March 14, 2019

Dear Parents, Staff, and Community,

On behalf of myself and the Board of Education, it is with deepest regret and sorrow that I am writing this letter to inform you of the decision made by Big Five Community Services, Inc. As you may or may not know, our 3-year-old program has been funded the past five years with federal funds through Big Five Community Services. Unfortunately, due to a change in funding from the Federal Government, Big Five is being affected by this reduction in federal funds. With that being said, we are going to have to cut our 3-year-old Program from our school system until further notice. We apologize for any inconvenience this may cause you and your family. This has been a wonderful program these past five years, and we feel it has been helpful to our students who have had the privilege of being a part of it.

As always, Calumet Public School will continue working to make this school one of the finest schools in the State. I hope we can continue working together to make this a great place for our students, parents, staff and community.

Sincerely,

*Keith Weldon*

Dr. Keith Weldon
