Dear Parents and Guardians,

I don't watch a lot of television, maybe a half hour in the mornings and another half hour or so in the evenings. Sadly, every day it seems as though there is always a news story about the actions of President Trump being debated. No matter where you stand politically, the fact is God has placed 45 men over the last 220 years to lead our country and uphold our Constitution. These men have a vast range of political, social and religious views. Some more than others, have certainly shaped our nation because of their actions and visions. I pulled a few quotes from some of our former Chief Executives, some of which I suspect you have heard at one point or another, and others may not be as familiar but are equally inspiring. No matter the President or the time period in which they served, as you look back it is reassuring to see the wisdom they possessed about people, society and life. These men all aimed to "make America great" because they knew "yes, we can!" Have a great week!

Blessings,

Mrs. Williams
