

"Notes From School"

National Library Week: April 8-14

First established in 1958, National Library Week is a national observance sponsored by the American Library Association (ALA) and libraries across the country each April. In the coming days, the School District of Mondovi will join libraries in schools, campuses, and communities nationwide in celebrating the dynamic changes that are happening in today's libraries. April 8-14 is National Library Week, a time to highlight the changing role of libraries, librarians, and library workers.

Libraries today are more about what they do, for and with library users as opposed to what they have for patrons. Libraries aren't only a place of quiet study, but also creative and engaging community centers where people can collaborate using new technologies, learn how to use a 3D printer, or just relax. Our School District of Mondovi libraries offer access to a variety of nearly 50,000 print and digital resources.

Libraries of all types are evolving to meet the needs of the communities they serve while leveling the playing field for people of any age who are seeking the information and access to technologies. The School District of Mondovi would like to thank, and recognize, not only the staff members working in our facility but also the staff members at the Mondovi Public Library. This year's theme is "Libraries Lead". You certainly do. Thanks!
