Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Grand Isle Supervisory Union as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Grand Isle Supervisory Union's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in "Government Auditing Standards", issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Grand Isle Supervisory Union's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Grand Isle Supervisory Union's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Grand Isle Supervisory Union as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Correction of Errors

As described in Note III.B to the financial statements, certain errors were corrected by management during the current year. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the Schedules of the Proportionate Share of the Net Pension Liability on Schedules 1 and 3 and the Schedule of Contributions on Schedule 2 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

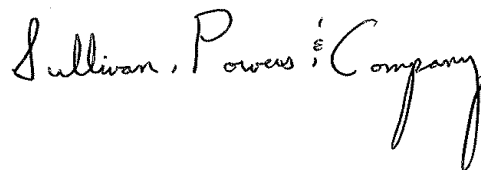

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Grand Isle Supervisory Union's basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by "Government Auditing Standards"

In accordance with "Government Auditing Standards", we have also issued our report dated April 12, 2021 on our consideration of the Grand Isle Supervisory Union's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with "Government Auditing Standards" in considering the Grand Isle Supervisory Union's internal control over financial reporting and compliance.

GRAND ISLE SUPERVISORY UNION
 RECONCILIATION OF THE STATEMENT OF REVENUES,
 EXPENDITURES AND CHANGES IN FUND BALANCE OF
 GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED JUNE 30, 2020

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

Net change in fund balance - government funds (Exhibit D)	\$ 672,081
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets (\$7,826) is allocated over their estimated useful lives and reported as depreciation expense (\$32,101). This is the amount by which depreciation exceeded capital outlays in the current period.	(24,275)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(130,661)
Governmental funds report employer pension contributions as expenditures (\$30,452). However, in the statement of activities, the cost of pension benefits earned net of net of employee contributions (\$80,175) is reported as pension expense. The amount is the net effect of the differences in the treatment of pension expense.	(49,723)
Change in net position of governmental activities (Exhibit B)	\$ <u><u>467,422</u></u>

The accompanying notes are an integral part of this financial statement.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

The Grand Isle Supervisory Union (herein the “Supervisory Union”) is organized, according to State law, under the governance of the Board of School Directors, to provide supervisory union services to the schools in the Supervisory Union. The Supervisory Union is governed by a Board of Directors, appointed by the boards of the member school districts comprising the Supervisory Union: the Alburgh School District, the South Hero School District and the Champlain Islands Unified Union School District.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted by the Supervisory Union conform to generally accepted accounting principles (GAAP) as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing accounting and financial reporting principles. The following is a summary of the more significant accounting policies employed in the preparation of these financial statements.

A. The Financial Reporting Entity

This report includes all of the funds of the Supervisory Union. The reporting entity consists of the primary government; organizations for which the primary government is financially accountable; and other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity’s financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The primary government is financially accountable if it appoints a voting majority of the organization’s governing body and it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the primary government. The primary government is financially accountable if an organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the primary government regardless whether the organization has a separately elected governing board; a governing board appointed by a higher level of government; or a jointly appointed board. Based on these criteria, there are no other entities that should be combined with the financial statements of the Supervisory Union.

B. Basis of Presentation

The accounts of the Supervisory Union are organized and operated on the basis of fund accounting. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts which comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are spent and the means by which spending activities are controlled.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

The basic financial statements of the Supervisory Union include both government-wide statements and fund financial statements. The focus of the government-wide statements is on reporting the operating results and financial position of the Supervisory Union as a whole and present a longer-term view of the Supervisory Union's finances. The focus of the fund financial statements is on reporting on the operating results and financial position of the most significant funds of the Supervisory Union and present a shorter-term view of how operations were financed and what remains available for future spending.

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government, the Supervisory Union. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of activities between funds. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Supervisory Union's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function or program. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Supervisory Union's funds. The emphasis of fund financial statements is on major funds, each displayed in a separate column.

The Supervisory Union reports on the following major governmental fund:

General Fund – This is the Supervisory Union's primary operating fund. It accounts for all financial resources of the general government.

C. Measurement Focus

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Government-wide financial statements are reported using the economic resources measurement focus. This means that all assets and liabilities and deferred inflows and outflows of resources associated with the operation of these funds (whether current or noncurrent) are included on the balance sheet (or statement of net position). Fund equity (i.e., net total position) is segregated into restricted net position and unrestricted net position. Operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total position.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

Governmental fund financial statements are reported using the current financial resources measurement focus. This means that only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources are generally reported on their balance sheets. Their reported fund balances (net current position) are considered a measure of available spendable resources, and are segregated into nonspendable; restricted; committed; assigned and unassigned amounts. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current position. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred, regardless of when the related cash flow takes place. Nonexchange transactions, in which the Supervisory Union gives (or receives) value without directly receiving (or giving) equal value in exchange, include assessments, grants and donations. On the accrual basis, revenue from assessments is recognized in the fiscal year for which the assessments are levied. Revenue from grants and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the modified accrual basis of accounting. Revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined, and "available" means the amount is collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Supervisory Union considers all revenues reported in governmental funds to be available if the revenues are collected within sixty days after year end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, certain compensated absences and other long-term liabilities which are recognized when the obligations are expected to be liquidated or are funded with expendable available financial resources.

General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the Supervisory Union funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the Supervisory Union's policy to first apply cost-reimbursement grant resources to such programs, followed by general revenues. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and other grant requirements have been met.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

E. Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity

1. Cash

The Supervisory Union considers all short-term investments of ninety (90) days or less to be cash equivalents.

2. Receivables

Receivables are shown net of an allowance for uncollectible accounts for the estimated losses that will be incurred in the collection of the receivables. The estimated losses are based on the judgment of management and a review of the current status of existing receivables. As of June 30, 2020, the allowance is \$-0-.

3. Prepaid Expenses/Items

Certain payments to vendors reflect costs that are applicable to future accounting periods and are recorded as prepaid expenses/items.

Reported prepaid items of governmental funds in the fund financial statements are offset by a nonspendable fund balance as these are not in spendable form.

4. Pensions

For purposes of measuring the proportionate share of the net pension liability and the related deferred outflows/inflows of resources and pension expense, information about the fiduciary net position of the Vermont Municipal Employees' Retirement System (VMERS) plan and additions to/deductions from the VMERS' fiduciary net position have been determined on the same basis as they are reported by VMERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statements element, "deferred outflows of resources", represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditures) until then. These amounts are deferred and recognized as an outflow of resources in the future periods to which the outflows are related.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, “deferred inflows of resources”, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. These amounts are deferred and recognized as an inflow of resources in the future periods to which the inflows are related or when the amounts become available.

6. Capital Assets

Capital assets are reported at actual cost or estimated historical cost based on appraisals or deflated current replacement cost if purchased or constructed. Contributed assets are recorded at their estimated acquisition value at the time received. Major outlays for capital assets and improvements are capitalized as constructed. Interest is not capitalized during the construction phase of capital assets used in governmental activities. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets’ lives are not capitalized.

Capital assets reported in the government-wide financial statements are depreciated in order that the cost of these assets will be charged to expenses over their estimated service lives, generally using the straight-line method of calculating depreciation.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts) is \$5,000 and the estimated useful lives of capital assets are as follows:

	<u>Estimated Service Life</u>
Equipment and Furniture	5-10 Years
Leasehold Improvements	3 Years

Capital assets are not reported in the governmental fund type financial statements. Capital outlays in these funds are recorded as expenditures in the year they are incurred.

7. Compensated Absences

It is the Supervisory Union’s policy to permit employees to accumulate earned but unused leave time. The accrual for unused compensated absences time, based on current pay rates, is recorded in the government-wide financial statements. The liability for unused compensated absences is not reported in the governmental fund financial statements. Payments for unused compensated absences are recorded as expenditures in the year they are paid.

8. Long-term Liabilities

Long-term liabilities include the compensated absences payable and the proportionate share of the net pension liability. Long-term liabilities are reported in the government-wide financial statements. Governmental funds do not include any long-term liabilities as those funds use the current financial resources measurement focus and only include current liabilities on their balance sheets.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

9. Fund Equity

Fund equity is classified based upon any restrictions that have been placed on those balances or any tentative plans management may have made for those balances. Restrictions of net position in the government-wide financial statements represent amounts that cannot be appropriated or are legally restricted for a specific purpose by a grant, contract, or other binding agreement. Fund balances of governmental funds are classified as nonspendable (not in spendable form or legally required to remain intact); restricted (constraints on the use of resources are either externally imposed by creditors, grantors, or donors, or imposed by law through enabling legislation); committed (constraints on the use of resources are imposed by formal action of the voters); assigned (reflecting the Board of School Director's intended use of the resources); and unassigned.

II. EXPLANATION OF DIFFERENCES BETWEEN GOVERNMENTAL FUND AND GOVERNMENT-WIDE STATEMENTS

Governmental Fund financial statements are presented using the current financial resources measurement focus and the modified accrual basis of accounting, while government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. These differences in the measurement focus and basis of accounting lead to differences between the governmental fund financial statements and the government-wide financial statements as follows:

Long-term revenue differences arise because governmental funds report revenues only when they are considered "available", whereas government-wide statements report revenues when they are earned. Long-term expense differences arise because governmental funds report operating expenses (including interest) using the modified accrual basis of accounting, whereas government-wide statements report expenses using the accrual basis of accounting.

Capital related differences arise because governmental funds report capital outlays as current period expenditures, whereas government-wide statements report depreciation as an expense. Further, governmental funds report the proceeds from the sale of capital assets as revenue, whereas government-wide statements report the gain or loss from the sale of capital assets as revenue or expense.

Long-term debt transaction differences arise because governmental funds report bond proceeds as other financing sources and principal payments as expenditures, whereas government-wide statements report those transactions as increases and decreases in liabilities, respectively.

Pension-related differences arise because governmental funds report the current year's required employer contributions as current period expenditures, whereas government-wide statements report those transactions as deferred outflows of resources. In addition, the accrual for the Supervisory Union's proportionate share of the net pension liability is recorded in the government-wide financial statements along with the related deferred inflows and outflows of resources.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

III. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

The Supervisory Union budget is prepared by the administration with direction from the Board of School Directors. The budget is approved by the Board of School Directors. There were no budget amendments during the year. The budget does not limit the expenditures of the Supervisory Union.

B. Restatement of Net Position/Fund Balances

The net position of the governmental activities was restated as follows:

	<u>Governmental Activities</u>
Net Position - June 30, 2019, As Originally Reported	\$ 412,675
Correction of Misstatements:	
Overstatement of Receivables	(115,409)
Understatement of Prepaid Expenses	30,472
Understatement of Capital Assets, Net of Accumulated Depreciation	123,761
Understatement of Compensated Absences Payable	<u>(50,000)</u>
Net Position - June 30, 2019, As Restated	\$ <u>401,499</u>

The correction of the governmental activities was the result of an overstatement of receivables, an understatement of prepaid expenses, an understatement of capital assets, net of accumulated depreciation and an understatement of compensated absences payable. The effect of this correction on the governmental activities Statement of Net Position is to increase assets by \$38,824, increase liabilities by \$50,000 and decrease net position by \$11,176. The effect on the 2019 Statement of Activities is not known.

The fund balance/(deficit) of the General Fund was restated as follows:

	<u>General Fund</u>
Fund Balance/(Deficit) - June 30, 2019, As Originally Reported	\$ (437,029)
Correction of Misstatements:	
Overstatement of Receivables	(115,409)
Understatement of Prepaid Items	<u>30,472</u>
Fund Balance/(Deficit) - June 30, 2019, As Restated	\$ <u>(521,966)</u>

The correction of the General Fund was the result of an overstatement of receivables and an understatement of prepaid items. The effect of this correction on the General Fund Balance Sheet is to decrease assets and fund balance by \$84,937. The effect on the 2019 Statement of Revenues, Expenditures and Changes in Fund Balance is not known.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

IV. DETAILED NOTES ON ALL FUNDS

A. Cash

Cash as of June 30, 2020 consisted of the following:

Cash:

Deposits with Financial Institutions	<u>\$1,029,556</u>
--------------------------------------	--------------------

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of failure of the counter-party (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investments or collateral securities that are in possession of another party. The Supervisory Union does not have any policy to limit the exposure to custodial credit risk. The following table shows the custodial credit risk of the Supervisory Union's cash.

	<u>Book Balance</u>	<u>Bank Balance</u>
FDIC Insured	\$ 250,000	\$ 250,000
Uninsured, Collateralized by U.S. Government Agencies Securities Held by the Pledging Financial Institution's Agent	<u>779,556</u>	<u>1,039,690</u>
Total	<u>\$1,029,556</u>	<u>\$1,289,690</u>

The difference between the book and the bank balance is due to reconciling items such as deposits in transit and outstanding checks.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The Supervisory Union does not have any policy to limit the exposure to interest rate risk. The Supervisory Union does not have any investments subject to interest rate risk.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The Supervisory Union does not have any policy to limit the exposure to credit risk. The Supervisory Union does not have any investments subject to credit risk.

Concentration of Credit Risk

Concentration of credit risk is the risk that a large percentage of the Supervisory Union's investments are held within one security. The Supervisory Union does not have any limitations on the amount that can be invested in any one issuer. The Supervisory Union does not have any investments subject to concentration of credit risk.

B. Receivables

Receivables as of June 30, 2020, as reported in the statement of net position, are as follows:

	<u>Governmental Activities</u>
Special Education - Expenditures Reimbursement	\$ 588,880
Federal and State Grants Receivable	257,861
Miscellaneous	<u>2,685</u>
Total	\$ <u><u>849,426</u></u>

C. Due from/to Member Districts

The due from/to member districts as of June 30, 2020 consisted of the following:

	<u>Due from Member Districts</u>	<u>Due to Member Districts</u>
Alburgh School District	\$ 15,159	\$ 300,112
Champlain Islands Unified Union School District	18,396	239,437
South Hero School District	<u>45,546</u>	<u>122,051</u>
Total	\$ <u><u>79,101</u></u>	\$ <u><u>661,600</u></u>

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

D. Capital Assets

Capital asset activity for the year ended June 30, 2020 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities				
Capital Assets, Being Depreciated:				
Equipment and Furniture	\$ 206,263	\$ 7,826	\$ 0	\$ 214,089
Leasehold Improvements	62,012	0	0	62,012
Totals	<u>268,275</u>	<u>7,826</u>	<u>0</u>	<u>276,101</u>
Less Accumulated Depreciation for:				
Equipment and Furniture	136,028	11,430	0	147,458
Leasehold Improvements	0	20,671	0	20,671
Totals	<u>136,028</u>	<u>32,101</u>	<u>0</u>	<u>168,129</u>
Net Capital Assets, Being Depreciated	<u>132,247</u>	<u>(24,275)</u>	<u>0</u>	<u>107,972</u>
Governmental Activities Capital Assets, Net	<u>\$ 132,247</u>	<u>\$ (24,275)</u>	<u>\$ 0</u>	<u>\$ 107,972</u>

Depreciation was charged as follows:

Governmental Activities:	
Education	\$ <u>32,101</u>
Total Depreciation Expense - Governmental Activities	\$ <u><u>32,101</u></u>

E. Deferred Outflows of Resources

Deferred outflows of resources in the governmental activities consists of \$30,851 from the difference between the expected and actual experience, \$7,950 from changes in assumptions, \$16,218 from the difference between the projected and actual investment earnings and \$22,702 from changes in the Supervisory Union's proportional share of contributions related to the Supervisory Union's participation in the Vermont Municipal Employee's Retirement System (VMERS) and \$30,452 of required employer pension contributions subsequent to the measurement date. Total deferred outflows of resources in the governmental activities is \$108,173.

F. Due to State of Vermont

The State of Vermont has disallowed certain costs incurred during fiscal year 2018. The following are amounts that are due back to the State of Vermont. The State of Vermont also overpaid the Supervisory Union for certain grants during the year. These are also amounts that are due back to the State of Vermont.

Disallowed Costs:	
IDEA B	\$115,409
IDEA Preschool	<u>14,851</u>
Total Disallowed Costs	<u>130,260</u>

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

Overpayments:	
Title I	\$ 14,103
IDEA B	<u>79,237</u>
 Total Overpayments	 <u>93,340</u>
 Total Due to State of Vermont	 <u>\$223,600</u>

In addition, the State of Vermont has disallowed \$190,594 of Title I costs. The State of Vermont has not paid the Supervisory Union for these costs and they are not included in receivables or deferred inflows of resources at June 30, 2020.

On November 23, 2020, the U.S. Department of Education informed the Supervisory Union that their appeal of the State's determination was denied. The Superintendent and Business Manager met with the Vermont Agency of Education Chief Financial Officer and the Vermont Agency of Education Director of Regulatory Compliance & Risk Management on March 4, 2021. The VT AOE shared that they were communicating with the U.S. Department of Education regarding the repayment of grant funds based on the FY 18 Management Decision Letter. They explained that at some point they expected that they would receive a bill from the U.S. Department of Education requiring repayment and they anticipated that they would then bill the Supervisory Union. At this point, the VT AOE has indicated they would communicate with the Supervisory Union when they had more information about the next step. That step will likely be the Supervisory Union receiving a bill for repayment.

G. Deferred Inflows of Resources

Deferred inflows of resources in the governmental activities consists of \$2,058 from the difference between the expected and actual experience and \$741 from changes in the Supervisory Union's proportional share of contributions related to the Supervisory Union's participation in the Vermont Municipal Employee's Retirement System (VMERS). Total deferred inflows of resources in the governmental activities is \$2,799.

Deferred inflows of resources in the General Fund consists of \$793,579 of grant revenue not collected within sixty (60) days after year-end as these would not be available to liquidate current liabilities.

H. Long-term Liabilities

It is the policy of the Supervisory Union to permit employees to accumulate earned but unused benefits. The accrual for unused compensated absences time, based on current pay rates, is recorded in the government-wide financial statements.

The net pension liability is the difference between the total pension liability (the present value of projected benefit payments to employees based on their past service) and the assets (mostly investments reported at fair value) set aside to pay current employees, retirees, and beneficiaries. The accrual for the Supervisory Union's share of the net pension liability is recorded in the government-wide financial statements.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

Changes in all long-term liabilities during the year were as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental Activities:					
Compensated Absences Payable	\$ 50,000	\$ 0	\$ 0	\$ 50,000	\$ 0
Net Pension Liability	<u>166,667</u>	<u>71,452</u>	<u>0</u>	<u>238,119</u>	<u>0</u>
 Total Governmental Activities					
Long-term Liabilities	<u>\$ 216,667</u>	<u>\$ 71,452</u>	<u>\$ 0</u>	<u>\$ 288,119</u>	<u>\$ 0</u>

I. Fund Balances

GASB Statement No. 34, as amended by GASB Statement No. 54, requires fund balances reported on the governmental fund balance sheet to be classified using a hierarchy based primarily on the extent to which a government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Governmental fund balances are to be classified as: nonspendable (not in spendable form or legally required to remain intact); restricted (constraints on the use of resources are either externally imposed by creditors, grantors or donors, or imposed by law through enabling legislation); committed (constraints on the use of resources are imposed by formal action of the voters); assigned (reflecting the Board of School Director's intended use of the resources); and unassigned.

Special revenue funds are created only to report a revenue source (or sources) that is restricted or committed to a specified purpose, and that the revenue source should constitute a substantial portion of the resources reported in that fund. Special revenue funds cannot be used to accumulate funds that are not restricted or committed. These amounts will have to be reflected in the General Fund.

Amounts constrained to stabilization (rainy-day funds) will be reported as restricted or committed fund balance in the General Fund if they meet the other criteria for those classifications. However, stabilization is regarded as a specified purpose only if the circumstances or conditions that signal the need for stabilization (a) are identified in sufficient detail and (b) are not expected to occur routinely. The Supervisory Union does not have any stabilization arrangements.

Some governments create stabilization-like arrangements by establishing formal minimum fund balance policies. The Supervisory Union does not have any minimum fund balance policies.

When expenditures are incurred for purposes for which both restricted and unrestricted amounts are available, it is the Supervisory Union's policy to first consider restricted amounts to have been spent, followed by committed, assigned, and finally unassigned amounts.

The purpose for each major special revenue fund, including which specific revenues and other resources are authorized to be reported in each, are described in the following section.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

The fund balance in the following fund is nonspendable as follows:

General Fund:	
Nonspendable Prepaid Items	<u>\$3,900</u>
Total Nonspendable Fund Balance	<u>\$3,900</u>

The fund balance in the following fund is restricted as follows:

General Fund:	
Restricted for Medicaid Eligible Expenses by Grant Agreement	<u>\$191,595</u>
Total Restricted Fund Balance	<u>\$191,595</u>

The unrestricted deficit of \$45,380 in the General Fund will be funded by the receipt of grant revenue.

J. Net Position

The net position in the governmental activities is restricted as follows:

Governmental Activities:	
Restricted for Medicaid Eligible Expenses by Grant Agreement	<u>\$191,595</u>
Total Restricted Net Position	<u>\$191,595</u>

V. OTHER INFORMATION

A. Pension Plans

Defined Benefit Plans

The Vermont Municipal Employees' Retirement System (VMERS)

Plan Description

The Vermont Municipal Employees' Retirement System (VMERS) is a cost-sharing, multiple-employer defined benefit pension plan that is administered by the State Treasurer and its Board of Trustees. It is designed for municipal and school district employees that work on a regular basis and also includes employees of museums and libraries if at least half of that institution's operating expenses are met by municipal funds. An employee of any employer that becomes affiliated with the system may join at that time or at any time thereafter. Any employee hired subsequent to the effective participation date of their employer who meets the minimum hourly requirements is required to join the system. As of June 30, 2019, the measurement date selected by the State of Vermont, the retirement system consisted of 379 participating employers.

The plan was established effective July 1, 1975, and is governed by Title 24, V.S.A. Chapter 125.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

The general administration and responsibility for formulating administrative policy and procedures of the retirement system for its members and their beneficiaries is vested in the Board of Trustees consisting of five members. They are the State Treasurer, two employee representatives elected by the membership of the system, and two employer representatives-one elected by the governing bodies of participating employers of the system, and one selected by the Governor from a list of four nominees. The list of four nominees is jointly submitted by the Vermont League of Cities and Towns and the Vermont School Boards Association.

All assets are held in a single trust and are available to pay retirement benefits to all members. Benefits available to each group are based on average final compensation (AFC) and years of creditable service.

Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources

As of June 30, 2019, the measurement date selected by the State of Vermont, VMERS was funded at 80.35% and had a plan fiduciary net position of \$709,465,831 and a total pension liability of \$882,957,638 resulting in a net position liability of \$173,491,807. As of June 30, 2020, the Supervisory Union's proportionate share of this was 0.1373% resulting in a net pension liability of \$238,119. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Supervisory Union's proportion of the net pension liability was based on a projection of the Supervisory Union's long-term share of contributions to the pension plan relative to the projected contributions of all participating municipalities, actuarially determined. The Supervisory Union's proportion of 0.1373% was an increase of 0.0188 from its proportion measured as of the prior year.

For the year ended June 30, 2020, the Supervisory Union recognized pension expense of \$80,175.

As of June 30, 2020, the Supervisory Union reported deferred outflows of resources and deferred inflows of resources from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 30,851	\$ 2,058
Changes in assumptions	7,950	0
Difference between projected and actual investment earnings on pension assets	16,218	0
Changes in proportion and differences between employer contributions and proportionate share of contributions	22,702	741
contributions made subsequent to the measurement date	30,452	0
	<u>\$ 108,173</u>	<u>\$ 2,799</u>

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

The deferred outflows of resources resulting from the Supervisory Union's required employer contributions made subsequent to the measurement date in the amount of \$30,452 will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year Ending <u>June 30</u>	
2021	\$27,120
2022	17,238
2023	18,913
2024	<u>11,651</u>
Total	<u>\$74,922</u>

Summary of System Provisions

Membership – Full time employees of participating municipalities. Municipalities can elect coverage under Groups A, B, C or D provisions. The Town elected coverage under Group A.

Creditable Service – Service as a member plus purchased service.

Average Final Compensation (AFC) – Group A – Average annual compensation during highest five (5) consecutive years. Groups B and C – Average annual compensation during highest three (3) consecutive years. Group D – Average annual compensation during highest two (2) consecutive years.

Service Retirement Allowance:

Eligibility – Group A – The earlier of age 65 with five (5) years of service or age 55 with thirty-five (35) years of service. Group B – The earlier of age 62 with five (5) years of service or age 55 with thirty (30) years of service. Groups C and D – Age 55 with five (5) years of service.

Amount – Group A – 1.4% of AFC times service. Group B – 1.7% of AFC times service as a Group B member plus percentage earned as a Group A member times AFC. Group C – 2.5% of AFC times service as a Group C member plus percentage earned as a Group A or B member times AFC. Group D – 2.5% of AFC times service as a Group D member plus percentage earned as a Group A, B or C member times AFC.

Maximum benefit is 60% of AFC for Groups A and B and 50% of AFC for Groups C and D. The previous amounts include the portion of the allowance provided by member contributions.

Early Retirement Allowance:

Eligibility – Age 55 with five (5) years of service for Groups A and B. Age 50 with twenty (20) years of service for Group D.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

Amount – Normal allowance based on service and AFC at early retirement, reduced by 6% for each year commencement precedes normal retirement age for Groups A and B members, and payable without reduction to Group D members.

Vested Retirement Allowance:

Eligibility – Five (5) years of service.

Amount – Allowance beginning at normal retirement age based on AFC and service at termination. The AFC is to be adjusted annually by one-half of the percentage change in the Consumer Price Index, subject to the limits on “Post-Retirement Adjustments”.

Disability Retirement Allowance:

Eligibility – Five (5) years of service and disability as determined by Retirement Board.

Amount – Immediate allowance based on AFC and service to date of disability; children’s benefit of 10% of AFC payable to up to three minor children (or children up to age 23 if enrolled in full-time studies) of a disabled Group D member.

Death Benefit:

Eligibility – Death after five (5) years of service.

Amount – For Groups A, B and C, reduced early retirement allowance under 100% survivor option commencing immediately or, if greater, survivor(s) benefit under disability annuity computed as of date of death. For Group D, 70% of the unreduced accrued benefit plus children’s benefit.

Optional Benefit and Death after Retirement – For Groups A, B and C, lifetime allowance or actuarially equivalent 50% or 100% joint and survivor allowance with refund of contribution guarantee. For Group D, lifetime allowance or 70% contingent annuitant option with no reduction.

Refund of Contribution – Upon termination, if the member so elects or if no other benefit is payable, the member’s accumulated contributions are refunded.

Post-Retirement Adjustments – Allowance in payment for at least one year increased on each January 1 by one-half of the percentage increase in Consumer Price Index but not more than 2% for Group A and 3% for Groups B, C and D.

Member Contributions – Group A – 2.75%. Group B – 5.125%. Group C – 10.25%. Group D – 11.60%.

Employer Contributions – Group A – 4.25%. Group B – 5.75%. Group C – 7.50%. Group D – 10.10%.

Retirement Stipend – \$25 per month payable at the option of the Board of Trustees.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

Significant Actuarial Assumptions and Methods

Investment Rate of Return: 7.50%, net of pension plan investment expenses, including inflation.

Salary increases: 5% per year.

Mortality:

Death in Active Service: Groups A, B and C – 98% of RP-2006 Mortality Table, blended 60% Blue Collar Employee and 40% Healthy Employee with generational projection using scale SSA-2017. Group D – 100% of RP-2006 Blue Collar Mortality Table with generational projection using scale SSA-2017.

Healthy Post-Retirement: Groups A, B and C – 98% of RP-2006 Mortality Table, blended 60% Blue Collar Annuitant and 40% Healthy Annuitant with generational projection using scale SSA-2017. Group D – 100% of RP-2006 Blue Collar Annuitant Table with generational projections using scale SSA-2017.

Disabled Post-Retirement: All Groups – RP-2006 Disabled Mortality Table with generational projection using scale SSA-2017.

Spouse's Age: Females three years younger than males.

Cost-of-Living Adjustments: 1.15% for Group A members and 1.30% for Groups B, C and D members. The January 1, 2019 and January 1, 2020 COLAs are 1.30% and 0.80%, respectively, for all groups.

Actuarial Cost Method: Entry age actuarial cost method. Entry age is the age at date of employment or, if date is unknown, current age minus years of service. Normal cost and actuarial accrued liability are calculated on an individual basis and are allocated by salary, with normal cost determined using the plan of benefits applicable to each participant.

Assets: The valuation is based on the market value of assets as of the valuation date, as provided by the System. The System uses an "actuarial value of assets" that differs from market value to gradually reflect year-to-year changes in the market value of assets in determine the contribution requirements.

Inflation: 2.50%

Long-term Expected Rate of Return:

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019 are summarized in the following table:

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Global Equity	29%	6.90%
US Equity – Large Cap	4%	5.94%
US Equity – Small/Mid Cap	3%	6.72%
Non-US Equity – Large Cap	5%	6.81%
Non-US Equity – Small Cap	2%	7.31%
Emerging Markets Debt	4%	4.26%
Core Bond	14%	1.79%
Non-Core Bonds	6%	3.22%
Short Quality Credit	5%	1.81%
Private Credit	5%	6.00%
US TIPS	3%	1.45%
Core Real Estate	5%	4.26%
Non-Core Real Estate	3%	5.76%
Private Equity	10%	10.81%
Infrastructure/Farmland	2%	4.89%

Discount Rate – The discount rate used to measure the total pension liability was 7.50%. In accordance with paragraph 29 of GASB 68, professional judgement was applied to determine that the System's projected fiduciary net position exceeds projected benefit payments for current active and inactive members for all years. The analysis was based on the expectation that employers will continue to contribute at the rates set by the Board, which exceed the actuarially determined contribution, which is comprised on an employer normal cost payment and a payment to reduce the unfunded liability to zero by June 30, 2038. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 7.50 percent, as well as what the proportionate share would be if it were calculated using a discount rate that is one percent lower (6.50%) or one percent higher (8.50%):

<u>1% Decrease (6.50%)</u>	<u>Discount Rate (7.50%)</u>	<u>1% Increase (8.50%)</u>
\$390,479	\$238,119	\$111,993

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

The Vermont State Teachers' Retirement System (VSTRS)

Plan Description

The Vermont State Teachers' Retirement System (VSTRS) is a cost-sharing multiple-employer defined benefit pension plan with a special funding situation. It covers nearly all public day school and nonsectarian private high school teachers and administrators as well as teachers in schools and teacher training institutions within and supported by the State that are controlled by the State Board of Education. Membership in the system for those covered classes is a condition of employment. During the year ended June 30, 2019, the retirement system consisted of 184 participating employers.

The plan was created in 1947, and is governed by Title 16, V.S. A. Chapter 55.

Management of the plan is vested in the VSTRS Board of Trustees, which consists of the Secretary of Education (ex-officio); the State Treasurer (ex-officio); the Commissioner of Financial Regulation (ex-officio); two trustees and one alternate who are members of the system (each elected by the system under rules adopted by the Board) and one trustee and one alternate who are retired members of the system receiving retirement benefits (who are elected by the Association of Retired Teachers of Vermont).

The Pension Plan is divided into the following membership groups:

Group A – for public school teachers employed within the State of Vermont prior to July 1, 1981 and elected to remain in Group A.

Group C – for public school teachers employed within the State of Vermont on or after July 1, 1990, or hired before July 1, 1990 and were a member of Group B at that time.

All assets are held in a single trust and are available to pay retirement benefits to all members. Benefits available to each group are based on average final compensation (AFC) and years of creditable service, and are summarized in the following table:

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

Summary of System Provisions

	Group A	Group C - Group # 1 *	Group C - Group #2 ++
Normal service retirement eligibility (no reduction)	Age 60 or with 30 years of service	Age 62 or with 30 years of service	Age 65 or when the sum of age and service equals 90
Average Final Compensation (AFC)	Highest 3 consecutive years, including unused annual leave, sick leave, and bonus/incentives	Highest 3 consecutive years, excluding all payments for anything other than service actually performed	Highest 3 consecutive years, excluding all payments for anything other than service actually performed
Benefit formula - normal service retirement	1.67% x creditable service x AFC	1.25% x service prior to 6/30/90 x AFC + 1.67% x service after 7/1/90 x AFC	1.25% x service prior to 6/30/90 x AFC + 1.67% x service after 7/1/90 x AFC, 2.0% x AFC after attaining 20 years
Maximum Benefit Payable	100% of AFC	53.34% of AFC	60% of AFC
Post-Retirement COLA	Full CPI, up to a maximum of 5% after 12 months of retirement; minimum of 1%	50% CPI, up to a maximum of 5% after 12 months of retirement or with 30 years; minimum of 1%	50% CPI, up to a maximum of 5%; minimum of 1% after 12 months of normal retirement or age 65
Early Retirement Eligibility	Age 55 with 5 years of service	Age 55 with 5 years of service	Age 55 with 5 years of service
Early Retirement Reduction	Actuarial reduction	6% per year from age 62	Actuarial reduction
Disability Benefits	Unreduced, accrued benefit with minimum of 25% AFC	Unreduced, accrued benefit with minimum of 25% of AFC	Unreduced, accrued benefit with minimum of 25% of AFC
Death-in-Service Benefit	Disability benefit or early retirement benefit, whichever is greater, with 100% survivorship factor applied plus children's benefits up to maximum of three concurrently	Disability benefit or early retirement benefit, whichever is greater, with 100% survivorship factor applied plus children's benefits up to maximum of three concurrently	Disability benefit or early retirement benefit, whichever is greater, with 100% survivorship factor applied plus children's benefits up to maximum of three concurrently

* Group #1 are members who were within 5 years of normal retirement (age 62 or 30 years of service) on June 30, 2010.

++ Group #2 are members who were less than 57 years of age or had less than 25 years of service on June 30, 2010.

Members of all groups may qualify for vested deferred allowance, disability allowances and death benefit allowances subject to meeting various eligibility requirements. Benefits are based on AFC and service.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

Contributions

Title 16 VSA Chapter 55 of Vermont Statutes grants the authority to the Board of Trustees of the VSTRS to annually review the amount of State contributions recommended by the actuary of VSTRS in order to achieve and preserve the financial integrity of the fund, and submit this recommendation to the Governor and both houses of the Legislature. The Board of Trustees also certifies the rates of contribution payable by employees. Contribution rates for each group for the various groups are as follows:

Member Contributions Rates: Group A: 5.5% of earnable compensation. Contributions stop after 25 years of creditable service.
 Group C: 5% of earnable compensation with at least five years of services as of July 1, 2014. 6% of earnable compensation with less than five years of service as of July 1, 2014.

The Supervisory Union's Group C members contributed \$66,091.

The Supervisory Union's current year payroll for all employees totaled \$1,925,844 while its current year's covered payroll for the State Teacher's Retirement Plan equaled \$1,147,523. The Supervisory Union received an estimated \$219,751 of on-behalf payments. This amount is included as Revenue and Expenses in Exhibits B and D.

Net Pension Liability

As of June 30, 2020, the Supervisory Union's proportionate share of the net pension liability was \$2,526,136 which is 0.1619% of the total plan net pension liability.

Significant Actuarial Assumptions and Methods

The net pension liability as of June 30, 2020 was determined by an actuarial valuation as of June 30, 2019, using the following actuarial assumptions:

Investment Rate of Return: 7.50%

Salary Increases: Ranging from 3.75% to 9.09%. Representative values of the assumed annual rates of future salary increase are as follows:

<u>Age</u>	<u>Annual Rate of Salary Increase</u>
20	9.09%

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

Mortality: Pre-Retirement: 98% of RP-2006 White Collar Employee with generational projection using Scale SSA-2017.

Healthy Post-Retirement: 98% of RP-2006 White Collar Annuitant with generational projection using Scale SSA-2017.

Disabled Post-Retirement: RP-2006 Disabled Mortality Table with generational projection using Scale SSA-2017.

Inflation: 2.50%

Spouse's Age: Females three years younger than males.

Cost of Living Adjustments: Assumed to occur on January 1 following one year of retirement at the rate of 2.55% per annum for Group A members and 1.3% per annum for Group C members.

Inactive Members: Valuation liability equals 250% of accumulated contributions.

Actuarial Cost Method: Entry Age Actuarial Cost Method. Entry Age is the age at date of employment or, if date is unknown, current age minus years of service. Normal Cost and Actuarial Accrued Liability are calculated on an individual basis and are allocated by salary, with Normal Cost determined using the plan of benefits applicable to each participant.

Actuarial Value Of Assets: The valuation is based on the market value of assets as of the valuation date, as provided by the System. The System uses an "actuarial value of assets" that differs from the market value to gradually reflect year-to-year changes in the market value of assets in determining the contribution requirements.

Long-term Expected Rate of Return:

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019 are summarized in the following table:

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Global Equity	29.00%	6.90%
US Equity-Large Cap	4.00%	5.94%
US Equity-Small/Mid Cap	3.00%	6.72%
Non-US Equity-Large Cap	5.00%	6.81%
Non-US Equity-Small Cap	2.00%	7.31%
Emerging Markets Debt	4.00%	4.26%
Core Bond	14.00%	1.79%
Non-Core Bonds	6.00%	3.22%
Short Quality Credit	5.00%	1.81%
Private Credit	5.00%	6.00%
US TIPS	3.00%	1.45%
Core Real Estate	5.00%	4.26%
Non-Core Real Estate	3.00%	5.76%
Private Equity	10.00%	10.81%
Infrastructure	2.00%	4.89%

Discount Rate – The discount rate used to measure the total pension liability was 7.50%. In accordance with paragraph 29 of GASB 68, professional judgement was applied to determine that the System’s projected fiduciary net position exceeds projected benefit payments for current active and inactive members for all years. The analysis was based on the expectation that employers will continue to contribute at the rates set by the Board, which exceed the actuarially determined contribution, which is comprised on an employer normal cost payment and a payment to reduce the unfunded liability to zero by June 30, 2038. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the Supervisory Union's proportionate share of the net pension liability calculated using the discount rate of 7.50 percent, as well as what the proportionate share would be if it were calculated using a discount rate that is one percent lower (6.50%) or one percent higher (8.50%):

<u>1% Decrease (6.50%)</u>	<u>Discount Rate (7.50%)</u>	<u>1% Increase (8.50%)</u>
\$3,137,176	\$2,526,136	\$2,010,588

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

Special Funding Situation

The State of Vermont is the nonemployer contributor and is required by statute to make all actuarially determined employer contributions on behalf of the Supervisory Union. Therefore, the Supervisory Union is considered to be in a special funding situation as defined in GASB No. 68 and the State of Vermont is treated as a nonemployer contributing entity to the VSTRS. Starting July 1, 2015, the State started assessing an annual charge for teacher's health care for all new teachers hired after that date and every year thereafter who were not previously part of the VSTRS. The total amount paid by the Supervisory Union for the year ended June 30, 2020 was \$10,464. In addition, the State is assessing a 19.15% contribution for all teachers paid with Federal Funds. The total amount paid by the Supervisory Union for the year ended June 30, 2020 was \$18,690. Since the State does not consider the Supervisory Union to contribute directly to VSTRS, no net pension liability is recorded by the Supervisory Union. However, the notes to the financial statements of the Supervisory Union must disclose the portion of the State's share of the collective net pension liability that is associated with the Supervisory Union. In addition, each School District recognizes its portion of the collective pension expense as both revenue and pension expense.

Additional Information

Additional information regarding the State of Vermont State Teachers' Retirement System, including the details of the Fiduciary Net Position, is available upon request from the State of Vermont.

B. Risk Management

The Supervisory Union is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Supervisory Union maintains insurance coverage through the Vermont School Boards Insurance Trust, Inc. covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Supervisory Union. Settled claims have not exceeded this coverage in any of the past three fiscal years. The Supervisory Union must remain a member for a minimum of one year and may withdraw from the Fund after that time by giving sixty days notice. Fund underwriting and rate setting policies have been established after consultation with actuaries. Fund members are subject to a supplemental assessment in the event of deficiencies. If the assets of the Fund were to be exhausted, members would be responsible for the Fund's liabilities.

In addition, the Supervisory Union is a member of Vermont Educational Health Initiative (VEHI). VEHI is a nonprofit corporation formed to provide health insurance and wellness programs for Vermont Supervisory Unions and is owned by the participating members. The agreement does not permit VEHI to make additional assessments to its members.

The Supervisory Union is also a member of the Vermont School Boards Insurance Trust for unemployment coverage. The agreement does not permit the Trust to make additional assessments to its members.

GRAND ISLE SUPERVISORY UNION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

C. Concentrations

The Supervisory Union received a significant portion of its revenue from State and Federal grants.

D. Contingencies

Grants and contracts require the fulfillment of certain conditions set forth in the instrument of the grant or contract including a true up by the grantor. Failure to fulfill the conditions or the results of the true up could result in the return of funds to the grantors.

E. Operating Leases

The Supervisory Union has an ongoing year to year lease for the central office space. The annual amount is \$3,000.

In 2012, the Supervisory Union entered into a renewable lease and maintenance contract with level 3 Communication, LLC for a fiber optics network. The lease matures January, 2033. The monthly payments are \$650.

The Supervisory Union has a copier with National Business Technologies with monthly payments of \$1,196. The lease matures in October, 2025.

Basis of Presentation:

The accompanying Schedule of Expenditures of Federal Awards (the schedule) includes the Federal award activity of the Grand Isle Supervisory Union under programs of the federal government for the year ended June 30, 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a select portion of operations of the Grand Isle Supervisory Union, it is not intended to and does not present the financial position, changes in net position, or cash flow of the Grand Isle Supervisory Union.

Summary of Significant Accounting Policies:

Expenditures reported on the Schedule are reported on the accrual basis of accounting and was prepared using significant accounting policies outlined in Note 1 to the financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. The Grand Isle Supervisory Union has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Independent Auditor's Report on Internal Control Over Financial
Reporting and on Compliance and Other Matters Based on an
Audit of Financial Statements Performed in Accordance with
"Government Auditing Standards"

Board of School Directors
Grand Isle Supervisory Union
P.O Box 54
Grand Isle, VT 05458-0054

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in "Government Auditing Standards", issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Grand Isle Supervisory Union as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Grand Isle Supervisory Union's basic financial statements and have issued our report thereon dated April 12, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Grand Isle Supervisory Union's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Grand Isle Supervisory Union's internal control. Accordingly, we do not express an opinion on the effectiveness of the Grand Isle Supervisory Union's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as described in the accompanying Schedule of Findings and Deficiencies in Internal Control, we identified certain deficiencies that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Grand Isle Supervisory Union's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Deficiencies in Internal Control as Items 2020-001 and 2020-002 to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Grand Isle Supervisory Union's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under "Government Auditing Standards".

We also noted certain other matters that we reported to the management of the Grand Isle Supervisory Union in a separate letter dated April 12, 2021.

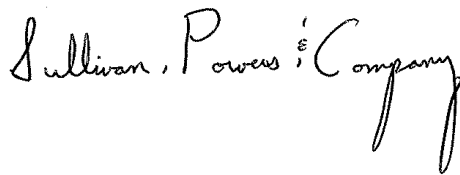

Grand Isle Supervisory Union's Response to Deficiencies in Internal Control

The Grand Isle Supervisory Union's response to the deficiencies in internal control identified in our audit is included with the accompanying Schedule of Findings and Deficiencies in Internal Control. The Grand Isle Supervisory Union's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Grand Isle Supervisory Union's internal control or on compliance. This report is an integral part of an audit performed in accordance with "Government Auditing Standards" in considering the Grand Isle Supervisory Union's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each
Major Program and on Internal Control Over
Compliance Required by the Uniform Guidance**

Board of School Directors
Grand Isle Supervisory Union
P.O Box 54
Grand Isle, VT 05458-0054

Report on Compliance for Each Major Federal Program

We have audited the Grand Isle Supervisory Union's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) "Compliance Supplement" that could have direct and material effect on the Grand Isle Supervisory Union's major federal programs for the year ended June 30, 2020. The Grand Isle Supervisory Union's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Deficiencies in Internal Control.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Grand Isle Supervisory Union's major federal programs based on our audit of the types of compliance requirements referred to previously. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in "Government Auditing Standards", issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. "Code of Federal Regulations" Part 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to previously that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Grand Isle Supervisory Union's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinions on compliance for the major federal programs. However, our audit does not provide a legal determination of the Grand Isle Supervisory Union's compliance.

Opinion on Each Major Federal Program

In our opinion, the Grand Isle Supervisory Union complied, in all material respects, with the types of compliance requirements referred to previously that could have a direct and material effect on its major federal programs for the year ended June 30, 2020.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and deficiencies in internal control as Item 2020-003. Our opinion on each major federal program is not modified with respect to this matter.

The Grand Isle Supervisory Union's response to the noncompliance finding identified in our audit is included with the accompanying Schedule of Findings and Deficiencies in Internal Control. The Grand Isle Supervisory Union's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

Report on Internal Control Over Compliance

Management of the Grand Isle Supervisory Union is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to previously. In planning and performing our audit of compliance, we considered the Grand Isle Supervisory Union's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal programs and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Grand Isle Supervisory Union's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as discussed as follows, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Deficiencies in Internal Control as Items 2020-004 and 2020-005 to be material weaknesses.

The Grand Isle Supervisory Union's response to the internal control over compliance deficiencies identified in our audit is included with the accompanying schedule of findings and deficiencies in internal control. The Grand Isle Supervisory Union's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

GRAND ISLE SUPERVISORY UNION
SCHEDULE OF PRIOR FINDINGS AND DEFICIENCIES IN INTERNAL CONTROL
JUNE 30, 2020

FINANCIAL STATEMENTS:

Deficiencies in Internal Control:

Material Weaknesses:

2019-001 Timely Reconciliation of Balance Sheet Accounts

Criteria:

Internal controls should be in place to provide for the timely reconciliation of all balance sheet accounts to supporting documentation on a monthly basis in order to detect and correct errors in account balances.

Condition:

The Supervisory Union does not have internal controls in place to ensure that timely reconciliations are performed for all balance sheet accounts. Most of the balance sheet accounts were not reconciled to the actual balances at year end or during the year which resulted in various adjustments to revenue and expenses.

Cause:

Unknown.

Effect:

Most of the Supervisory Union's balance sheet account balances were incorrect during the year and at year end.

Recommendation:

We recommend that all balance sheet accounts be reconciled to supporting documentation on a monthly basis in order to detect and correct errors.

Corrective Action Taken:

Corrective action has been taken.

2019-002 Special Education Report

Criteria:

Internal controls should be in place to ensure that the Special Education Expenditures Report (SEER) agrees to the underlying accounting records. Furthermore, a secondary review performed the Director of Special Education, should be done and documented.

GRAND ISLE SUPERVISORY UNION
SCHEDULE OF PRIOR FINDINGS AND DEFICIENCIES IN INTERNAL CONTROL
JUNE 30, 2020

Condition:

The Supervisory Union does not have adequate controls in place over the Special Education Expenditures Report to ensure the information agrees to the underlying accounting records. There were several amendments to the final Special Education Expenditures Report due to inaccurate amounts in the general ledger. Also, there is not adequate controls in place to ensure that the review of the report by the Director of Special Education is properly documented.

Cause:

Unknown.

Effect:

The final SEER was not correct and requires an amended submission by the Supervisory Union.

Recommendation:

We recommend that the Supervisory Union implement controls to ensure the Special Education Expenditures report agrees to the underlying accounting records and that the Director of Special Education documents the review of the report for accuracy.

Corrective Action Taken:

Corrective action has been taken.

2019-003 Interdistrict Receivables/Payables

Criteria:

The Supervisory Union should have controls in place to ensure that all interdistrict receivables/payables are properly billed.

Condition:

The Supervisory Union did not have controls in place to ensure that it records all interdistrict receivables/payables in the correct fiscal year. There is also a significant amount of activity running through the interdistrict accounts.

Cause:

Unknown.

Effect:

The interdistrict accounts could be inaccurate.

GRAND ISLE SUPERVISORY UNION
SCHEDULE OF PRIOR FINDINGS AND DEFICIENCIES IN INTERNAL CONTROL
JUNE 30, 2020

Recommendation:

We recommend the Supervisory Union implement procedures to ensure that all revenue and expenses and interdistrict payables and receivables are reported in the correct fiscal year.

Corrective Action Taken:

Corrective action has been taken.

FEDERAL AWARDS:

Pass-through Agency:	State of Vermont Agency of Education

Criteria:

The Supervisory Union is required to file AOE Form 2.0 Expenditures reports based on accurate underlying accounting records for the Special Education – Grants to States Program, CFDA #84.027, Special Education – Preschool Grants, CFDA #84.173 and Title I Grants to Local Education Agencies Grant CFDA #84.010.

Condition:

The Supervisory Union filed inaccurate reports. The AOE Form 2.0 Expenditures reports agreed to the underlying accounting records, however, there were errors in the accounting records. This is a repeat finding as previously reported as item 2018-009.

Cause:

Unknown.

GRAND ISLE SUPERVISORY UNION
SCHEDULE OF PRIOR FINDINGS AND DEFICIENCIES IN INTERNAL CONTROL
JUNE 30, 2020

Effect:

The Supervisory Union is not in compliance with the reporting requirements.

Recommendation:

We recommend that the Supervisory Union ensure the AOE Form 2.0 Expenditures reports agree to accurate underlying accounting records.

Status:

The Supervisory Union has not received a management decision for the 2019 Single Audit.

2019-005 Schedule of Expenditures of Federal Awards

Criteria:

The Supervisory Union is responsible for accurately preparing the Schedule of Expenditures of Federal Awards.

Condition:

The Schedule of Expenditures of Federal Awards was inaccurate. This is a repeat finding as previously reported as Item 2018-010.

Cause:

Unknown.

Effect:

The Supervisory Union was not in compliance with reporting requirements for the Schedule of Expenditures of Federal Awards.

Recommendation:

We recommend that the Supervisory Union prepare the Schedule of Expenditures of Federal Awards accurately based on the accounting records.

Status:

The Supervisory Union has not received a management decision for the 2019 Single Audit.

GRAND ISLE SUPERVISORY UNION
SCHEDULE OF PRIOR FINDINGS AND DEFICIENCIES IN INTERNAL CONTROL
JUNE 30, 2020

Deficiencies in Internal Control:

Material Weaknesses:

2019-006 Controls over Reporting

Criteria:

Internal controls should be in place to ensure that the AOE Form 2.0 Expenditures report agrees to accurate underlying accounting records and any carry over amount is reported accurately.

Condition:

The Supervisory Union does not have adequate controls in place over AOE Form 2.0 Expenditures reports to ensure the information agrees to accurate underlying accounting records. There were a number of instances where the expenses reported agreed with the general ledger but the general ledger contained errors. This is a repeat finding as previously reported as item 2018-011.

Cause:

Unknown.

Effect:

Grants receivable and/or unearned revenues were inaccurately reported.

Recommendation:

We recommend that the Supervisory Union implement controls to ensure the AOE Form 2.0 Expenditures reports agree to accurate underlying accounting records.

Corrective Action Taken:

No corrective action taken.

2019-007 Schedule of Expenditures of Federal Awards

Criteria:

The Supervisory Union should have internal controls in place to ensure that the data utilized to prepare the Schedule of Expenditures of Federal Awards is accurate.

GRAND ISLE SUPERVISORY UNION
SCHEDULE OF PRIOR FINDINGS AND DEFICIENCIES IN INTERNAL CONTROL
JUNE 30, 2020

Condition:

The Supervisory Union does not have adequate controls in place to ensure the Schedule of Expenditures of Federal Awards is accurate. There were adjustments made to the general ledger that also affected the Schedule of Expenditures of Federal Awards amounts. This is a repeat finding as previously reported as item 2018-012.

Cause:

Unknown.

Effect:

The Schedule of Expenditures of Federal Awards was inaccurate.

Recommendation:

We recommend that the Supervisory Union implement procedures to ensure that the data utilized to prepare the Schedule of Expenditures of Federal Awards is accurate and that all federal awards are properly included.

Corrective Action Taken:

No corrective action taken.

FINANCIAL STATEMENTS:

Deficiencies in Internal Control:

Material Weaknesses:

2020-001 Grants Receivable/Grants Revenue/Deferred Inflows of Resources

Criteria:

Internal controls should be in place to ensure that the grants receivable, grants revenue and related deferred inflows of resources balances are recorded properly at year end.

Condition:

The grants receivable, grants revenue and related deferred inflows of resources accounts were not reconciled to the actual balances at year end which resulted in various adjustments.

Cause:

Unknown.

Effect:

The Supervisory Union's grants receivable, grants revenue and related deferred inflows of resources balances were incorrect.

Recommendation:

We recommend that the Supervisory Union reconcile the grants receivable, grants revenue and related deferred inflows of resources balances to supporting documentation at least annually in order to detect and correct errors.

2020-002 Calculation and Recording of Receivables and Deferred Inflows of Resources

Criteria:

Internal controls should be in place to ensure that receivables and deferred inflows of resources calculations are accurate.

Condition:

There were several calculation errors leading to errors in the recording year end receivables and deferred inflows of resources.

JUNE 30, 2020

Deficiencies in Internal Control:

Material Weaknesses:

2020-004 Controls over Reporting

Criteria:

Internal controls should be in place to ensure that the expenditures reports to the State agree to accurate underlying accounting records.

Condition:

The Supervisory Union does not have adequate controls in place over expenditures reports to ensure the information agrees to accurate underlying accounting records. There were a number of instances where the expenses reported agreed with the general ledger but the general ledger contained errors. This is a repeat finding as previously reported as item 2019-006.

Cause:

Unknown.

Effect:

The reports filed with the State could be inaccurate.

Recommendation:

We recommend that the Supervisory Union implement controls to ensure that the expenditures reports agree to accurate underlying accounting records. We recommend that all reports be reviewed and approved by an appropriate individual.

2020-005 Schedule of Expenditures of Federal Awards

Criteria:

The Supervisory Union should have internal controls in place to ensure that the data utilized to prepare the Schedule of Expenditures of Federal Awards is accurate.

Condition:

The Supervisory Union does not have adequate controls in place to ensure the Schedule of Expenditures of Federal Awards is accurate. There were adjustments made to the general ledger that also affected the Schedule of Expenditures of Federal Awards amounts. This is a repeat finding as previously reported as item 2019-007.

RE: Fiscal Year 2020 Audit Response Letter

Dear Fred,

Below please find our responses related to the single audit of the Grand Isle Supervisory Union for the year ending June 30, 2020.

FINDING 2020-001: Grants Receivable/Grants Revenue/Deferred Inflows of Resources

Criteria:

Internal controls should be in place to ensure that the grants receivable, grants revenue and related deferred inflows of resources balances are recorded properly at year end.

Condition:

The grants receivable, grants revenue and related deferred inflows of resources accounts were not reconciled to the actual balances at year end which resulted in various adjustments.

Cause:

Unknown.

Effect:

The Supervisory Union's grants receivable, grants revenue and related deferred inflows of resources balances were incorrect.

Recommendation:

We recommend that the Supervisory Union reconcile the grants receivable, grants revenue and related deferred inflows of resources balances to supporting documentation at least annually in order to detect and correct errors.

Management Response: The Grand Isle Supervisory Union agrees with the recommendation and will reconcile grant receivables, revenues and related deferred inflows. The Finance and Accounting specialist can now access the Grants Management System which will improve our reconciliation process. We will also add this item to our GISU Account procedures manual.

FINDING 2020-002: Calculation and Recording of Receivables and Deferred Inflows of Resources

Criteria:

Internal controls should be in place to ensure that receivables and deferred inflows of resources calculations are accurate.

Condition:

There were several calculation errors leading to errors in the recording year end receivables and deferred inflows of resources.

Cause:

Unknown.

Effect:

The Supervisory Union's receivables, revenue and deferred inflows of resources balances were incorrect.

Recommendation:

We recommend that the Supervisory Union have all calculations of receivables and deferred inflows of resources reviewed and approved by an appropriate individual.

Management Response: The Grand Isle Supervisory Union agrees and will have the Business Manager review and approve all calculations of receivables and inflows of resource balances.

FINDING 2020-003: Schedule of Expenditures of Federal Awards

Criteria:

The Supervisory Union is responsible for accurately preparing the Schedule of Expenditures of Federal Awards.

Condition:

The Schedule of Expenditures of Federal Awards was inaccurate. This is a repeat finding as previously reported as Item 2019-005.

Cause:

Unknown.

Effect:

The Supervisory Union was not in compliance with reporting requirements for the Schedule of Expenditures of Federal Awards.

Recommendation:

We recommend that the Supervisory Union prepare the Schedule of Expenditures of Federal Awards accurately based on the accounting records.

Management Response: The Grand Isle Supervisory Union has added SEFA completion procedures to the GISU Accounting Procedures Manual. The GISU will ensure that the expenditures reflected on the AOE 3.0's will agree with the accounting records.

FINDING 2020-004: Controls Over Reporting

Criteria:

Internal controls should be in place to ensure that the expenditures reports to the State agree to accurate underlying accounting records.

Condition:

The Supervisory Union does not have adequate controls in place over expenditures reports to ensure the information agrees to accurate underlying accounting records. There were a number of instances where the expenses reported agreed with the general ledger but the general ledger contained errors. This is a repeat finding as previously reported as item 2019-006.

Cause:

Unknown.

Effect:

The reports filed with the State could be inaccurate.

Recommendation:

We recommend that the Supervisory Union implement controls to ensure that the expenditures reports agree to accurate underlying accounting records. We recommend that all reports be reviewed and approved by an appropriate individual.

Management Response: The Grand Isle Supervisory Union Business Manager and Finance & Account Specialist will meet quarterly to review expenditure reports to ensure that expenses reported agree with the general ledger.

FINDING 2020-005: Schedule of Expenditures of Federal Awards

Criteria:

The Supervisory Union should have internal controls in place to ensure that the data utilized to prepare the Schedule of Expenditures of Federal Awards is accurate.

Condition:

The Supervisory Union does not have adequate controls in place to ensure the Schedule of Expenditures of Federal Awards is accurate. There were adjustments made to the general ledger that also affected the Schedule of Expenditures of Federal Awards amounts. This is a repeat finding as previously reported as item 2019-007.

Cause:

Unknown.

Effect

The Schedule of Expenditures of Federal Awards was inaccurate.

Recommendation:

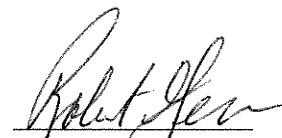

We recommend that the Supervisory Union implement procedures to ensure that all the data utilized to prepare the Schedule of Expenditures of Federal Awards is accurate and that all federal awards are properly included.

Management Response: The Grand Isle Supervisory Union believes that our response to finding 2020-004 will ensure the accuracy of the data needed to complete the Schedule of Expenditures of Federal Award

Please feel free to contact us with any questions.

Sincerely,

Michael Clark
Superintendent
