. A student
may be readmitted after the school nurse or designee has determined the student no longer has live human host
parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school
environment as needed. The screenings shall be conducted in a manner that respects the privacy and
confidentiality of each student.

4.35—STUDENT MEDICATIONS

Prior to the administration of any medication including any dietary supplement or other perceived health
remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18),
written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Unless authorized to self-administer, students are not allowed to carry any medications, including over-the-counter medications (OTC) medications or any dietary supplement or other or any perceived health remedy not regulated by the US Food and Drug Administration, while at school. The parent or legal guardian shall bring the student’s medication to the school nurse. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-administration, must be in the original container and be properly labeled with the student’s name, the ordering provider’s name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

Students with an individualized health plan (IHP) may be given over-the-counter medications to the extent giving such medications are included in the student's IHP. Over the counter medications shall be provided by the parent or guardian.

Students taking Schedule II medications methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse) shall be allowed to attend school.

Students taking Schedule II medications not included in the previous sentence shall be allowed to bring them to school under the provisions of this policy and shall be permitted to attend and participate in classes only to the extent the student's doctor has specifically authorized such attendance and participation. A doctor's prescription for a student's Schedule II medication is not an authorization. Attendance authorization shall specifically state the degree and potential danger of physical exertion the student is permitted to undertake in the student's classes and extracurricular activities. Without a doctor's written authorization, a student taking Schedule II medications, other than those specifically authorized in this policy, shall not be eligible to attend classes, but shall be eligible for homebound instruction if provided for in their IEP or 504 plans.

The district's supervising registered nurse shall be responsible for creating both on campus and off campus procedures for administering medications.

Students who have written permission from their parent or guardian and a licensed health care practitioner on file with the District in their IHP may:
1) Self-administer either a rescue inhaler or auto-injectable epinephrine;
2) Perform his/her own blood glucose checks;
3) Administer insulin through the insulin delivery system the student uses;
4) Treat the student's own hypoglycemia and hyperglycemia; or
5) Possess on his or her person:
   a) A rescue inhaler or auto-injectable epinephrine; or
   b) the necessary supplies and equipment to perform his/her own diabetes monitoring and treatment functions.

Students who have a current consent form on file shall be allowed to carry and self-administer such medication while:
• In school;
• At an on-site school sponsored activity;
• While traveling to or from school; or
• At an off-site school sponsored activity.

A student is prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or combination does not require him/her to have such on his/her person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or any combination on his/her person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

Students may be administered Glucagon, insulin, or both in emergency situations by the school nurse or, in the absence of the school nurse, a trained volunteer school employee designated as a care provider, provided the student has:
1. an IHP that provides for the administration of Glucagon, insulin, or both in emergency situations; and
2. a current, valid consent form on file from their parent or guardian.

A student shall have access to a private area to perform diabetes monitoring and treatment functions as outlined in the student's IHP.

Emergency Administration of Epinephrine

The school nurse or other school employees designated by the school nurse as a care provider who have been trained and certified by a licensed physician may administer an epinephrine auto-injector in emergency situations to students who have an IHP developed under Section 504 of the Rehabilitation Act of 1973 which provides for the administration of an epinephrine auto-injector in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other school employee certified to administer auto-injector epinephrine to the student when the employee believes the student is having a life-threatening anaphylactic reaction.
Students with an order from and a licensed health care provider to self-administer auto-injectable epinephrine and who have written permission from their parent or guardian shall provide the school nurse an epinephrine auto-injector. This epinephrine will be used in the event the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes the student is having a life-threatening anaphylactic reaction and the student is either not self-carrying his/her /epinephrine auto-injector or the nurse is unable to locate it.

The school nurse for each District school shall keep epinephrine auto-injectors on hand that are suitable for the students the school serves. The school nurse or other school employee designated by the school nurse as a care provider who has been trained and certified by a licensed physician may administer auto-injector epinephrine to those students who the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes is having a life-threatening anaphylactic reaction.

The school shall not keep outdated medications or any medications past the end of the school year. Parents shall be notified ten (10) days in advance of the school’s intention to dispose of any medication. Medications not picked up by the parents or legal guardians within the ten (10) day period shall be disposed of by the school nurse in accordance with current law and regulations.

4.36—STUDENT ILLNESS/ACCIDENT

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student’s parent or legal guardian. The student will remain in the school’s health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.¹

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school’s expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student’s emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for homeless children and youth whose responsibilities shall include coordinating with the state educational liaison for homeless children and youth to ensure that homeless children are not stigmatized or segregated on the basis of their status as homeless and such other duties as are prescribed by law and this policy.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district’s school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute. It is the responsibility of the District’s local educational liaison for homeless children and youth to carry out the dispute resolution process.

2. continue educating the child in his/her school of origin who becomes permanently housed during an academic year for the remainder of the academic year; or
3. enroll the homeless child in the school appropriate for the attendance zone where the child lives.

If the District elects to enroll a homeless child in a school other than their school of origin and such action is against the wishes of the child’s parent or guardian, the District shall provide the parent or guardian with a written explanation of their reason for so doing which shall include a statement of the parent/guardian’s right to appeal.

In any instance where the child is unaccompanied by a parent or guardian, the District’s local educational liaison for homeless children and youth shall assist the child in determining his/her place of enrollment. The Liaison shall provide the child with a notice of his/her right to appeal the enrollment decision.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the Liaison), to and from the child’s school of origin.

The district shall notify parents, at least annually, of the specific or approximate dates of any non-emergency, invasive physical examination or screening that is:

1. required as a condition of attendance;
2. administered by the school and scheduled by the school in advance; and
3. not necessary to protect the immediate health and safety of the student, or of other students.

For the purposes of this policy, “Invasive Physical Examination” is defined as any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

A student may be required to pass a physical exam before being allowed to participate in certain extracurricular activities to help ensure they are physically capable of withstanding the rigors of the activity. It is understood that students who refuse to take such an exam will not be allowed to participate in the desired activity.

The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

The school shall also send timely progress reports and issue grades for each nine-week grading period to keep parents/guardians informed of their student’s progress.

The evaluation of each student’s performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help effect academic improvement. Students’ grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

Students individual class grade in the Middle School and High School will be calculated by 40% homework and class work, 40% Test grades, and 20% Nine Weeks Test.

The grading scale for all schools in the district shall be as follows.

C = 79 – 70
D = 69-60
F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be

A = 4 points
B = 3 points
C = 2 points
D = 1 point
F = 0 points

The grade point values for AP and approved honor courses shall be one point greater than for regular courses with the exception that an F shall still be worth 0 points.

Teachers will give 4 major test grades during a 9-weeks grading period.

**Elementary School**

The Elementary Grading Scale will use a “standards based” monitoring and reporting system for evaluating student progress which includes reading, math, and citizenship rubrics, Dibels assessments, and in some cases identifies progress with S for satisfactory, N for needs improvement, and U for unsatisfactory. This will be in addition to the traditional grading scale (i.e. 90-100 A).
5.17—HONOR STUDENTS AND HONOR GRADUATES

HONOR STUDENTS
Students who maintain a “B” or better grade for each grading period will be recognized as an honor student. Students in Elementary must also maintain reading levels that translate to a “B” or better.

HONOR GRADUATES-VALEDICTORIAN-SALUTATORIAN

Students who have successfully completed the minimum core of courses recommended for preparation for college as defined by the State Board of Higher Education and the State Board of Education and have a cumulative GPA of 3.5 will be designated as honor students. The GPA shall be derived from courses taken in public schools in grades nine (9) through twelve (12).

Honor graduates, valedictorians, and salutatorians will be based on eight (8) semesters, or if an early graduate, based on six (6) semesters. If transferring from a non-accredited school, they must be enrolled at Cave City High School for a minimum of five (5) semesters. Honor graduates must have a grade point average of at least 3.50. The Valedictorian is the student with the highest academic grade point average in the graduating class. The Salutatorian is the student with the next highest academic grade point average in the graduating class. GPA will be rounded to the nearest .00(hundredth).

If an early graduate has an accumulated grade point average equal to or exceeding the grade point averages of the valedictorians or salutatorians of the regular graduation class, he/she will be recognized as an early graduate laureate. Early graduates and students transferring from accredited schools who qualify may be recognized as honor graduates. The transcripts of transfer students with a different grade weighting system than the Cave City School District will be weighted in the same manner as courses completed in the Cave City system for consideration of valedictorian, salutatorian, or honor graduate status.

Only a student who has completed a minimum core of high school courses recommended for preparation for postsecondary education or a more rigorous program of vocational study shall be eligible for the honor of serving as a valedictorian, salutatorian, as a honor graduate of his or her graduating class, or as a member in the National Honor Society or any equivalent honorary society. ACT 1117 of 1993.

Beginning with the class of 2008 the weighting system used will be a 5.0 scale for AP classes as prescribed by the Arkansas Department of Education. For the purpose of qualifying as an Honor Graduate, Valedictorian, and Salutatorian the following courses must be taken: two (2) units of one foreign language, Chemistry or Physics, Pre-Calculus with Trigonometry, Advanced English 12, two (2) Pre AP courses and at least two (2) advanced placement courses.

Parents or guardians of a student, or a student eighteen (18) years of age or older, who choose to not have the student publicly identified as an honor roll or honor graduate student must submit a written request that the student not be so identified.

VALEDICTORIAN AND SALUTATORIAN
The honor student with the highest GPA and who has been enrolled in public school in grades 9 through 12 and in Cave City High School for his/her entire junior and senior year shall serve as the valedictorian of his/her graduating class. Students who finished their 9th, 10th, and 11th grade year enrolled in a high school which has been closed due to consolidation/annexation with the Cave City District shall be selected valedictorian on the basis of the criteria in existence in their high school at the time of the closure and their subsequent academic achievement in Cave City High School. Their selection shall be separate from and in addition to selection of the valedictorian from non-consolidated/annexed students enrolled in Cave City High School.

The honor student with the second highest GPA and who has been enrolled in public school in grades 9 through 12 and in Cave City High School for his/her entire junior and senior year shall serve as the salutatorian of his/her graduating class. Students who finished their 9th, 10th, and 11th grade year enrolled in a high school which has been closed due to consolidation/annexation with the Cave City District shall be selected salutatorian on the basis of the criteria in existence in their high school at the time of the closure and their subsequent academic achievement in Cave City High School. Their selection shall be separate from and in addition to selection of the salutatorian from non-consolidated/annexed students enrolled in Cave City High School.

GPA for Valedictorian and Salutatorian will be figured on students’ record through the end of the last marking period of their senior year. Students who have taken weighted courses at Cave City High School will have their GPA equalized so that total number of courses will not adversely affect their GPA. Students whose equalized GPA are the same will share the top academic honors of the class and others will be ranked accordingly.

If an early graduate has an accumulated grade point average equal to or exceeding the GPA of the valedictorians and salutatorians of the regular graduation class, he/she may be recognized as an early graduate laureate.

Students must have attended their entire Junior and Senior year to be considered for Valedictorian or Salutatorian. Students are ineligible for those two rankings if they have been home schooled during their 9th–12th grade years.

Class ranking on transcripts is determined by the Arkansas Department of Education with their 5.0 GPA scale and unequaled weigh of courses in statewide data base called eschool. Valedictorian and Salutatorian is determined by CCHS based on equalization so that total number of courses will not adversely affect their GPA.

Students attending the Math & Science School will be sent a questionnaire at the beginning of their fourth year of high school in which they are to indicate which activities they plan to attend. The questionnaire will be sent to the last address of record in school district records. Failure to return the questionnaire by September 1st will constitute a waiver of the election to participate. Students who will graduate early and who intend to participate in any activities must notify the senior high principal in writing by September 1st that they will graduate early and plan to participate in graduation activities.

Math & Science students will be responsible for the costs of these activities to the same extent as Cave City High School students, and agree by participating to abide by the Student Handbook of CCHS at these functions. Math & Science students who participate in the graduation ceremony are not eligible to be recognized as valedictorian or salutatorian, but upon presentation of an official transcript from the Math & Science School (by April 1) will be recognized as honor graduates if appropriate and based on the criteria of the Cave City School District for honor graduates. Math & Science students who choose to participate in graduation ceremonies will
not receive diplomas issued by the Cave City School district, but will instead be presented with certificates of recognition.

4.45—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS
FOR THE CLASS of 2018, 2019, and 2020

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are 18 years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, both a Smart Core Informed Consent Form and a Smart Core Waiver Form will be sent home with students prior to their enrolling in seventh grade, or when a 7-12 grade student enrolls in the district for the first time and there is not a signed form in the student’s permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students’ permanent records. This policy is to be included in student handbooks for grades 6-12 and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the district’s students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district’s graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school’s annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school’s counselors with students and their parents; and/or

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district’s annual professional development shall include the training required by this paragraph.

### 4.45.1—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASSES OF 2021 AND THEREAFTER

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, both a Smart Core Informed Consent Form and a Smart Core Waiver Form will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed form in the student’s permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students’ permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year³ to determine if changes need to be made to better
serve the needs of the district’s students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district’s graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

• Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
• Discussion of the Smart Core curriculum and graduation requirements at the school’s annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
• Discussions held by the school’s counselors with students and their parents; and/or
• Distribution of a newsletter(s) to parents or guardians of the district’s students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district’s annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of “eligible child” in Policy 4.2—ENTRANCE REQUIREMENTS.

**Notes:**
1 New Smart Core Consent and Smart Core Waiver Forms are available at http://arsba.org/policy-resources and on the ADE website
7 For a detailed explanation/discussion of district options for digital learning courses see policy 5.11—DIGITAL LEARNING COURSES.
8 ADE is currently working on the integration of the Personal and Family Finance Standards into existing courses as well as creating a digital course students may take to cover the Standards. Parents and students should be made aware that more specifics about courses that will satisfy this requirement will be forthcoming and will be in place before the students enter tenth (10th) grade.
5.21—ADVANCED PLACEMENT

Students who take advanced placement courses “and concurrent college courses for weighted credit.” or honors courses approved for weighted credit by the Arkansas Department of Education shall be graded according to the following schedule.

A = 100 – 90  
B = 89 – 80  
C = 79 – 70  
D = 69-60  
F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be

A = 5 points  
B = 4 points  
C = 3 points  
D = 2 point  
F = 0 points

Students taking Advanced Placement, International Baccalaureate and ADE approved honors courses shall receive weighted credit as described in this policy. Credit shall be given for each grading period during the course of the year, but shall be retroactively removed from a student’s grade for any course in which the student fails to take the applicable AP exam. Students who do not take the AP exam shall receive the same numeric value for the grade he/she receives in the course as if it were a non-AP course.

Students who transfer into the district will be given weighted credit for the Advanced Placement courses, honors courses approved by the Arkansas Department of Education, and concurrent college courses taken for weighted credit at his/her previous school(s) according to the preceding scale.

5.22—CONCURRENT CREDIT

A ninth through twelfth grade student who successfully completes a college course(s) from an institution approved by the Arkansas Department of Education shall be given credit toward high school grades and graduation at the rate of one-half (1/2) high school credit for each three (3) semester hours of college credit. Unless approved by the school’s principal, prior to enrolling for the course, the concurrent credit shall be applied toward the student’s graduation requirements as an elective.

Students are responsible for having the transcript for the concurrent credit course(s) they’ve taken sent to their school in order to receive credit for the course(s). Credit for concurrent credit courses will not be given until a transcript is received. Transcripts for students who take concurrent credit courses as
partial fulfillment of the required full day of class for students in grades 9-12 (see Policy 4.44) are to be received by the school within 15 school days of the end of the semester in which the course is taken. Students may not receive credit for the course(s) they took or the credit may be delayed if the transcripts are not received in time, or at all. This may jeopardize students’ eligibility for extracurricular activities, and/or graduation.

Students will retain credit applied toward a course required for high school graduation from a previously attended, accredited, public school.

Any and all costs of higher education courses taken for concurrent credit are the student’s responsibility.

CORRESPONDENCE COURSES

With approval of the principal, correspondence courses may be applied toward credit for graduation.

4.46—PLEDGE OF ALLEGIANCE

The Pledge of Allegiance shall be recited during the first class period of each school day. Those students choosing to participate shall do so by facing the flag with their right hands over their hearts, or in an appropriate salute if in uniform, while reciting the Pledge. Students choosing not to participate shall be quiet while either standing or sitting at their desks.

Students shall not be compelled to recite the Pledge, but students who choose not to recite the Pledge shall not disrupt those students choosing to recite the Pledge.

Students choosing not to recite the Pledge shall not be subject to any comments, retaliation, or disciplinary action.

GENERAL INFORMATION AND REGULATIONS

BUILDING/ LOCKER REGULATIONS

Students are asked not to arrive to school in the morning until 7:45 A.M. Upon arrival students should report directly to the cafeteria and remain there until the first bell rings. Students are not allowed to enter classrooms or hallways before school, during lunch, or after school unless a teacher is present. Student lockers are available for a $5.00 rental fee. Only locks issued by the school may be used on school lockers. Students are advised not to keep cash or other items of significant value in their school lockers. Students are not allowed to share lockers. The school has the responsibility and the right to check the contents of lockers at any time.
5.7—SELECTION OF LIBRARY/MEDIA CENTER MATERIALS

The ultimate authority for the selection and retention of materials for the schools’ media centers rests with the Board of Education which shall serve as a final arbiter in resolving a challenge to any media center materials. Licensed media center personnel shall make the initial selections in consultation with school and district licensed staff. Materials selected shall be in accordance with the guidelines of this policy.

The purpose of the schools’ libraries/media centers is to supplement and enrich the curriculum and instruction offered by the District. Promoting the dialogue characteristic of a healthy democracy necessitates the maintenance of a broad range of materials and information representing varied points of view on current and historical issues. In the selection of the materials and resources to be available in each library/media center consideration will be given to their age appropriateness. Materials should be available to challenge the different interests, learning styles, and reading levels of the school’s students and that will help them attain the District’s educational goals.

Selection Criteria

The criteria used in the selection of media center materials shall be that the materials:

1. Support and enhance the curricular and educational goals of the district;
2. Are appropriate for the ages, learning styles, interests, and maturity of the schools’ students, or parents in the case of parenting literature;
3. Contribute to the examination of issues from varying points of view and help to broaden students understanding of their rights and responsibilities in our society;
4. Help develop critical thinking skills;
5. Are factually and/or historically accurate, in the case of non-fiction works and/or serve a pedagogical purpose;
6. Have literary merit as perceived by the educational community; and
7. Are technically well produced, physically sound (to the extent appropriate), and represent a reasonably sound economic value.

Retention and Continuous Evaluation

Media center materials shall be reviewed regularly to ensure the continued appropriateness of the center’s collection to the school’s curriculum and to maintain the collection in good repair. Those materials no longer meeting the selection criteria, have not been used for a long period of time, or are too worn to be economically repaired shall be withdrawn from the collection and disposed of. A record of withdrawn media materials including the manner of their disposal shall be maintained for a period of three years.

Gifts
Gifts to the media centers shall be evaluated to determine their appropriateness before they are placed in any media center. The evaluation shall use the same criteria as for all other materials considered for inclusion in the media centers. Any items determined to be unacceptable shall be returned to the donor or disposed of at the discretion of the media specialist. The media centers shall have a list of desired items to give to prospective donors to aid them in their selection of materials to donate.

**Challenges:**

The parent of a student affected by a media selection, a District employee, or any other resident of the district may formally challenge the appropriateness of a media center selection by following the procedure outlined in this policy. The challenged material shall remain available throughout the challenge process.

Before any formal challenge can be filed, the individual contesting (hereinafter complainant) the appropriateness of the specified item shall request a conference through the principal’s office with a licensed media center employee. The complainant shall be given a copy of this policy and the Request for Formal Reconsideration Form prior to the conference. The meeting shall take place at the earliest possible time of mutual convenience, but in no case later than five (5) working days from the date of the request unless it is by the choice of the complainant.

In the meeting, the media specialist shall explain the selection criteria and how the challenged material fits the criteria. The complainant shall explain his/her reasons for objecting to the selected material. If, at the completion of the meeting, the complainant wishes to make a formal challenge to the selected material, he/she may do so by completing the Request for Formal Reconsideration Form and submitting it to the principal’s office.

To review the contested media, the principal shall select a committee of five (5) or seven (7) licensed personnel consisting of the principal as chair and at least one media specialist. The remaining committee members shall be personnel with curriculum knowledge appropriate for the material being contested and representative of diverse viewpoints. The task of the committee shall be to determine if the challenged material meets the criteria of selection. No material shall be withdrawn solely for the viewpoints expressed within it and shall be reviewed in its entirety and not selected portions taken out of context.

The principal shall convene a meeting after a reasonable time for the committee members to adequately review the contested material and the Request for Formal Reconsideration Form submitted by the complainant. The complainant shall be allowed to present the complaint to the committee after which time the committee shall meet privately to discuss the material. The committee shall vote by secret ballot to determine whether the contested material shall be removed from the media center’s collection. A member from the voting majority shall write a summary of the reasons for their decision. A notice of the committee’s decision and the summary shall be given (by hand or certified mail) to the complainant.
If the decision is to not remove the material, the complainant may appeal the committee’s decision to the district Board of Directors by filing a written appeal to the Superintendent within 5 working days of the committee’s decision or of written receipt of the decision. The Superintendent shall present the original complaint and the committee’s decision along with the summary of its reasons for its position plus a recommendation of the administration, if so desired, to the Board within 15 days of the committee’s decision. The Board shall review the material submitted to them by the Superintendent and make a decision within thirty (30) of receipt of the information. The Board’s decision is final.

4.47—POSSESSION AND USE OF CELL PHONES AND OTHER ELECTRONIC DEVICES

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of state originated tests that are administered as part of the Arkansas Comprehensive, Testing, Assessment and Accountability Program (ACTAAP), no electronic, device as defined in this policy shall be accessible by a student at any time during test administration unless specifically permitted by a student's IEP or individual health plan. This means that when a student is taking an ACTAAP assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions.

As used in this policy, “electronic devices” means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:
1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;

4. Using the device to take photographs in locker rooms or bathrooms;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student’s individualized education program (IEP) or it is needed in an emergency that threatens the safety of students, staff, or other individuals.
Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

The student and/or the student’s parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school’s administration office by the student’s parents or guardians. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated. A search of a confiscated device shall meet the reasonable individualized suspicion requirements of Policy 4.32—SEARCH, SEIZURE, AND INTERROGATIONS.

Students who use school issued cell phones and/or computers for non-school purposes, except as permitted by the district’s Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle which is in motion and on school property. Violation may result in disciplinary action up to and including suspension.

4.48—VIDEO SURVEILLANCE AND OTHER STUDENT MONITORING

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities,
vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provisions of this policy’s following paragraph, the district’s video recordings may be erased any time greater than ___ after they were created.

Videos, automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

5.24—STUDENT PARTICIPATION IN SURVEYS

Any survey created by a third party, or funded, in whole or in part, as part of any US Department of Education administered program, containing one or more of the eight categories listed above shall be available to be inspected by a student’s parent/guardian before the survey is administered or distributed by a school to a student. Parents/guardians shall have the right to deny permission for their child to participate in the taking of the survey. The school shall not penalize students whose parents/guardians exercise this option. The school shall take reasonable precautions to protect students’ privacy during their participation in the administration of any survey, analysis, or evaluation containing one or more of the eight categories listed above.

Section Three: Parents or guardians wishing to inspect a survey, analysis, or evaluation shall be able to so in the administrative office of the administering school where the surveys shall be available for inspection for a period of ten (10)* days (regular school days when school is in session) after the notice of intent to administer the survey is sent. Included in the notice shall be information regarding how the survey or questionnaire will be administered; how it will be utilized; and the persons or entities that will have access to the results of the completed survey or questionnaire. Parents may refuse to allow their student to participate before or after reviewing the survey or questionnaire.

The requirements of sections one, two, and three of this policy do not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (IDEA).

Section Four: Prior written parental permission is required before any survey or questionnaire (not including tests mandated by state or Federal law or regulation and standardized scholastic achievement tests) is administered to a student the responses to which are to be provided to a person or entity other than another pubic school, school district, or any branch of the Federal Government and which requests or requires a student to provide any of the eight (8) categories of information listed above and/or the following:

1. A student’s name;
2. The name of the student’s parent or member of the student’s family;
3. The address, telephone number, or email address of a student or a member of a student’s family;
4. A personal identification number, such as a social security number, driver’s license number, or student identification number of a student or a member of the student’s family;
5. Any information, the disclosure of which is regulated, or prohibited by any other state or federal law or regulation.

The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

5.25—MARKETING OF PERSONAL INFORMATION
The Cave City School District shall not collect, disclose, or use personal information for the purpose of marketing or for selling that information or to otherwise provide that information to others for that purpose.

Personal information is defined, **for the purposes of this policy only**, as individually identifiable information including:

1. a student or parent’s first and last name,
2. a home or other physical address (including street name and the name of the city or town),
3. telephone number, and
4. social security identification number.

The district may collect, disclose, or use personal information that is collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions such as the following:

1. College or other postsecondary education recruitment, or military recruitment;
2. Book clubs, magazines, and programs providing access to low cost literary products;
3. Curriculum and instructional materials used by elementary schools and secondary schools;
4. Tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;
5. The sale by students of products or services to raise funds for school related or education related activities; and
6. Student recognition programs.

### 5.26—ALTERNATIVE LEARNING ENVIRONMENTS

The district shall have an alternative learning environment (ALE) which shall be part of an intervention program designed to provide guidance, counseling, and academic support to students who are experiencing emotional, social, or academic problems.

The superintendent or his/her designee shall appoint an Alternative Education Placement Team which shall have the responsibility of determining student placement in the ALE. The team should consist of at least a school counselor, the ALE director or principal, a parent or legal guardian, and a regular classroom teacher.

Students who are placed in the ALE shall exhibit at least two of the following characteristics:

* Disruptive behavior
* Drop out from school
• Personal or family problems or situations
• Recurring absenteeism
• Transition to or from residential programs

For the purposes of the ALE, personal or family problems or situations are conditions that negatively affect the student’s academic and social progress. These may include, but are not limited to:
• Ongoing, persistent lack of attaining proficiency levels in literacy and mathematics
• Abuse: physical, mental, or sexual
• Frequent relocation of residency
• Homelessness
• Inadequate emotional support
• Mental/physical health problem
• Pregnancy
• Single parenting

The teachers and administrator of the ALE shall determine exit criteria for students assigned to the district’s ALE on which to base the student’s return to the regular school program of instruction.

The district’s ALE program shall follow class size, staffing, curriculum, and expenditure requirements identified in the ADE Rules Governing the Distribution of Student Special Needs Funding and the Determination of Allowable Expenditure of These Funds.

5.29—WELLNESS POLICY

The health and physical well-being of our students directly affects their ability to learn. Childhood obesity increases the incidence of adult diseases occurring in children and adolescents such as heart disease, high blood pressure and diabetes. The increased risk carries forward into their adulthood. Research indicates that a healthy diet and regular physical activity can help prevent obesity and the diseases resulting from it. It is understood that the eating habits and exercise patterns of students cannot be magically changed overnight, but at the same time, the board of directors believes it is necessary to strive to create a culture in our schools that consistently promotes good nutrition and physical activity.

The problem of obesity and inactivity is a public health issue. The board is keenly aware that it has taken years for this problem to reach its present level and will similarly take years to correct. The responsibility for addressing the problem lies not only with the schools and the Department of Education, but with the community and its residents, organizations and agencies. Therefore, the district shall enlist the support of the larger community to find solutions which improve the health and physical activity of our students.

Goals
In its efforts to improve the school nutrition environment, promote student health, and reduce childhood obesity, the district will adhere to the Arkansas Rules Governing Nutrition and Physical Activity Standards in Arkansas Public Schools. Adhering to these Rules will include, but is not limited to district efforts to

1. Appoint a district school health coordinator who shall be responsible for ensuring that each school fulfills the requirements of this policy;
2. Implement a grade appropriate nutrition education program that will develop an awareness of and appreciation for nutrition and physical activity throughout the curriculum;
3. Enforce existing physical education requirements and engage students in healthy levels of vigorous physical activity;
4. Strive to improve the quality of physical education curricula and increase the training of physical education teachers;
5. Follow the Arkansas Physical Education and Health Education Frameworks in grades K-12;
6. Not use food or beverages as rewards for academic, classroom, or sports performances;
7. Ensure that drinking water is available without charge to all students;
8. Establish class schedules, and bus routes that don’t directly or indirectly restrict meal access;
9. Provide students with ample time to eat their meals in pleasant cafeteria and dining areas;
10. Establish no more than nine (9) school wide events which permit exceptions to the food and beverage limitations established by Rule. The schedule of the events shall be by school, approved by the principal, and shall be part of the annual school calendar;
11. Abide by the current allowable food and beverage portion standards;
12. Meet or exceed the more stringent of Arkansas’ or the U.S. Department of Agriculture’s Nutrition Standards for reimbursable meals and a la’ carte foods served in the cafeteria;
13. Restrict access to vended foods, competitive foods, and foods of minimal nutritional value (FMNV) as required by law and Rule;
14. Conform new and/or renewed vending contracts to the content restrictions contained in the Rules and reduce district dependence on profits from the sale of FMNV.
15. Provide professional development to all district staff on the topics of nutrition and/or physical activity;
16. Utilize the School Health Index available from the Center for Disease Control (CDC) to assess how well the district is doing at implementing this wellness policy and at promoting a healthy environment for its students;

Advisory Committee
To enhance the district’s efforts to improve the health of our students, a School Nutrition and Physical Activity Advisory Committee (SNPAAC) shall be formed. It shall be structured in a way that ensures age-appropriate recommendations are made which correlate to our district’s grade configurations. The SNPAAC shall have the powers and responsibilities delegated to it by statute and Rule. The
overarching goal of the committee shall be to promote student wellness by monitoring how well the district is doing at implementing this policy. The SNPAAC shall use modules 1, 2, 3, 4, and 8 of the CDC’s School Health Index as a basis for assessing each school’s progress toward meeting the requirements of this policy. The results of the annual assessment shall be included in each school’s ACSIP, provided to each school’s principal, and reported to the board.

4.50—SCHOOL MEAL MODIFICATIONS

The district only provides modified meal components on menus to accommodate students with a disability. A parent-guardian wishing to request dietary accommodation for their student with a disability must submit to Elaine Nix, the district’s Director of Child Nutrition, a medical statement completed by a State licensed healthcare professional, which includes:

- Physicians, including those licensed by:
  - The Arkansas State Medical Board;
  - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
  - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:
1. A description of the student’s disability that is sufficient to understand how the disability restricts the student’s diet;
2. An explanation of what must be done to accommodate the disability, which may include:
   a. Food(s) to avoid or restrict;
   b. Food(s) to substitute;
   c. Caloric modifications; or
   d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district’s Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student’s disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child’s disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.
Parents may file a grievance regarding the request for accommodations with the District’s 504 Coordinator, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The district will not prepare meals outside the normal menu to accommodate a family’s religious or personal health beliefs.

**7.17—FOOD SERVICE PREPAYMENT**

The Cave City School District allows students to charge meals. Meals, a la carte, or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Parents, or students choosing to do so, may pay in advance for meals, a la carte, or other food and beverage items through any of the following methods:

- Submitting cash or check payment at Drop Boxes in Elementary Office; Drop Box outside Middle School Office; High School Office, or in Food Service Director’s Office at Elementary Cafeteria.
- Depositing funds through the District’s online service; EZSchool Pay which will charge a fee of $3.00 for every transaction. You may request a flyer from our Food Service Director, Elaine Nix. It will help you set up your account on EZSchool Pay.

Students who have any accumulated charges will be given charge reminders at the end of each month. This will allow any student a full month's charges. After $50 worth of charges have been accumulated in any student account, a letter will be sent home to parents requesting payment.

*No charging will be allowed the last two weeks of every school year to make certain that all debts are paid in full by the end of the year.

*If a balance remains outstanding at the end of the school year, the District will carry over outstanding balances to be paid upon graduation.

Parents/Guardians may call Elaine Nix, Food Service Director, at any time to check their child/children's account balance, at 870-283-3251.

**If there are financial problems, please contact Elaine Nix, Food Service Director and she will implement a payment program or you may fill out an application for Free/Reduced meals. If you need assistance please contact Elaine at 870-283-3251, or email her at enix@cavecity.ncsc.k12.ar.us.**

This policy is similar to policy 4.51. If you change this policy, please review 4.51 at the same time to ensure applicable consistency between the two.

4.49—SPECIAL EDUCATION

The district shall provide a free appropriate public education and necessary related services to all children with disabilities residing within the district, as required under the Individuals With Disabilities Education Act (“IDEA”), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities. Among the coordinator’s responsibilities shall be ensuring district enforcement of the due process rights of students with disabilities and their parents.

4.52—STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services (“DHS”), the Arkansas Department of Education (ADE), and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.
The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in his/her school of origin, even if a change in the foster child’s placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District’s foster care liaison by a foster child’s caseworker that a foster child’s school enrollment is being changed to one of the District’s schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child’s grades shall not be lowered due to absence from school that is caused by a change in the child’s school enrollment, the child’s attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

**Foster Child School Choice**

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by ADE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter
the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:

- The public school or District has reached the maximum student-to-teacher ratio allowed under federal law, state law, rules for standards of accreditation, or other applicable rule or regulation; or

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
  - The Foster Child School Choice Act;
  - Opportunity Public School Choice Act of 2004;
  - The Public School Choice Act of 2015; or
  - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child’s school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child’s transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

Notes: ¹ The name and contact information of the liaison must be sent to the Special Education Section of ADE at the beginning of each school year. A.C.A. § 9-28-113 contains additional requirements/duties of the liaison.

### 4.53— PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling’s grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.
The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
- After consulting with each classroom teacher in which the siblings were placed, the school determines the parent’s classroom placement request is:
  - Detrimental to the educational achievement of one or more of the siblings;
  - Disruptive to the siblings’ assigned classroom learning environment; or
  - Disruptive to the school’s educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings’ classroom placement to the Superintendent. The Superintendent’s decision regarding the appeal shall be final.

4.54 - STUDENT ACCELERATION

The Board believes that acceleration is an effective and research-based intervention for the academic growth of students who are ready for an advanced or faster-paced curriculum. It can allow a student to move through the traditional educational setting more rapidly, based on assessed readiness, capability and motivation. At the same time, the Board understands that acceleration is not a replacement for gifted education services or programs.

Generally, acceleration can occur through one of two broad categories: content based and grade based. Grade based acceleration shortens the number of years a student would otherwise spend in K-12 education, while content based acceleration occurs within the normal K-12 time span. Either form of acceleration can be triggered by either a parent/guardian, student, or community member's request or by the referral of school personnel. In either case, the process of determining the appropriateness of the request shall be under the direction of the district/school's Gifted and Talented Program Coordinator who shall convene the individuals necessary to make an informed decision which shall include the student's parents or guardians.

While the needs of the student should dictate when acceleration decisions are considered, the Board believes the optimal time for referrals is in the spring which gives adequate time for working through the determination process and for preparing those concerned for a smooth transition to the acceleration beginning in the following school-year.

The District's Gifted and Talented Program Coordinator will create a written format to govern the referral and determination process which shall be made available to any parent or staff member upon request.

The parents/guardians of any student whose request for acceleration has been denied may appeal the decision, in writing, to the District's GT Coordinator. The District's GT Coordinator and the Acceleration Placement Committee will again thoroughly review the case study that was completed on the student. Upon completion of the review, the Committee will either request additional new testing be conducted to help the Committee make its determination or it will uphold the initial decision. The Committee's decision may not be further appealed.
Note: 1 Choose the appropriate designation/option. In a large district with more than one GT Coordinator responsible for the determination process, insert "school." In districts with only one GT Coordinator insert "district." It is conceivable that in districts with more than one GT Coordinator, the choice of inserting district and school will not always be the same.

4.55—STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student’s possible retention or required retaking of a course shall be included with the student’s grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student’s academic success.

At least once each semester, the parents and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student’s independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria. If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

a. The building principal or designee;
b. The student’s teacher(s);
c. School counselor;
d. A 504/special education representative (if applicable); and
e. The student’s parents.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student’s placement or receipt of course credit, the final decision shall rest with the principal or the principal’s designee.

Beginning with the 2018-2019 school year, each student2 shall have a student success plan (SSP) developed by school personnel in collaboration with the student’s parents and the student that is reviewed and updated annually. A student’s SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student’s SSP shall include, but are not limited to:
• Statewide student assessment results;
• Subject grades;
• Student work samples; and
• Local assessment scores.

By the end of grade eight (8), the student’s SSP shall:
  o Guide the student along pathways to graduation;
  o Address accelerated learning opportunities;
  o Address academic deficits and interventions; and
  o Include college and career planning components.

Based on a student’s score on the college and career assessment:
  ▪ The student’s SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
  ▪ Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:
1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.²

A student’s individualized education program (IEP) may act in the place of the student’s SSP if the IEP addresses academic deficits and interventions for the student’s failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion/retention or graduation of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student’s failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

Notes: Arkansas Department of Education (ADE) Standards for Accreditation requires a promotion and retention requirements policy be included in the student handbook.
The language we have included has every student receiving an SSP regardless of the student’s grade level with additional requirements to be included in the student’s SSP by the end of eighth (8th) grade; however, it is our understanding that ADE will only cite a district if a student does not have an SSP by the end of eighth (8th) grade and beyond.

Participation in graduation or extracurricular activities is not a right, and districts may legally place conditions on a public school student’s eligibility for participation (such as testing compliance), but districts cannot deny a diploma to an otherwise qualified student or deny a student the ability to attend school.

All students must successfully pass all end-of-course (EOC) assessments they are required to take unless exempted by the student’s individualized education program (IEP). To receive academic credit on his/her transcript in a course requiring a student to take a EOC assessment, the student must either receive a passing score on the initial assessment or successfully participate in the remediation program identified in his/her Individualized Academic Improvement Plan (AIP), which shall focus on the areas in which the student failed to meet the necessary passing score. Additionally, the lack of credit could jeopardize the student's grade promotion or classification.

To the extent required by the State Board of Education, students in grade eleven (11) and below who do not meet the required score on a college and career readiness measurement shall participate in the remediation activities prescribed in his/her AIP which may include additional opportunities to retake the measurement. Such remediation shall not require the student to pass a subsequent college and career readiness measurement in order to graduate from high school.

Promotion/retention or graduation of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

In addition to the possibility of retention or withholding of course credit, students who either refuse to sit for a State assessment or attempt to boycott a State assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following State mandated assessment, as applicable, or completes the required remediation for the assessment the student failed to put forth a good faith effort on. The Superintendent or designee may wave this paragraph's provisions when the student’s failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

Cave City School District Parent Involvement Plan
The Cave City School District is dedicated to providing students with the skills, knowledge, and attitudes essential for a productive and purposeful life and to creating an environment so all learners can achieve success.

The District believes:

• a child's education is a responsibility shared by the school and family during the entire time the child spends in school
• parents and schools must work together as knowledgeable partners.
• parents are an integral component of a school’s ability to provide for the educational success of students.
• engaging parents is essential to improve student achievement.
• schools should foster and support parental involvement.

Components:

To support the belief of the District, schools, parents, alumni, and community must work together as knowledgeable partners. The Parental Involvement Plan will include, but not be limited to, the following components of a successful parental involvement program.

1. Involve parents of students at all grade levels in a variety of roles.

District:

2. Communication between home and school should be regular, two-way and meaningful.

3. Promote and support responsible parenting.

4. Parents play an integral role in assisting student learning.

5. Parents and their support and assistance are welcome in the school.

6. Parents are knowledgeable partners in the decisions that affect their child and family.

7. Collaborate with the Community and agencies to provide family support services and adult learning opportunities, enabling parents to participate in activities that support education.

8. The District will support the development, implementation, and evaluation of parental involvement programs.

The entire Plan is available in each office per request.

Parent Concern Resolution Policy

GRIEVANCE PROCEDURE

Throughout the school year conflicts between teachers, students, and parents may arise from time to time. The positive resolution of conflict promotes growth for all parties involved.

PRINCIPLE: It is hoped that issues that cause conflict between students, teachers, and parents, can be resolved at the earliest time and at the lowest level. Parents, students, and teachers are encouraged to discuss and attempt to resolve differences as soon as they are identified as such and before they grow larger and become an obstacle to education process.
PROCEDURE: The procedure to be followed in resolving conflict is designed to focus on resolution and coming to an agreement. These are the four levels to follow:

1. Discussion of the issues between the student and the teacher. The parent or teacher should encourage discussion at this level.

2. Discussion of the issue between the teacher and the parent. The parent or the teacher may initiate this level of discussion. The student may or may not be present, depending on the situation. The focus is on resolution of the problem.

3. If the issue is not resolved at level 2, arrange for a conference with parent, teacher, and principal present. The student may or may not be present. A parent, teacher, principal or student may initiate a conference at this level (level 3).

If the issue is not resolved to the satisfaction of all parties at level 3, a meeting may be requested with the superintendent through the principal. A reasonable time will be set, as early as possible, following the request. This meeting includes parent, teacher, and principal and superintendent. The student may or may not be present depending on the situation.

INTENT: This policy is designed to assist parents, teachers, and students in discussing problems and concerns at an early time in order to avoid the negative consequences of poor communication. Ultimately the child will benefit most from his or her education if these guidelines can be followed:

1. Attempt to focus on resolving the issue.
2. Remain calm.
3. Listen, without interrupting, to the other's point of view. Each party should be given a chance to speak their opinions.
4. Remember that compromise is essential, and probably no party will get 100% of what he or she believes best.
5. Support the decision you agree to, particularly with the student, following the conference.

4.56—EXTRACURRICULAR ACTIVITIES – SECONDARY SCHOOLS

Definitions:

“Academic Courses” are those courses for which class time is scheduled, which can be credited to meet the minimum requirements for graduation, which is taught by a teacher required to have State licensure in the course or is otherwise qualified under Arkansas statute, and has a course content guide which has been approved by the Arkansas Department of Education (ADE). Any of the courses for
which concurrent high school credit is earned may be from an institution of higher education recognized by ADE. If a student passes an academic course offered on a block schedule, the course can be counted twice toward meeting the requirement for students to pass four (4) academic courses per semester as required by this policy.

“Extracurricular activities” are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

“Field Trips” are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.

“Supplemental Improvement Program (SIP)” is an additional instructional opportunity for identified students outside of their regular classroom and meets the criteria outlined in the current Arkansas Activities Association (AAA) Handbook.

**Extracurricular Eligibility**

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed nine per 9-weeks per extracurricular activity (tournaments excepted). Additionally, a student’s participation in, and the District’s operation of, extracurricular activities shall be subject to the following policy. All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The superintendent or
designee may waive this paragraph's provisions when the student’s failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.  

A student who enrolls in the district and meets the definition of “eligible child” in Policy 4.2—ENTRANCE REQUIREMENTS shall be eligible to try out for an extracurricular activity regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

Interscholastic Activities

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

ACADEMIC REQUIREMENTS: Junior High

A student promoted from the sixth to the seventh grade automatically meets scholarship requirements. A student promoted from the seventh to the eighth grade automatically meets scholarship requirements for the first semester. The second semester eighth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The first semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The second semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed (4) academic courses the previous semester which count toward his/her high school graduation requirements.

Ninth-grade students must meet the requirements of the senior high scholarship rule by the end of the second semester in the ninth grade in order to be eligible to participate the fall semester of their tenth-grade year.

ACADEMIC REQUIREMENTS: Senior High

In order to remain eligible for competitive interscholastic activity, a student must have passed (4) academic courses the previous semester and either:
1. Have earned a minimum Grade Point Average (GPA) of 2.0 from all academic courses the previous semester; or
2. If the student has passed four (4) academic courses the previous semester but does not have a 2.0 GPA the student must be enrolled and successfully participating in an SIP to maintain their competitive interscholastic extracurricular eligibility.

STUDENTS WITH AN INDIVIDUAL EDUCATION PROGRAM

In order to be considered eligible to participate in competitive interscholastic activities, students with disabilities must pass at least four (4) courses per semester as required by their individual education program (IEP).

ARKANSAS ACTIVITIES ASSOCIATION

In addition to the foregoing rules, the district shall abide by the rules and regulations of AAA governing interscholastic activities. AAA provides catastrophic insurance coverage for students participating in AAA governed extracurricular activities who are enrolled in school. As a matter of District policy, no student may participate in a AAA governed extracurricular activity unless he or she is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance.6

Intrascholastic Activities

AAA Governed Activities

Students participating in intrascholastic extracurricular activities that would be governed by AAA if they were to occur between students of different schools shall meet all interscholastic activity eligibility requirements to be eligible to participate in the comparable intrascholastic activity. The District will abide by the AAA Handbook for such activities to ensure District students are not disqualified from participating in interscholastic activities.7

Non-AAA Governed Activities

Unless made ineligible by District policies, all students shall be eligible to participate in non-AAA governed intrascholastic extracurricular activities. Intrascholastic activities designed for a particular grade(s) or course(s) shall require the student to be enrolled in the grade(s) or course(s).

NOTES: The standards as outlined above are minimum standards and can be raised locally if desired. If your district does not offer a SIP, delete the references to it in your policy.

AAA standards allow a student to participate in an SIP for a maximum of two consecutive semesters and require the student to improve his/her GPA by at least 10% by the end of the first semester to remain eligible for the second semester. By the end of the second semester, the student must have
attained a 2.0 GPA to be eligible for competitive interscholastic activities. Following one or more semesters where the student has attained a 2.0 GPA, this cycle may be repeated.

1 The definition for interscholastic activities is effectively taken from the AAA Handbook and is the origin for the extrapolated definition of intrascholastic activities. When it comes to implementing this policy, it may be important/helpful to keep in mind that the Handbook also points out the following: Performance activities such as band, speech, drama, etc. may be viewed as competitive arenas both internally (ratings by individual schools) and externally (comparisons of individual or school ratings with a view toward determining an ultimate winner). Additionally, both inter and intra scholastic activities may be curricular if the activity is required as part of the course.

4 Participation in extracurricular activities is not a right, and districts may legally place conditions on a public school student’s eligibility for participation (such as testing compliance).

6 This also applies to home schooled students and is cleverly accommodated by an adjustment to APSCN reporting outlined in Commissioner’s Memo FIN-14-11.

7 Districts should be aware that the AAA handbook contains rules prohibiting students who participate on school sponsored teams of the various interscholastic activities from being permitted to participate in practices and competitions for the same sport during the same season of the interscholastic activity.

5.19—EXTRACURRICULAR ACTIVITIES – SECONDARY SCHOOLS

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (tournaments excepted)*. Additionally, a student’s participation in, and the District’s operation of, extracurricular activities shall be subject to the following policy. All students meeting this policy’s criteria are eligible for extracurricular activities.

**Definitions:**

Extracurricular activities are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular classtime, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. certification in the course, and has a course content guide which has been approved by the Arkansas Department of Education. Any of the courses for which concurrent high school credit is earned may be from an institution of higher education recognized by the Arkansas Department of Education. If a student passes an academic course offered on a block schedule, the course can be counted twice toward meeting the requirement for students to pass four (4) academic courses per semester as required by this policy.

A student promoted from the seventh to the eighth grade automatically meets scholarship requirements for the first semester. The second semester eighth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester, three (3) of which shall be in the core curriculum areas specified by the Arkansas Department of Education’s Standards of Accreditation of Arkansas Public Schools.

The first semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester, three (3) of which shall be in the core curriculum areas specified by the Arkansas Department of Education’s Standards of Accreditation of Arkansas Public Schools.

The second semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed (4) academic courses the previous semester which count toward his/her graduation requirements.

Ninth-grade students must meet the requirements of the senior high scholarship rule by the end of the second semester in the ninth grade in order to be eligible to participate the fall semester of their tenth-grade year.

**ACADEMIC REQUIREMENTS: Senior High**

In order to remain eligible for competitive interscholastic activity, a student must have passed (4) academic courses the previous semester and either:

2) If the student has passed four (4) academic courses the previous semester but does not have a 2.0 GPA the student must be enrolled and successfully participating in a supplemental instruction program to maintain their competitive interscholastic extracurricular eligibility.
STUDENTS WITH AN INDIVIDUAL EDUCATION PROGRAM

In order to be considered eligible to participate in competitive interscholastic activities, students with disabilities must pass at least four (4) courses per semester as required by their individual education program (IEP).

ARKANSAS ACTIVITIES ASSOCIATION

In addition to the foregoing rules, the district shall abide by the rules and regulations of the Arkansas Activities Association (AAA) governing interscholastic activities. AAA provides catastrophic insurance coverage for students participating in AAA governed extracurricular activities who are enrolled in school. As a matter of District policy, no student may participate in a AAA governed extracurricular activity unless he or she is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance.

5.19.1—EXTRACURRICULAR ACTIVITIES - ELEMENTARY

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular. All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

A student may lose his/her eligibility to participate in extracurricular activities when, in the opinion of the school’s administration, the student’s participation in such an activity may adversely jeopardize his/her academic achievement. Students may also be denied permission to participate in extracurricular activities as a consequence of disciplinary action taken by the administration for inappropriate behavior.

For the purposes of this policy, extracurricular activities are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular classtime, or are competing for the purpose of receiving an award, rating, recognition, or qualification for additional competition. Examples include, but are not limited to, interscholastic athletics, cheerleading, band, choral, math, or science competitions, and club activities.

ACADEMIC REQUIREMENTS

5.11—PROMOTION/RETENTION/COURSE CREDIT FOR 9-12 SCHOOLS
A disservice is done to students through social promotion and is prohibited by state law. The district shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Each school in the Cave City School District shall include in the student handbook, the criteria for promotion of students to the next grade as well as the criteria for being required to retake a course, if applicable. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student’s possible retention or required retaking of a course shall be included with the student’s grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student’s academic success.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria.

If there is doubt concerning the promotion or retention of a student, or their required retaking of a course, a conference between the parents/guardians, teacher(s), other pertinent personnel, and principal shall be held before a final decision is made. The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student’s placement, the final decision to promote or retain shall rest with the principal or his/her designee.

Students who do not meet the satisfactory passing level on the End-of-Course tests or on the Grade 11 Literacy test shall successfully participate in the remediation program identified in their AIP before they can receive credit for the course. The lack of credit will jeopardize their grade promotion or classification due to insufficient credits to qualify for the next grade.

Promotion/retention or graduation of students with an Individual Educational Plan (IEP) shall be based on their successful attainment of the goals set forth in their IEP.

**STUDENT CLASSIFICATION**

In order to be classified as a sophomore, a student must have earned 5 units, in the 9th grade. To be classified as a junior, a student must have earned 12 units, and must have attended school for at least 4 semesters. To be classified as a senior, a student must have earned at least 16 units with a minimum of 10 academic units, and must have attended school for at least 6 semesters. This classification is for the entire year. *In extraordinary situations, students may seek a review of their classification at the end of the first semester. This will apply only to juniors and seniors. All requirements must be met before consideration will be given.

**REMEDICATION REQUIREMENTS**

106
If a student meets the requirements for remediation as specified by the Arkansas Department of Education that student will receive notice from Cave City High School. The qualifications for the student to be given credit under the remediation requirements of the ADE will be included. Failure of the student to meet these remediation requirements will result in loss of class credit. It is important that the parents play a key role in their child’s remediation. They will need to be sure their child attends every tutoring session. They need to provide them with all the necessary materials. They should support the school’s efforts with the remediation plan.

5.12—PROMOTION/RETENTION/COURSE CREDIT FOR K-8 SCHOOLS

A disservice is done to students through social promotion and is prohibited by state law. The district shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Each school in the Cave City School District shall include in the student handbook, the criteria for promotion of students to the next grade. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student’s possible retention shall be included with the student’s grades sent home to each parent/guardian. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student’s academic success.

Promotion or retention of students shall be primarily based on the following criteria. The elementary teacher and principal must decide whether or not a child is ready for promotion. This decision is not an easy one, and several areas must be considered before the teacher can reach a final decision. Any one or a combination of the following factors could be grounds for retaining a student:

1. Reading below grade level.
2. Poor academic performance.
3. Classroom teachers professional judgment concerning the students ability to move on to the next grade level for example disorganization, irresponsibility, short attention span, poor application of skills, poor work habits, etc.
4. Tests showing the child is deficient in one or more areas.

5. Students in grades 4, 5, and 6 having 2 or more F's on their yearly average in math, reading, English, science or social studies will be retained if they do not attend summer school and/or after school tutoring. The parents will be responsible for transportation to summer school.

Since important skills and concepts are taught to children of approximately the same age and scholastic level, the teacher can judge objectively whether or not the child should be retained. Therefore, with the child's best interest at heart, the classroom teacher, and the principal will make the final decision on promotion or retention.

Students who enter late or are retained could become ineligible to play AAA sports under the age rule in later years.
In order to be promoted in the 7th and 8th grade, a student must pass a minimum of 3 courses of the 4 basic courses and 1 elective (excluding P.E.)each semester: English, Math, Science, and Social Studies.
*Extraordinary cases will be reviewed by the principal and the counselor. If a student fails math or English he or she may be required to attend summer school to pass. If there is doubt concerning the promotion or retention of a student, before a final decision is made, a conference between the parents/guardians, teacher(s), other pertinent personnel, and principal shall be held. The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall
document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student’s placement, the final decision to promote or retain shall rest with the principal.

Students who do not score proficient or above on their grade level Benchmark Exams shall be required to participate in an individualized Academic Improvement Plan (AIP). Each AIP shall be developed by school personnel and the student’s parents and shall be designed to assist the student in attaining the expected achievement level. The AIP shall also state the parent’s role as well as the consequences for the student’s failure to participate in the plan, which will include the student’s retention in their present grade.

In addition to the Benchmark Exam requirements, students who do not meet the satisfactory passing level on the End-of-Course tests shall successfully participate in the remediation program identified in their AIP before they can receive credit for the course. The lack of credit will jeopardize their grade promotion or classification due to insufficient credits to qualify for the next grade.

Promotion/retention or graduation of students with an Individual Educational Plan (IEP) shall be based on their successful attainment of the goals set forth in their IEP.

**HOMEWORK**

**4.8—MAKE-UP WORK**

Students who miss school due to an excused absence shall be allowed to make up the work they missed during their absence under the following rules.

1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up.
2. Teachers are responsible for providing the missed assignments when asked by a returning student.
3. Students are required to ask for their assignments on their first day back at school or their first class day after their return.
4. Make up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have one class day to make up their work for each class day they are absent.
6. Make up work which is not turned in within the make up schedule for that assignment shall receive a zero.
7. Students are responsible for turning in their make up work without the teacher having to ask for it.
8. Students who are absent on the day their make up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.
9. As required/ permitted by the student’s Individual Education Program or 504 Plan.
Work may not be made up for credit for unexcused absences. Out-of-school suspensions are unexcused absences.

**SENIOR EARLY RELEASE**

According to Act 675 of 2003, at the beginning of the 2004-05 school year, students in grades 9-12 shall be required to schedule and attend a full school day. The regulations with this law also require:

a) Students to be assigned to no more than one class period each day for study hall period which the student shall be required to attend and participate in a full class period of self-study or organized tutoring in the school building; and
b) No more than one class period each day for organized and scheduled student extracurricular classes to be included as planned instructional time.
c) Schools may grant waivers to students who would experience proven financial hardships if required to attend a full school day.
d) “Financial hardships” as defined by the state mean harm or suffering caused by a student’s inability to obtain or provide basic life necessities of food, clothing and shelter for the student or the student’s family.

The Cave City School District procedure for applying for early release is:

a) A written request to the principal.
b) The principal will review the request and screen them for referral.
c) Board Approval

**EARLY GRADUATION**

Early graduation is not an easy or inexpensive task to undertake. High school can be a stressful time for students and students who are on an early graduation plan have the additional stress of taking extra courses. Many students find the senior year of high school to be stressful so this can be intensified for early graduates. In addition, many scholarship deadlines are now early in the fall of the senior year which does not leave adequate time to achieve a good ACT score. The majority of students do not achieve their highest ACT score until the fall of their fourth year of high school. Keep in mind for students wanting to graduate early to get a head start on college that students can now receive up to 21 college credit hours before graduation at CCHS. The financial burden to pay for additional coursework outside of the normal school day resides with the student.

Students can only receive up to 7 credits during an academic school year. Athletics can only count for 0.5 credits of physical activity according to the CCHS handbook. Students who would like to graduate early only need to take athletics for one semester. Students who have been an office aid or audited a class will need to take more than two credits outside of the normal school day. Twenty three credits are required for graduation. Students must complete two credits outside of the normal school day. The following are acceptable ways students can earn additional credits:

1. Summer ACT Prep course - students can earn 1/2 credit in test preparation for completion of the course in summer school. Other summer school courses are only allowable for credit recovery. Early graduates do not qualify for credit recovery unless they are behind in credits for their chronological age or have failed a course.
2. Correspondence high school courses - it is the responsibility of the student to find these courses. Before paying for a course you must check with the Principal and Counselor to make sure the courses will transfer to CCHS.
3. College courses - The majority of our early graduates take college courses to fulfill the extra graduation credits. Here are some examples of courses and the high school course they correspond to. Other courses besides the ones listed below can be accepted.
Please note that only 0.5 high school credits can be awarded for a three credit hour college course. Students must also check with the Principal and Counselor before taking a college course to make sure that it will be accepted. Be sure to take courses you have not taken in high school. For instance, a student who has already taken World History in high school would not take World Civilization.

4. Students must have completed 15.5 credits before August 1st of the year they wish to graduate early. Students who have not completed the required number of credits on or before this date are not eligible for early graduation.

5. Students must have an early graduate plan completed for early graduation.

I understand that meeting all of the requirements for early graduation rest only on me and not the school district. It is my responsibility to seek out the information I need and to make sure that I have completed the required courses and paid the required fees associated with additional coursework.

List any additional courses needed for students who have been an office aid or taken a full year of athletics.

**REPEATING A COURSE**

Any student making a D for the semester may have the grade replaced with a new grade by taking the course the next available time it is offered. Retaking classes will be done only if space permits. A student retaking a class will be removed from the class for failure to perform work or repeated discipline problems.

**CRISIS/SUICIDE HOTLINE**

The **TEEN CRISIS HOTLINE** is a program with trained personnel that provide counseling and/or referral to other agencies that help teenagers through the rough spots that complicate a young person’s life. By providing a 24 hour number for people who are experiencing crisis situations, offering immediate help or referral services, this program helps get youth beyond the crucial first hours of the crisis. The Center’s **hotline** number is **1 800 800-0496 (St. Bernards Beh. Health Care @ Jonesboro)** or **1-800-592-9503 (North Arkansas Human Services).**

**4.56.1—EXTRACURRICULAR ACTIVITIES - ELEMENTARY**

Definitions
“Extracurricular activities” are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

“Field Trips” are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.

**Extracurricular Eligibility**

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (tournaments or other similar events excepted with approval of the Principal). All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

A student may lose his/her eligibility to participate in extracurricular activities when, in the opinion of the school’s administration, the student’s participation in such an activity may adversely jeopardize his/her academic achievement. Students may also be denied permission to participate in extracurricular activities as a consequence of disciplinary action taken by the administration for inappropriate behavior.

Any student who refuses to sit for a State assessment or attempts to boycott a State assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following state mandated assessment, as applicable, or completes the required remediation for the assessment the student failed to put forth a good faith effort on. The superintendent or designee may waive this paragraph's provisions when the student’s failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.
4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOoled STUDENTS

Home-schooled student means a student legally enrolled in an Arkansas home school and who meets or has met the criteria for being a home-schooled student, as established by A.C.A. § 6-15-503.

Interscholastic activity means an activity between schools subject to regulations of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

Home-schooled students whose parents or guardians are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school as permitted by this policy. Although not guaranteed participation in an interscholastic activity, home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in an interscholastic activities without discrimination.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand deliver the student's request to participate to the student's school's principal before the signup, tryout or participation deadline established for traditional students. Additionally, the student shall demonstrate academic eligibility by obtaining a minimum test score of the 30th percentile or better in the previous 12 months on the Stanford Achievement Test Series, Tenth Edition; another nationally recognized norm-referenced test; or a minimum score on a test approved by the State Board of Education.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one course in the District's school where the student is intending to participate in an interscholastic activity.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A home-schooled student who has met the try out criteria; and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

• standards of behavior and codes of conduct;
• attend the practices for the interscholastic activity to the same extent as is required of traditional students;
• required drug testing;
• permission slips, waivers, physical exams; and
• participation or activity fees.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

5.19.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

Home-schooled students whose parents or guardians are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school zone as permitted by this policy. Although not guaranteed participation in an interscholastic activity home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in an interscholastic activities without discrimination.

The District shall abide by this policy and by the rules contained in the Arkansas Activities Association (AAA) Handbook governing interscholastic activity participation of students who are home-schooled. Areas of eligibility criteria, such as a student's age and semesters of eligibility, are the same for home-schooled and traditional students and are governed by the current AAA Handbook.

Home-schooled student means a student legally enrolled in an Arkansas home school and who meet or have met the criteria for being a home-schooled student, as established by A.C.A. 6-15-503.

Interscholastic activity means an activity between schools subject to regulations of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

The parent of any student wishing to participate in an interscholastic activity shall mail or hand deliver a completed application form 5.19.2F to his/her child's school's principal before the signup, tryout or participation deadline established for traditional students. The Superintendent shall approve those applications which meet the enrollment application requirements identified in this policy and AAA Rules and shall deny those that don't meet the requirements.
Approved applications shall apply only for the semester in which the student enrolls in the student's resident school zone. The student shall regularly attend the class in which the student is enrolled beginning no later than the eleventh (11) day of the semester in which the student's interscholastic activity participation is desired. If the student's desired interscholastic activity begins prior to the first day of the semester in which the student is enrolled, to maintain eligibility, the student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A home-schooled student whose application has been approved; who has met the try out criteria; and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- standards of behavior and codes of conduct;
- attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- required drug testing;
- permission slips, waivers, physical exams; and
- participation or activity fees.

A student whose application for eligibility to participate in an interscholastic activity is accepted is required to enroll in no more than one course in the District's school where the student is intending to participate in an interscholastic activity. Home-schooled students shall meet the same enrollment criteria as are required for traditional students in policies 4.1—RESIDENCE REQUIREMENTS and 4.2—ENTRANCE REQUIREMENTS and the parent or guardian's shall sign a form acknowledging receipt and understanding of the school’s student handbook and to be bound by the applicable portions thereof.

If the student's desired interscholastic activity is associated with a specific class or course that meets during the school-day that the traditional students of the district are required to take, the home-schooled student shall take the required class or course to be eligible for the interscholastic activity.

If the student's desired interscholastic activity is not associated with a specific class or course that meets during the school-day, to be eligible to participate in the student's desired interscholastic activity, the home-schooled student shall enroll in a class or course that is age and grade appropriate for the student.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from interscholastic activities on the same basis as other students are transported.
A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

ARKANSAS ACTIVITIES ASSOCIATION

In addition to the foregoing rules, the district shall abide by the rules and regulations of the Arkansas Activities Association (AAA) governing interscholastic activities. AAA provides catastrophic insurance coverage for students participating in extracurricular activities who are enrolled in school. As a matter of District policy, no student may participate in an extracurricular activity unless he or she is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance.

Additional School Insurance

Cave City Schools provides additional supplemental insurance at no charge to students at Cave City Schools. This is a supplemental insurance only and will pay only after family insurance or Medicaid has provided coverage. It will not cover all additional costs, nor will it cover every accident. Conditions apply in various circumstances as dictated by the insurance provider. Most districts in the state do not provide additional insurance, but CCSD board of education has consistently provided some coverage. It is possible to purchase additional insurance through the school’s provider if you choose to do so. Terms and agreements for that coverage are up to individual families. The school nurse can provide you with the company name the school is currently using.

4.59—ACADEMIC COURSE ATTENDANCE BY PRIVATE SCHOOL AND HOME SCHOOL STUDENTS

The District allows private school and home school students whose parents, legal guardians, or other responsible adult with whom the student resides are residents of the District to attend academic courses offered in grades 7-12. The District will place a list of courses that a private school or home school student may request to attend on its website by:

1. June 1 for courses to be offered during the Fall semester; and
2. November 1 for courses to be offered during the Spring semester.

A private school or home school student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than:

a. August 1 for Fall semester courses; or
b. December 1 for Spring semester courses.

The District may reject a private school or home school student’s request for attendance if the District’s acceptance would:
• Require the addition of staff or classrooms;
• Exceed the capacity of a program, class, grade level, or school building;
• Cause the District to provide educational services the District does not currently provide; or
• Cause the District to be out of compliance with applicable laws and regulations regarding desegregation.

Requests to attend an academic course will be granted in the order the requests are received. Upon the receipt of a private or home school student’s request to attend academic course(s), the District will date and time stamp the request for attendance. If a private school or home school student is denied attendance based on a lack of capacity and an opening in the requested course occurs prior to the start of the course, the District will use the date and time stamp on the request for attendance to determine the private school or home school student who will be notified of an opening in the requested course.

As part of the request to attend academic courses in the District, a private school or home school student shall:
- Indicate the course(s) the private school or home school student is interested in attending;
- If the course(s) the private school or home school student is interested in attending is being offered by the District in both a physical and a digital format, whether the private school or home school student intends to attend the physical course or the digital course;
- Agree to follow the District’s discipline policies; and
- Submit immunization documentation required by Policy 4.57—IMMUNIZATIONS. In addition to the documentation methods provided in Policy 4.57, a home school student may submit a letter to the superintendent, or designee, stating an objection to immunizations and listing the immunizations the student has received, if any.

A private school or home school student who fails to attend an academic course by the eleventh (11) day of class shall be dropped from the course.

The responsibility for transportation of any private school or home school student attending academic courses in the District shall be borne by the student or the student’s parents.

The opportunity provided to home school students under this policy is in addition to the opportunity provided in Policy 4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOoled STUDENTS.

Notes: This is an optional policy.

1 Allowing private school and home school students to attend classes starting in 7th grade is intended to match what is allowed for permitting home school students to participate in extracurricular activities. Districts have the option to allow private and home school students to begin attending courses in earlier grades or may restrict attendance to later grades.

4.57—IMMUNIZATIONS

Definitions
"In process" means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

“Serologic testing” refers to a medical procedure used to determine an individual’s immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

**General Requirements**

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by a:

A. Licensed physician;
B. Health department;
C. Military service; or
D. Official record from another educational institution in Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating “up-to-date”, “complete”, “adequate”, and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted. Valid proof of immunization and of immunity based on serological testing shall be entered into the student’s record.

In order to continue attending classes in the District, the student must have submitted:

1) Proof of immunization showing the student to be fully age appropriately vaccinated;
2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student’s next immunization;
3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

Temporary Admittance
While students who are not fully age appropriately immunized or have not yet submitted an immunization waver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student’s admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student’s temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion From School

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for twenty-one (21) days or longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the
best interest of the student. To the extent possible, the student’s teacher(s) shall place in the principal’s office a copy of the student’s assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and

- by the end of each school's calendar week for the upcoming week until the student returns to school.

It is the responsibility of the student or the student’s parent/legal guardian to make sure that the student’s assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in “examinations” and the District has no control over administering state mandated make-up assessments outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.

4.58—FOOD SHARING AND ITS REMOVAL FROM FOOD SERVICE AREA

Food Sharing Table

The District has no food sharing system for food items other than milk and juice. Students who do not intend to drink milk or juice received as part of a meal may place the milk/juice in a designated ice-filled cooler located at the end of the service line where another student may retrieve it at no charge. Milk and juice may not be taken by another student unless the carton is unopened and was completely covered by ice while in the cooler. A student may not return to the cooler to place for sharing or retrieve an item after the student has left the service line.

At all times, the cooler will be under the supervision of the food service staff. Remaining items should be discarded at the end of the meal period, and no item is to remain in the cooler for longer than four (4) hours.

Removing Food Items From the Food Service Area

No student shall remove school provided food items from the food service area at the end of the meal period, especially milk, juice, and other items requiring temperature controlled environments.

Except for food service workers as required by their job duties, District employees may only remove school provided food items from the food service area when required by a 504 plan or a student’s IEP.

6.10—MEGAN’S LAW

The Cave City School District shall work with area law enforcement in a manner consistent with applicable state law and Arkansas Department of Education Regulations to communicate the presence of a sexual offender. When necessary, law enforcement may contact building principals and give them
information concerning registered sex offenders. The decision regarding which school principals to notify rests solely with law enforcement officials who use a rating system to determine those needing to be notified according to the offender’s dangerousness to the community.

Building principals should, in turn, notify any person who in the course of their employment is regularly in a position to observe unauthorized persons on or near the school’s property. Those notified could include employees such as aides, bus drivers, coaches, maintenance staff, professional support staff, school level administrative staff, security personnel, teachers’ assistants, and teachers.

It is important that school personnel receiving notice understand that they are receiving sex offender notifications in their official capacity and are not to disseminate information about an offender to anyone outside the school. If school personnel are asked about notification information by an organization using school facilities, they should be referred to the area law enforcement agency that issued the notice.

Persons not to be notified except at the specific discretion of area law enforcement officials include members of parent-teacher organizations, other schools, organizations using school facilities, students, parents or guardians of students, and the press. Personnel may inform the press about procedures which have been put in place and other general topics, but may not reveal the name or any other specifics regarding an offender.

A parent or guardian who is a Level 1 or Level 2 sex offender shall be allowed to enter the school campus to attend parent-teacher conferences or any other activity which is appropriate for a parent or guardian, or community member.

Level 3 and Level 4 sex offenders may only enter the school campus in the following instances.
1. The offender is a student attending school in the district;
2. To attend a graduation or baccalaureate ceremony, or a school sponsored event for which an admission fee is charged or tickets are sold or distributed;
3. It is a non-student contact day according to the school calendar or no school-sponsored event is taking place on campus;
4. The offender is a parent or guardian of a student enrolled in the district and goes directly to the school office to have school personnel deliver medicine, food, or personal items for the student;
5. The offender is a parent or guardian of a student and enters the school campus where the student is enrolled to attend a scheduled parent-teacher conference and the offender is escorted to and from the conference by a designated school official or employee.

A Level 3 and Level 4 sex offender who is the parent or guardian of a child enrolled in the district and who wishes to enter the school campus in which the student is enrolled for any other purpose than those listed above, must give reasonable notice to the school principal or his/her designee. The principal or designee may allow the sex offender to enter upon the campus provided there is a designated school official or employee to escort and supervise the sex offender while they remain on
The sex offender shall not enter upon the school campus until such time as a designated school official or employee is available.

Copies of the notification from law enforcement should be kept in a secure place accessible to teachers and staff, but should not be posted on school bulletin boards or made available to students or members of the community at large.

“Megan’s Law” is the community notification law that allows law enforcement to communicate with the public when a sexual offender is in their area. The Sex Offender Assessment Committee will assess the offender using a ratings instrument to determine the risk that the offender may pose to the community. Local law enforcement will then determine who needs to be notified according to the offender’s level of risk. The level of risk will determine whom the school needs to notify. Under the direction of local law enforcement and based upon the level of risk, the principal may then share the notice with any person who in the course of their employment or assignment is regularly in a position to observe unauthorized persons on or near the property of the school.

Four levels of risk developed for assessment purposes:
- **Level I**: Low-risk. Considered not dangerous to community at large. No notification of students or parents permitted.
- **Level II**: Moderate risk. If schools are notified it is intended to assist staff members in the protection of their charges, not to provide notice to parents, students, or the community at large.
- **Level III**: High risk. Law enforcement may ask schools to assist in notifying students and parents, as members of the community at large. Parents and/or students are not automatically notified however.
- **Level IV**: Sexually violent predator. Law enforcement may ask schools to assist in notifying students and parents, as members of the community at large. Parents and/or students are not automatically notified.

Information about convicted sex offenders is being provided to school personnel so that they can take all appropriate steps to protect the students they are supervising. Only law enforcement has the authority to decide who will receive notice. Copies should not be posted or accessible to students or members of the community at large. Improper dissemination of the information about an offender may lead to disciplinary action being taken. These guidelines do not preclude a sex offender from attending school as a student or entering school property as a parent at activities appropriate for a parent or guardian. If a school employee has any concerns as to the offender as being a danger to someone outside the school environs, they should immediately contact local law enforcement.

**CHEMICAL SCREEN TEST POLICY FOR CAVE CITY SCHOOLS**

The Cave City School District recognizes that chemical abuse or misuse is a significant health problem for students, detrimentally affecting overall health, behavior, learning ability, reflexes, and the total development of each individual. The Cave City Board of Education is determined to help students by providing another option for them to say “No”. Chemical abuse includes, but is not limited to, the use of illegal drugs, alcohol, and the misuse of the legal drugs and medications.

**Purpose of a Chemical Abuse Policy:**

1. To allow the students of Cave City Schools to know that the school is concerned about their total well being. The School District is interested in helping the students who may be having problems.
2. To emphasize concerns for the health of students in areas of safety while they are participating in activities, as well as the long-term physical and emotional effects of chemical use on their health.
3. To confirm and support state laws which restrict the use of such mood-altering chemicals.
4 To assist students of Cave City Schools to resist the peer pressure that directs them toward the abuse or misuse of chemical substances.
5 To establish standards of conduct for students of Cave City Schools who are considered leaders and standard bearers among their peers.
6 To work cooperatively with the parents by assisting them in keeping their children free from mood-altering chemicals.
7 To provide referrals for students who need evaluation regarding their use of mood-altering chemicals.
8 To deter chemical abuse or misuse by all students through the use of random drug testing.

Scope

The provisions of this policy apply to all students in Cave City Schools in grades seven through twelve whose parent/guardian sign Consent Form “A” of the Chemical Screen Policy.

General Provisions

Illegal Drugs are defined as drugs, or the synthetic or generic equivalent or derivative of drugs, which are illegal under federal, state, or local laws including, but not limited to, marijuana, heroine, hashish, cocaine, hallucinogens, depressants, and stimulants not prescribed for the user. Illegal drugs include steroids and its derivatives or related substances, which are not prescribed by a physician or are prescribed by a physician for uses not authorized by the manufacturer of the drug.

Alcohol is defined as ethyl alcohol or any beverage containing ethyl alcohol.

Reasonable Suspicion Provisions

The use or possession of illegal drugs or alcohol by a student on property under the control of the District or prior to entering property controlled by the District or at a District-sponsored event where the illegal drug or alcohol has the possibility of impairing the student is a violation of this Policy. The presence of an illegal drug or its metabolites or alcohol in a student’s body is considered possession.

Reasonable Suspicion is defined as a reasonable suspicion by an administrator or other district employee that a student has used, possessed, or sold illegal drugs on District property or has used illegal drugs off of District property, but is on District property or at a District-sponsored event while under the influence of the illegal drugs; or that a student has used or possessed alcohol on District property, but is on District property or at a District-sponsored event while under the influence of alcohol; or that a student is abusing or misusing prescription medications on District property or at a District-sponsored event while under the influence of the prescribed medication.

Examples of reasonable suspicion include, but are not limited to:

• Eyewitness evidence by a District official, administrator, or employee;
• Eyewitness evidence of another person plus additional evidence;
• Individualized suspicion possessed by an employee of the District that is based upon reasonable suspicion and/or reasonably reliable evidence.

Random Testing Provisions

The use or possession of illegal drugs during school activities or prior to school activities where the illegal drug has the possibility of impairing the participant is a violation of this policy. The presence of an illegal drug and its metabolites in a student’s body is considered possession.

Any student undergoing medical treatment prescribed by a physician that includes the use of and drug or medication capable of affecting the student’s mental or physical capabilities must notify the appropriate school
official at the time of testing. If there is any doubt concerning the effects of the drug or medication, the
appropriate school official should be notified. A student’s failure to notify the appropriate school official that the student is
undergoing medical treatment that includes the use of any drug or medication capable of affecting the student’s mental and physical
abilities is violation of this policy. The penalty for this violation may be the same as an initial positive test result under the random
testing provisions.

Procedure

Type of Testing The District may require each student of Cave City Schools’ grades seven through twelve to
provide a urine specimen. Each specimen cup will have a number on it, which will be assigned to a
participant’s name. The numbers that are selected through a random process will be sent to the lab for testing.
Urinalysis will be the method utilized to test for the presence of chemicals in the body. All students selected
must show up for providing urine samples to be taken at Cave City Schools.

Selection Process While students are in school, they will be subject to random selection for testing. Each
student will be assigned a number. Particular days will be selected for testing. The amount of numbers drawn
will be no less than (2%) or greater than (15%) of the students in grades seven through twelve. If any student
whose number is drawn is absent on that day, the selection process will continue until the number of students
selected for testing equals the number representing the percentage of students designated for random testing.

Refusal to Submit to Testing Students not consenting to be tested (in the random pool) are allowed to join clubs
or organizations, but are not allowed to attend after school meetings or participate in off-campus trips. Any
participant who refuses to submit to random drug testing shall not be allowed to participate in any school
activity for the remainder of the school year. Each student must consent by the beginning of the 2nd semester in
order to participate in 2nd semester activities. The following is a list of activities as examples (and not meant to
be an exhaustive list) that students not consenting (in the random pool) will not be allowed to participate in for
the school year. Examples include:

Class Trips
Dances
Homecoming maid
Band festival
Quiz Bowl
Prom Committee
Decorating for Prom
Prom Dance
Sports
Cheerleading
Hoopla
Broadcasting games for KVMN

Use of Positive Tests Upon receipt of a positive test result for any student, a student may request for another lab
to test the original specimen at his/her expense within a 24-hour period of a positive result. The specimen will
be sent from the first lab to the SAMHSA certified lab of the student’s choice using chain of custody form.

• The Superintendent or designee shall notify the student and the student’s custodial
  parent/legal guardians by certified mail.
• Counseling / rehabilitation for the student will be strongly recommended for the student who tests
  positive. This will be at the expense of the student.
• After twenty-eight (28) days, the student will be tested again and a written copy of the results will be
given to the Superintendent or designee. If the test is positive, the student will not be allowed to continue in
school activities for one calendar year. The student cannot participate in any form of extra curricular activity
involving Cave City Schools. To regain eligibility for participation in activities for the next year, a student must
consent to the random testing for that school year and must have a negative chemical screen test at the first administration of the new school year.

**Exception:** In the event that there is any question as to whether or not a second positive result is being caused by residual effects of that particular substance from the first positive test, the Medical Review Officer will make the determination as DHHS/SAMHSA guidelines recommend.

**Testing Procedure:**

To ensure the accuracy and fairness of our testing program, all testing will be conducted according to DHHS/SAMHSA guidelines where applicable and will include a screening test; a confirmation test using GC/MS for positive screening tests; positive confirmations to be reviewed by a Medical Review Officer (MRO), including the opportunity for students who test positive to provide a legitimate medical explanation (such as a physician’s prescription for the positive results); and a documented chain of custody. All drug-testing information will be maintained in separate confidential records.

**Definitions** Collectors shall be trained and test certified by SAPAA or DATIA on collection procedures, chain of custody forms, legal issues and privacy rights. The MRO is a licensed physician who is also an expert in drug and alcohol testing and the Federal regulations governing such testing. It is the job of the MRO to ensure the integrity of the drug test.

**Analysis of Urine Specimens** The initial urinalysis method shall be an immunoassay screen. If a specimen tests positive for any substance being checked, Gas chromatography/mass spectrometry GC/MS shall be conducted on the specimen. The result will then be reviewed by the Medical Review Officer. When the initial result is positive the student will be retested at the end of the 28-day period. If the result of the GC/MS test is positive, the student shall be considered to have had a positive result. If the GC/MS is negative for the suspected substance or substances, the student shall be considered to have had a negative result.

All test results from the laboratory shall be communicated to the Superintendent or designee. To ensure proper testing procedures, United States Department of Health and Human Services Standards as defined by the National Institute of Drug Abuse certified laboratories will be followed.

All urine specimens will be taken at a designated restroom. Any student who is requested to provide a urine specimen shall be directed to the collection site where the student will complete the necessary forms. Students selected as part of the random test will be required to execute an additional consent form.

The following precautions will be taken, as appropriate, at the collection site:

1. Positively identify the examinee.
2. The observer shall ask the individual to remove any unnecessary outer garments (i.e. coat, jacket) that might conceal items or substances that could be used to tamper with or adulterate the urine specimen. All personal belongings (i.e. purse, briefcase, etc.) must remain with the outer garments. The observer shall note any unusual behavior or appearance.
3. The student shall be instructed to wash and dry his/her hands prior to providing the specimen. After washing his/her hands, the student shall not be outside of the presence of the observer and not have access to water fountains, faucets, soap dispensers, or cleaning agents until after the specimen has been provided and sealed. Only one person will be allowed at a time in the washroom and process area.
4. The student will be allowed to provide the specimen in a stall or other partitioned area that allows for individual privacy. After the specimen has been provided, the student should leave the stall.
5. At the collection site, toilet bluing agents shall be placed in the toilet tanks, whenever possible. No other source of water shall be available in the enclosure where urination occurs.
6 After the specimen has been provided to the observer, the observer will continue with chain of custody procedures and determine whether it contains at least 30 milliliters of urine. If there is not at least 30 milliliters, additional urine should be collected. The student may be given reasonable amounts of water for drinking. If a student fails for any reason to provide the necessary amount of specimen, the observer shall contact the Superintendent or designee for guidance.

7 Immediately after collection the observer shall check the temperature of the specimen and inspect the specimen for color and signs of contaminants. Freshly filled specimens should be warm.

8 Both the observer and the student being tested shall keep the specimen in view at all times prior to its being sealed and labeled.

9 The student shall observe the tamper-proof seal. The labels for the specimen bottle must have all information completed before being placed over the bottle cap and down the sides of the bottle. The observer will place the identification label securely on the bottle.
