Dear Parents, Guardians and Community Members,

Enclosed you will find a folder of the board reports for the 2018-2019 school year through February. I thought you might like to review some of the curriculum work we are doing at the Wiscasset Elementary and Middle High School.

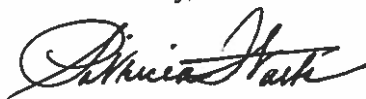

I do apologize for not getting this information out sooner. You probably are not aware, but my position is part time and there never seems to be enough time to do all that is required.

My position entails writing and overseeing the federal grants, which includes Title IA, Title IIA, Title IVA, Title V. I am also responsible for the McKinney-Vento Homeless Assistance Act which guarantees a child qualified as homeless the right to attend one of two schools: the school of origin or the local attendance area school. In addition I monitor the gifted and talented program between both schools.

This is just a snippet of some of my job responsibilities. If you would like further information or explanations, please don't hesitate to contact me to set up an appointment. I would be happy to meet with you at anytime.

Presently, I am working on the 2019-2020-school budget. We continue to explore ways of collaborating and coordinating our initiatives to keep our costs at a minimum without compromising a quality education for our students.

Sincerely,

Patricia Watts
Curriculum Coordinator
