

911 Career and Technical Education Administrator

This is an “add on” endorsement that may be earned only by persons who hold a currently valid Mississippi Educator License with endorsement #486—Administrator.

A #911 endorsement allows a person to serve as a career and technical education administrator.

This endorsement requires the following:

1. Currently valid Mississippi Educator License with endorsement in Administration #486.
2. Applicant must successfully complete a Certification for online learning workshop, module, or course that is approved by the Mississippi Department of Education.
3. Applicant must validate technology competency by attaining the established minimum score or higher on an assessment approved by the Mississippi Department of Education (MDE). The assessment must be directly related to technology competency required by the position. Approved assessments for this license are IC3 or other approved MDE substitute.
4. Applicant must successfully complete a Career & Technical Administrator’s Academy as approved by the Mississippi Department of Education.

Note #1: Effective with academic year 2012-2013, all Career & Technical Administrators must hold a 911 endorsement. To receive reimbursement, all Career & Technical Administrators must complete and submit an application form for this license.

Note: If the applicant meets all requirements listed above, that applicant will be issued a 911 endorsement—a five-year license. If the applicant meets the endorsement requirement, but does not meet all other requirements, the applicant may be issued a three-year endorsement (license), and all requirements stated above must be satisfied prior to the ending date of that license.
