Academic Service/Title 1 Notice

Dear Parents/Guardians:

The staff at JKL Bahweting School knows the importance of early interventions for students who are struggling to keep fully engaged in the learning process and moving forward in their academic progress. JKL Bahweting School is a school wide Title I school. If your child's teacher notices that your child needs extra academic support, your child will be referred to an Academic Service Provider for Title I Intervention. The assistance will continue until your child demonstrates grade-level performance for the concept(s).

A summary of the concepts your child received assistance for will be sent home at the end of the marking period. If your child does not quickly respond to the extra help, you will be notified immediately and further action will be planned.

Please feel free to contact me at 635-5055 ext. 111 at any time should you want to discuss your child's progress.

Sincerely,

Lynn Methner
