

# *Golden Eagles Summer Academy*

June 2022

Dear Parent/Guardian:

We are pleased to inform you that the Bethpage School District will be offering a summer program at Central Boulevard Elementary School for Bethpage students entering grades 1 through 12 in September 2022. This program is separate from the program offered in July through the district and Nassau BOCES, and will provide our students additional summer opportunities and enrichment. The *Golden Eagles Summer Academy* is designed to supplement and extend your child's education in a fun and engaging way, while providing continuity of instruction.

The summer academy will run Monday - Friday from 9:00 am to 11:45 am beginning August 1st and ending August 12th. Students entering grades 1 - 5 will follow a two-week program that includes math, literacy, music, fitness games, and lots of fun! Programs for students entering grades 6 - 12 will offer flexibility, allowing students to sign-up for various workshops, including computer coding, music, performing arts, history, creative writing, college prep, business, science, and engineering. Click [Golden Eagles Summer Academy](#) to see a listing of all programs in the program.
