### Universal PreK Families,

We need your help to make the enrollment process easier for you and your child. All children registering for both Universal PreK and Kindergarten must have a **completed** Health Check Form from your medical provider. Your medical provider will have the form at their office already when you take your child to his/her appointment.

Please make sure before you leave the physician's office, that the form is completed in its entirety. If you see parts the physician didn't complete, kindly ask them to complete all parts as best that they can.

Check to make sure the provider completed the vision, hearing, and dental screening before you leave the office. We do not want you to have to go back to have them complete the missing parts, as we are not able to enroll children without the screening forms completed.

If you have any questions or concerns, please feel free to contact Mary Dawn Lockhart, Head Start Nurse at the Office of Head Start at 304-656-7076

Thank you for your help with this task,

Amanda Peyton
