Tdap and Meningococcal Vaccine Form

The State of New Jersey Department of Health and Senior Services requires every student born on or after January 1, 1997, and entering or attending Grade Six, or a comparable age level special education program with an unassigned grade receive one dose of Tdap (Tetanus, diphtheria, acellular pertussis) given no earlier than 10th birthday and one dose of the meningococcal-containing vaccine at age 11.

You must provide proof of these two immunizations in order for your child to enter or remain in school.
