

Proof of Residence

All **NEW** students must provide Proof of Residence each year. (There is no need for current students to provide proof.)

Residence shall be defined as the full time home of the child and the child's parents, legal guardian, or other appropriate adult authorized to have custody of said child.

Residence shall be determined by objective evidence, including at least **two** of the following items:

- *a valid Kansas driver's license or military identification;
- *current property tax receipt;
- *utility bill;
- *voter's registration card;
- *home mortgage note;
- *lease or rental agreement; and
- *any other such objective evidence as will aid school employees to make a correct determination as to "residence".

Why is this necessary?

USD 346 has experienced growth in the past few years and the school district is happy to welcome new families. Each year parents living in other districts try to enroll their children to experience our great schools. The parents of out-of-district students do not pay local taxes and therefore don't help pay for the education of our children. We regret the inconvenience this procedure places on parents.
