### **Call to Order**

1. Call to Order - meeting called to order at 6:35 p.m. by Melanie Henderson

### **Reports**

5. Superintendent's Report
  - Michael Clark shared his written report that has been shared at the local meetings.
  - There are also pages included in the packet regarding the visit Rob Gess and Michael Clark had with the AOE. General gist is the Secretary shared concern about missing five items, we have whittled away so they are only looking for 2 items from GISU- one is the FY18 audit, has been discussed with Sullivan and Powers, we have worked to get them all the information they are looking for in a timely way. Audit must be done by May 12, Rick Brigham from Sullivan and Powers indicated this is a tight timeline and we are staying on top of them. 2nd item is the FY18 STAT report, Kara is working on this and working with Northwest Counseling to get the information for the worksheet that is due. Anticipating that STAT report is likely to be completed within 2 weeks at the latest. We are reporting weekly to AOE in writing. AOE is holding onto to grant funds that have been earned, but not distributed. This is our incentive to get this done. Long term we need to have a conversation about how we avoid this situation again. We have considered contracting out payroll, to free up time for our Finance Specialist to be able to run these reports faster. Other districts have also had this conversation, not just us.
  - Michael Inners asked about money withheld- how does this affect cash flow? Michael Clark responded that the majority of the money goes toward salaries and teachers are paid throughout the summer and this is when cash flow would be affected.
  - Tim Maxham asked what sTAT book is? Rob Gess explained that it is a data collection tool to collect expenditures and revenues to collect data at a state level. It is everything from pupil counts to tuition expenses. It has to be done for SU and all five school districts.
  - Tim Maxham confirmed that the AOE was requesting information from us that they already had. Michael Clark responded yes that they found it before they left the meeting.

## Financial Report

- Rob Gess shared the budget to actual in packet- special ed will be over budget, transportation and tuition will be over-budget, but we will get some reimbursement. Operation side is on track to be on budget. Audit expense is over-budget, due to delay in last year's audit, but will be adjusted accordingly.
- Audit is the priority right now and the requests for information is being processed ASAP.
- The visit from AOE around the procurement processes went well and set us up with a lot of information for the auditors.
- Transportation RFP is 90% complete
- Getting quotes from payroll vendors.
- CIUUSD prep has gone on- approved budget is in finance system and all the databases like payroll, AP, etc must be uploaded.
- Tim Maxham motions that board has received and reviewed financial report, Bridget Brisson second. All in favor, motion passes.

## Adjusted Agenda Item: District Nurse information regarding Narcan

- Michael Clark shared information that Emily Dousevicz approached him with permission to carry Narcan. Michael Clark shared we do not have a policy to prohibit this, but he would support this. Michael Inners shared that he feels it is something we should do because it is possible for a community member, staff, or accidental administration. Response time of volunteer rescue can be slower. Michael Clark shared that the sheriff's office has it and would support us having it. Melanie Henderson asked about cost. Michael Clark clarified that it is not cost and Emily Dousevicz would train staff and it would be locked as with other medications. Could see limiting training to health assistants within the school.
- Michael Inners motions to support proposal to make Narcan available with health staff in the school, Don Bartlett seconds. All in favor, motion passes.

## Adjusted Agenda Item: Resignation

- Michael Clark shared that Ashley Poirier has given her three week resignation. She is willing to come back and train the person who will take over for her.
- Melanie Henderson thanked Ashley Poirier for everything she has done.

## Adjusted Agenda Item: Update on Health Care Negotiations

- Michael Inners shared the update from VSBA, proposals have been publicly released and the summary of the proposals. At this point no negotiations are happening and an unfair labor relations has been filed.

This employee has worked on a provisional license for past two years and has worked on Master's Degree. She is now a fully licensed special educator. This is a significant pay increase to move these columns. Anticipate that we would lose her. Side letter was drafted with a Uniserve director and is non-binding and would be just for one employee. Demand for special educators is high. This would start with next year's contract (FY20).
- Jane Zera shared that she is dedicated and is all about the students.
- Tim Maxham motions to approve the side letter and allow Melanie Henderson to sign, Jane Zera seconds. All in favor, motion passes.

# Superintendent's Report

## June 2019

### **Negotiations**

Meetings between the Teachers Association and the GISU School Board Negotiations committee are ongoing.

### **Individual Contracts**

Individual teacher and support staff contracts have been distributed and are being returned in accordance with three union master agreements.

### **2019-2020 Hiring Process**

The 2019-2020 hiring process is underway. There are postings for positions in all three districts (Alburgh, CIUUSD, and South Hero) as well as at the Supervisory Union. The GISU office is working hard to get recommended candidates to interviews with the Superintendent as quickly as possible. The application pool for many of the postings is very good while there are also some postings which are not attracting many applications.

### **CIUUSD Principal Hiring**

I facilitated the CIUUSD Principal Hiring Advisory Committee and would like to thank Dan Foster, Carol Egan, Jane Zera, Jeri Frank, Barb Larvey, Hannah Pelkey, Caryn Zambrano, Sarah Noble, and Kristin Roach for hard work on this committee. The committee met and identified what it believed we are looking for in a candidate, identified 21 questions to ask at the interview, and then reviewed all the candidates. The committee narrowed the search down to 6 candidates to interview. I scheduled all six interviews however between scheduling and conducting the interviews two candidates withdrew as they accepted other positions. A candidate has been selected to be recommended as the 2019-2020 CIUUSD North Hero and Isle La Motte campuses and will visit the North Hero and Isle La Motte Communities on June 4, 2019.

### **Status of Moving the GISU Office**

The CIUUSD Board has approved a specific budget for each of the components of the remodel and move. While we are on track to complete the work necessary to move into the new space by July 1, 2019 it is likely we will need time in July to review the files that need to be moved based on record retention best practices and to actually move spaces.

### **FY 18 Audit/Grant Funds**

I am pleased to share the GISU made the deadline established by the AOE regarding the completion of the FY 18 GISU Single Audit and as a result the grant funds from FY 17 which we were in jeopardy of losing have been released and I anticipate will be processed by the AOE in the first week of June. We completed the FY 18 audit 6 months earlier than the FY 17 audit. If we continue to improve at this pace the FY 19 audit can be completed in December which would be within the traditional normal times school audits are completed.

### **FY 18 Local Audits**

We have shifted our focus to completing the local audits. Our goal is to complete the local Audits in June.

Thank you for the work you do as board members to support education throughout the Islands.

## CODE A1 - BOARD MEMBER CONFLICT OF INTEREST

### Policy

It is the policy of the Grand Isle Supervisory Union and its member districts that it is the ethical and legal duty of all school board members to avoid conflicts of interest as well as the appearance of conflicts of interest.

### Definitions

"Conflict of interest" means a situation when a board member's private interests, as distinguished from the board member's interest as a member of the general public, would benefit from or be harmed by his or her actions as a member of the board.

"Majority vote", for the purposes of this policy, means a majority of the full board less the individual board member(s) subject to a complaint of a conflict of interest under this policy. A quorum of the board would not be sufficient for the board to take action under the complaint section of this policy.

### Implementation

In order to comply with the obligations thus imposed, the board and its members will adhere to the following recommended standards.

1. Board members will be familiar with the VSBA or similar Code of Ethics, and will observe their provisions.
2. Board members will be familiar with, and adhere to, those provisions of Vermont education law which define school board powers and govern board member compensation and public bidding processes.
3. A board member will not take any action which is intended to give the impression that he or she would represent special interests or partisan politics for personal gain.
4. A board member will do nothing intended to give the false impression that he or she has the authority to make decisions or take action on behalf of the board or the school administration.
5. A board member will not use his or her position on the board in any manner intended to unfairly promote personal financial interests or the financial interests of family members, friends or supporters.
6. A board member will not solicit or accept anything of value in return for taking particular positions on matters before the board.
7. A board member will do nothing intended to leave the impression that his or her position on any issue can be influenced by anything other than a fair presentation of all sides of the question.

### Avoiding Conflicts

When a board member becomes aware that he or she is in a position that creates a conflict of interest or the appearance of a conflict of interest as defined in state law or this policy, he or she will declare the nature and extent of the conflict or appearance of conflict for inclusion in the board minutes, and will abstain from voting or participating in the discussion of the issue giving rise to the conflict.

## Complaints of Conflict of Interest

When a conflict of interest claim against a board member is brought to the board in writing and is signed by another board member or a member of the public, and the board member against whom the claim is made does not concur that a conflict in fact exists, the following board procedures will be followed:

1. Upon a majority vote of the remaining board members, or upon order of the chair, the board will hold an informal hearing on the conflict of interest claim, giving both the board member and the person bringing the claim an opportunity to be heard.
2. At the conclusion of the informal hearing, the remaining board members will determine by majority vote whether to:
  1. Issue a public finding that the conflict of interest charge is not supported by the evidence and is therefore dismissed;
  2. Issue a public finding that the conflict of interest charge is supported by the evidence and that the member should disqualify him or herself from voting or otherwise participating in the board deliberations or decision related to that issue, as required by Vermont statute; and/or,
  3. Issue a public finding that the conflict of interest charge is supported by the evidence and the board member should be formally censured or subjected to such other action as may be allowed by law.

## CODE F23 - PARTICIPATION OF HOME STUDY STUDENTS

### **Policy**

It is the policy of the Grand Isle Supervisory Union and its member School Districts to comply with the requirements of Act 119 of 1998 by allowing home study students to participate in courses, programs, activities, and services and use school educational materials and equipment.

The Superintendent will develop administrative procedures that comply with rules promulgated by the Vermont State Board of Education as is necessary to implement this policy.

### **General Guidelines for Home Study Student Participation**

1. Special Services: Special education services are available to all students found eligible under criteria set forth in state and federal regulations.
2. Compliance with Procedures: All students will comply with the application and enrollment deadlines as well as all legal and policy requirements such as immunization and the provision of student information including health records, emergency contacts and other necessary background information outlined in the administrative procedures. All students must abide by rules of conduct and other conditions set forth in the student handbook, school policies and procedures.
3. Supervision of Students: School personnel are responsible for supervising students during their approved participation in school sponsored activities. Parents of home study students must provide supervision for their children when they are at school but not participating formally in school activities.
4. Transportation: Home study students may participate in the regular school transportation arrangements to attend school programs in which they are enrolled. The school will not supply special transportation except as provided for in law.

### **Participation of Home Study Students in Programs and Activities Shall Be Subject to the Following Conditions:**

1. Home study students must supply to the school a copy of their formal home study enrollment notification from the Commissioner of Education.
2. All students are subject to the same age, performance, and pre-requisite standards for admission to courses and co-curricular activities.
3. Home study students seeking admission to courses requiring prerequisites will be asked to demonstrate academic achievement comparable to that required of fully enrolled students meeting prerequisite standards. The teach/guidance counselor/Principal will discuss alternative ways to demonstrate achievement with the parents of home study students. Final determination of a student's qualifications to enroll in a course requiring prerequisites will be made by the teacher/ guidance counselor/Principal.
4. Students may not enroll for single subjects which are taught as part of integrated courses – those courses that cover two or more subjects and are taught by a single individual or team – but may seek admission to the integrated course.
5. Participation in athletic and other extra – curricular programs and activities will be in compliance with the school's eligibility requirements as well as with the guidelines adopted by the Vermont Principal's Association.

6. It may be neither practical nor feasible for home study students to participate in special programs that have unclear or flexible schedules. The parents of home study students must take the initiative to check with the school on the scheduling of events and possible changes that may occur.
7. The parents of home study students may be asked to provide supervision for some activities on the same basis as the parents of fully enrolled students.
8. Home study students may participate in the school's standardized testing program at the regularly scheduled times after giving appropriate notice to the school as outlined in the administrative procedures.

**Use of Facilities, Equipment and Materials by Home Study Students Is Subject to the Following Conditions**

- The use by home study students does not interrupt or disrupt regularly scheduled uses.
- Request for use has been made and approved according to the administrative procedures that apply to all requests for such use.
- The use does not involve removal of equipment from the school premises except as explicitly allowed.
- Library books and other materials are signed out according to established procedures and are subject to replacement or fines for damage or loss as defined in the administrative procedures.

**School Administration**

● The school will include home study students on the school register and count them for the purpose of state aid for the portion of the school day in which students are enrolled in academic courses. For each co-curricular activity in which a non-enrolled home study student participates, the school shall count 0.03 FTE as allowed under rule 9200.3.1. The capacities of classroom courses and other co-curricular activities are outlined in administrative procedures and updated regularly to reflect the class sizes specifically desired by the District, the capacity of special equipment used in science, language, business laboratories or other specialized classrooms, or other limitations on participation.

● In cases where applications for enrollment exceed capacity, first priority for enrollment in curricular and co-curricular activities will be determined considering the following for all students:

- Is the course or activity needed as a pre-requisite to another course or activity?
- Is graduation of the student dependent upon completion of the course?

In the absence of other prevailing factors, enrollment will be determined in the following order of priority:

- First priority given to fully enrolled students (in co-curricular activities only; this option may not be applied to admissions to academic programs)
- First come, first served.

When choices for admission to either academic or co-curricular programs must be made because of limited space, the Supervisory Union will report to the Secretary of Education

and shall provide other information on the integration of home study students into the public school as request by the Secretary. The Principal (or designee) is responsible for administering this policy and for all decision made under the direction of this policy. The Principal will act on all requests within 10 working days of receiving the request.

### **Appeals Process**

Should a parent disagree or have concerns with the Principal's decision, an appeal may be made to the Superintendent of Schools. Within ten working days of receiving an appeal, the Superintendent shall meet with the parent(s) or guardian(s) and make a decision on the appeal in a prompt fashion. A final appeal from the Superintendent's decision may be to the School Board which will schedule a timely hearing and render a final decision within ten working days fo the hearing date.

The same rules and expectations govern student use of IT resources as apply to other student conduct and communications, including but not limited to the district's harassment and bullying policies.

The district's computer and network resources are the property of the district. Users shall have no expectation of privacy in anything they create, store, send, receive or display on or over the district's computers or network resources, including personal files and electronic communications.

The superintendent is responsible for establishing procedures governing use of IT resources consistent with the provisions of this policy. These procedures must include:

1. The Principal or their designee will develop annually, a program for educating students about responsible digital citizenship. As defined in this policy, a responsible digital citizen is one who:

4. Methods to address the following:
  - a. Control of access by minors to sites on the Internet that include inappropriate content, such as content that is:
    1. Lewd, vulgar, or profane
    2. Threatening
    3. Harassing or discriminatory
    4. Bullying
    5. Terroristic
    6. Obscene or pornographic
      - b. The safety and security of minors when using electronic mail, social media sites, and other forms of direct electronic communications.
      - c. Prevention of unauthorized online access by minors, including "hacking" and other unlawful activities.
      - d. Unauthorized disclosure, use, dissemination of personal information regarding minors.
      - e. Restriction of minors' access to materials harmful to them.
5. A process whereby authorized persons may temporarily disable the district's Internet filtering measures during use by an adult to enable access for bona fide research or other lawful purpose.

### **Policy Application**

This policy applies to anyone who accesses the district's network, collaboration and communication tools, and/or student information systems either on-site or via a remote location, and anyone who uses the district's IT devices either on or off-site.

### **Limitation/Disclaimer of Liability**

The District is not liable for unacceptable use or violations of copyright restrictions or other laws, user mistakes or negligence, and costs incurred by users. The District is not responsible for ensuring the accuracy, age appropriateness, or usability of any information found on the District's electronic resources network including the Internet. The District is not responsible for any damage experienced, including, but not limited to, loss of data or interruptions of service. resources system including the Internet, or for financial obligations arising through their unauthorized use.

### **Enforcement**

**SAMPLE FORM**  
**Student Acceptable Use Procedures Agreement**

**General Procedures**

Students in the South Hero School District have access to the school's electronic resources for the purpose of enhancing learning. To gain access to these resources, all students under the age of 18 must obtain parental permission and must sign and return this form to the person designated. Students 18 and over may sign their own forms.

Students may access the school's electronic resources for educational purposes only. Acceptable use includes classroom activities, career development, and curriculum driven research and may involve electronic communication, as designated by the school. The school's electronic resources shall not be used for commercial or entertainment purposes, as a public access service or a public forum, unless permission is allowed by the school. Students are expected to follow the rules of personal conduct outlined in the student handbook, as well as abide by state and federal laws in the use of the school's electronic resources.

Parents/guardians are warned that some material accessible via the Internet, through the school's electronic resources, may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While it is the school's intent to provide appropriate electronic resources to enhance the curriculum, students may find ways to access other materials as well. The District believes the benefits to students from access to electronic resources and the Internet for information gathering, research and to provide opportunities for collaboration, exceed the potential disadvantages. Ultimately, parents/guardians of minors are responsible for setting and conveying the standards that their children should follow when using electronic resources. To that end, we support and respect each family's right to decide whether or not to apply for access.

**Individual User Responsibilities**

System users shall:

1. Understand that electronic mail transmissions and other use of the electronic communication system is not confidential and may be monitored at any time by designated staff to ensure appropriate use;
2. Not distribute personally identifiable information about themselves or others by means of the school's electronic communication system;
3. Be responsible at all times for the proper use of their account by taking all reasonable precautions to prevent others from gaining access to their system account and password;
4. Not use another person's system account or password, or present themselves another person, without written permission from the system administrator or school coordinator;
5. Not purposefully access or send materials, which include pictures, video or audio files, that are rude, disrespectful, abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal;
6. Purge electronic mail in accordance with established school e-mail retention guidelines;
7. Not use the school's electronic resources and internet connection for commercial or illegal purposes, or for any other activity prohibited by school policy; not redistribute copyrighted programs or data except with the written permission of the copyright holder or designee. Such permission must be specified in the document or must be obtained directly from the copyright

holder or designee in accordance with applicable copyright laws, school policy, and administrative regulations;

8. Not plagiarize work using the school's electronic resources (plagiarism is taking the ideas or writings of others and presenting them as one's own);
9. Not use the school's electronic mail, or other personal email accounts, in any way that causes recipients or other readers to assume the email message represents the opinion of educators or other school officials, or anyone else without their explicit permission;
10. Not waste school resources related to the electronic communication system, or damage or attempt to damage computers, computer systems, computer networks or software;
11. Not abuse the school's electronic communication system by downloading large files or sending annoying or unnecessary messages to a large number of people;
12. Not gain or attempt to gain unauthorized access to the school's electronic resources, network or restricted information;
13. Not upload, download or redistribute public domain programs to the system for their own use without advance permission;
14. Be responsible for determining whether a program is in the public domain and follow the school virus protection procedures in downloading software.

#### **Disciplinary Actions**

The school's electronic resources system is a limited forum, similar to the school newspaper, and therefore the school may restrict individual user's speech for valid educational reasons. The District school will not restrict speech on the basis disagreement with the opinions expressed. Users should not expect privacy in the contents of their personal files or record of web research activities. Routine maintenance and monitoring of system resources may lead to discovery of violations of District policy, disciplinary code, or state and federal law. An individual search may also be conducted by the system administrator if there is reasonable suspicion that a user has violated this Acceptable Use Procedures agreement. If there is evidence that a violation has occurred the school Principal shall be notified and will determine appropriate consequences.

#### **Due Process**

If any of the conditions of this Acceptable Use Procedures agreement are breached, parents/guardians will be notified (if student is under 18 years of age) and may be given an opportunity to review the contents of their child's electronic files. The school will cooperate fully with local, state, or federal officials in any investigation related to illegal activities conducted through the school's electronic system or the Internet. In the event there is a claim that an individual user has violated school policy, procedures or disciplinary code, the user will be provided with written notice and the opportunity to be heard in the manner set forth by the school disciplinary policy.

#### **Limitation of Liability**

The school makes no guarantee that the functions or the services provided by or through the school's electronic system will be error-free or without defect. The school will not be responsible for any damage individual users may suffer, including but not limited to, loss of data or interruptions of service. Other than for student records, the school is not responsible for the accuracy or quality of the information obtained through or stored on the system.

The school will not be responsible for financial obligations arising through the unauthorized student use of the system. Parents/guardians of the individual user may be held financially responsible for any harm to the system as a result of carelessness or intentional misuse. Parent/Guardian Permission

As the parent/guardian of this student, I have read the "Student Acceptable Use Procedures Agreement." I understand that school access is designed for educational purposes only. Thus, I will not hold teachers, staff, administrators or the school board responsible for materials acquired on the school system. Further, I accept full responsibility for supervision if and when my child's electronic resources use is not in the school setting. I hereby give permission for the school to issue an account for my child and certify that I have read the Student Acceptable Use Procedures agreement and have signed below giving my son/daughter permission to access the school's electronic resources.

## CODE F17 - HEAD LICE

*(Revised February, 2005 in accord with Vermont Department of Health Recommendations)*

### Policy

The psychological, social and economical impact of head lice infestations can create a problem in the community. Recognizing that a sizeable number of cases exist from time to time, the Grand Isle Supervisory Union (GISU) will take the necessary measures to reduce the loss of instructional time for students. This policy is based on current recommendations by the Vermont Department of Health and other public health organizations.

Prevention strategies are an important part of controlling the spread of head lice. The Superintendent (Principal), using public health resources when necessary, will develop a plan detailing a system-wide approach to preventing and controlling the spread of a head lice infestation. The plan will include the following:

- a. Identify partners who will need to collaborate such as parents and children, school nurses and other school personnel, child care providers, local physicians, town health officers, public health staff, community health clinic staff, community volunteers and other community and business members (e.g. dry cleaners, laundromats, pharmacies).
- b. Provide in-service education for all staff with emphasis on diagnosis, mode of transmission, treatment, and control plans.
- c. Prepare educational materials which will be distributed at least annually at the beginning of each school year to parents and students as well as immediately following any outbreak at school.
- d. Institute school and classroom practices that include
  1. Assign individual hooks for student belongings.
  2. Have students keep their hats inside their coat sleeves.
  3. Permanently assign resting mats, towels or pillows and keep separate while in use or in storage.
  4. Discourage sharing of combs, brushes or hair ornaments.
  5. Limit the transporting of personal toys such as stuffed animals from home to school.

### Managing Head Lice Cases

1. Any staff member who suspects head lice will report this immediately to the school nurse or Principal.
2. Any student identified by the school nurse (or qualified designee) as having lice will be sent home as soon as possible for treatment. Students with untreated nits shall be discouraged from close contact with others and will be sent home at the end of the school day.
3. Verbal and written instructions for treatment will be given to the family of each identified student. The instructions shall include a suggestion that the parent or guardian of the student contact the child's physician or other pediatric health care provider. Instructions shall also include recommendations for treatment that are consistent with Vermont

Departments of Health and Education guidelines and that the student may return to school after proper treatment. The school nurse or other trained personnel will examine all children in the same classroom with an identified active case (untreated nits or actual lice) and handle appropriately.

4. Students will be readmitted to school after the first treatment with a written or verbal confirmation from the parent or guardian that the initial treatment has been completed. In accord with Department of Health recommendations, students will not be excluded from school on the sole grounds that nits may be present despite appropriate treatment.
5. Each re-entering student will be examined by trained personnel to look for evidence that the treatment was performed. If evidence is lacking, the student will be sent home as soon as possible for treatment.
6. If the number of cases is considered to constitute an outbreak, administrative personnel will institute the outbreak procedures that accompany this policy. An outbreak is considered to have occurred when head lice infestation occurs in 2-3 students in the same classroom or when 10% of the individuals in a classroom, school, or child care facility have evidence of infestation.
7. The school nurse will provide additional in-service education as needed for staff with emphasis on diagnosis, treatment and control plans.
8. The school nurse will initiate educational programs for students as necessary.

CODE F17R - PROCEDURES FOR MANAGING A HEAD LICE OUTBREAK

1. Send home for treatment, as soon as possible, any individuals with evidence of live lice,
2. 2. Check all heads in affected classrooms daily, by the school nurse (or qualified designee), until all evidence is eliminated.
3. Vacuum carpeted classrooms daily during outbreak.
4. Discontinue temporarily "dress-up" activities and other activities that involve close person-to-person contact.
5. Do not spray with pesticides.
6. Encourage families to contact health care providers if they suspect treatment has failed.
7. Siblings and close personal contacts should be examined, and if infected, should be instructed on treatment.
8. Send general fact sheet and a notice of the outbreak home to all parents. Elicit help of all parents to check for head lice daily.
9. Encourage parents to notify the school, childcare provider, and other close personal contacts when head lice have been identified.
10. (The Vermont Department of Health, the American Academy of Pediatrics and the National Association of School Nurses discourage the implementation of a "no nit" policy, and recommend that children be readmitted to school after proper treatment despite the possible presence of nits.)

**Grand Isle Supervisory Union  
Procedure for Head Lice**

- 1. Any staff member who suspects head lice shall report to his/her school nurse and/or health assistant.**
- 2. The school nurse and/or health assistant shall confirm the presence of head lice. If confirmed, hair is tied up, close contact is discouraged and student is sent back to class. The parent/guardian is contacted during the school day.**
- 3. Information is given to the parent/guardian by phone or in person regarding the appropriate treatment of head lice. Include the Head Lice Information Sheet. All family members, siblings and adults as well as any other close contacts should be checked. Family is encouraged to contact anyone that may be at risk.**
- 4. Parents/guardians are encouraged to let the school health office know verbally or in writing the treatment steps that were initiated.**
- 5. The school health office will inspect the child as discreetly as possible, maintaining confidentiality. If more than 2-3 cases are confirmed in the same class, a letter will be sent home to the entire class alerting families.**
- 6. The school health office will maintain communication with the families and offer assistance in carrying out the appropriate treatment recommendations. The most recent research indicates that daily combing with a good metal lice comb for 2 weeks until all evidence of head lice is gone is the key step in its elimination.**
- 7. The Vermont Department of Health, American Academy of Pediatrics (AAP) and the National Association of School Nurses (NASN) have discontinued the "no-nit" policies and recommend that children be readmitted to school after proper treatment despite the possible presence of nits.**

May 9, 2019

Dear Parent/Guardian,

This is to inform you of a case of head lice in your child's classroom.

*The Vermont Department of Health and the American Academy of Pediatrics* consider lice to be a nuisance condition, not a health hazard. Lice are small wingless, crawling insects that live on the human head and scalp. Lice do not jump or fly and are most often spread by head to head contact. Lice cannot survive more than 24 hours without a host. The following web sites have additional information about head lice:

<https://www.healthychildren.org/English/health-issues/conditions/from-insects-animals/Pages/Signs-of-Lice.aspx>

Please check your child's head for the next week or two. It is best to inspect the child's head in a bright, sunny location or with a light directly on the scalp. Lice can be difficult to find but typically are located behind the ears and the nape of the neck. The eggs (nits) are small pearly shaped and firmly attached to the individual hairs. If your child has head lice, you may notice him/her scratching the head often, or a rash on the back of the neck. If you suspect that your child may have head lice, or you have any questions, please call Julie Elkins at 372-6913, ext. 106..

**Here are some helpful hints to help prevent the spread of head lice;**

- **If your child has long hair, pull the hair back in a braid or ponytail, every day.**
- **Remind your child not to share hats or headbands with other children.**
- **Remind your child to store hats and face warmers in the sleeve of his/her jacket or backpack.**

Sincerely,

Emily Dousevicz, RN
