North Carolina Read to Achieve Guidebook Introduction

This guidebook serves as a structural framework for the North Carolina Read to Achieve program. The various charts, narratives, and descriptions are the beginning phase of the Department of Public Instruction's work with this initiative.

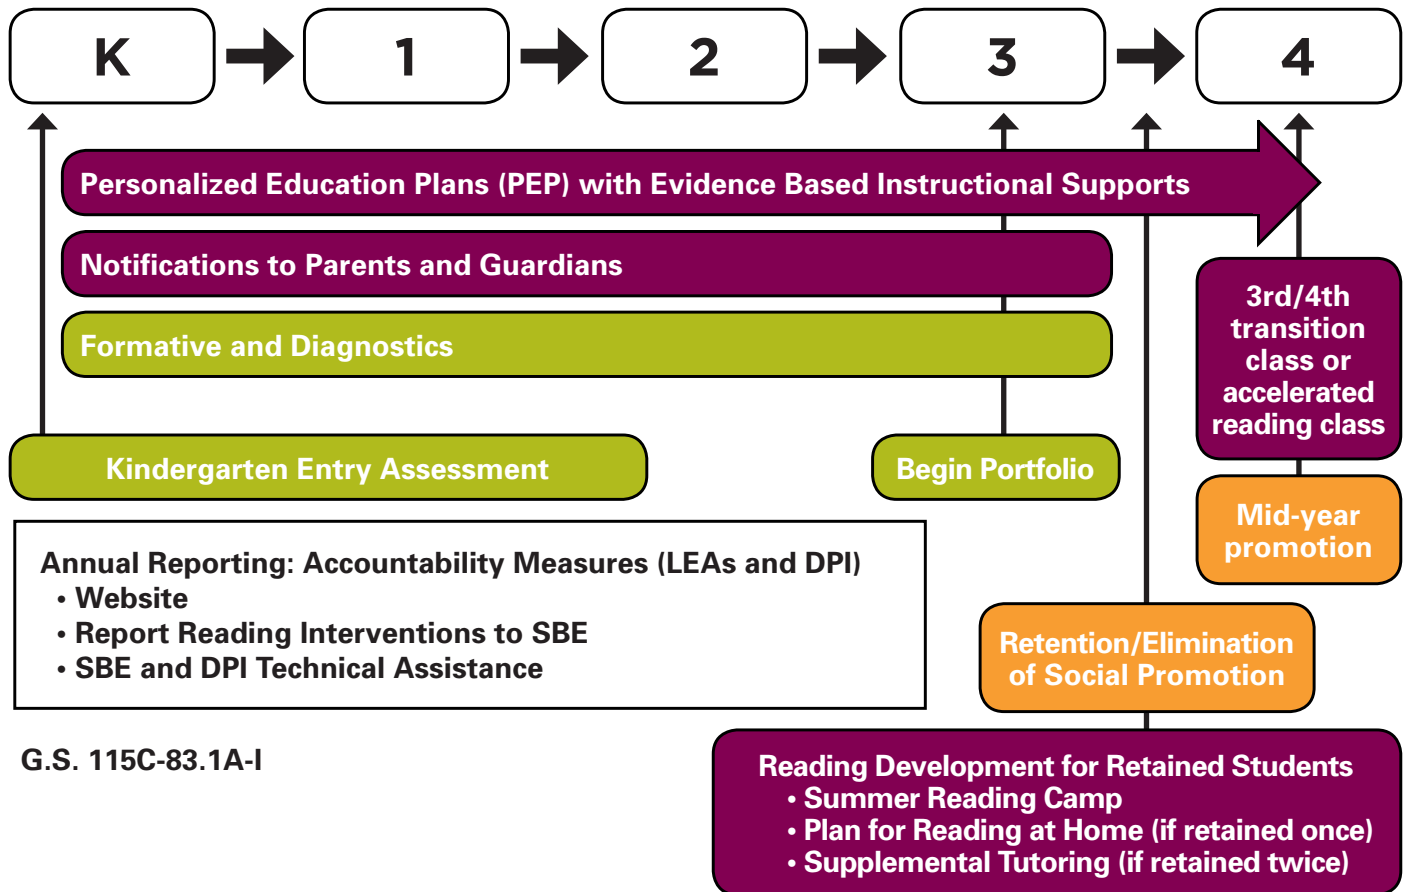

The Read to Achieve program is a part of the Excellent Public Schools Act which became law in July of 2012 and applies to all schools at the beginning of the 2013-2014 school year. The law can be accessed through this link, <http://www.ncleg.net/Sessions/2011/Bills/House/PDF/H950v7.pdf>, (pages 38-45).

This guidebook gives a basic overview of all of the components of the program. There are many more details to be considered and developed. As details are established and finalized, updates of this document will be communicated to all LEAs.

North Carolina Read to Achieve Program Grade Level Implementation Plan

Goal: The goal of the State is to ensure that every student read at or above grade level by the end of third grade.

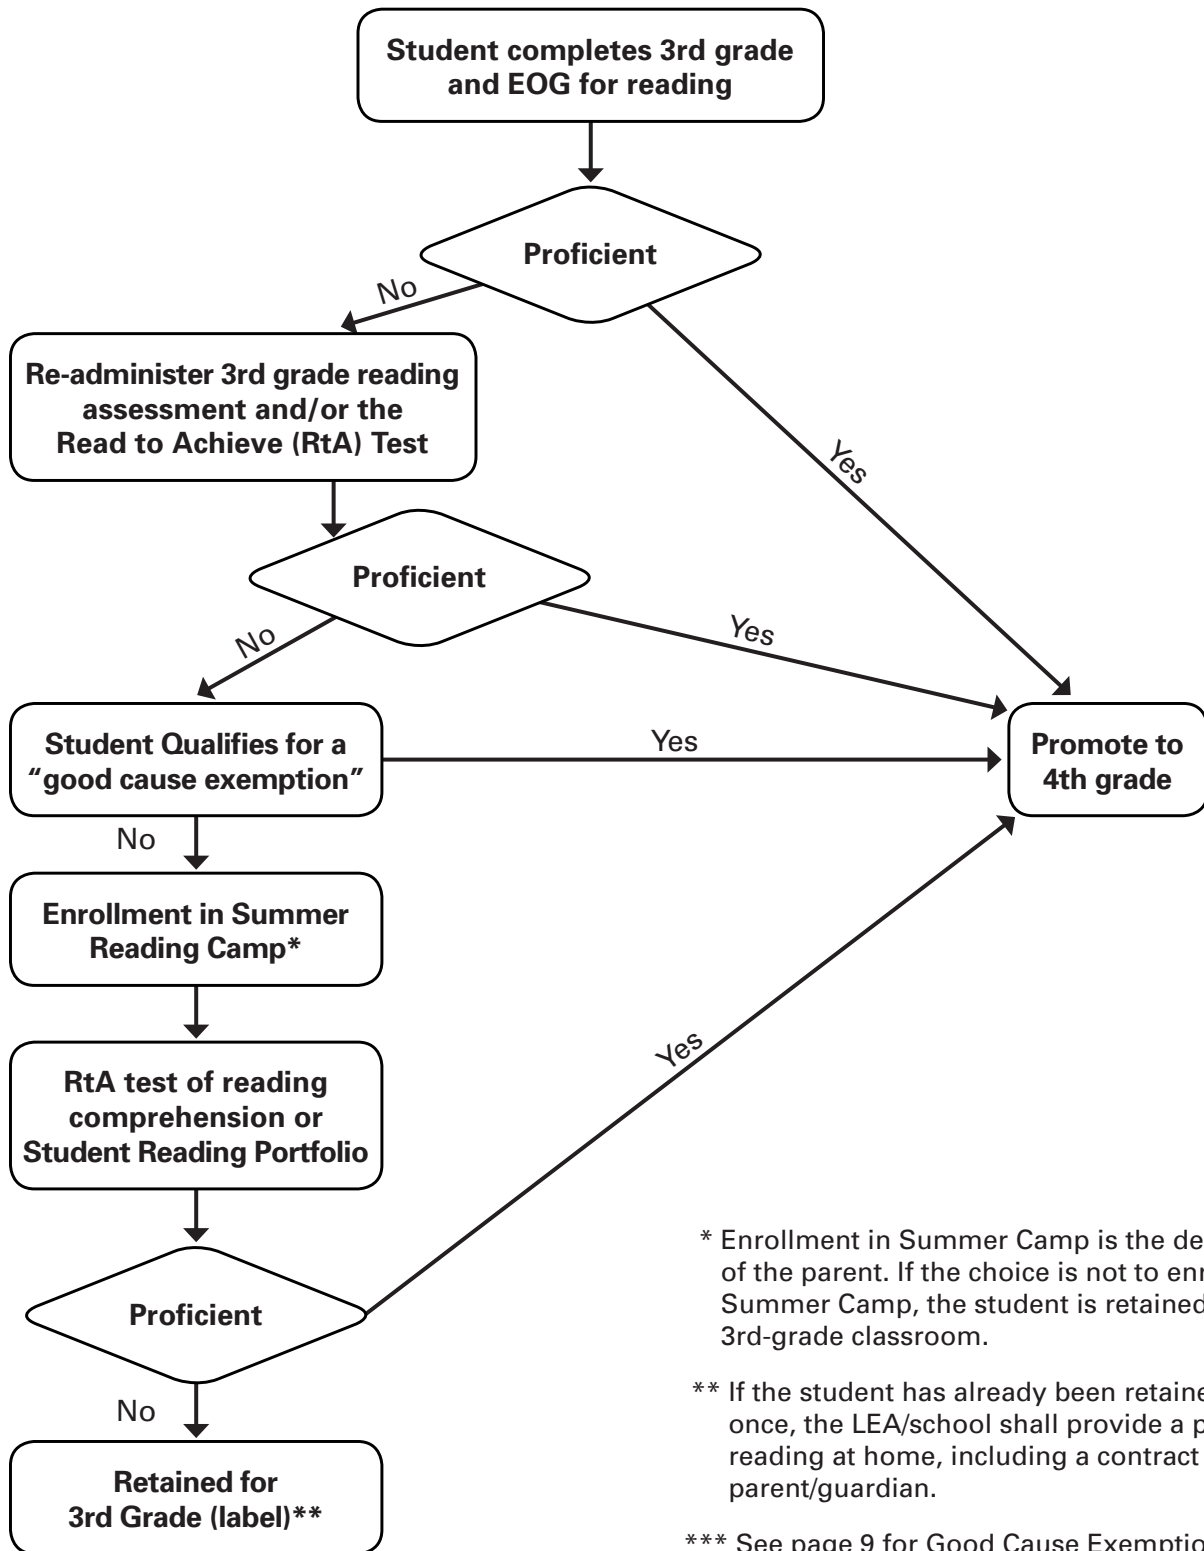

Organizational Chart Narrative

This organizational chart illustrates how the major components of the NC Read to Achieve Program from the Excellent Public Schools Act are interrelated. The goal of the entire program is stated at the top.

- The Grade progression is at the top
- Arrows indicate when different components of the program are initiated.
- Color-coded boxes run below the grade progression to show the timing of each component through the grade levels
 - Purple boxes identify actions that LEAs will provide for struggling students
 - Green boxes identify tools provided by the state that will help LEAs identify, assess, and instruct students
 - Orange boxes identify State Board policies that are required as a result of the legislation
- Reporting and Accountability measures are components of the NC Read to Achieve Program that will be a shared responsibility of the LEAs and the State

North Carolina General Assembly's Read to Achieve Program End-of-Third-Grade Flow Chart

* Enrollment in Summer Camp is the decision of the parent. If the choice is not to enroll in Summer Camp, the student is retained to a 3rd-grade classroom.

** If the student has already been retained once, the LEA/school shall provide a plan for reading at home, including a contract with parent/guardian.

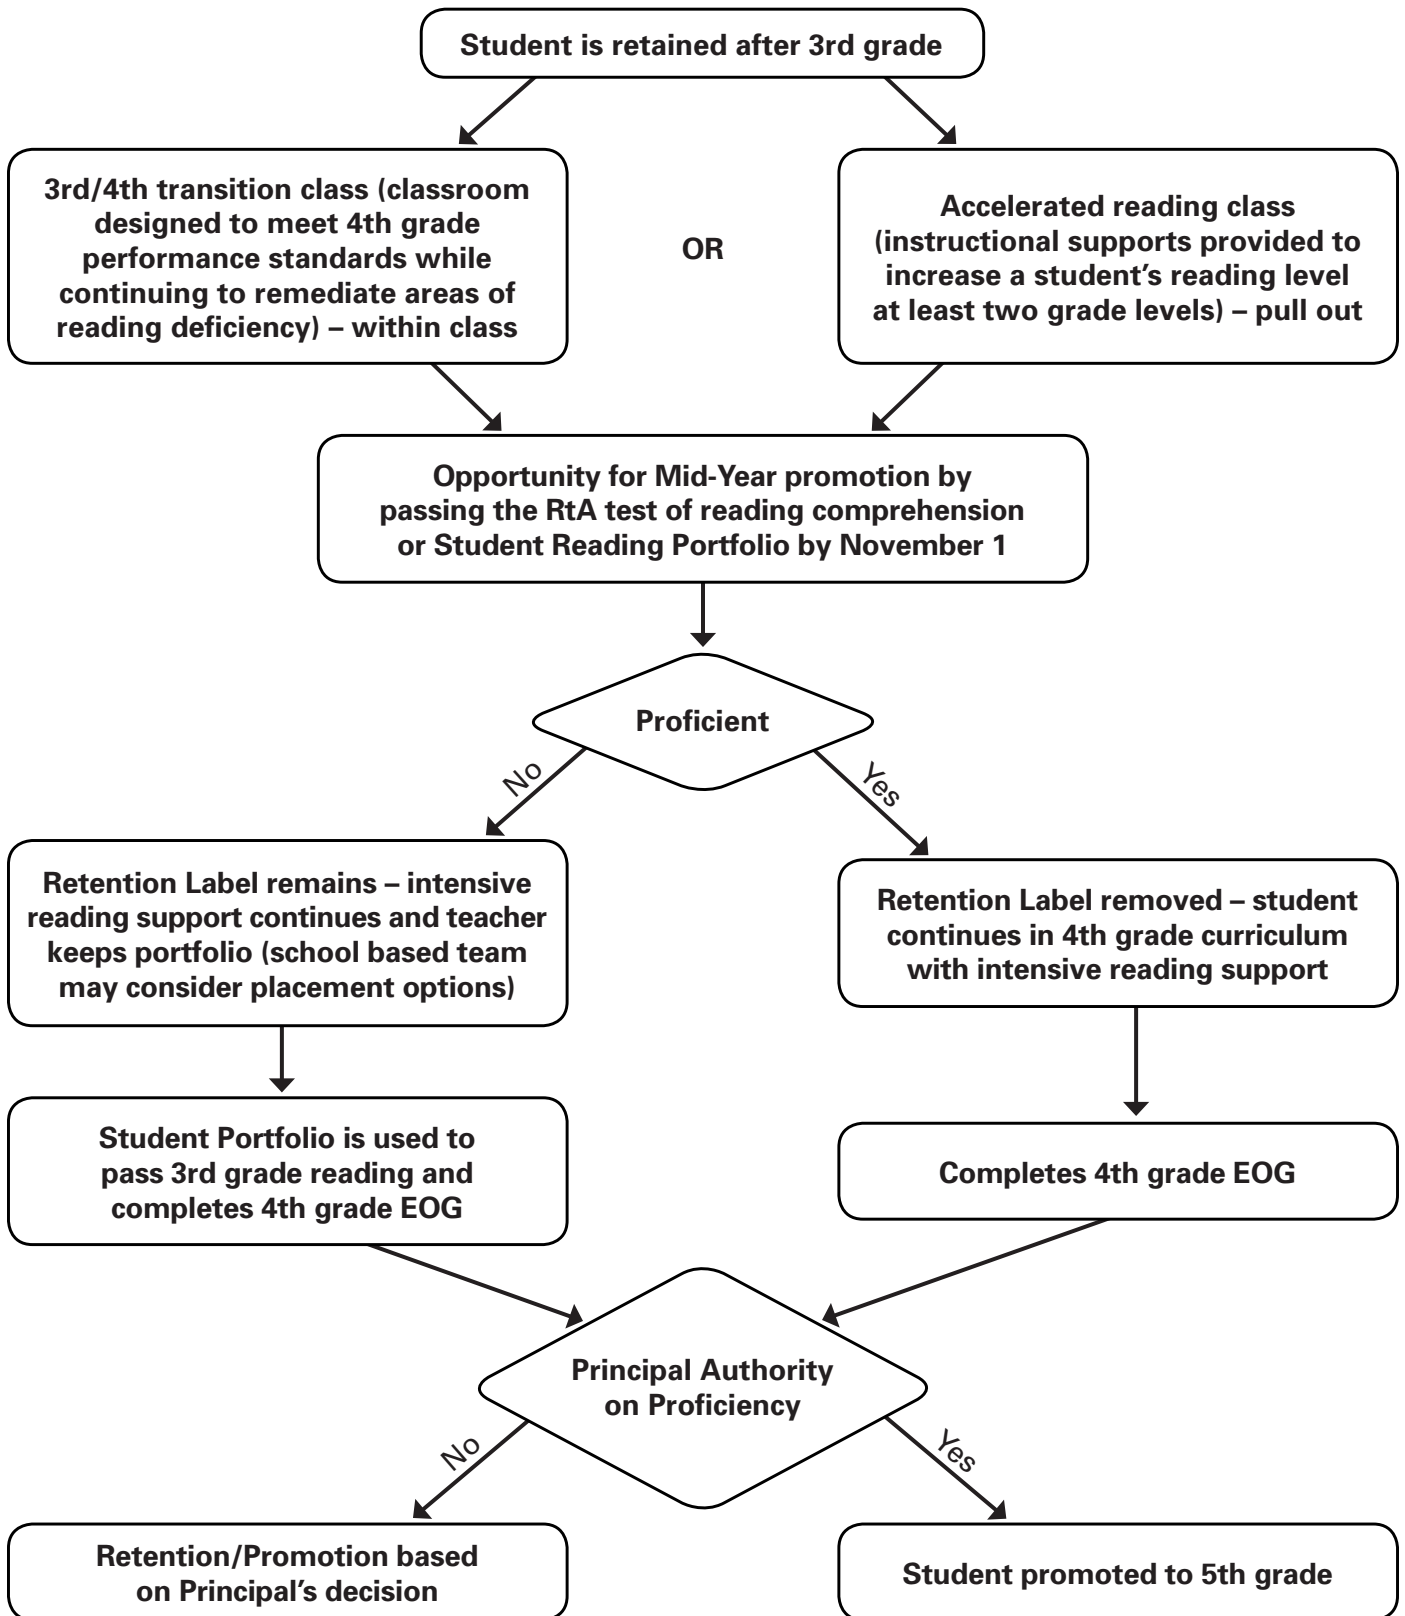

*** See page 9 for Good Cause Exemption

North Carolina General Assembly's Read to Achieve Program End-of-Third-Grade Flow Chart Narrative

This flow chart describes the procedure for students at the end of their third-grade year.

- Students take the 3rd-grade EOG
- If they are proficient, they are promoted to Grade 4
- If they are not proficient, they may take a retest of the EOG (different form) and/or the RtA test (in development)
- If they are proficient on the EOG retake or the RtA test, they are promoted to Grade 4
- If they are still not proficient, they may qualify for a "good cause exemption" and be promoted to Grade 4
- If they do not qualify for a "good cause exemption," they are then enrolled in a Summer Reading Camp
- If a parent decides not to enroll the student in the Summer Reading Camp, the student is retained in third grade
- If the student attends and completes Summer Reading Camp, the student may achieve proficiency by passing the RtA test **OR** by passing with a complete reading portfolio (contents and structure to be determined)
- If proficiency is gained by either means (test or portfolio), the student is promoted to Grade 4
- If the student is still not proficient, the student moves to the next school year with a "retained" label on the record in PowerSchool

North Carolina General Assembly's Read to Achieve Program Retention Flow Chart

North Carolina General Assembly's Read to Achieve Program Retention Flow Chart Narrative

This flow chart describes the procedure for students who are retained in third grade after the student attempts all of the possibilities for promotion (retesting, good cause, summer camp).

- If they are not proficient, students move to the next school year with a “retained” label on their records in PowerSchool.
- If not proficient, the students can be placed in one of two possible settings in the school – a 3rd/4th Transition Class or Accelerated Reading Class (see definitions). Both of these classroom situations are intended to be classes where students receive 4th-grade standards and curriculum with an intense focus on reading to move the student to proficiency in reading.
- Retained students are given an opportunity for mid-year promotion by passing an administration of the third grade RtA Test or by portfolio.
- Students who are proficient by either method have the retained label removed in PowerSchool, continue in the same class with the 4th grade curriculum and continue to receive intensive reading instruction while completing the 4th grade.
- Students who are not proficient by either method maintain the retained label in PowerSchool, continue in the same class with the 4th grade curriculum and continue to receive intensive reading instruction while continuing to maintain the reading portfolio. The school-based team for consideration of placement in special programs should review the data for this student if proficiency has not occurred by this point.
- Retained students use the portfolio contents to attempt to acquire a proficiency status at the end of their 4th-grade year.
- All students in both classes take the 4th-grade EOG.
- Students who **do not have the retained label** and are proficient on the 4th-grade Reading EOG move on to 5th grade.
- If students **do not have the retained label** and are **not proficient** on the 4th-grade Reading EOG, the decision to grade and classify becomes a decision for the principal.
- Students with the **retained label** who are proficient on the 4th grade EOG and pass the portfolio requirements by the end of 4th grade move to the 5th grade and have the retention label removed.
- If students with **the retained label** are **not** proficient on the 4th-grade Reading EOG and **do not pass** the portfolio requirements, then the decision to grade and classify for the following year becomes a decision for the principal, but the third grade retention label remains.
- If students with **the retained label** are proficient on the 4th-grade Reading EOG but **still have not passed the portfolio**, the student moves to the 5th grade, but the third grade retention label remains.
- If students with **the retained label** are **not proficient** on the 4th-grade Reading EOG but **have passed the portfolio**, then the decision to grade and classify for the following year becomes a decision for the principal and the retention label is removed.

Definitions of Terms Used in Excellent Public Schools Act Legislation

1. **“Accelerated reading class”** means a class where focused instructional supports and services are provided to increase a student’s reading level at least two grades in one school year.
2. **“Alternative assessment”** means a valid and reliable standardized assessment of reading comprehension, approved by the State Board of Education, that is not the same test as the State-approved standardized test of reading comprehension administered to third grade students.
3. **“Instructional supports and services”** mean intentional strategies used with a majority of students to facilitate reading development and remediate emerging difficulty with reading development. Instructional supports and services include, but are not limited to, small group instruction, reduced teacher-student ratios, frequent progress monitoring, and extended learning time.
4. **“Difficulty with reading development”** means not demonstrating appropriate developmental abilities in any of the major reading areas, including, but not limited to, oral language, phonological or phonemic awareness, vocabulary, fluency, or comprehension, according to observation-based, diagnostic, or formative assessments.
5. **“Reading interventions”** mean evidence-based strategies frequently used to remediate reading deficiencies and include, but are not limited to, individual instruction, tutoring, or mentoring that target specific reading skills and abilities.
6. **“Reading proficiency”** means reading at or above the third grade level by the end of a student’s third grade year, demonstrated by the results of the State-approved standardized test of reading comprehension administered to third grade students.
7. **“Reading deficiency”** means not reading at the third grade level by the end of the student’s third grade year, demonstrated by the results of the State-approved standardized test of reading comprehension administered to third grade students.
8. **“Student reading portfolio”** means a compilation of independently produced student work selected by the student’s teacher, and signed by the teacher and principal, as an accurate picture of the student’s reading ability. The student reading portfolio shall include an organized collection of evidence of the student’s mastery of the State’s reading standards that are assessed by the State-approved standardized test of reading comprehension administered to third grade students. For each benchmark, there shall be three examples of student work demonstrating mastery by a grade of seventy percent (70%) or above.
9. **“Summer reading camp”** means an additional educational program outside of the instructional calendar provided by the local school administrative unit to any student who does not demonstrate reading proficiency. Parents or guardians of the student not demonstrating reading proficiency shall make the final decision regarding the student’s summer camp attendance. Summer camps shall (i) be six to eight weeks long, four or five days per week; (ii) include at least three hours of instructional time per day; (iii) be taught by compensated, licensed teachers selected based on demonstrated student outcomes in reading proficiency; and (iv) allow volunteer mentors to read with students.
10. **“Transitional third and fourth class combination”** means a classroom specifically designed to produce learning gains sufficient to meet fourth grade performance standards while continuing to remediate areas of reading deficiency.

Good Cause Exemptions

Students may be exempt from mandatory retention in third grade for good cause but shall continue to receive instructional supports and services and reading interventions appropriate for their age and reading level. Good cause exemptions shall be limited to the following:

1. **Limited English Proficient students** with less than two years of instruction in an English as a Second Language program.
2. **Students with disabilities**, as defined in G.S. 115C-106.3(1), whose individualized education program indicates the use of alternative assessments and reading interventions (based on alternative achievement standards).
3. **Students** who demonstrate reading **proficiency** appropriate for third grade students on an **alternative assessment** approved by the State Board of Education. Teachers may administer the alternative assessment following the administration of the State-approved standardized test of reading comprehension typically given to third grade students at the end of the school year, or after a student's participation in the local school administrative unit's summer reading camp.
4. **Students** who demonstrate, through a **student reading portfolio**, reading **proficiency** appropriate for third grade students. Teachers may submit the student reading portfolio at the end of the school year or after a student's participation in the local school administrative unit's summer reading camp. The student reading portfolio and review process shall be established by the State Board of Education.
5. **Students** who have (i) **received reading intervention** and (ii) **previously been retained more than once** in kindergarten, first, second, or third grades.

North Carolina Read to Achieve Comprehensive Plan for Reading Achievement Process

Legislative Component	Comprehensive Plan for Reading Achievement: <ul style="list-style-type: none"> • Develop, implement, and continuously evaluate a comprehensive plan to improve reading achievement • Based on reading instructional practices with strong evidence of effectiveness in current empirical research in reading development • Reflect research • Include Standard Course of Study or curriculum standards • Include revision of teacher licensure and renewal standards • Include revision of teacher education program standards

North Carolina Responsiveness to Instruction (NCRtI)

OVERVIEW

Definition: NC Responsiveness to Instruction (NCRtI) is a multi-tiered framework which promotes school improvement through engaging, high quality instruction. NCRtI employs a team approach to guide educational practices, using a problem-solving model based on data, to address student needs and maximize growth for all.

Critical Components:

- ✓ Leadership and Shared Responsibility
- ✓ Curriculum and Instruction
- ✓ Assessment
- ✓ Problem-Solving/Data-Based Decision Making
- ✓ Family and Community Partnerships
- ✓ Sustainability and Integration

	Tier I – Core	Tier II – Supplemental	Tier III – Intensive
Who	All Students	Students needing supplemental support in addition to Tier I instruction (approx. 20% of students)	Students needing intensive support in addition to supplemental and Tier I instruction (approx. 5% of students)
What	NC Standard Course of Study (includes the Common Core and Essential Standards)	NC Standard Course of Study along with supplemental evidence-based programs and practices demonstrated to improve performance toward grade level standards	NC Standard Course of Study along with evidence-based programs and practices demonstrated to improve performance toward grade level standards
How	Through a team based problem-solving model, utilize evidence-based programs and instructional practices (including materials, pacing, assessments, etc.) that enable students to meet the grade level standards for social and academic success		
		Instructor led support is delivered through explicit, targeted, and data driven instruction aligned to the Core, typically in small groups	
			Increase frequency, duration, and/or intensity of instruction
Effectiveness	Goal: <i>at least</i> 80% of ALL students receiving only Tier I (across subgroups) are meeting or exceeding grade level standards	Goal: <i>at least</i> 70-80% of students receiving Tier II instruction are showing growth toward meeting or exceeding grade level standards	Goal: students receiving Tier III instruction are showing individual growth toward meeting or exceeding grade level standards

North Carolina Responsiveness to Instruction (NCRtl)

BRIEF

Definition: NC Responsiveness to Instruction (NCRtl) is a multi-tiered framework which promotes school improvement through engaging, high quality instruction. NCRtl employs a team approach to guide educational practices, using a problem-solving model based on data, to address student needs and maximize growth for all.

Philosophy:

We believe in...

- Shared responsibility by all stakeholders including educators, families, students, and community partners.
- High levels of academic and social growth for all students.
- Continuous reflection on and improvement of instructional practices and learning environments.
- Intentional partnerships with families, community members, and stakeholders.
- Comprehensive implementation through systematic and purposeful approaches and leadership.

Critical Components Of NCRtl:

Leadership and Shared Responsibility

- All school personnel work collaboratively to maximize every student's potential.
- Family and community members partner with school personnel in the education process.
- School, district, and state leadership create systems of support in which resources are aligned, barriers are removed, and best practices are implemented.
- Leaders are knowledgeable, committed, and supportive of implementation.

Curriculum & Instruction

- High-quality standards-based instruction on the NC Standard Course of Study is foundational for all students.
- Students learn through meaningful, engaging, and appropriately challenging experiences.
- Teachers and school community facilitate learning through evidence-based differentiated instruction and intervention within a multi-tiered framework based on data.
- Teachers and school personnel continually match student supports with student needs in learning.
- All students have academic and social supports they need to be successful.

Assessment

- A comprehensive balanced assessment system includes both formative and summative assessments used to determine instructional effectiveness and guide student learning.
- School/District teams continuously analyze the effectiveness of Rtl implementation.
- Teams implement intentional assessments of the fidelity of instructional practices at all tiers.

Problem-Solving/Data-Based Decision Making

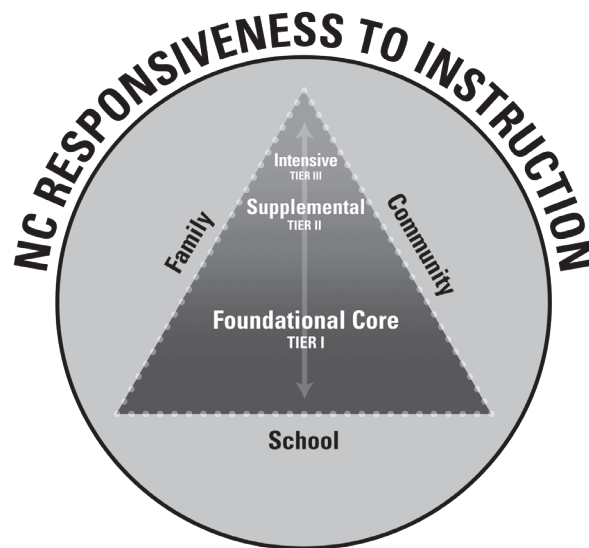

- A team based problem-solving model for instructional design and delivery guides the process of continuous improvement at all tiers.
- District/School structures have been designed in order to remove barriers for effective problem-solving at all tiers.
- The contexts of instruction, curriculum, environment, and learner are deliberately examined during hypotheses development.
- Data decision guidelines are established and explicitly stated.

Family and Community Partnerships

- School personnel create a positive, respectful, responsive environment where student, family and community are intentionally valued.
- Family and community partners are actively recruited, empowered, and engaged to maximize every student's potential.
- Families, community partners, and educators collaborate and share their expertise about the student in support of learning.

Sustainability and Integration

- School, district, and state leadership actively plan for and implement systems that support best practice, include on-going program monitoring and evaluation, and are inclusive of all initiatives.
- Comprehensive implementation includes development of a full continuum of academic and social support for all students.
- Professional development is informed by teacher and program evaluation, targets student learning and specific skill development, and is sustained by ongoing networking and coaching.
- Intentional scale-up at all levels is guided by fidelity of implementation, which honors local context and culture, to ensure expected outcomes.
- Rtl is implemented as a framework for school improvement under which all initiatives are intentionally integrated.

Description:

Section 115C-83.1F of the 2012-2013 budget law identifies strategies for facilitating early-grade reading proficiency. The law states that “Kindergarten, first, second, and third grade students shall be assessed with valid, reliable, formative, and diagnostic reading assessments made available to local school administrative units by the State Board of Education pursuant to G.S. 115C-174.11(a).” The state began a reading diagnostic initiative in 2009 with 27 pilot schools. This initiative expanded to 480 schools in 2010 and continued in 2011. The schools are using mClass Reading 3D, an on-going formative and diagnostic assessment system with three benchmarking periods. Teachers formatively assess students throughout the year between the benchmarks and use the assessment results to guide their instruction in the classroom. This web-based system is downloaded to an electronic touch-screen device to allow teachers ease and speed of administration. Immediate teacher reports give valuable feedback about the instructional needs of the students and identify appropriate, individualized interventions and strategies. Administrative reports allow for school administrators and central office personnel to make decisions at the school and district level about successful instructional methods, intervention programs, and scheduling. Informative parent reports with suggested reinforcing activities are also provided after each benchmark. The Department of Public Instruction will expand the implementation of the mClass Reading 3D diagnostic system state-wide for the 2013-2014 school year as required by legislation. Training will begin in August of 2012 for schools that would like to begin the assessments in the fall of 2012, and training and resources will be provided throughout the year to ensure full implementation by all schools state-wide by the first benchmarking period of 2013. A policy outlining the implementation process and expectations for schools and districts is attached.

Resources:

Student subscriptions, teacher training, student assessment kits, electronic devices for teachers, professional development by Department of Public Instruction consultants, Reading 3D Master Trainers from NC school districts and vendor consultants

Input Process:

The NC Department of Public Instruction piloted this reading diagnostic system in 2009 using 27 volunteer schools. In 2010, an RFP was issued for a technology-based reading diagnostic assessment system that included formative and benchmarking assessments for elementary reading. mClass Reading 3D was chosen, and immediate training and implementation began in the lowest performing schools in North Carolina. In the late fall of 2010, invitations were sent out for more schools to apply and participate. By the end of 2011, 480 schools were participating. A 2011 and 2012 report indicated a very strong predictive correlation to the EOG proficiency scores. The 2012 reports for individual districts and the state also show growth increases in subskills and reading levels.

Stakeholders:

Teachers, administrators, parents, students, district administrators

Timeline For Action:

This policy is being presented for Discussion at the August 2012 State Board meeting.

Recommendations:

The NC Department of Public Instruction recommends that the State Board of Education adopt this policy to ensure the administration of mClass Reading 3D as the state formative and diagnostic reading assessments in grades K-3 for the 2013-2014 school year.

STATE-WIDE IMPLEMENTATION OF FORMATIVE AND DIAGNOSTIC READING ASSESSMENTS IN GRADES K-3

Pursuant to the provisions of G.S. 115C-174.11(a), the State Board of Education shall provide to all local school districts a valid, reliable, formative and diagnostic reading assessment for kindergarten, first, second and third grade, effective with the 2013-2014 school year.

- (a) The State Board of Education shall adopt and provide to the local school districts developmentally appropriate individualized assessment instruments consistent with the Basic Education Program.
 - 1) Each local school district shall use the State Board of Education-approved formative and diagnostic assessment system for reading in grades K-3.
 - 2) All components of the State Board of Education-approved formative and diagnostic assessment system shall be used to assess students in grades K-3 during benchmarking and progress monitoring in accordance with State Board policy.
- (b) Local school administrative units shall use the assessment instruments provided to them by the State Board for kindergarten, first, second, and third grade students to assess progress, diagnose difficulties, and inform instruction and remediation needs.
 - 1) Benchmark assessments shall be given three times a year: Beginning of Year (BOY), Middle of Year (MOY), and End of Year (EOY). Progress monitoring assessments shall be given between each benchmark according to the state progress monitoring schedule.
 - 2) Teachers and administrators shall analyze assessment data results and adjust instructional practices and schedules to meet the individual needs of students.
 - 3) School administrators shall review school-wide data, classroom summary data, and student data during benchmarking and progress monitoring periods for the purpose of providing instructional leadership in the school with regards to scheduling and professional development opportunities.
 - 4) District administrators shall analyze district data to ensure fidelity of implementation and identify trends within the district and in individual schools.
 - 5) End of Year (EOY) individualized student summary reports shall be placed in cumulative records at the end of each year in grades K-3.
- (c) After each benchmark period, the school shall provide the parent of each individual K-3 student with program-generated written notification of the student's progress, including:
 - 1) assessment results,

Explanation of PEP Samples

There are sample forms of Personal Education Plans (PEP) that follow this page. These forms are meant to be sample formats that LEAs can follow. This is **NOT a state-mandated form. LEAs may choose to use all, part, or none of the sample forms. LEAs are free to develop their own forms. Please refer to the law (link provided on the introduction page) to reexamine the components that should be included in a PEP.

LEAs that have completed Responsiveness to Instruction (RtI) training may use specified RtI forms as the student's PEP.
