School Description

COMMUNITY & SCHOOL PROFILE

Bishop is located in Inyo County along Highway 395, at the gateway to the Inyo National Forest, with a population of nearly 4,000. Bishop Unified School District strives to provide a quality education for all its students, with a wide range of programs and a talented staff dedicated to the needs of its population. The District serves approximately 2,000 students in grades K-12.

Home Street Middle School is collaborating with the Bishop Union High School to correlate policies and expectations for their students. The schools hope this partnership will improve the transition students face when moving from middle school to high school.

SCHOOL MISSION STATEMENT

The mission of Home Street Middle School is to develop lifelong learners who possess the skills to further their knowledge and are positive contributors to our society. Our goal is to nurture the development of the whole person and to provide a safe environment that is developmentally responsive, socially equitable, and academically excellent.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Bishop Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. Bishop Unified School District held a Public Hearing on September 20, 2018 and determined that each school within the District has sufficient and good quality textbooks or instructional materials, pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are provided their own individual standards aligned textbooks in core subjects for use in the classroom and to take home.

All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks and have been selected from the State's most recent list of standards-based materials. Bishop Unified School District follows the State Board of Education's seven-year adoption cycle for core content materials.

The textbook adoption process begins with the formation of an Adoption Committee consisting of administrators and teachers. The committee identifies key elements to consider in the adoption decision-making process and establishes selection criteria based on State and District standards. The committee reviews instructional materials on the State list and invites publishers to provide an overview of their respective materials. The committee examines each program and selects programs to be piloted. Recommended programs are available for 30 days prior to adoption at the school library and District Office for teachers and parents to review. The feedback provided by teachers and parents becomes the basis for the recommendations to the Board of Trustees for final adoption.

School Facility Conditions and Planned Improvements (Most Recent Year)

Home Street Middle School provides a safe, clean environment for students, staff, and volunteers. The school is situated on five acres. School facilities were built in 1949; they span nearly 48,000 square feet, and consist of 19 permanent classrooms, four portable classrooms, science labs, volleyball courts, basketball courts, administrative offices, restrooms, and storage rooms. The facilities strongly support teaching and learning through its ample classroom and playground space. Facilities information was current as of December 1, 2018.

MAINTENANCE AND REPAIR

Safety concerns are the number one priority of Maintenance and Operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

CLEANING PROCESS AND SCHEDULE

The District has adopted cleaning standards for all schools in the District. A summary of these standards is available at the school office or at the District office. The site administration team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

DEFERRED MAINTENANCE

The District participates in the State School Deferred Maintenance Program, which provides State matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. During the 2013-2014 school year the District spent \$407,000 to renovate the front elevation and remodel restrooms at Home Street Middle School.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	37.0	36.0	39.0	38.0	48.0	50.0
Math	34.0	34.0	36.0	35.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)

	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
7	16.0	29.0	26.7

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents and the community are very supportive of the educational program at Home Street Middle School. Parents are always welcome to school events, including the Farewell Classic, where eighth graders battle the staff in a basketball game. Shadow Day enables parents to follow their student around school to observe what their child experiences in a typical day. Many local businesses support numerous programs and activities at the school.

Parents who wish to participate in Home Street Middle School's leadership teams, school committees, school activities, or become volunteers may contact the school office at (760) 872- 1381.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Safety of students and staff is a primary concern of Home Street Middle School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and State earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis. Teachers and noon aides monitor school grounds, including the cafeteria and playground, before, during, and after school to ensure a safe and orderly environment. The school is a closed campus; all visitors must sign in at the school office and wear visitor's badges while on campus, and must check out before leaving the school.

The Comprehensive Safety Plan was developed by the school in consultation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive Safety Plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policies, and dress code guidelines. The District collaborated with the Bishop Police Department to update the plans at all the schools. This process created a comprehensive crisis management plan for all schools in the community. The plan was completed and reviewed with school staff in August 2012. A copy of the plan is available to the public at the school and District offices.

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

All training and curriculum development at Home Street Middle School revolves around the California State Content Standards and Frameworks. Teachers align classroom curriculum to ensure that all students either meet or exceed State proficiency levels. Professional development within the District addresses the individual needs of teachers as well as broader school concerns. Five mandatory staff development days are available annually. The District analyzes test scores and conducts a teacher survey to determine areas in the curriculum that need to be modified. The staff development committee

coordinates their offerings based on the District Leadership Team/District Assistance and Intervention Team goals set out annually for staff development related to those goals.

The District participates in the State-sponsored Beginning Teachers Support and Assessment (BTSA) program. The goals of the BTSA program are to help new teachers succeed, foster increased retention of quality teachers within the teaching profession, and improve instruction for students.

The District's Peer Assistance and Review Program (PAR) is designed to improve the education for students and increase the classroom performance of teachers. This District provides support services to all teachers in the District.

Bishop Unified School District offers a wide variety of additional support and professional development opportunities for its teachers, administrators, classified staff, and substitutes.

Types of Services Funded

At the time this report was published, the most recent financial and salary comparison data from the District was for the 2016-2017 school year. The figures shown in the "Expenditures Per Pupil" table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the District and throughout the State.

In addition to general fund State funding, Bishop Unified School District receives State and Federal categorical funding for special programs. For the 2017-2018 school year, the District received Federal and State aid for the following categorical, special education, and support programs:

Title I Program
 Title II Program
 Special Education
 Lottery
 Title III Funding
 Title VII Funding
 IDEA
 MediCal Reimbursement
 EPA

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
