Note: Executive Session: If discussion warrants, and the Board so votes, some items may be discussed in Executive Session pursuant to VSA 1 §313(a)

*Discussion Items - Issues the Board needs to discuss and deliberate, but upon which no action is taken at this meeting.*

*Action Items - Issues that require the Board to make a decision by vote, may have been discussed over several meetings prior to this point.*

*Consent Items - Routine matters that need no discussion by the Board, but require Board approval. They are grouped together as a single agenda item. Background materials are provided in the Board packet to be reviewed ahead of the meeting. If there are no concerns, they are approved with a single vote. Any member can request the Board remove an item to be discussed and voted on separately. This frees up time at meetings.*

*Information Items [Incidental Information] - Matters the Board needs to know about, but for which no Board action is needed. The information flow is one way, from presenter to the Board. Questions for clarification are entertained as time allows.*

## 2022-2023 Superintendent Annual Report

Prepared by Michael J. Clark

The 2022-2023 school year is progressing well. As the response to Covid-19 has transitioned from a pandemic to an endemic the GISU has adapted. It is important to note that through the first half of the school year, all schools have experienced a small increase in lost learning time as a result of an increase in absences. The increase in absences is surprising, as last year's absences were a result of illness and quarantine whereas this year they are a result of illness only. Needless to say, we are working through the challenges.

The GISU is focused on the following five goal areas:

### **Academic Proficiency for All**

By June 2024, 75% of students proficient in ELA and Math; 100% of students showing growth, especially students belonging to historically marginalized groups.

### **Effective and Responsive Systems of Supports For All Students**

By June of 2025, consistent, effective, and responsive systems of support are implemented across the GISU to ensure 100% of students access equitable and inclusive core instruction and the academic and social-emotional supports needed for their success.

### **Robust Educator Support System**

By 2025, increase teacher retention, preparation, and support to increase teacher sense of self-efficacy and ensure that our students with highest needs have the most highly qualified educators working with them.

### **Inclusive and Equitable Learning Environments For All**

By June of 2025, GISU will demonstrate measurable growth on key indicators of equity as measured by a second administration of an equity audit and student, staff, and community perception surveys.

### **Strong and Efficient Technology, Finance, and Facilities Infrastructure**

By 2025, implement state mandated infrastructure across tech, finance, and facilities that enables the flexibility to keep pace with technological and instructional innovations, and student needs (eg. Capital Improvement plan, SU Wide Technology Plan, Upgraded Accounting platform, etc.)

Each month the GISU and member boards receive an update regarding the progress towards achieving the goals in the Superintendent's written report. These reports are available to the public on the [www.gisu.org](http://www.gisu.org) website in the Board Agendas and Minutes section. As a GISU, we have held multiple meetings to receive community input about how to use federal grant funds. Throughout the fall, I have continued to hold community meetings every Wednesday evening. Community members can also reach out any time via email [mclark@gisu.org](mailto:mclark@gisu.org) or phone (802)372-6921. We also updated the GISU Website to a new platform, which we hope you find to be much more user friendly.

I continue to be proud of the work the teachers, support staff, administrators, students, school boards, families, and community are doing to ensure all members of the GISU Learning Community are curious, creative, courageous, and capable to pursue their aspirations in a diverse and ever changing world. I regularly share with the greater Vermont education community how the Grand Isle community has truly embraced the mantra "We Are All In This Together". People express envy how we have not only worked hard to keep one another safe, we have also worked to create opportunities together to provide the best education we can to our children. We have considered their social emotional learning as well as academic needs. While there is still much work ahead of us, I know we are all going to continue to do the best we can so our students have the most opportunities with the least disruptions possible.

Thank you for allowing me to be a part of such a great community.

Sincerely,

*Michael J. Clark*

2 February 2023

Dear Members of the Grand Isle Supervisory Union Learning Community:

The GISU is shocked and saddened by the physical altercation among spectators during a recent middle school basketball game at the Alburgh Community Education Center. This behavior is unacceptable, can not be tolerated, and runs contrary to everything we believe athletics in education should be. These are not the values we should be teaching our youth. We recognize that the vast majority of spectators at our events support and model the values of teamwork, collaboration, sportsmanship, health and well-being in student activities. However, we can *not* ignore the increase in spectator misconduct at school sporting events throughout Vermont, including in our gymnasiums.

We believe that athletics in education has an important role. However, given the current environment, we also recognize that an immediate change must happen. To ensure the safety of all of our learning community, including students, faculty, staff, administration and the community who participates as spectators at our events, **we have made the difficult decision to end spectator attendance at GISU home games for the remainder of the basketball season.**

During this time, we will call on all leaders in Vermont to not only condemn violence and misconduct by spectators at local sporting events, but also consider how best to respond to misbehavior by spectators; and how to better structure educational athletic events to ensure all participants, including spectators, support and exhibit the values of teamwork, collaboration, sportsmanship, and health and well-being.

Student athletic programs in the Grand Isle Supervisory Union support our mission of ensuring all members of the GISU learning community are curious, creative, courageous, and capable of pursuing their aspirations in a diverse and ever changing work world. Specifically, GISU student athletic programs are designed to promote an understanding of teamwork, collaboration, sportsmanship, and health and well-being. We support the Vermont Principals Association's belief and statement

*... that middle school sports should be kept in perspective. To that end, we concur with the National Middle School Association research summary on sports in middle school, which states: "Many positive benefits for young adolescents may result from participation in sports which can enhance their self-esteem and increase their interest in sports. However, when young adolescents' needs and interests become secondary to pressures and unreasonable expectations from coaches, parents and even themselves, sports often have the opposite effect. Young*

*adolescents' psychological well-being should be a priority in developing middle school sports programs."*

Our commitment to the Grand Isle Supervisory Union communities is to pull together an opportunity where anyone (student or adult) who has ideas about improving the current environment can be heard. The GISU will consider how to use these ideas to help everyone who attends educational athletic events understand that everyone at an athletic event participates in the educational side of the event. Our hope is we can quickly transform from an environment of no spectators to a culture where everyone who attends an educational athletic event understands and embraces they are an important participant in the educational process of our students.

Thank you for your understanding, and we look forward to working with you on this "WE ARE ALL PARTICIPANTS" campaign.
